Marsigli's Europe, 1680-1730 - John Stoye 1994-01-01

Stoye tells how Marsigli, founder of an observatory and museum in Bologna, was welcomed by academies and scientific societies throughout Europe, revealing that the interest in science and antiquity transcended national boundaries during this period. Through the activities of the Count, he sheds light on the complexities of European social, political and military life, and the contrast between conditions of war and peace in the phases of European history.

A Civil War - Claudio Pavone 2013-11-19

A Civil War is a history of the wartime Italian Resistance, recounted by a historian who took part in the struggle against Mussolini's Fascist Republic. Since its publication in Italy, Claudio Pavone's masterwork has become indispensable to anyone seeking to understand this period and its continuing importance for the nation's identity. Pavone casts a sober eye on his protagonists' ethical and ideological motivations. He uncovers a multilayered conflict, in which class antagonisms, patriotism and political ideals all played a part. A clear understanding of this complexity allows him to explain many details of the post-war transition, as well as the legacy of the Resistance for modern Italy. In addition to being a monumental work of scholarship, A Civil War is a folk history, capturing events, personalities and attitudes that were on the verge of slipping entirely out of recollection to the detriment of Italy's understanding of itself and its past.

First They Took Rome - David Broder 2020-06-16

Italy's political disaster under a microscope There is little that hasn't gone wrong for Italy in the last three decades. Economic growth has flatlined, infrastructure has crumbled, and out-of-work youth find their futures stuck on hold. These woes have been reflected in the country's politics, from Silvio Berlusconi's scandals to the rise of the far right. Many commentators blame Italy's malaise on cultural ills—pointing to the corruption of public life or a supposedly endemic backwardness. In this reading, Italy has failed to converge with the neoliberal reforms mounted by other European countries, leaving it to trail behind the

rest of the world. First They Took Rome offers a different perspective: Italy isn't failing to keep up with its international peers but farther along the same path of decline they are following. In the 1980s, Italy boasted the West's strongest Communist Party; today, social solidarity is collapsing, working people feel ever more atomized, and democratic institutions grow increasingly hollow. Studying the rise of forces like Matteo Salvini's Lega, this book shows how the populist right drew on a deep well of social despair, ignored by the liberal centre. Italy's recent history is a warning from the future—the story of a collapse of public life that risks spreading across the West.

ANNO 2021 LA GIUSTIZIA TERZA PARTE - ANTONIO GIANGRANDE

Antonio Giangrande, orgoglioso di essere diverso. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

Forgotten Battles - Charles T. O'Reilly 2001

Italy's War of Liberation takes issue with the apparently prevalent attitude among Allied commanders during World War II that the Italian military was ineffective. O'Reilly recounts the little-known story of the significant contribution made by the Italian military during the Italian Campaign, including the contribution of relatively unacknowledged Italian Partisan formations that fought in Italy, France, Yugoslavia, and Greece. Despite the fact that Italians fought on the front lines with the British and American soldiers, and despite the service of the Italian Navy and Air Force, the Allies refused repeated Italian pleas for more involvement in combat. This book not only attempts to correct the record of military history by illustrating the ways in which the Italians were underutilized by the Allies, but it also serves to paint a fair portrait of the Italian military's substantial efforts to defeat Hitler and eradicate Fascism.

Brave New World Revisited - Aldous Huxley 2014-01-01

When Aldous Huxley wrote his famous novel *Brave New World*, he did so with the sincere belief that the dystopian world he created was a true possibility given the direction of the social, political and economic world order. Written almost thirty years later, *Brave New World Revisited* is a re-evaluation of his predictions based on the changes he had witnessed in the meantime. In this twelve-part essay, Huxley argues that society is moving toward his dystopian vision even faster than he had originally assumed, and provides his own suggestions on how to bring an end to this decadent decline. *Brave New World Revisited* condemns symptoms of modern life such as overpopulation, propaganda and extreme government control while providing a staunch defence of individualism. Despite being published over fifty years ago, the problems identified in *Brave New World Revisited* are still startlingly relevant, lending a chilling credibility to Aldous Huxley's unsettling predictions. Autobiography of Giuseppe Garibaldi - Giuseppe Garibaldi 1889

I centri minori italiani nel tardo Medioevo - Centro di studi sulla civiltà del tardo medioevo (San Miniato, Italy). Convegno 2018-01-01

In the late Middle Ages, Italy was one of the most urbanized areas in Europe. Its coasts, the Apennines, the perialpine area and the plains were all home to a large number of smaller towns, lands, villages, castra, and 'quasi cites'. These settlements were all very diverse in terms of demographic consistency, social articulation and economic dynamism, but together they constituted a characteristic and constitutive element of the Italian historical identity: an 'original personality'. This volume, thanks to some framing essays and a mapping of individual cases involving most of the northern, central and southern regions, aims at investigating the active research on this topic over the last thirty to forty years.

Tears of Salt: A Doctor's Story - Pietro Bartolo 2018-01-09

"Tears of Salt... reveals the human side of suffering through the life of one man." —Adele Annesi, Washington Independent Review of Books Situated more than one hundred miles off Italy's southern coast, the rocky island of Lampedusa has hit world headlines in recent years as the first port of call for hundreds of thousands of African and Middle Eastern refugees fleeing civil war and terrorism and hoping to make a new life in Europe. Dr. Pietro Bartolo, who runs the lone medical clinic on the island, has been caring for many of them—both the living and the dead—for a quarter century. *Tears of Salt* is Dr. Bartolo's moving account of his life and work set against one of the signal crises of our time. With quiet dignity and an unshakable moral center, he tells unforgettable tales of pain and hope, stories of those who didn't make it and those who did.

From the Indian Ocean to the Mediterranean - Sebouh David Aslanian 2014-03-14

Drawing on a rich trove of documents, including correspondence not seen for 300 years, this study explores

the emergence and growth of a remarkable global trade network operated by Armenian silk merchants from a small outpost in the Persian Empire. Based in New Julfa, Isfahan, in what is now Iran, these merchants operated a network of commercial settlements that stretched from London and Amsterdam to Manila and Acapulco. The New Julfan Armenians were the only Eurasian community that was able to operate simultaneously and successfully in all the major empires of the early modern world—both land-based Asian empires and the emerging sea-borne empires—astonishingly without the benefits of an imperial network and state that accompanied and facilitated European mercantile expansion during the same period. This book brings to light for the first time the trans-imperial cosmopolitan world of the New Julfans. Among other topics, it explores the effects of long distance trade on the organization of community life, the ethos of trust and cooperation that existed among merchants, and the importance of information networks and communication in the operation of early modern mercantile communities.

The Power to Arrest - Robin S. Engel 2019-07-06

This insightful volume examines key research questions concerning police decision to arrest as well as police-led diversion. The authors critically evaluate the tentative answers that empirical evidence provides to those questions, and suggest areas for future inquiry. Nearly seven decades of empirical study have provided extensive knowledge regarding police use of arrest. However, this research highlights important gaps in our understanding of factors that shape police decision-making and what is required to alter current police practice. Reviewing this research base, this brief takes stock of what is known empirically about all aspects related to the use of arrests, providing important insights on the knowledge needed to make evidence-based policy decisions moving forward. With the potential to better impact policy and programs for alternatives to arrest, this brief will appeal to researchers and practitioners in evidence-based policing and police decision-making, as well as those interested in alternatives to arrest and related fields such as public policy.

The Years of Alienation in Italy - Alessandra Diazzi 2019-06-11

The Years of Alienation in Italy offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture,

and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.

Sovranità o barbarie - Thomas Fazi 2018-10-24T00:00:00+02:00

Uno spettro s'aggira per l'Europa: lo spettro del sovranismo. Tanto l'establishment quanto la sinistra non perdono occasione di ricordarci come il sovranismo rappresenti la principale minaccia per la democrazia e per la pacifica convivenza tra i popoli europei. Ma è veramente così? E cosa si intende davvero per "sovranismo"? In questo libro, Thomas Fazi e William Mitchell sgombrano il campo da molti miti a riguardo, mostrando come la domanda diffusa di maggiore sovranità altro non sia che una risposta naturale al pluridecennale processo di desovranizzazione, depoliticizzazione e de-democratizzazione impostosi in Europa attraverso l'integrazione economica e monetaria e affrontando di petto il tasto più dolente della perdita di orientamento delle sinistre mainstream, vale a dire la rimozione della consapevolezza che lo Statonazione rimane la sola cornice in cui le masse possano sperare di migliorare le proprie condizioni e allargare gli spazi di democrazia.

Gli africani salveranno l'Italia - Antonello Mangano 2010

I giovani salveranno l'Italia - Samuele Mazzolini 2018-03-13

Sono i giovani ad avvertire più gravemente gli effetti nefasti delle politiche liberiste e ad essere meno protetti da un welfare che è stato progressivamente smantellato. Sono loro a non portare i germi di culture politiche ormai infeconde e piene di nostalgia. Sono loro a poter sfruttare meglio di chiunque altro il momento populista, grazie a un maggior coraggio e una comprensione più adeguata delle sfide del futuro. L'Italia vive una lunga fase di involuzione, fatta di un impoverimento collettivo e una deriva oligarchica. A farne maggiormente le spese sono i giovani: precarizzati, calpestati e derisi, privati di una prospettiva

esistenziale degna di tal nome. Nel frattempo, anche tra le generazioni precedenti lo smottamento economico che vive il Paese si traduce in una vulnerabilità sociale intollerabile e un bisogno sempre maggiore di protezione, mentre poche centinaia di famiglie continuano ad arricchirsi a dismisura. Ma forse non tutto è perduto. Con questo libro a metà tra il pamphlet e l'analisi minuziosa, tredici giovani cercano di tracciare una via per riprendersi ciò che è loro: il proprio futuro. Sovranità popolare, spesa pubblica, ruolo dello Stato, critica dell'Unione Europea, abolizione della precarietà lavorativa: gli autori, riuniti nel movimento Senso Comune, rompono ogni tabù imposto nel dibattito pubblico, rivendicando così la necessità di andare oltre le opzioni politiche in campo e di dar vita a una proposta che restituisca l'Italia alla gente comune. Una proposta politica che rimetta al centro bisogni e aspirazioni di chi è rimasto inascoltato. Samuele Mazzolini (1984) è un ricercatore in Teoria politica presso la University of Essex (Inghilterra). È uno dei fondatori di Senso Comune. Senso Comune è un'associazione-movimento che nasce nel novembre 2016. Il suo obiettivo? Quello di avviare una politica autonoma dai desideri delle oligarchie politiche ed economiche che hanno portato l'Italia nel profondo della crisi che viviamo. Una politica che stia dalla parte di chi, in questa Italia maltrattata, non ha più una parte: la gente comune. Gli autori Samuele Mazzolini, Michelangelo Di Giacomo, Tommaso Nencioni, Stefano Bartolini, Enrico Padoan, Raffaele Bazurli, Irene Romiti, Letizia Nocera, Marcello Gisondi, Simone Gasperin, Stefano Poggi, Thomas Fazi, Paolo Gerbaudo fanno parte di Senso Comune. www.senso-comune.it

Obsolete Objects in the Literary Imagination - Francesco Orlando 2008-10-01

Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture. Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have lost and what we are losing as we rush toward the future.
