[Puff, the Magic Dragon](#) - Peter Yarrow 2012

The adventures of a boy and his dragon friend are recounted in this classic song from the 1960s.

[Dragon Overnight](#) - Sarah Mlynowski 2017-08

From New York Times bestselling authors Sarah Mlynowski, Lauren Myracle, and Emily Jenkins comes more upside-down fun in the fourth book of this hilarious series! It's time for the Upside-Down Magic class to go on a field trip -- a sleepover field trip! But things go wonky from the start, and soon there's a dragon to deal with.

A Dragon in My Backpack - Elvira Woodruff 1996

Bumps the toy dragon helps his friend Ben deal with his first-day-of-kindergarten apprehension in this back to school adventure.

[Ancient Magic](#) - Linsey Hall 2016-03-31

I'm good at two things: finding treasure and killing demons. Lying low is a close third-but not because I want to be good at hiding. I have to be. I'm a FireSoul, one of the unlucky few to inherit a piece of the dragon's soul. Being born with the dragon's covetousness should be a sweet gig - I have the power to find and steal any type of treasure, including the powers of other supernaturals. But it doesn't come without a price - stealing powers requires that I kill, and others would destroy me if they discover what I am. In a world full of magic, hiding my species is the only way to survive. Finding magical artifacts is the only way to pay the bills. It's a dangerous job when you can barely use your magic, but that's one of the things I like about it. When Aidan Merrick, the most powerful shifter in the city, hired me to find an ancient scroll, I didn't want to take the job. His immense amount of power reminds me of too much of murky memories from a past I can't remember. But I don't have a choice. The scroll reveals what I am. And if anyone finds out, I'm dead.

Cannabis - Martin Booth 2015-06-16

To some it's the classic "gateway drug", to others it is a harmless way to relax, or provide relief from crippling pain. Some fear it is a dangerous drug with addictive properties; to others still it is a legal anomaly and should be decriminalized. Whatever the viewpoint, and by whatever name it is known, cannabis--or marijuana, hashish, dope, pot, weed, grass, ganja--incites debate at every level, and the effect it has on the cultures and economics of every corner of the globe is undeniable. In this definitive study, Martin Booth crafts a tale of medical advance, religious enlightenment, political subterfuge and human rights; of law enforcement and custom officers, cunning smugglers, street pushers, gang warfare, writers, artists, musicians, and happy-go-lucky hippies and potheads. Booth chronicles the fascinating and often mystifying process through which cannabis, a relatively harmless substance, became outlawed throughout the Western world, and the devastating effect such legislation has on the global economy. Above all, he demonstrates how the case for decriminalization remains one of the twenty-first century's hottest topics.

Geek Mom - Natania Barron 2012-10-30

It's fast becoming a geek world out there, and all moms need to show off their tech smarts and superhero-like skills in order to keep their savvy kids entertained and engaged. *Geek Mom: Projects, Tips, and Adventures for Moms and Their 21st-Century Families* explores the many fun and interesting ways that digital-age parents and kids can get their geek on together. Itadakimasu! The Food Culture of Japan - Becky A. Brown 2020-12-17

Itadakimasu! The Food Culture of Japan is designed as a first- or second-year college course in Japanese culture for students who have little to no background in the Japanese language, culture, literature, or history. Unlike any other culture text, Itadakimasu! offers a unique approach to learning about culture through a country's cuisine. This account takes students on an exciting journey into the world of Japanese food culture, both past and present, exploring themes such as regional specialties, annual festivals, traditional foodways, prominent tea masters, culinary expressions, restaurant menus, dining etiquette, mealtime customs, and culinary aesthetics. Itadakimasu! also addresses current events in the food industry and agribusiness, health and nutrition, dieting trends, fast food, and international and Western influences. Enhancing this wealth of cultural material are autobiographical essays written by guest contributors and varied literary excerpts featuring food themes across different genres in literature spanning many centuries. Each of the readings is supplemented by general comprehension questions followed by more probing queries calling on critical and analytical thinking to methodically guide students from a cursory understanding of a new culture to reflections on their own experiences and other world cultures. Resources also highlight food-centric films so that students can witness what they are learning about in an authentic cultural context. Furthermore, teachers and students alike can enjoy food tasting labs in the classroom, fostering yet another authentic experience for the students. With the intention of reaching a broad audience of students majoring or minoring in Japanese or Asian Studies, or students learning English as a Foreign Language or English for Specific Purposes, Itadakimasu! could also be useful for composition and conversation courses and the Writing Across the Curriculum series or as a supplement for 'Four Skills' Japanese language courses and introductory Japanese literature offerings. Above all, its multifaceted design with a broad spectrum of self-contained sections welcomes individual teaching styles and preferences. Itadakimasu! paints an appetizing image of Japan's society with just a dash of culture, a pinch of language, and a taste of literature to tempt the palate of students new to the study of Japan. Meant to enhance the regular curriculum, this innovative approach to learning about Japan suggests that the culinary world can lend an insightful view into a country's culture. Historical and contemporary foodways are universal elements common to all cultures, making the subject matter inherently relatable. An Instructors Manual containing sample syllabi, learning outcomes, handout templates, study guides, background content and more is available at www.routledge.com/9780367903572.

Alfred's Basic Adult Piano Course: Greatest Hits Book 1 - E. L. Lancaster

This series answers the often-expressed need for a variety of supplementary material in many different popular styles. What could be more fun for an adult than to play the music that everybody knows and loves? When the books in the Greatest Hits series are assigned in conjunction with the Lesson Books, these appealing pieces reinforce new concepts as they are introduced. In addition, the motivation the music provides could not be better. The emotional satisfaction students receive from mastering each popular song increases their enthusiasm to begin the next one. With the popular music available in the Greatest Hits series (Levels 1 and 2), the use of both books will significantly increase every adult's interest in piano study. Two selections from this book are featured on the Royal Conservatory of Music Popular Selection List (2007

Ed.): * The Rainbow Connection * Nadia's Theme

There's No Such Thing as a Dragon - 2009-09-08

A story for every kid who wants a pet dragon! When Billy Bixbee finds a tiny dragon in his bedroom, his mom tells him, "There's no such thing as a dragon!" This only makes the dragon get bigger. He grows, and grows, and grows, until he's bigger than Billy's house—and that's just the beginning! A funny, madcap story and playful illustrations by beloved author-illustrator Jack Kent pair in a book that will have children wondering if maybe friendly pet dragons do exist after all!

Peter Paul and Mary - Peter Yarrow 2014-11-04

This carefully crafted and collectible volume tells the intimate story of Peter, Paul, and Mary and their music, in their words and with iconic images that follow their passionate, fifty-year journey to the center of America's heart. Photographs, many rare and never before published, taken over five decades by some of the world's top photographers, follow them from their earliest performances in the 1960s, when Mary was the most desired, beautiful, and charismatic performer and a new role model for women. Follow the trio as they lead America to discover the passionate soul of folk music. Join the struggle for racial equality, social justice, and freedom in this memorable journey, from the historic 1963 March on Washington with Martin Luther King, Jr., to the trio's appearance before a half million people in 1969 to end the Vietnam War, to their singing at the Hollywood Bowl for Survival Sunday in 1978, helping to launch the anti-nuke movement, the world's first international environmental movement. Through these images, readers will feel and almost hear the trio's songs calling for a more caring, better world as they performed with a courage and conviction that became for so many the embodiment and soundtrack of their generation's awakening to conscience, to activism, and to a new dream for all of humankind. Peter, Paul, and Mary's songs of defiant hope and a certain unmasked innocence are still a powerful part of our American consciousness, and this book reenacts the history of how the trio marked many lives with their indelible stamp of honesty of the sort we all yearn to recapture and recreate today—for ourselves, our children, and the generations to come.

The Best Mariachi in the World - J. D. Smith 2008-09

Gustavo's family has a mariachi band and everyone except Gustavo is in it. Follow him as he finds his place in the family business.

There's a Dragon in My Closet - Dorothea Taylor 2020-05-05

In this funny and imaginative salute to mischievous little kids, a young boy blames mishaps on the dragon in the closet only he can see. The dragon in the closet can be a bit fickle. One minute he's dancing like a goof and being sweet to the little ones, and the next he's sneaking treats out of the cookie jar and leaving dirty footprints on the carpet. The worst part is that after the dragon causes heaps of trouble, he goes invisible and leaves a little boy to answer for all his bad behavior...But did the dragon really do it?

Big Book of Trumpet Songs (Songbook) - Hal Leonard Corp. 2007-09-01

(Instrumental Folio). Instrumentalists will love these collections of 130 popular solos, including: Another One Bites the Dust * Any Dream Will Do * Bad Day * Beauty and the Beast * Breaking Free * Clocks * Edelweiss * God Bless the U.S.A. * Heart and Soul * I Will Remember You * Imagine * Na Na Hey Hey Kiss

Him Goodbye * Satin Doll * United We Stand * You Raise Me Up * and more.

Lady Justice and the Magic Dragon - Robert Thornhill 2018-01-29

Three children, a boy eight, and two six-year-old girls, see violence so terrifying that they retreat into the magical, make-believe world of Puff the Magic Dragon where they feel safe and secure. P.I. Walt Williams teams up with Lady Justice and Puff to protect the kids from vicious muggers, an abusive husband, and a sexual predator. Once again, justice is served when Walt and his senior sidekicks come to the rescue. A story filled with fears, tears, laughter, and hope.

The Truth is Funny, Shift Happens... - Colette Marie Stefan 2015-09-03

If You Cannot See A Strong Future For Your Children, Who Will? The number one weakness for every child is a mother's worry. Every single thought you have about your children has the potential to strengthen or weaken them! Mothers are taught and encouraged to worry about their children as a badge of honor, instead of honoring their intuition to create a better future for every child. Many people who shift out of limiting beliefs and expectations break into peals of laughter as they recognize how they have participated in what just might be a giant cosmic joke... The truth is funny! Often, stranger than fiction! A word of caution... If you prefer the status quo and you are not interested in improving every aspect of your life... This book will trigger the shift out of you!

The Cinema in Flux - Lenny Lipton 2021-04-07

The first of its kind, this book traces the evolution of motion picture technology in its entirety. Beginning with Huygens' magic lantern and ending in the current electronic era, it explains cinema's scientific foundations and the development of parallel enabling technologies alongside the lives of the innovators. Product development issues, business and marketplace factors, the interaction of aesthetic and technological demands, and the patent system all play key roles in the tale. The topics are covered sequentially, with detailed discussion of the transition from the magic lantern to Edison's invention of the 35mm camera, the development of the celluloid cinema, and the transition from celluloid to digital. Unique and essential reading from a lifetime innovator in the field of cinema technology, this engaging and well-illustrated book will appeal to anyone interested in the history and science of cinema, from movie buffs to academics and members of the motion picture industry.
