The Wine Bible - Karen MacNeil 2015-10-13

Announcing the completely revised and updated edition of *The Wine Bible*, the perennial bestselling wine book praised as "The most informative and entertaining book I've ever seen on the subject" (Danny Meyer), "A guide that has all the answers" (Bobby Flay), "Astounding" (Thomas Keller), and "A magnificent masterpiece of wine writing" (Kevin Zraly). Like a lively course from an expert teacher, *The Wine Bible* grounds the reader deeply in the fundamentals while layering on informative asides, tips, amusing anecdotes, definitions, glossaries, photos (all new for this edition), maps, labels, and recommended bottles.

Karen MacNeil's information comes directly through primary research; for this second edition she has tasted more than 10,000 wines and visited dozens of wine regions around the world. New to the book are wines of China, Japan, Mexico, and Slovenia. And through it all the reader becomes ever more informed—and, because of the author's unique voice, always entertained: "In great years Pétrus is ravishing, elegant, and rich—Ingrid Bergman in red satin." Or, describing a Riesling: "A laser beam. A sheet of ice. A great crackling bolt of lightning."

The Cambridge Companion to Medieval Women's Writing - Wallace David 2003-05-22

The Cambridge Companion to Medieval Women's Writing seeks to recover the lives and particular experiences of medieval women by concentrating on various kinds of texts: the texts they wrote themselves as well as texts that attempted to shape, limit, or expand their lives. The first section investigates the roles traditionally assigned to medieval women (as virgins, widows, and wives); it also considers female childhood and relations between women. The second section explores social spaces, including textuality itself: for every surviving medieval manuscript bespeaks collaborative effort. It considers women as authors, as anchoresses 'dead to the world', and as preachers and teachers in the world staking claims to authority without entering a pulpit. The final

section considers the lives and writings of remarkable women, including Marie de France, Heloise, Joan of Arc, Julian of Norwich, Margery Kempe, and female lyricists and romancers whose names are lost, but whose texts survive.

The Handmaid's Tale - Margaret Atwood 1986-02-17

Before The Testaments, there was The Handmaid's Tale: an instant classic and eerily prescient cultural phenomenon, from "the patron saint of feminist dystopian fiction" (New York Times). The Handmaid's Tale is a novel of such power that the reader will be unable to forget its images and its forecast. Set in the near future, it describes life in what was once the United States and is now called the Republic of Gilead, a monotheocracy that has reacted to social unrest and a sharply declining birthrate by reverting to, and going beyond, the repressive intolerance of the original Puritans. The regime takes the Book of Genesis absolutely at its word, with bizarre consequences for the women and men in its population. The story is told through the eyes of Offred, one of the unfortunate Handmaids under the new social order. In condensed but eloquent prose, by turns cool-eyed, tender, despairing, passionate, and wry, she reveals to us the dark corners behind the establishment's calm facade, as certain tendencies now in existence are carried to their logical conclusions. The Handmaid's Tale is funny, unexpected, horrifying, and altogether convincing. It is at once scathing satire, dire warning, and a tour de force. It is Margaret Atwood at her best.

Global Trends 2030 - Office of the Director of National Intelligence Council 2017-03-11

This publication covers global megatrends for the next 20 years and how they will affect the United States. This is the fifth installment in the National Intelligence Council's series aimed at providing a framework for thinking about possible futures and their implications. The report is intended to stimulate strategic thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories during the next 15-20 years by identifying critical trends and potential discontinuities. The authors distinguish between megatrends, those factors that will likely occur under any scenario, and game-changers, critical variables whose trajectories are far less certain. NIC 2012-001. Several innovations are included in Global Trends 2030, including: a review of the four previous Global Trends reports, input from academic and other experts around the world, coverage of disruptive technologies, and a chapter on the potential trajectories for the US role in the international system and the possible the impact on future international relations. Work's a Bitch and Then You Make It Work - Andrea Kay 2012-01-09
Are you frustrated by the indignities of life in today's workplace? More
work, longer hours, fewer benefits, incompetent bosses—career
consultant and expert Andrea Kay has heard it all. In her new book, Kay
connects with the 85 percent of the workforce who feel unsatisfied with
their careers. Readers will immediately recognize themselves in the
stories she tells, gleaned from the thousands of unhappy workers who
have responded to Kay's nationally syndicated column and appearances.
But Kay doesn't just explore what's wrong with the workplace today; she
empowers workers to think about their careers in a new way, to get past
disillusionment and feelings of powerlessness to see the possibilities and
control they do have. She counsels readers on how to aim high and be
fearless in presenting new ideas; how to cope with the unpredictable;
how to determine whether a company is a good match for you; how to
define the kind of work arrangement you want, and get up the nerve to

ask for it. Throughout the text and the thought-provoking exercises that
accompany it, she offers ways to take concrete and positive steps that
will improve both your career and your life. Work may indeed be a bitch
sometimes, but with Andrea Kay's help, readers will work it out.

Édith Piaf - David Looseley 2015-10-28

The world-famous French singer Édith Piaf (1915-63) was never just a
singer. This book suggests new ways of understanding her, her myth and
her meanings over time at home and abroad, by proposing the notion of
an 'imagined' Piaf.

Renegotiating French Identity - Jane F. Fulcher 2018-04-19

In *Renegotiating French Identity*, Jane Fulcher addresses the question of
cultural resistance to the German occupation and Vichy regime during
the Second World War. Nazi Germany famously stressed music as a
marker of national identity and cultural achievement, but so too did
Vichy. From the opera to the symphony, music did not only serve the
interests of Vichy and German propaganda: it also helped to reveal the
motives behind them, and to awaken resistance among those growing
disillusioned by the regime. Using unexplored Resistance documents,
from both the clandestine press and the French National Archives,
Fulcher looks at the responses of specific artists and their means of
resistance, addressing in turn Pierre Schaeffer, Arthur Honegger,
Francis Poulenc, and Olivier Messiaen, among others. This book

investigates the role that music played in fostering a profound awareness of the cultural and political differences between conflicting French ideological positions, as criticism of Vichy and its policies mounted.
Discovering French Nouveau! - Jean Paul Valette 2003-01-01

The Consolations of Philosophy - Alain De Botton 2013-01-23

From the author of *How Proust Can Change Your Life*, a delightful, truly consoling work that proves that philosophy can be a supreme source of help for our most painful everyday problems. Perhaps only Alain de Botton could uncover practical wisdom in the writings of some of the greatest thinkers of all time. But uncover he does, and the result is an unexpected book of both solace and humor. Dividing his work into six sections -- each highlighting a different psychic ailment and the appropriate philosopher -- de Botton offers consolation for unpopularity from Socrates, for not having enough money from Epicurus, for frustration from Seneca, for inadequacy from Montaigne, and for a broken heart from Schopenhauer (the darkest of thinkers and yet, paradoxically, the most cheering). Consolation for envy -- and, of course, the final word on consolation -- comes from Nietzsche: "Not everything which makes us feel better is good for us." This wonderfully engaging book will, however, make us feel better in a good way, with equal measures of wit and wisdom.

Politics and 'Politiques' in Sixteenth-Century France - Emma Claussen 2021-06-17

During the French Wars of Religion, the nature and identity of politics was the subject of passionate debate and controversy. The word 'politique', in both sixteenth-century and contemporary French, refers to the theory and practice of politics - 'la politique' - and the statesman or politician - 'le politique' - who theorised and practised this art. The term became invested with significance and danger in early modern France. Its mobilisation in dialogues, treatises, debates, and polemics of the French Wars of Religion was a crucial feature of sixteenth-century experiences of the political. Emma Claussen investigates questions of language and power over the course of a tumultuous century, when

politics, emerging as a discipline in its own right, seemed to offer a solution to civil discord but could be fatally dangerous in the wrong hands. By placing this important term in the context of early modern political, doctrinal and intellectual debates, Emma Claussen demonstrates how politics can be understood in relation to the wider linguistic and conceptual struggles of the age, and in turn influenced them.

Djinn - Alain Robbe-Grillet 1982

"A haunting, disorienting, brilliantly constructed novel, *Djinn* is the story of a young man who joins a clandestine organization under the command of an alluring, androgynous American girl, Djinn. Having agreed to wear dark glasses and carry a cane like a blind man, he comes to realize, through bizarre encounters, recurring visual images, and fractured time sequences he experiences as part of his undisclosed mission, that he is, in a sense, helplessly blind. His search for the meaning of his mission and for possible clues to the identity of the mysterious Djinn, becomes a quest for his own identity in an ever-shifting time-space continuum. His growing obsession with solving the mystery becomes the reader's own until, through a surprising shift in narrative perspective, the reader too becomes lost in the dimension between past and future." -- Publisher's description

A Gentleman in Moscow - Amor Towles 2016-09-06

The mega-bestseller with more than 2 million readers, soon to be a Showtime/Paramount series starring Ewan McGregor as Count Alexander Rostov From the #1 New York Times-bestselling author of *The Lincoln Highway* and *Rules of Civility*, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel's doors. Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose.

The Fantastic Undersea Life of Jacques Cousteau - Dan Yaccarino
2012-05-08

Jacques Cousteau was the world's ambassador of the oceans. His popular TV series brought whales, otters, and dolphins right into people's living rooms. Now, in this exciting picturebook biography, Dan Yaccarino introduces young readers to the man behind the snorkel. From the first moment he got a glimpse of what lived under the ocean's waves, Cousteau was hooked. And so he set sail aboard the *Calypso* to see the sea. He and his team of scientists invented diving equipment and waterproof cameras. They made films and television shows and wrote books so they could share what they learned. The oceans were a vast unexplored world, and Cousteau became our guide. And when he saw that pollution was taking its toll on the seas, Cousteau became our guide in how to protect the oceans as well.

French Rococo Ébénisterie in the J. Paul Getty Museum - Gillian Wilson 2021-03-30

The first comprehensive catalogue of the Getty Museum's significant collection of French Rococo ébénisterie furniture. This catalogue focuses on French ébénisterie furniture in the Rococo style dating from 1735 to 1760. These splendid objects directly reflect the tastes of the Museum's founder, J. Paul Getty, who started collecting in this area in 1938 and continued until his death in 1976. The Museum's collection is particularly rich in examples created by the most talented cabinet masters then active in Paris, including Bernard van Risenburgh II (after 1696-ca. 1766), Jacques Dubois (1694-1763), and Jean-François Oeben (1721-1763). Working for members of the French royal family and aristocracy, these craftsmen excelled at producing veneered and marquetry pieces of furniture (tables, cabinets, and chests of drawers) fashionable for their lavish surfaces, refined gilt-bronze mounts, and elaborate design. These objects were renowned throughout Europe at a time when Paris was considered the capital of good taste. The entry on each work comprises both a curatorial section, with description and commentary, and a conservation report, with construction diagrams. An introduction by Anne-Lise Desmas traces the collection's acquisition history, and two technical essays by Arlen Heginbotham present methodologies and findings on the analysis of gilt-bronze mounts and lacquer. www.getty.edu/publications/rococo
Fire in the Minds of Men - James H. Billington 1999

This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New Republic hailed it as "remarkable, learned and lively," while The New Yorker noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and contribution to our understanding of political life.

Proven ways to create a more loving family Research proves that happy families are good for health, longevity, peace of mind, productivity, and success. In The Secrets of Happy Families, Scott Haltzman offers an original approach to building family contentment that works for families of all ethnicities and make-ups--two-parent, single-parent, blended,

childless, or same-sex couple. He provides a "positive psychology" way of solving family problems through strategy and leadership, including knowing and accepting who you are, taking a leadership role in loving and united relationships, building a network of support in extended families and communities, and making quality time for fun, adventures, holidays, and rituals.

The Jaguar Smile - Salman Rushdie 2014-12

Stigmata - Hélène Cixous 2002-01-31

Hélène Cixous -- author, playwright and French feminist theorist -- is a key figure in twentieth-century literary theory. *Stigmata* brings together her most recent essays for the first time. Acclaimed for her intricate and challenging writing style, Cixous presents a collection of texts that get away -- escaping the reader, the writers, the book. Cixous's writing pursues authors such as Stendhal, Joyce, Derrida, and Rembrandt, da Vinci, Picasso -- works that share an elusive movement in spite of striking differences. Along the way these essays explore a broad range of poetico-philosophical questions that have become characteristic of Cixous' work: * love's labours lost and found * feminine hours * autobiographies of writing * the prehistory of the work of art *Stigmata* goes beyond theory, becoming an extraordinary writer's testimony to our lives and times.

The Palgrave Handbook of Wine Industry Economics - Adeline Alonso Ugaglia 2019-03-15

This Palgrave Handbook offers the first international comparative study into the efficiency of the industrial organization of the global wine industry. Looking at several important vineyards of the main wine countries, the contributors analyze differences in implementation and articulation of three key stages: grape production, wine making and distribution (marketing, selling and logistics). By examining regulations, organization theory, industry organizational efficiency and vertical

integration, up to date strategies in the sector are presented and appraised. Which models are most efficient? What are the most relevant factors for optimal performance? How do reputation and governance impact the industry? Should different models co-exist within the wine countries for global success? This comprehensive volume is essential reading for students, researchers and professionals in the wine industry. *Transnational Neofascism in France and Italy* - Andrea Mammone 2015-09-23

This book describes the establishment, evolution, and international links of the extreme right in one of the main Western European areas. Andrea Mammone details the long journey in the development of right-wing extremism in France and Italy, emphasizing the transfer, exchange, and borrowing of ideals, personnel, and strategies and the similarities among neofascist movements, activists, and thinkers across national boundaries from 1945 to the present day - including the Cold War years, the election of the European Parliament in 1979, and the 2014 EU elections.

Mammone analyzes the adaptation of neofascism in society and politics; the building of international associations and pan-national networks; and the right-leaning responses to the defeat of fascism, European integration, decolonization, the events of 1968, immigration, and the recent EU-led austerity politics. As a book implicitly on space, borders, and belonging, it shows how some nationalisms may embody a transnational dimension and, at times, even pan-European stances.
