The Toll-Gate - Georgette Heyer 2011-10-01

"Witty...a cheerful extravaganza."—The New Yorker His exploits were legendary... Captain John Staple, back from the battlefield, is already bored with his quiet civilian life in the country. When he stumbles upon a mystery involving a disappearing toll-gate keeper, nothing could keep the adventure-loving captain from investigating. But winning her will be his greatest yet... The plot thickens when John encounters the enigmatic Lady Nell Stornaway and soon learns that rescuing her from her unsavory relatives makes even the most ferocious cavalry charge look like a particularly tame hand of loo. Between hiding his true identity from Nell and the arrival in the neighborhood of some distinctly shady characters, Captain Staple finds himself embarked on the adventure-and romance-of a lifetime. "Spritely and good fun."-New York Herald Tribune "Once again Georgette Heyer has directed her comic genius along the fictional highway of early nineteenth-century England, but this time...cleaves with refreshing persistence to the commoner levels of life."-Chicago Sunday Tribune "Told in elegant prose with exceptionally humorous dialogue by the Queen of Regency romance."-Good Book Guide

Friday's Daughter - Patricia Sprinkle 2011-03-01

A contemporary novel of sisterhood, the South, and matters of the heart. Teensie MacAllester's two elder sisters consider her an insignificant appendage to their illustrious family. For fifteen years they have been delighted to let her care for their ailing relatives. After all, Teensie is both a nurse and a Friday's child, naturally loving and giving. As Teensie deferred her life, a dream sustained her: autocratic King MacAllester promised her the bulk of his estate. But when King's will is read it divides his property equally among his daughters. Teensie's share is scarcely enough to make a new start. Her sisters have a solution: Teensie can continue to serve as the family care-giver. But Teensie is determined to claim a life of her own. Throwing off the yoke of family expectations, Teensie sets in motion some surprising changes.

Julius, the Baby of the World - Kevin Henkes 1995-09-21

The riotously funny Lilly, last seen in Chester's Way (Greenwillow), thinks her new baby brother, Julius, is disgusting -- if he was a number, he would be zero. But when Cousin Garland dares to criticize Julius, Lilly bullies her into loudly admiring Julius as the baby of the world. Lilly knows her baby brother is nothing but dreadful -- until she claims him for her own. "Henkes displays a deep understanding of sibling rivalry and a child's fragile self-esteem....Lilly is a superb and timely heroine." -- Publishers Weekly. "

Every Friday - Dan Yaccarino 2012-05-08

No day is better than Friday! Friday is my favorite day. All week long, a boy and his father look forward to their Friday ritual—breakfast at their favorite diner. The leisurely walk through the neighborhood is just as good as the pancakes at the end. Dan Yaccarino's bright, distinctive art style and sweet, simple story about father-son bonding make Every Friday an all-around crowd-pleaser. The weekly tradition will appeal to children who have similar routines with their parents, and kids who don't have such a tradition will be asking their dads to start one! It's a perfect gift book, too—just in time for Father's Day. Every Friday is a 2007 New York Times Book Review Best Illustrated Book of the Year and a 2008 Bank Street - Best Children's Book of the Year.

The Secret History of Nursery Rhymes - Linda Kathryn Alchin 2010
Many nursery rhymes are believed to be associated with actual events in history, and include references to murder, torture, betrayal, greed, and to tyrants and royalty. The words were remembered but their secret histories were forgotten. Political satire was cleverly disguised in the wording of some, seemingly innocent, nursery rhymes. Although some of the most popular Nursery Rhymes are rooted in English history they are told to children throughout the English-speaking world. Old English

Nursery Rhymes were taken to America with the settlers from England. They were then spread across Commonwealth countries including Canada, Australia and New Zealand.

The One Day House - Julia Durango 2017-08-15

Wilson dreams of all the ways he can help improve his friend Gigi's house so that she'll be warm, comfortable, and happy. One day, friends and neighbors from all over come to help make Wilson's plans come true. Everyone volunteers to pitch in to make Gigi's house safe, clean, and pretty. Inspired by a friend's volunteerism, author Julia Durango tells a story of community and togetherness, showing that by helping others we help ourselves. Further information about Labor of Love, United Way, and Habitat for Humanity is included at the end of the book.

Hands Off My Belly - Shawn A. Tassone 2009-12-30

Expectant mothers are virtual magnets for unsolicited advice. Mothers, grandmothers, aunts, sisters, sisters-in-law, new mothers, friends, and even strangers offer what seems to be an endless supply of supposedly authoritative opinions on every aspect of pregnancy: A craving for spicy food denotes a boy. Carrying the baby low denotes a girl. Besides gender predictions, a pregnant woman is also apt to acquire an earful of advice about miscarriage, dietary habits and cravings, hair growth, weight gain, and childbirth. And, of course, everyone wants to touch her belly. In this engaging, humorous, and very informative book, Drs Shawn A Tassone and Kathryn Landherr -- experienced gynaecologists, a husband-and-wife team of physicians, and parents of four children -- explore the most common superstitions and myths surrounding pregnancy. From their combined twenty years of work in a clinic, as well as their own parenting experience, the authors review the anecdotes and beliefs, from the slightly unusual to the stranger-than-fiction, and compare them with the scientific evidence. Moving through each stage, from the early weeks of pregnancy to delivery, they examine the legends about diet, gender identification, pre-term labour, the umbilical cord, initiating labour, and the size and movement of the foetus. As they detail the scientific perspective on these varied and often amusing beliefs, the authors not only entertain but provide a great deal of practical information, which will ease the fears and anxieties of expectant parents as well as clear up many confusing notions. If you are pregnant, you owe it to yourself to get this book. Better yet, suggest it as the perfect gift to all those well-

meaning advice givers.

On The Road to Damascus - Katrice Williams 2008

Child Cultures, Schooling, and Literacy - Anne Haas Dyson
2016-02-19

Through analysis of case studies of young children (ages 3 to 8 years), situated in different geographic, cultural, linguistic, political, and socioeconomic sites on six continents, this book examines the interplay of childhoods, schooling, and literacies. Written language is situated within particular childhoods as they unfold in school. A key focus is on children's agency in the construction of their own childhoods. The book generates diverse perspectives on what written language may mean for childhoods. Looking at variations in the complex relationships between official (curricular) visions and unofficial (child-initiated) visions of relevant composing practices and appropriate cultural resources, it offers, first, insight into how those relationships may change over time and space as children move through early schooling, and, second, understanding of the dynamics of schools and the experience of childhoods through which the local meaning of school literacy is formulated. Each case—each child in a particular sociocultural site—does not represent an essentialized nation or a people but, rather, a rich, processual depiction of childhood being constructed in particular local contexts and the role, if any, for composing.

Friday's Child - Brian Mountford 2018-02-23

Brian Mountford has chosen thirty five poems which explore the human experience of suffering and redemption, accompanied by his own thoughtful and witty commentary. The collection contains secular and sacred pieces in equal measure and came into being as part of a programme to bring a sense of seriousness, in a non prescriptive, open-ended way to the Easter holiday crowds in the University Church, Oxford, where the poems were read on Good Friday with dignity and panache by senior school children. The selection has not been augmented in any kind of attempt to provide a fully representative anthology, but kept exactly as it evolved in response to this specific need.

We, The Wanted - Matthew Schultz 2021-04-30

When famine emigrant Patrick Gallagher, secures passage aboard a transatlantic coffin ship from County Cork, Ireland, to the Grosse Île Quarantine Station, Canada, he finds himself prey to a very different sort of hunger. Meanwhile, Angèle Paris D'Arcantel, a Vodou priestess, flees slavery and impending Civil War in New Orleans. She rides the Underground Railroad north along the Mississippi River to an abandoned lighthouse forsaken in the remote Adirondack wilderness at the brink of

a vast, cursed forest and the harrowing bluffs of Lake Champlain. We, The Wanted is a fully illustrated novel charting the unverified and unverifiable mythologies of seemingly disparate folklores: Irish, Haitian, and Native American, that converge beneath the beacon of the Split Rock Lighthouse as a way of exploring the contemporary phenomena of disenchantment. Shining a light upon the mysterious and tragic history of the American Northeast and across the tortured generations who weathered its storm, We, The Wanted is a gothic tale of grim isolation, the consequences of (dis)belief, and the monsters that continue to lurk beyond the pale of civilization hoping to lure us into their darkness.
