Has your heart taken a fast dive into your stomach when, at the start of your presentation, your prospect tells you that they've thought about it and are just going to pass? Are you finally ready to learn how to confidently and effectively overcome these objections, stalls, and blow-offs? If so, Power Phone Scripts was written for you! Unlike other books on sales that tell you what you should do (like build value - hard to do when the prospect is hanging up on you!), Power Phone Scripts provides word-for-word scripts, phrases,

questions, and comebacks that you can use on your very next call. Learn to overcome resistance, get through to the decision maker, and then, once you have him or her on the phone, make an instant connection and earn the right to have a meaningful conversation. This practical guide is filled with effective scripts for prospecting, emailing, voice mails,

closes, and tons of rebuttals to recurring objections you get like: "It costs too much" "We already have a vendor for that" "I'm going to need to think about it" "I need to talk to the boss or committee" and so many others... More than just phone scripts, this book provides practical, comprehensive guidance that every inside sales rep needs. Sales EQ - Jeb Blount 2017-03-20

The New Psychology of Selling The sales profession is in the midst of a perfect storm. Buyers have more power—more information, more at stake, and more control over the sales process—than any time in history. Technology is bringing disruptive change at an ever-increasing pace, creating fear and uncertainty that leaves buyers clinging to the status quo. Deteriorating attention spans have made it difficult to get buyers to sit still long enough to “challenge,” “teach,” “help,” give “insight,” or sell “value.” And a relentless onslaught of “me-too” competitors have made differentiating on the attributes of products, services, or even price more difficult than ever. Legions of salespeople and their leaders are coming face to face with a cold hard truth: what once gave salespeople a competitive edge—controlling the sales process, command of product knowledge, an arsenal of technology, and a great pitch—are no longer guarantees of success. Yet this is where the vast

majority of the roughly \$20 billion spent each year on sales training goes. It’s no wonder many companies are seeing 50 percent or more of their salespeople miss quota. Yet, in this new paradigm, an elite group of top 1 percent sales professionals are crushing it. In our age of technology where information is ubiquitous and buyer attention spans are fleeting, these superstars have learned how to leverage a new psychology of selling—Sales EQ—to keep prospects engaged, create true competitive differentiation, as well as shape and influence buying decisions. These top earners are acutely aware that the experience of buying from them is far more important than products, prices, features, and solutions. In Sales EQ, Jeb Blount takes you on an unprecedented journey into the behaviors, techniques, and secrets of the highest earning salespeople in every industry and field. You’ll learn: How to answer the 5 Most Important Questions in Sales to make it virtually impossible for prospects to say no How to

master 7 People Principles that will give you the power to influence anyone to do almost anything How to shape and align the 3 Processes of Sales to lock out competitors and shorten the sales cycle How to Flip the Buyer Script to gain complete control of the sales conversation How to Disrupt Expectations to pull buyers towards you, direct their attention, and keep them engaged How to leverage Non-Complementary Behavior to eliminate resistance, conflict, and objections How to employ the Bridge Technique to gain the micro-commitments and next steps you need to keep your deals from stalling How to tame Irrational Buyers, shake them out of their comfort zone, and shape the decision making process How to measure and increase you own Sales EQ using the 15 Sales Specific Emotional Intelligence Markers And so much more! Sales EQ begins where The Challenger Sale, Strategic Selling, and Spin Selling leave off. It addresses the human relationship gap in the modern sales process at a time when sales organizations are

failing because many salespeople have never been taught the human skills required to effectively engage buyers at the emotional level. Jeb Blount makes a compelling case that sales specific emotional intelligence (Sales EQ) is more essential to success than education, experience, industry awareness, product knowledge, skills, or raw IQ; and, sales professionals who invest in developing and improving Sales EQ gain a decisive competitive advantage in the hyper-competitive global marketplace. Sales EQ arms salespeople and sales leaders with the tools to identify their most important sales specific emotional intelligence developmental needs along with strategies, techniques, and frameworks for reaching ultra-high performance and earnings, regardless of sales process, industry, deal complexity, role (inside or outside), product or service (B2B or B2C).

High-Profit Prospecting - Mark Hunter, CSP

The key to success for every salesperson is his pipeline of prospects. In High-Profit Prospecting, sales expert Mark Hunter shatters costly prospecting myths and eliminates confusion about what works today. Telesales Coaching - Jim Domanski 2012-10
Are you absolutely satisfied with the sales results of your telesales team? Do you think that your sales could be or should be better? If you're serious about getting the absolute best from your inside sales team and improving their sales results then this book is for you. Written for B2B telephone sales managers, owners and executives, Telesales Coaching is a practical, no-nonsense guide on how to help your sales reps sell smarter, sell better and sell more. There are two fundamental reasons why your telephone sales reps don't sell as much as they could or should. The first reason is that many reps are not very good at selling despite formal (and

ongoing) training. Over time, telephone reps dilute the fundamentals, cut corners, get complacent, forget techniques or fail to master the skill sets that will lead to increased sales. The second reason is that the majority of telesales reps do not get the coaching and support that they need to excel at sales. Most telephone sales managers have been taught how to be managers, not coaches. Consequently, telesales reps do not get the proper constructive feedback and encouragement they need to change their selling behavior and improve. Until now. Telesales Coaching provides you with a proven and practical four-step process on how to coach your telephone reps and help them increase their sales. It's extremely effective because it focuses on precisely how to get reps to overcome their natural resistance to change and to modify their behavior on a consistent basis. Easy to learn and easy to apply, the coaching techniques offered are based on common sense principles of learning and

development. Here is some of what you'll learn:

- ◆◆◆◆ Why most companies don't coach
 - ◆◆◆◆ The six things coaching definitely is not
 - ◆◆◆◆ Why you can't coach without clearly defined standards
 - ◆◆◆◆ Understanding that telesales is not a numbers game, it's a results game
 - ◆◆◆◆ How often you should monitor your reps (the answer may surprise you)
 - ◆◆◆◆ Where, when, and how to monitor your reps
 - ◆◆◆◆ How to use an "analyzing algorithm" to avoid petty feedback
 - ◆◆◆◆ Who not to coach
 - ◆◆◆◆ Why the "sandwich feedback technique" is a waste of time and effort
 - ◆◆◆◆ Why numeric rating systems are destructive
 - ◆◆◆◆ The Socratic feedback model the absolute best way to provide feedback
 - ◆◆◆◆ Other methods to enhance the coaching process
- Based on twenty-plus years of helping companies throughout North America implement successful telephone selling programs, this book gives you everything you need to turn your ordinary telesales reps into extraordinary

telesales reps.

Sales Truth - Mike Weinberg 2019-06-11

Become a better salesperson by learning to debunk the sales myths and focus your strategy on a proven approach that will drive the results you want. Can succeeding in sales be as simple as hooking up the latest CRM tool or perfecting your social media profiles and waiting for qualified leads to show up in your inbox? Are you having trouble believing what the new self-proclaimed “experts” post on LinkedIn and beginning to question their proclamation that everything in sales has changed? The one constant in the world of sales is the noise from self-titled experts and thought leaders informing you of the latest tools, tricks, and strategies that you should utilize. However, ironically, the more

modern solutions you adopt, the harder it is to get results. Bestselling author and sales expert Mike Weinberg offers a wake-up call to salespeople and sales leaders on how to bypass the noise so you can start winning more, new sales. In *Sales Truth*, Weinberg shares some of the truths you’ll learn including: Many self-proclaimed sales experts lack clients, credibility, and a track record of helping sellers achieve breakthrough results. The number of “likes” a sales improvement article receives is often inversely proportional to its accuracy or helpfulness to a seller or sales team. What has worked exceedingly well in sales and sales management for the past couple of decades is still the (not so) secret to sales success today. Look no further than Weinberg’s powerful principles and proven strategies to help you become a professional sales master and create more new sales opportunities.

The Complete Idiot's Guide to Cold Calling - Keith Rosen 2004-08-03
Does this sound familiar? 'If I could get in front of the prospect, the rest of the selling process becomes easier. It's just getting in front of them that's the challenge'. The fact is most cold-calling efforts are doomed from the start.

Salespeople lose sales not due to a lack of effort but because they lack a prospecting system they are comfortable with, and can trust to generate greater, consistent results. If you are feeling the same way you have been for the last several years (including the 'calling to check in, touch base or follow-up' approach) or haven't been prospecting at all, you're simply making it easier for your competition to take away the new business you are working so hard to earn. So, if you love to sell but hate (or don't like) to prospect, this book is your opportunity to maximize your cold calling potential and boost your income by learning how to get in front of the right prospects in less time and create greater selling opportunities without the fear, pressure or anxiety associated with cold calling.

Micro-Entrepreneurship For Dummies - Paul Mladjenovic 2013-04-03

Tired of the 9-to-5 grind and want a way to earn or to supplement your income? Easy. The media has named the growing trend toward micro-entrepreneurship "the Rise of the Creative Class," "the GigLife," or "the freelance economy." All of those refer to the nearly 4 million workers who were self-employed this past year, and millions of others who currently supplement their income with freelance work. While the trend has been spotted before, there's one stark difference between micro-entrepreneurs today and the "Free Agent Nation" citizens of the late '90s: technology. *Micro-Entrepreneurship For Dummies* shows you how to navigate this confusing technological landscape in order to make a contributable profit. *Micro-Entrepreneurship For Dummies* aids you in making the best use of micro-entrepreneurial platforms, with helpful advice that includes information on signing up

for and selling products on websites such as Airbnb, Craigslist, Taskrabbit, Uber, and Etsy. Micro-enterprise, using online platforms to sell products or services, is a proven way to earn extra money and supplement household income. In today's struggling economy, the importance of self-run businesses and small enterprise is growing as more people take lower-paying jobs and need a little extra spending money. Shows you how to sign up for and sell products online. Micro-Entrepreneurship For Dummies appeals

to anyone looking to earn or supplement their income from home.
