A catchy rhyme counts down from five until there is only one hardworking beaver left. The others disappeared one by one, called away to play by their animal friends --a muskrat, a heron, a frog and a turtle. When the fifth tired beaver finally heads back to the lodge he finds a big surprise! The bouncy story is rounded out with a facts page at the back, along with information about each animal featured in the book.

Neoliberalism and Early Childhood Education - Guy Roberts-Holmes 2021-04-28

Neoliberalism, with its worldview of competition, choice and calculation, its economisation of everything, and its will to govern has 'sunk its roots deep' into Early Childhood Education and Care. This book considers its deeply detrimental impacts upon young children, families, settings and the workforce.

Through an exploration of possibilities for resistance and refusal, and reflection on the significance of the coronavirus pandemic, Roberts-Holmes and Moss provide hope that neoliberalism's current hegemony can be successfully contested. The book provides a critical introduction to neoliberalism and three closely related and influential concepts - Human Capital theory, Public Choice theory and New Public Management - as well as an overview of the impact of neoliberalism on compulsory education, in particular through the Global Education Reform Movement. With its main focus on Early Childhood Education and Care, this book argues that while neoliberalism is a very powerful force, it is 'deeply problematic, eminently resistible and eventually replaceable' - and that there are indeed alternatives. Neoliberalism and Early Childhood Education is an insightful supplement to the studies of students and researchers in Early Childhood Education and Sociology of Education, and is also highly relevant to policy makers.

Mama knows her old nest isn't the cozy home she and her brood need. But whenever she vows to start building a new house, she's distracted—by sweetie-meaty worms, crunchy-munchy crickets, or picky-pecky corn. Luckily, her Little Chick is an industrious sort. While the rest of his family are stuffing themselves silly, he's quietly working, bit by bit, day by day. Janice N. God Is Busy Fixing Things - Pastor Jim Walter 2010-03

God Is Busy Fixing Things How do I know this? I've been one of his co-workers for more than fifty years. I've been one with Him in building His church. I've been one with Him in making disciples. I've been one with Him in building homes. I've been one with Him in uniting brothers and sisters in Christ. I've been one with Him in restoring sinning brothers, and rebuilding shattered relationships. Summing everything together, I have been and still am one with Him fixing that which got broke in Genesis three. Namely, His crowning creation; (mankind, you and me) Only He can fix us. He fixes us one at a time. He always does His fixing in a vital way, through His Living Word by His Spirit. As one of His co-workers my part is to prayerfully use His tools (His Word, His Cross, His Gifts) in total dependence upon His Spirit to fix people on the inside. When He does and continues to do His work of fixing (regenerating and sanctifying) broken people, I get my reward in seeing transformed lives and homes like you will read about in this book. As He imparts life to the dead and they continue to grow: The proud become humble. The covetous become generous. The angry become meek. The bitter become sweet. The divided become united. The Self-centered become God-centered. Pastor Jim Walter is a graduate of Practical Bible Training School, now Davis College, Binghamton, NY where he continues to serve on the school's Trustee Board. He has pastored four churches. His last twenty seven years before retiring were at South Apalachin Baptist Church, Apalachin, NY, the church that ordained him in 1954. He is still actively speaking and teaching God's Word, and also writing.
