Why dont you attempt to get something basic in the beginning? Thats something that will guide you to understand even more with reference to the globe, experience, some places, similar to history, amusement, and a lot more?

It is your completely own epoch to acquit yourself reviewing habit. in the midst of guides you could enjoy now is **Partnership Taxation Second Edition Aspen Casebook** below.

**The Logic of the Transfer Taxes** - Laura Cunningham 2020-12-29  
The Logic of the Transfer Taxes: A Guide to the Federal Taxation of Wealth Transfers offers a broad survey of the federal transfer tax system. It thoroughly covers all of the fundamental rules of the gift, estate and generation skipping transfer taxes and provides numerous illustrative examples. It also offers a glimpse of some popular tax planning techniques, including FLPs, GRATS and IDGT'S, and the Special Valuation Rules of Chapter 14. It is appropriate for use as a coursebook for a two or three credit JD or LLM course, or as a reference for newcomers to the area. The Second Edition incorporates changes to the law made by the Tax Cuts and Jobs Act of 2017.

*Federal Income Taxation* - William A. Klein 1990

*Business Organizations Law in Focus* - Deborah Bouchoux 2022-10-27  
Business Organizations Law in Focus, Second Edition provides a thorough introduction to the key attributes, advantages, and disadvantages of every form of for-profit business organization in the United States, including: partnerships, limited liability companies, and corporations. The practice-oriented approach of the Focus Casebook Series elucidates the legal and practical aspects of business organizations through real-world scenarios that provide numerous opportunities for students to apply theory to practice and solidify their understanding of key concepts. Clear exposition and Case Previews support independent learning and focus case analysis. New to the Second Edition: Significantly more editing of cases with an eye towards making case excerpts shorter and more accessible to students. Expanded coverage of LLCs in Chapter 12, including a newly added case and related exercises addressing the primacy of the operating agreement in LLC governance and 2019 case and associated exercises highlighting LCC dissolution standards. Newly-added cases and exercises in Chapter 9 highlighting the continued evolution of Delaware's Caremark corporate monitoring and oversight doctrine, including references to the Delaware Supreme Court's recent decision in *Marchand v. Barhill*, 212 A.3d 805, 809 (Del. 2019) reversing the dismissal of Caremark claims against an ice cream manufacturer over allegedly persistent food safety issues, and the Chancery Court's decision in *Clovis Oncology, Inc. Derivative Litig.*, C.A. No. 2017-0222-JRS, 2019 WL 4850188 (OCT. 1, 2019) denying a motion to dismiss Caremark claims involving allegedly "serial non-compliance" with FDA protocols and regulations having to do with drug approval. An additional case in Chapter 10 that asks whether the "disrespectful and unfairly disproportionate treatment of a female shareholder by the male majority in a closely held corporation constitutes corporate oppression" pursuant to New York Business Corporation Law § 1104-a (a)(1). A new case in Chapter 10 in which shareholders of AmerisourceBergen—one of the world's leading wholesale distributors of opioid painkillers—sought to exercise their inspection rights under DGCL § 200 to investigate whether the firm had engaged in wrongdoing in connection with the distribution of opioids. Additional and expanded references to Model Business Corporation Act (MBCA) standards across Chapters 8, 9, and 10, including expanded references to MBCA standards concerning director conflicting interest transactions, the corporate opportunity doctrine, and the MBCA's universal demand rule for derivative actions. A new case in Chapter 3 addressing duties of loyalty and candor in the partnership context that invokes the *Meinhard v. Salmon* standard in a manner that is more accessible to students. Updated coverage of the proxy system and proxy regulation, securities offering rules and regs, and developments in insider trading law. New cases and "spotlight" sections that address a variety of timely issues, including "unicorns" (start-up businesses with a valuation of at least \$1 billion), claims involving opioid manufacturers, and corporate governance matters involving #MeToo claims. Professors and students will benefit from: Features that engage students in applying theory to practice, such as Real-Life Applications, Application Exercises,

and Applying the Concepts. Experiential exercises on drafting documents and preparing appropriate filings. An overview in Chapter One of the various forms of business organization and their key attributes, advantages, and disadvantages. An emphasis on contemporary principal cases and issues that resonate with today's students and fuel class discussion. Clear exposition of legal principles means students can absorb assigned reading on their own, and professors don't have to explain it from the lectern in class. Attention to attorney ethical issue and rules that commonly arise in the representation of business entities. The online ascii art generator can convert text to multiline text boxes. Try it now.

**Federal Income Taxation** - Richard Schmalbeck 2017-04-18  
Buy anew version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes - portability, meaningful feedback, and greater efficiency. This looseleaf version of the Connected Casebook does not come with a binder. Unique in its structure, Federal Income Taxation, Fourth Edition presents core materials that cover the basics of tax law and then offers "cells" at the end of the book that are self-contained units with more in-depth discussion of certain topics. This flexible structure allows professors to customize their tax course by selecting only the additional in-depth materials they want to use. The stellar author team, with years of scholarship and teaching experience, feature notes and questions that provide background information and place the cases and statutes in context. More than 150 problems are interspersed throughout the core text and the cells that challenge students to apply theory to specific situations. A detailed Teacher's Manual provides comments and suggestions for teaching both the core and the cell material as well as answers to all of the questions and problems in the casebook. Key Features: Thoroughly updated with the latest tax legislation Updated rate brackets, personal exemptions, standard deductions, earned income phase-outs, and eligibility for various credits and deductions, based on the IRS revenue procedure Buy anew version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes - portability, meaningful feedback, and greater efficiency.

**Federal Taxes on Gratuitous Transfers Law and Planning** - Joseph M. Dodge 2011

This book deals with the federal income tax as it bears on gratuitous transfers and with the federal wealth transfer taxes. The federal wealth transfer taxes presently consist of a partially unified estate and gift tax and a generation-skipping tax. The federal transfer tax system is separate and apart from the federal income tax. Features: Emphasis on text, statutes, and regulations, rather than cases (especially cases that involve routine application of law to facts) "Building block" organization (simple to complex estates), rather than segmented organization according to Code sections. Extensive use of questions and problems to aid students High-profile authorship in Joseph M. Dodge (a highly regarded tax specialist), Wendy C. Gerzog, and Bridget J. Crawford (both well-established in the field) The book reconstitutes the Estate and Gift tax course from the ground up in light of modern estates practice. For example, special valuation rules are treated as basic, as opposed to being just "tacked on" as other books treat them. More emphasis on valuation and use of FLPs than in other books. Valuation is introduced early on and integrated with other material Integration of related income tax materials, including income taxation of estates and trusts Relation of tax doctrine to tax planning strategies Focus on doctrine that influences the practice of estate and trust law, rather than doctrine for its own sake

Reference to state law (including recent developments) as it bears on transfer tax issues, with full coverage of issues raised by community property systems

**Federal Income Tax** - Joseph Bankman 2002

In addition to the wide range of quality textbooks specially created for paralegal programs, Aspen Law & Business also offers a number of law school resources that you may find suitable for use in your course area. Each book in this popular series offers a winning combination of text, examples, and explanations as it guides students to a more thorough understanding of the subject at hand.

**The Law of American Health Care** - Nicole Huberfeld 2018-08-01

The Law of American Health Care is the casebook for the new generation of health lawyers. It is a student-friendly casebook emphasizing lightly, carefully edited primary source excerpts, plain-language expository text, as well as focused questions for comprehension and problems for application of the concepts taught. The book engages topics in depth so students emerge with an understanding of the most important features of American health care law and hands-on experience working through cutting edge issues. Key Features: Focused on the needs of students who want to practice health care law in a post-ACA world. First health care law casebook to consider federal law as the baseline (as opposed to state law or common law). Intro chapter provides a set of organizing principles, illustrated with in-depth case studies, which are revisited and woven throughout the remaining chapters. "Pop-up" text boxes throughout with notes that highlight key lessons, or help to explain or enhance the material. Directed Questions and hypothetical Problems are provided as well as Capstone Problems at the end of each chapter. Approximately 800 pages, which is significantly more manageable than competitors. Focused directly on topics regularly encountered in the day-to-day practice of health law

**Poverty Law, Policy, and Practice** - Juliet Brodie 2020-09-14

Poverty Law, Policy, and Practice is organized around an overview and history of federal policies, significant poverty law cases, and major government antipoverty programs—welfare, housing, health, legal aid, etc.—which map onto important theoretical, doctrinal, policy, and practice questions. The book includes academic debates about the nature and causes of poverty as well as various texts that help illuminate the struggles faced by poor people. Throughout, it contains reading selections highlighting different perspectives on whether poverty is primarily caused by individual actions, structural constraints, or a mix of both. Readers will come away from the book with both a sense of the legal and policy challenges that confront antipoverty efforts, and with an understanding of the trade-offs inherent in different government approaches to dealing with poverty. New to the Second Edition: Updated coverage of the Affordable Care Act (Obamacare) Updated coverage of criminalization of poverty and efforts to decriminalize poverty Additional content for every chapter, with an emphasis on new cases, data, and sources Professors and students will benefit from: Three beginning chapters of general background on poverty numbers (data), social welfare (policy) and constitutional law (doctrine), followed by substantive chapters that can be selected based on professor interest, which makes the book easy to use even for 2-credit classes Emerging topics at the intersection of criminal law and poverty, markets and poverty, and human rights and poverty, in addition to traditional poverty law topics An author team with a combined experience of more than 100 years of teaching and practicing poverty law Highlights throughout the text to the racial and gendered history and nature of poverty in America An emphasis on presenting the most important topics accessibly, with careful editing and selection of excerpts to make the most of student and professor time A mix in every chapter of theory, program details, advocacy strategies, and the experiences of poor people

**Wills, Trusts, and Estates, Eleventh Edition** - Robert H. Sitkoff 2021-11-01

Buy a new version of this textbook and receive access to the Connected eBook with Study Center on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. Learn more about Connected eBooks. Widely hailed as one of the best casebooks in legal education, this comprehensive text combines interesting cases, thoughtful analysis, notes, images, and a clear organization for an excellent teaching tool. Cartoons, illustrations, case documents, and photographs provide engaging visual commentary. Sidebars on relevant persons, places, and things provide interesting and sometimes humorous context. A

comprehensive Teacher's Manual provides a complete teaching summary of all materials in the book, and comprehensive PowerPoint slides provide helpful structure for classroom organization. New to the Eleventh Edition: New section on will execution during the COVID-19 pandemic, with attention to reconciling "presence" with social distancing Updated and completely revised section on electronic or digital wills, with attention to the latest cases and statutes Updated to account for the 2021 and 2019 revisions to the Uniform Probate Code that, among other things, eliminated gender-based distinctions and expanded recognition of non-biological parent-child relationships Updated coverage of wealth and income inequality and new material on recent proposals for a wealth tax Updated and completely revised section on trust decanting, with attention to the latest statutory and case law developments Updated and completely revised section on asset protection trusts, with attention to key choice-of-law and fraudulent transfer principles Professors and students will benefit from: Unique blend of wit, erudition, insight, and playfulness retained from the late Jesse Dukeminier Organization that covers all the key topics in a logical and clear format Interesting cases that are not only fun to read, but fun to teach Cases enhanced and connected to broader legal principles by well-written connective text, notes, questions, problems, and sidebars Arresting two-color design Cartoons, illustrations, wills and other case documents, and photographs that provide visual commentary and teaching aids Teaching materials include: Teacher's Manual that provides a complete teaching summary of all materials in the book PowerPoint slides that provide explanatory diagrams and structure for classroom discussion Transition Guide Sample Exams Sample Estate Planning Documents

**Taxation and Business Planning for Partnerships and LLCs** -

Bradley T. Borden 2019-10-15

Taxation and Business Planning for Partnerships and LLCs, 2019-2020 Client File

**Bowker's Law Books and Serials in Print** - 1998

**Cyber Crime** - Catherine D. Marcum 2019-02-01

Cyber Crime, Second Edition by Catherine D. Marcum, provides the reader with a thorough examination of the prominence of cybercrime in our society, as well as the criminal justice system experience with cybercrimes. Research from scholars in the academic field, as well as government studies, statutes, and other material are gathered and summarized. Key concepts, statistics, and legislative histories are discussed in every chapter. The book is meant to educate and enlighten a wide audience, from those who are completely unfamiliar with the topic as an entirety, to individuals who need more specific information on a particular type of cybercrime. This text should be a useful guide to students, academics, and practitioners alike. New to the Second Edition: A new chapter explores the many forms of nonconsensual pornography—doxing, downblousing, upskirting, revenge porn, sextortion—and its negative effects on victims and society. New features—Key Words, Questions to Consider While Reading, and end-of-chapter Discussion Question—help students focus on key concepts. Discussions of the latest issues—the Convention on Cybercrime, R.B. Cialdini's research into grooming, neutralization (or rationalization) of behaviors, transaction laundering, and cyber dating—keep students current with recent developments. Updates include the latest statistics from the National Center for Missing and Exploited Children, case studies with recent developments and rulings (Playpen, Tor), and expanded coverage of online prostitution and Internet safety for minors. Professors and students will benefit from: Case studies in each chapter that connect new concepts to current events and illustrate the use of criminal theory in crime solving Questions for discussion that encourage evaluative and analytical thinking A range of theories and perspectives that shed light on the complexity of Internet-based crime Discussion and analysis of the demographics and characteristics of the offenders and their victims An informative review of the efforts of legislation, public policy, and law enforcement to prevent and prosecute cyber crime Coverage of the most widespread and damaging types of cyber crime intellectual property theft online sexual victimization identity theft cyber fraud and financial crimes harassment

**Fundamentals of Federal Income Taxation - Casebookplus** - James Freeland 2018-08-10

Adopted at over 100 schools, this casebook provides detailed information on federal income taxation, with specific assignments to the Internal Revenue Code, selected cases, and administrative rulings from the Internal Revenue Service. The revised and updated Nineteenth Edition retains the book's long standing format and much of its prior materials,

but it is updated to reflect recent events including all legislative developments, especially the 2017 Tax Cuts and Jobs Act (Pub. L. 115-97). The new edition contains coverage of the provisions of the Tax Cuts and Jobs Act, including the following significant changes: (1) rate reductions for individuals, including a significant rate reduction for business income earned in pass-through entities, (2) changes liberalizing the cost recovery system (including §§ 179 and 168(k)), (3) restrictions on the home mortgage interest deduction and deduction for state and local taxes, (4) the elimination of the deduction for most entertainment expenditures, (5) the non-deductibility of miscellaneous itemized deductions and the effect of that change on other areas of deductions, (6) a new limitation on the deductibility of business interest, (7) a new limitation on excess business losses of noncorporate taxpayers, (8) repeal of the rules for alimony and separate maintenance payments after 2018, (9) the significant increase in the standard deduction and elimination of the exemption deduction, (10) changes in the accrual method of accounting, (11) the increase and expansion of the child tax credit, (12) a new 60% limitation applicable to cash gifts to public charities, (13) new rules limiting like-kind exchanges to real property exchanges, (14) "simplification" of the kiddie tax, and (15) increased exemption amounts under the alternative minimum tax which make the tax applicable to fewer individuals.

**The Logic of Subchapter K, a Conceptual Guide to the Taxation of Partnerships** - Laura E. Cunningham 2019-12-30

The Logic of Subchapter K was originally intended for use as a text for a law school course in Partnership Taxation. Together with the accompanying problem set and teachers manual, it guides students through the conceptual framework of subchapter K, while thoroughly covering the many difficult technical matters in the statutes and regulations, with the goal of giving students a firm understanding of this most difficult subject. Each chapter begins with a basic explanation of the relevant provisions and the roles that they play in the overall structure of subchapter K. It includes an increasingly detailed discussion of the specific rules, including multiple illustrative examples. Each chapter builds on the earlier chapters, leading the student through subchapter K. The authors have successfully used the text and problems for both JD and LLM courses at NYU School of Law, Yale Law School, Cardozo School of Law, and Hastings College of the Law. Since the publication of the first edition of the book in 1996, it has also been used widely in business and accounting courses outside of the law school setting. It is also on the shelf of many practitioners. This 6th Edition addresses multiple changes made by the Tax Cuts and Jobs Act of 2017, including Section 199A qualified business deduction, the expensing of assets under Section 168(k), partnership terminations under Section 708, and an assortment of regulatory changes made in the three years since publication of the 5th Edition.

**Agency, Partnerships and Limited Liability Companies** - Gary S. Rosin 2013

This edition covers limited liability partnerships and limited liability companies while retaining substantial treatment of both the contract and tort aspects of agency law. It integrates problems into the text to facilitate teaching by the problem method and introduces a transactional perspective by using problems that ask students to structure transactions so as to achieve client goals while addressing the concerns raised in the materials. It also continues to cover the various unincorporated firms by comparing and contrasting their functional characteristics.

Business Organizations - William K. Sjostrom 2019-09-13

Business Organizations: A Transactional Approach, Third Edition, by William K. Sjostrom, Jr., teaches from a transactional perspective and shows how the legal concepts are written in the real world. It has numerous actual provisions from the various documents corporate lawyers draft and review, so that students gain a sense for what corporate lawyers do in practice. With content selected through a corporate lawyer lens, and emphasis on real-world provisions, this is the only Business Organizations casebook on the market allowing students to work with complete transactional documents (e.g., limited liability partnership agreements, LLC operating agreements, certificates of designation, warrant agreements, and shareholders' agreements). Featuring numerous exercises, designed to reinforce the covered material and help students develop the planning and problem-solving skills of a corporate lawyer as well as expose students to the documents and issues at the heart of a transactional practice, the book also contains more narrative and fewer cases--legal concepts are covered in concise explanatory text instead of judicial opinions. New to the 3rd Edition:

Expanded coverage of LLCs in light of their increasing importance  
Newer cases involving widely recognized companies (Priceline.com, Tesla)  
Updated and improved corporate documents  
Coverage of 2018 changes to federal income taxation of individuals and businesses  
Professors and students will benefit from: Straightforward text makes it easier to teach complicated concepts  
Numerous exercises make the book ideal for problem method teaching  
Practice-oriented—students exposed to real-world provisions and agreements  
Transaction-oriented—students get a sense for what corporate lawyers do  
Problem oriented—students get to repeatedly apply what they've learned

**Books in Print Supplement** - 2002

*Fundamentals Of Partnership Taxation 2004* - Joshua D. Rosenberg 2002

**Federal Income Taxation of Corporations** - Richard L. Doernberg 1994

Announcing the long-awaited revision of noted tax expert Bill Andrews; corporate tax casebook! New co-author Alan Feld joins Professor Andrews in meticulously updating FEDERAL INCOME TAXATION OF CORPORATE TRANSACTIONS to reflect the latest statutory changes through 1993, As well as new cases and developments in corporate tax. The Third Edition features: more international cases, such as Gulf Oil Corp. v. Commissioner, affording more opportunities to explore complex transactions numerous new cases selected for currency and pedagogy discussion of leveraged buyouts and related trends of the 1980s-put into perspective thorough treatment of the important new rate advantage for long term capital gains, especially with regard to discussion of redemption transactions This new edition maintains the overall organization of previous editions. The authors begin with a general introduction that deals with early stock dividend cases And The repeal of the General Utilities doctrine. They then consider reorganization and related non-recognized provisions-before examining distributions to shareholders and corporate taxable income. This very effective approach immerses students early in the interplay of complex transactions, statutes, and unpredictable interpretations; introduces court-made doctrines in their original setting; and gives students a realistic context for studying corporate tax concepts. For skillful analysis of corporate tax policy, adopt FEDERAL INCOME TAXATION OF CORPORATE TRANSACTIONS, Third Edition. Its insightful Teacher's Manual completes a truly outstanding teaching package.

Religion, Welfare and Social Service Provision - Robert Wineburg 2019-04-16

Religion, Welfare, and Social Service Provision: Common Ground delves deeply into the partnerships forged between religious communities, government agencies and nonprofits to deliver social services to the needy. These pages offer a considered examination of how local faith entities have served those in their midst, and how the provision of those services has been impacted by evolving social policies. This foundational volume brings together the work of more than two dozen leading researchers, each providing long overdue scholarly inquiry into religiously affiliated helping and the many possibilities that it holds for effective cooperation.

Oil and Gas Tax - Denney L. Wright 2019-11-14

Taxation of oil and gas is one of the more complicated areas of the U.S. federal income tax law. Unique principles have developed over the years as Congress, the IRS, the courts and taxpayers have designed, interpreted, and pursued energy development. Taxpayers and the government have had to deal with the high risk and significant costs associated with oil and gas development, all within the context of oil and gas production being a core national security priority through the years. The unconventional revolution combined with continued significant conventional development has caused a renewed interest in these matters. Taxation is always crucial in judging the economics of oil and gas development, so this casebook should prove timely as taxpayers and financial advisors renew their interest — or immerse themselves for the first time — in these concepts and principles. A particular challenge is application of conventional rules to unconventional production processes, which is highlighted and explored in this timely casebook. The aim of Chapter 1 is to provide an overview of the history of oil and gas development in the United States, as well as to introduce basic federal income tax concepts. This knowledge will facilitate the in-depth study of U.S federal oil and gas taxation in Chapters 2-11. Professors and students will benefit from: Discussion of historic oil and gas industry and general federal income tax issues Discussion of oil and gas tax principles, provisions and policies, highlighting unique aspects of the law Text that

fits unconventional development into the conventional tax rules developed over the years Practitioners will benefit from: Refresh of oil and gas tax issues contained in a casebook dedicated entirely to oil and gas tax matters Comparison and contrast of unconventional and conventional principles, policies and tax rules

**Corporate and Partnership Income Tax Code and Regulations** - Kirk J. Stark 2007

This set of selected statutes and regulations was designed to offer maximum flexibility and ease of use for law school courses in corporate, partnership, and business enterprise taxation. The 2007-2008 Edition features several changes to the statute, including changes enacted in the Pension Protection Act of 2006, signed into law on August 16, 2006, and the Small Business and Work Opportunity Act of 2007, signed into law on May 25, 2007. The new edition also incorporates numerous changes to the regulations, including revised regulations under section 338(h)(10) on multi-step transactions, section 368 on the continuity of interest doctrine and D reorganizations, and section 752 concerning the effect to be given to certain obligations of disregarded entities.

**The Legal and Ethical Environment of Business** - Gerald R. Ferrera 2018-03-07

Focusing on ethics in every aspect of the business environment, *The Legal and Ethical Environment of Business, Second Edition* by Gerald R. Ferrera, Mystica M. Alexander, William P. Wiggins, Cheryl Kirschner and Jonathan Darrow, prepares students to work within current industry norms, practices, and legislation. Ethics coverage is integrated throughout the book and featured in nearly every chapter. Ethical theory is interwoven with practical applications using several novel pedagogical tools developed to promote focused, thoughtful inquiry and to highlight the interplay of ethics and law. The book also meets the needs of students who will be facing an increasingly international business environment. Integrated coverage of international issues goes beyond comparative law topics and includes substantial coverage of central topics in international business law, such as, bribery and the Foreign Corrupt Practices Act, key provisions of the Convention on Contracts for the International Sales of Goods, and a comparison of the Uniform Commercial Code and the UN Convention on Contracts for the International Sale of Goods. Key Features: Excellent, pragmatic discussion of business organization implications and legal aspects of expanding a U.S. business internationally Crisp, thorough coverage of the Foreign Corrupt Practices Act, with contextual material on corruption effects on society and business, as well as explanation of the law and examples Readable, concise explanation of financing international business transactions, including overview of international debtor-creditor issues, risks specific to international transactions and description of the Letter of Credit process

**Business Organizations** - Theresa Gabaldon 2017-04-10

The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester.

**Business Organizations** - Theresa A. Gabaldon 2018-07-23

*Business Organizations, Second Edition* is a pedagogically rich book that recaptures student engagement in the course without sacrificing basic rigor. The traditional coverage of most books in the field is retained, but modernized in reflecting the importance of unincorporated entities and small business counseling problems. Transaction-oriented problems put the student in the practice role of advising a variety of businesses. An expository approach provides clear context for cases. Features include flowcharts, connections boxes, self-testing exercises, an interspersed series of exercises on ethics for business lawyers, a glossary of terms, and sidebars on numerical concepts and skills. Through the use of sidebar explanations or otherwise, the chapters or major sections of chapters in the book stand alone, facilitating teaching in almost any order. An online supplement includes a "business concepts for lawyers" module to be assigned as an instructor desires, as well as a variety of sample documents to show students the actual materials that lawyers work with every day. New to the Second Edition: Major revisions to incorporate important statutory modifications: Book-wide revisions to incorporate 2016 Model Business Corporations Act amendments Book-wide revisions to incorporate amendments to the Revised Uniform Partnership Act and amendments to several other ALI model statutes for unincorporated entities, including the revisions made under the ALI's "harmonization project" Revisions to reflect significant changes in the exemptions from registration under the Securities Act of 1933 Updates to reflect the 2017 Tax Cuts and Jobs Act New cases, including *Alexander v. FedEx* and *O'Connor v. Uber* (dealing with the agency relationship of delivery companies and their drivers); *Browning-Ferris Indus.* (addressing the possibility of joint-employer status in situations involving temp agencies); and *Salman v. U.S.* (new decision of the Supreme Court having to do with insider trading) Newly written substantive materials, including an entirely new section on the "gig" economy, added to Ch. 4; and new material on the ability of shareholders to adopt bylaws affecting the management of business Shorter cases to bring down page length and respond to adopter requests Improved integration of the text and its online companion material Professors and students will benefit from: Modularity—achieved by keeping chapters short and self-contained—so that the book can be adapted to professors' different priorities Substantial material provided for free in an online supplement, to reduce overall student costs, including: A set of complete edited codes to support all readings in the casebook; and A module comprising a "business concepts for lawyers" guide, covering tax, accounting, financial and economic topics keyed directly to the book. Detailed, problem-focused treatment of unincorporated entity issues and special transactional problems in counseling small businesses Visual and pedagogical elements (including teaching and learning aids such as flowcharts and self-testing devices) that are designed to engage a generation of students and teachers accustomed to variety and visual appeal Special cross-referencing aids to emphasize connections among related topics An expository approach providing clear context for the traditional case material that also appears Easy-to-digest sidebar content intended to develop student numeracy strength in tax, accounting and other relevant concepts

**Federal Income Taxation of Corporations and Partnerships** - Howard E. Abrams 2019-02-25

This well-regarded textbook continues its fundamental approach of clear explanations, pervasive examples, and comprehensive problem sets throughout. Utilizing a problems-based approach, *Federal Income Taxation of Corporations and Partnerships, Sixth Edition* by Howard E. Abrams and Don Leatherman covers taxation of the three major categories of business entities: Corporations, S Corporations, and Partnerships. New to the Sixth Edition: The text has been updated to reflect the 2017 Tax Cut and Jobs Act. The chapter on taxable acquisitions has been modified to be more complete yet easier to understand. The chapter on tax-free acquisitive reorganizations has been modified to include more problems as well as a section on the substance-over-form doctrine. The Partnership Taxation presentation has been

updated to include integration with new bonus depreciation rules, modernization of section 751(b), elimination of technical terminations, and expansion of substantial built-in loss. Professors and students will benefit from: Clarification of the intricacies of the taxation of business enterprises Problems and examples in addition to cases and notes to cover all aspects of the subject Illustrations of typical commercial transactions An emphasis on major themes of policy and practice A book that is flexible enough to be used in two-, three-, or four-credit courses Stand-alone coverage of C corporations, S corporations, and partnerships

**Modern Family Law** - D. Kelly Weisberg 2006

This dynamic casebook: - reflects the social diversity of the modern family - examines the social and legal impacts of: the women's movement, the children's rights movement, the fathers' rights movement, domestic violence, changing sexual mores, new family forms, and developments in reproductive technology - integrates valuable interdisciplinary perspectives - covers the basics of family law - presents a variety of problem exercises - heightens student awareness of the real effect of the law on people's lives through narratives and stories about the people behind the cases With cases, notes, problems, and excerpts, the Third Edition: - provides extensive coverage of the same-sex marriage debate and its ramifications, including the Lawrence, Goodridge, and Lofton cases, civil unions and domestic partnerships, parentage determinations, custody and visitation, child support, name changes, property rights, the proposed federal marriage amendment to the Constitution, and the wider implications for gender classifications in family law - presents expanded treatment of domestic violence, including *Town of Castle Rock v. Gonzalez*, discrimination against abuse victims in the areas of housing and employment, victims' attempts to change names and hide, and the implications for custody and support - discusses custody and visitation rights of both grandparents and stepparents in the post-Troxel era - supplies revised coverage of the family-work conflict, including discussion of the glass ceiling, the maternal wall, and the gendered household division of labor - treats right-to-die issues, most notably the Terri Schiavo case and its ramifications for privacy, the family, and federalism - addresses partial-birth abortion bans and teenagers' abortion rights - includes expanded treatment of sexual orientation in terms of employment, housing, domestic violence, and the military's don't ask, don't tell policy - considers fetal protection measures at both the federal and state levels - deals with important evidentiary issues, such as the child abuse implications of *Crawford v. Washington* and the interspousal wiretapping case of *Glazner v. Glazner* - reviews paternity disestablishment for husbands who deny paternity after genetic tests disprove their biological fatherhood - updates issues of contraceptive fraud, such as the purloined sperm cases

*Federal Estate and Gift Taxation* - Richard B. Stephens 2002

**Marijuana Law, Policy, and Authority** - Robert A. Mikos 2017-05-18  
Marijuana Law, Policy, and Authority is a first-of-its-kind law school casebook in a rapidly-emerging and exciting new field. The accessible,

comprehensive, and engaging material guides students through the competing approaches to regulating marijuana, the purposes and effects of those approaches, and the legal authorities for choosing among them. The helpful organization intersperses these issues of substantive law, policy, and authority throughout the discussion of users, suppliers, and third parties. Substantive law materials cover either prohibitions or regulations targeting users, suppliers, or third parties. Policy materials cover the goals of marijuana law and policy as well as the research on the impact of different marijuana policies. Authority materials address the different levels of government—federal, state, and local. Notes, questions, and numerous problems in each chapter provide additional thought-provoking material and help to reinforce student learning. Current, news-headlining cases keep the discussion interesting and lively. Key Features: Internationally renowned author Robert Mikos is the premier authority on marijuana law. He draws upon nearly a decade of professional experience teaching, lecturing, consulting, and writing about marijuana law and policy. Three distinct but inter-woven topics are covered: the substantive law governing marijuana; the policy rationales behind and outcomes produced by different approaches to regulating the drug; and the legal authority to regulate the drug. Students are guided through the multi-faceted legal and policy issues now confronting lawyers, lawmakers, judges, and policy analysts working in this emerging field. Written in a style that is familiar to law students, but also accessible to a much broader audience, including graduate and upper level undergraduate students in courses in policy studies, political science, and criminology. Cutting-edge issues are included that are intellectually engaging for students and professors alike—e.g., how are conflicts between state/ federal law resolved? What are the roles of courts and executive officers in terms of policy? Dives deeply into classic legal issues: contract enforceability and powers of court, Congress, and the state. Notes and Questions following cases offer stimulating fodder for discussion.

The Federal Income Taxation of Corporations, Partnerships, Limited Liability Companies, and Owners - JEFFERY L. KWALL 2018-10-26

An up-to-date response to the trend toward teaching corporate tax and partnership tax in a consolidated course, the 6th edition comprehensively incorporates all relevant changes resulting from the Tax Cuts and Jobs Act signed into law on December 22, 2017. The new edition continues to use a unique mix of cases and rulings focusing on tax issues in a business planning context. The creative, student-friendly structure includes many examples and problems. The material can be taught in either an integrated manner or entity-by-entity. The 6th edition incorporates all legislative changes since the prior edition and recent cases and rulings. The 6th edition includes many examples and problems. Parts I-IV are designed for an intermediate three or four credit course on C Corporations, S Corporations and partnerships. The material can be taught in either an integrated manner or entity-by-entity. Parts V-VI are designed for an advanced, two or three credit course in asset and stock sales, corporate reorganizations and spin-offs. The casebook is also appropriate for a three or four credit intermediate corporate tax course by omitting the partnership chapters. The book is suitable for both the J.D. and LL.M levels.

*Estate & Trust Administration For Dummies* - Margaret A. Munro 2018-11-27

*Estate and Trust Administration For Dummies*, 2nd Edition (9781119543879) was previously published as *Estate and Trust Administration For Dummies*, 2nd Edition (9781118412251). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. Your plain-English guide to administering an estate and/or trust As more and more of the population reach senior ages—including baby boomers, many of whom do not have wills—an increasing number of people are being thrust into the role of executor, administrator, personal representative of an estate, or trustee of a trust after the death of a loved one. This updated edition of *Estate & Trust Administration For Dummies* guides you through the confusing process of administering an estate and/or trust. Settling an estate and administering a trust can be complicated, messy, and time-consuming for individuals named as executor or trustee, most of whom have no previous experience with such matters. *Estate & Trust Administration For Dummies* shows you how to make sound decisions for your unique circumstances. Guides you through the confusing process of administering an estate and/or trust Provides expert advice on unfamiliar estate and trust tax law Gives you a practical checklist to follow for all of your estate and trust administration questions and concerns Whether you're looking for guidance on how to

navigate the probate process and estate taxes, settle debts and bequests, fund a trust, comply with tax regulations, or anything in between, this hands-on, friendly guide takes away the mystery and provides detailed answers to all of your estate and trust administration questions.

**India** - Germano Franceschin 2011-07-25

India, a Union of 28 States and 7 territories, with a population of over a billion people and multiple cultures and languages, is a democratic republic often called, quite rightly, 'the largest democracy in the world'. Because the well-established English legal system endured after independence in 1947, India categorically remains a common law jurisdiction, and its legal practice and procedure is conducted almost exclusively in English. Nonetheless, Indian law is sufficiently complex in ways that are distinct from other European-based systems that a book such as this - in which the business legal system of India is thoroughly reviewed - will be really welcomed by both practitioners and academics. This book examines the full spectrum of India's legal system as it applies to commercial, customs, and tax matters, and covers among much else such elements as the following: division of executive and legislative powers between the Union and the individual States; role of the Supreme Court and State high courts; role of State legislative assemblies; levels of appeals in judiciary system; power of specialised State tribunals in, for example, tax, company law, bankruptcy; power of the State to appropriate property; constitutional protection of culture and environment; use and citation of foreign judgments and jurisprudence; contract law; trusts; industrial relations; minimum wage law; income tax rules and procedure; bilateral double taxation agreements; copyright and trademark protection; semiconductor integrated circuits layout design; protection of plant varieties and farmers' rights; competition law; multi-State cooperation agreements; and regulation of financial services. An extensive appendix supplies texts of the Constitution of India, the Indian Penal Code and 23 Legislative Acts pertaining to commercial, customs and tax matters. There is a sample franchise agreement, and an informative summary of current and projected foreign trade policy through 2014. Both as a guide to business lawyers working with Indian partners and as a comparative law treatment of the world's second most populous country (and a rapidly growing economic powerhouse), this book has no peers.

Taxation of Estates, Gifts and Trusts - Regis W. Campfield 2002

**Principles of Management** - Openstax 2022-03-25

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Praveen Parboteeah, University of Wisconsin-Whitewater Jon L. Pierce, University of Minnesota-Duluth Monique Reece Amit Shah, Frostburg State University Siri Terjesen, American University Joseph Weiss, Bentley University Margaret A. White, Oklahoma State University Donald G. Gardner, University of Colorado-Colorado Springs Jason Lambert, Texas Woman's University Laura M. Leduc, James Madison University Joy Leopold, Webster University Jeffrey Muldoon, Emporia State University James S. O'Rourke, University of Notre Dame

Sports Law - Patrick K. Thornton 2010-02-04

Sports Law looks at major court cases, statutes, and regulations that explore a variety of legal issues in the sports industry. The early chapters provide an overview of sports law in general terms and explore its impact on race, politics, religion, and everyday affairs. Later chapters address hot button issues such as gender equity, drug testing, and discrimination. Written from a sport management perspective, rather than from a lawyer's, this text covers all the major areas presented in sports law today including: cases relating to torts, contracts, intellectual property, and agents. Factual scenarios throughout the text allow students to critically examine and apply sport management principles to legal issues facing the sports executive. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition.

Federal Taxation of Wealth Transfers - Stephanie J. Willbanks 2008

With an emphasis on tax planning, Federal Taxation of Wealth Transfers,

Second Edition, integrates problems with statutes, regulations, and cases to create a highly teachable and student-friendly casebook. This text provides an effective treatment of estate and gift taxation that includes: a problem-based approach that emphasizes planning and integrates statutes, cases, and regulations a logical and flexible five-part organization that can be reordered to adapt to different teaching approaches clear introductory and background notes that provide context for cases and problems focused teaching objectives that include problem-solving, understanding statutory construction, and developing policy analysis skills a manageable overall length for a 3-credit basic wealth transfer tax class an in-depth Teacher's Manual that includes analyses of all of the cases and problems With new problems and expanded text, the Second Edition also offers: new principal cases deciding on family limited partnerships, such as Strangi IV and Kimbell v. U.S., with discussion of Estate of Bongard and Estate of Rosen in the note material additional major cases regarding: post-death and post gift events buy-sell agreements valuation of lottery payments continuing debate about the estate tax Ideally suited to teaching estate and gift taxation, Professor Willbanks' problem-based pedagogy, with its flexible organization and integrated approach, may well be the most effective method available for teaching this course. An author website to support classroom instruction using this title is available at <http://www.aspenlawschool.com/willbanks2>

Wills, Trusts, and Estates - Reid Kress Weisbord 2018-06-12

Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes--portability, meaningful feedback, and greater efficiency. This looseleaf version of the Connected Casebook does not come with a binder. Written by well-recognized scholars in the field, Wills, Trusts, and Estates: The Essentials by Reid Weisbord, David Horton, and Steven Urice provides a unique platform for teaching Trusts and Estates as an accessible, engaging area of the law. As its title implies, Essentials covers only the core legal doctrines and does so in a concise, straightforward format that focuses on practical application rather than theory. The organizational structure of each chapter facilitates student learning by providing: (1) a clear explanation of the doctrine in plain English, (2) an excerpt of relevant statutory authority where applicable, (3) an illustration of the doctrine through a carefully-selected judicial opinion, and (4) an application of the doctrine in a problem set. Each judicial opinion is followed by a series of questions, as well as narrative answers to each question. The problem sets, which are heavily emphasized, simulate the practice of law in a realistic T&E setting. Key Features: Makes a challenging course uniquely accessible. Plain English explanation of legal doctrine at the beginning of each section helps ensures students have a basic foundation of substantive knowledge, allowing the professor to focus classroom discussion on applying the doctrine. Delivers well-edited judicial opinions in a format that allows students to achieve mastery of the materials before entering the classroom. Emphasizes problem-solving through detailed problem sets that allow students to apply newly learned legal doctrine to real-world situations. Offers concise, yet comprehensive coverage. All core Trusts & Estates topics are covered in fewer than 650 pages.

CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center.
