A Hunger Artist and Other Stories - Franz Kafka
2012-04-12

'In recent decades, interest in hunger artists has

greatly diminished.' Kafka published two collections of short stories in his lifetime, A Country Doctor: Little Tales (1919) and A Hunger Artist: Four Stories (1924). Both collections are included in their entirety in this edition, which also contains other, uncollected stories and a selection of posthumously published works that have become part of the Kafka canon. Enigmatic, satirical, often bleakly

humorous, these stories approach human experience at a tangent: a singing mouse, an ape, an inquisitive dog, and a paranoid burrowing creature are among the protagonists, as well as the professional starvation artist. A patient seems to be dying from a metaphysical wound; the war-horse of Alexander the Great steps aside from history and adopts a quiet profession as a lawyer. Fictional meditations on art and artists, and a series of aphorisms that come close to expressing Kafka's philosophy of life, further explore themes that recur in his major novels. Newly translated, and with an invaluable introduction and notes, Kafka's short stories are haunting and unforgettable. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading

authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Letters to Felice - Franz Kafka 2016-12-06

Franz Kafka met Felice Bauer in August 1912, at the home of his friend Max Brod. Energetic, down-to-earth, and life-affirming, the twenty-five-year-old secretary was everything Kafka was not, and he was instantly smitten. Because he was living in Prague and she in Berlin, his courtship was largely an epistolary one—passionate, self-deprecating, and anxious letters sent almost daily, sometimes even two or three times a day. But soon after their engagement was announced in 1914, Kafka began to worry that marriage would interfere with his writing and his need for solitude. The more than five hundred letters Kafka wrote to Felice—through their breakup, a second

engagement in 1917, and their final parting in the fall of that year, when Kafka began to feel the effects of the tuberculosis that would eventually claim his life—reveal the full measure of his inner turmoil as he tried, in vain, to balance his desire for human connection with what he felt were the solitary demands of his craft.

The Metamorphosis (Translated by David Wyllie) - David Wyllie 2021-01-17

"I cannot make you understand. I cannot make anyone understand what is happening inside me. I cannot even explain it to myself." -Gregor Samsa, *The Metamorphosis*
The Metamorphosis is one of the most commonly referenced books when you talk about absurd literature. It is heralded as a masterpiece of the existential literature because of how it demands the reader to accept the absurdity of the world just as it is. Although some of the events of the story are fantastical in nature, the ideas it conveys about existence, the meaning of life, and humanity are

relatable to us in the real world, too.
Das Urteil - Franz Kafka 2018-09-06
Das Urteil author: Franz Kafka
Georg stand knapp neben seinem Vater, der den Kopf mit dem struppigen weißen Haar auf die Brust hatte sinken lassen.»Georg«, sagte der Vater leise, ohne Bewegung. Georg kniete sofort neben dem Vater nieder, er sah die Pupillen in dem müden Gesicht des Vaters übergroß in den Winkeln der Augen auf sich gerichtet.»Du hast keinen Freund in Petersburg. Du bist immer ein Spaßmacher gewesen und hast dich auch mir gegenüber nicht zurückgehalten. Wie solltest du denn gerade dort einen Freund haben! Das kann ich gar nicht glauben.

Rounding out the exceptional lineup is R. Crumb's humorous work, "A Hunger Artist" from Kafka for Beginners alongside a new English translation of the story itself. Hunger - Sharman Apt Russell 2008-08-01

Every day, we wake up hungry. Every day, we break our fast. Hunger explores the range of this primal experience. Sharman Apt Russell, the highly acclaimed author of *Anatomy of a Rose* and *An Obsession with Butterflies*, here takes us on a tour of hunger, from eighteen hours without food to thirty-six hours to seven days and beyond. What Russell finds-both in our bodies and in cultures around the world-is extraordinary. It is a biological process that transcends nature to shape the very fabric of societies. In a fascinating survey of centuries of thought on hunger's unique power, she discovers an ability to adapt to it that is nothing short of miraculous. From the fasting saints of the early Christian church to activists like Mahatma Gandhi, generations have used hunger to make spiritual and political statements. Russell highlights these remarkable cases where hunger can inspire and even heal, but she also

addresses the devastating impact of starvation on cultures around the world today. Written with consummate skill, a compassionate heart, and stocked with facts, figures, and fascinating lore, *Hunger* is an inspiring window on history and the human spirit.

A Hunger Artist - Franz Kafka 1996-01-01

The last book published during Kafka's lifetime, *A Hunger Artist* (1924) explores many of the themes that were close to him: spiritual poverty, asceticism, futility, and the alienation of the modern artist. He edited the manuscript just before his death, and these four stories are some of his best known and most powerful work, marking his maturity as a writer. In addition to "First Sorrow," "A Little Woman," and "Josephine, the Singer," is the title story, "A Hunger Artist," which has been called by the critic Heinz Politzer "a perfection, a fatal fulfillment that expresses Kafka's desire for permanence." The three volumes *Twisted Spoon* has published: *Contemplation*, *A Country Doctor*,

and A Hunger Artist represent the collections of stories that Kafka had published during his lifetime. Though each volume has its own distinctive character, they have most often appeared in English in collected editions. They are presented here as separate editions, in new translations, each with its own illustrator from the Prague community.

The Participatory Condition in the Digital Age - Darin Barney 2016-11-01

Just what is the "participatory condition"? It is the situation in which taking part in something with others has become both environmental and normative. The fact that we have always

participated does not mean we have always lived under the participatory condition. What is distinctive about the present is the extent to which the everyday social, economic, cultural, and political activities that comprise simply being in the world have been thematized and organized around the priority of participation. Structured along four axes investigating the relations between participation and politics, surveillance, openness, and aesthetics, *The Participatory Condition in the Digital Age* comprises fifteen essays that explore the promises, possibilities, and failures of contemporary participatory media practices as related to power, Occupy Wall Street, the Arab Spring uprisings, worker-owned cooperatives for the post-Internet age; paradoxes of participation, media activism, open source projects; participatory civic life; commercial surveillance; contemporary art and design; and education. This book represents the most comprehensive and transdisciplinary endeavor to date to

examine the nature, place, and value of participation in the digital age. Just as in 1979, when Jean-François Lyotard proposed that “the postmodern condition” was characterized by the questioning of historical grand narratives, *The Participatory Condition in the Digital Age* investigates how participation has become a central preoccupation of our time. The Audubon Reader - John James Audubon
2015-01-21

This unprecedented anthology of John James Audubon's lively and colorful writings about the American wilderness reintroduces the great artist and ornithologist as an exceptional American writer, a predecessor to Thoreau,

Emerson, and Melville. Audubon's award-winning biographer, Richard Rhodes, has gathered excerpts from his journals, letters, and published works, and has organized them to appeal to general readers. Rhodes's unobtrusive commentary frames a wide range of selections, including Audubon's vivid "bird biographies," correspondence with his devoted wife, Lucy, journal accounts of dramatic river journeys and hunting trips with the Shawnee and Osage Indians, and a generous sampling of brief narrative episodes that have long been out of print—engaging stories of pioneer life such as "The Great Pine Swamp," "The Earthquake," and "Kentucky Barbecue on the Fourth of July." Full-color reproductions of sixteen of Audubon's stunning watercolor illustrations accompany the text. The Audubon Reader allows us to experience Audubon's distinctive voice directly and provides a window into his electrifying encounter with early America: with its wildlife and birds, its people, and its primordial

wilderness.

The Art of Hunger - Alys Moody 2018-11

Hunger is one of the governing metaphors for literature in the late nineteenth and twentieth centuries. Beginning in the mid-nineteenth century, writers and critics repeatedly describe writing as a process of starvation, as in the familiar type of the starving artist, and high art as therejection of 'culinary' pleasures. *The Art of Hunger: Aesthetic Autonomy and the Afterlives of Modernism* argues that this metaphor offers a way of describing the contradictions of aesthetic autonomy in modernist literature and its late-twentieth-century heirs. This book traces the emergence of a tradition of writing it calls the 'art of hunger', from the origins of modernism to the end of the twentieth century. It focuses particularly on three authors who redeploy the modernist art of hunger as a response to key moments in the history of modernist aesthetic autonomy's delegitimization: Samuel Beckett in post-Vichy France; Paul Auster in post-1968

Paris and New York; and J. M. Coetzee in late apartheid South Africa. Combining historical analysis of these literary fields with close readings of individual texts, and drawing extensively on new archival research, this book offers a counter-history of modernism's post-World War II reception and a new theory of aesthetic autonomy as a practice of unfreedom.

Introducing Kafka - David Zane Mairowitz 2000
"Kafka brought to the tradition of the great Yiddish storytellers an almost unbearably expanded consciousness. underground comic artists, Robert Crumb."

The Ministry of Truth - Dorian Lynskey
2019-06-04

"Rich and compelling. . .Lynskey's account of the reach of 1984 is revelatory." --George Packer, *The Atlantic* An authoritative, wide-ranging, and incredibly timely history of 1984--its literary sources, its composition by Orwell, its deep and lasting effect on the Cold War, and its vast influence throughout world culture at every level, from high to pop. 1984 isn't just a novel; it's a key to understanding the modern world. George Orwell's final work is a treasure chest of ideas and memes--Big Brother, the Thought Police, Doublethink, Newspeak, 2+2=5--that gain potency with every year. Particularly in 2016, when the election of Donald Trump made it a bestseller ("Ministry of Alternative Facts," anyone?). Its influence has morphed endlessly into novels (*The Handmaid's Tale*), films (*Brazil*), television shows (*V for Vendetta*), rock albums (*Diamond Dogs*), commercials (Apple), even

reality TV (Big Brother). The Ministry of Truth is the first book that fully examines the epochal and cultural event that is 1984 in all its aspects: its roots in the utopian and dystopian literature that preceded it; the personal experiences in wartime Great Britain that Orwell drew on as he struggled to finish his masterpiece in his dying days; and the political and cultural phenomena that the novel ignited at once upon publication and that far from subsiding, have only grown over the decades. It explains how fiction history informs fiction and how fiction explains history.

Small narratives - Anna Ferrari 2021-12-29

Small stories of ordinary people, to whom extraordinary events can happen (Free will, Macbeth: story of a madman), people who get lost in memories to find meaning in the present (The girl on the bus) or who still find nature in memories of human existence (Memories). A teacher (11th commandment: do not judge) and a mother (A mother) tell of daily life, with its pains and satisfactions, misunderstanding, but

also the miracle of finding acceptance in the hearts of others. In What must happen ... it happens we find ourselves having to deal with the impossibility of predicting destiny and in Black & White life is observed from the point of view of our animals. The eight short stories in this collection are in the name of George Eliot's thought contained in the epigraph: just as there are great personalities in the world, there are also ordinary people deserving as much attention. People like you, like me, like everyone. The opening story, Black and White, portrays the lives of two playmates who seem mismatched, a dog, White, and a cat, Black. In reality they are two wonderful beings who love, suffer, are grateful, spiteful, live unaware of the enormous gift they give to their human "parents" simply by existing. The little girl on the bus has a slow start, then suddenly turns and goes back through the years, to when the protagonist was a child, to an episode that deeply marked her emotionally, whose memory is not so much

visual as internal and affective. The very nature of this memory brings the narrative to very intimate levels, in which still unresolved traits of her personality are revealed. Free will is a gothic tale: a cursed mirror, the devil, wickedness as an end in itself, unbelieving victims. Everything happens without a reason, as if to say that evil exists and can dispose of human beings at will. Macbeth. Story of a madman is built in the footsteps of Shakespearean tragedy, it is set in the world of theater, the names of the main characters are the original ones, the manias, obsessions and distorted passion are the same as the mad regicide. After all, the fantastic has an important part in Macbeth: the three witches enunciate prophecies that will make the brave soldier mad. Even in the story, the fantastic folds to itself the destinies of the protagonists who play their lives on the most futile of human feelings: ambition as an end in itself. Memories is a delicate journey in the narrator's mind, in a moment of solitude, in which she gets lost in

thoughts that are unrelated to each other, which nevertheless have a common theme: the nature of memories and how much of ourselves is a matter to remember. A bit of melancholy, but also of sustained hope and vivacity of thought underlie the inner confession, in which it is not difficult to identify. 11th commandment: do not judge tells the world of school with disillusionment: misunderstanding, jealousy of one's role, indulgence towards parents and students, today the "clients", break the balance of a good teacher who is also a nun. Such are the sadness, the disappointment that the protagonist suffers that these feelings empathically penetrate the reader, and their power is equal to the abandonment of hope in a better world. Not all stories, like life, can have a happy ending. A mother introduces a note of joy. A common school interview becomes an opportunity for mutual growth between the mother and the teacher. Two women with a strong and combative character, surprised by

the unusually confidential tone that the conversation assumes, together try to find a way to convey safety and serenity to the people they love and who are experiencing a moment of confusion. The mother understands how to measure herself against her own limits, and consequently the teacher becomes fully aware of the dozens of individuals in a class, of which she often knows very little, but which each have their own moods. Is that Kafka?: 99 Finds - Reiner Stach

2016-03-21

Out of the massive research for an authoritative 1,500-page biography emerges this wunderkammer of 99 delightfully odd facts about Kafka. In the course of compiling his highly acclaimed three-volume biography of Kafka, while foraging to libraries and archives from Prague to Israel, Reiner Stach made one astounding discovery after another: unexpected photographs, inconsistencies in handwritten texts, excerpts from letters, and testimonies from Kafka's contemporaries that shed surprising light on his personality and his writing. *Is that Kafka?* presents the crystal granules of the real Kafka: he couldn't lie, but he tried to cheat on his high-school exams; bitten by the fitness fad, he avidly followed the regime

of a Danish exercise guru; he drew beautifully; he loved beer; he read biographies voraciously; he made the most beautiful presents, especially for children; odd things made him cry or made him furious; he adored slapstick. Every discovery by Stach turns on its head the stereotypical version of the tortured neurotic—and as each one chips away at the monolithic dark Kafka, the keynote, of all things, becomes laughter. For *Is that Kafka?* Stach has assembled 99 of his most exciting discoveries, culling the choicest, most entertaining bits, and adding his knowledgeable commentaries. Illustrated with dozens of previously unknown images, this volume is a singular literary pleasure.

The Lost Writings - Franz Kafka 2020-10-06

A windfall for every reader: a trove of marvelous impossible-to-find Kafka stories in a masterful new translation by Michael Hofmann. Selected by the preeminent Kafka biographer and scholar

Reiner Stach and newly translated by the peerless Michael Hofmann, the seventy-four pieces gathered here have been lost to sight for decades and two of them have never been translated into English before. Some stories are several pages long; some run about a page; a handful are only a few lines long: all are marvels. Even the most fragmentary texts are revelations. These pieces were drawn from two large volumes of the S. Fischer Verlag edition *Nachgelassene Schriften und Fragmente* (totaling some 1100 pages). “Franz Kafka is the master of the literary fragment,” as Stach comments in his afterword: “In no other European author does the proportion of completed and published works loom quite so...small in the overall mass of his papers, which consist largely of broken-off beginnings.” In fact, as Hofmann recently added: “‘Finished’ seems to me, in the context of Kafka, a dubious or ironic condition, anyway. The more finished, the less finished. The less finished, the more

finished. Gregor Samsa’s sister Grete getting up to stretch in the streetcar. What kind of an ending is that?! There’s perhaps some distinction to be made between ‘finished’ and ‘ended.’ Everything continues to vibrate or unsettle, anyway. Reiner Stach points out that none of the three novels were ‘completed.’ Some pieces break off, or are concluded, or stop—it doesn’t matter!—after two hundred pages, some after two lines. The gusto, the friendliness, the wit with which Kafka launches himself into these things is astonishing.”

Franz Kafka was a German-speaking Bohemian Jewish novelist and short-story writer, widely regarded as one of the major figures of 20th-century literature. His work, which fuses elements of realism and the fantastic, typically features isolated protagonists facing bizarre or surrealistic predicaments and incomprehensible socio-bureaucratic powers, and has been

interpreted as exploring themes of alienation, existential anxiety, guilt, and absurdity. Few of Kafka's works were published during his lifetime. In his will, Kafka instructed his executor and friend Max Brod to destroy his unfinished works, but Brod ignored these instructions. His work has influenced a vast range of writers, critics, artists, and philosophers during the 20th and 21st centuries. The critic August Nemo selected seven emblematic short stories of this author for his appreciation: The Metamorphosis A Hunger Artist In the penal colony The Judgment Before the Law A Country Doctor A Report to an Academy

A Hunger Artist - Franz Kafka 2022-01-17

In the days when hunger could be cultivated and practiced as an art form, the individuals who practiced it were often put on show for all to see. One man who was so devout in his pursuit of hunger pushed against the boundaries set by the circus that housed him and strived to go longer than forty days without food. As interest in his art began to fade, he pushed the boundaries even further. In this short story about one man's plight to prove his worth, Franz Kafka illustrates the themes of self-hatred, dedication, and spiritual yearning.

In the Penal Colony - Franz Kafka 2017-04-19

In the Penal Colony is a short story by Franz Kafka written in German in October 1914, revised in November 1918, and first published in October 1919. The story is set in an unnamed penal colony. Internal clues and the setting on an island suggest Octave Mirbeau's *The Torture Garden* as an influence. As in some of Kafka's other writings, the narrator in this story seems detached from, or perhaps numbed by, events that one would normally expect to be registered with horror. "In the Penal Colony" describes the last use of an elaborate torture and execution device that carves the sentence of the condemned prisoner on his skin before letting him die, all in the course of twelve hours. As the plot unfolds, the reader learns more and more about the machine, including its origin and original justification. The story focuses on the Explorer, who is encountering the brutal

machine for the first time. Everything about the machine and its purpose is told to him by the Officer. The Soldier and the Condemned (who is unaware that he has been sentenced to die) placidly watch from nearby. The Officer tells of the religious epiphany the executed experience in their last six hours in the machine. Eventually, it becomes clear that the use of the machine and its associated process of justice - the accused is always instantly found guilty, and the law he has broken is inscribed on his body as he slowly dies over a period of 12 hours - has fallen out of favor with the current Commandant. The Officer is nostalgic regarding the torture machine and the values that were initially associated with it. As the last proponent of the machine, he strongly believes in its form of justice and the infallibility of the previous Commandant, who designed and built the device. In fact, the Officer carries its blueprints with him and is the only person who can properly decipher them; no one else is allowed to handle these documents.

The Unhappiness of Being a Single Man - Franz Kafka 2018-10-25
