Piano/Vocal/Guitar Songbook

Eight Centuries of Troubadours and Trouvères - John Haines 2004-07-08

This 2004 book traces the changing interpretation of troubadour and trouvere music, a repertoire of songs which have successfully maintained public interest for eight centuries, from the medieval chansonniers to contemporary rap renditions. A study of their reception therefore serves to illustrate the development of the modern concept of 'medieval music'. Important stages include sixteenth-century antiquarianism, the Enlightenment synthesis of scholarly and popular traditions and the infusion of archaeology and philology in the nineteenth century, leading to more recent theories on medieval rhythm. More often than now, writers and performers have negotiated a compromise between historical research and a more imaginative approach to envisioning the music of troubadours and trouveres. This book points not so much to a resurrection of medieval music in modern times as to a continuous tradition of interpreting these songs over eight centuries.

Pleasure and Leisure in the Middle Ages and Early Modern Age - Albrecht Classen 2019-08-05

Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre-modern civilization. Recent research has begun to acknowledge the fundamental importance of these aspects in cultural, religious, philosophical, and literary terms. This volume expands on the traditional approach still very much focused on the materiality of game (toys, cards, dice, falcons, dolls, etc.) and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune. Whether considering blessings or horse fighting, falconry or card games, playing with dice or dolls, we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time. The contributions examine a wide gamut of approaches to pleasure, considering health issues, eroticism, tournaments, playing music, reading and listening, drinking alcohol, gambling and throwing dice. This large issue was also relevant, of course, in non-Christian societies, and constitutes a critical concern both for the past and the present because we are all homines ludentes.

Lieder, Totalitarianism, and the Bund Deutscher Mädels - Rachel Jane Anderson 2002

"The Bund deutscher Madel (BdM), a Nazi youth organization for girls, was sponsored, organized, and promoted by Adolf Hitler's National Socialist Party. The BdM instilled values and beliefs of National Socialism in German girls, and encouraged attitudes and behavior in them that harmonized with Party views on womanhood. Political indoctrination for girls often came through music---especially song. Musical repertoire of the BdM strongly interconnects with the organization's development, internal structure and political philosophies." --

Swansong 1945: A Collective Diary of the Last Days of the Third Reich - Walter Kempowski 2015-04-13

A monumental work of history that captures the last days of the Third Reich as never before. Swansong 1945 chronicles the end of Nazi Germany through more than 1,000 extracts from letters, diaries, and autobiographical accounts, written by civilians and soldiers alike. Together, they present a panoramic view of four tumultuous days that fateful spring: Hitler's birthday on April 20, American and Soviet troops meeting at the Elbe on April 25, Hitler's suicide on April 30, and the German surrender on May 8. An extraordinary account of suffering and survival, Swansong 1945 brings to vivid life the end of World War II in Europe.

Enhancing Business Continuity and IT Capability - Nijaz Bajgorić 2020-12-01

Enterprise servers play a mission-critical role in modern computing environments, especially from a business continuity perspective. Several models of IT capability have been introduced over the last two decades. Enhancing Business Continuity and IT Capability: System Administration and Server Operating Platforms proposes a new model of IT capability. It presents a framework that establishes the relationship between downtime on one side and business continuity and IT capability on the other side, as well as how system administration and modern server operating platforms can help in improving business continuity and IT capability. This book begins by defining business continuity and IT capability and their importance in modern business, as well as by giving an overview of business continuity, disaster recovery planning, contingency planning, and business continuity maturity models. It then explores modern server environments and the role of system administration in ensuring higher levels of system availability, system scalability, and business continuity. Techniques for enhancing availability and business continuity also include Business impact analysis Assessing the downtime impact Designing an optimal business continuity solution IT auditing as a process of gathering data and evidence to evaluate whether the company's information systems infrastructure is efficient and effective and whether it meets business goals The book concludes with frameworks and guidelines on how to measure and assess IT capability and how IT capability affects a firm's performances. Cases and white papers describe real-world scenarios illustrating the concepts and techniques presented in the book.

Studies in German Literature of the Nineteenth and Twentieth Centuries - Frederic Edward Coenen 1972

Twenty-one distinguished American Germanists pay tribute to F. E. Coenen, previous longtime editor (1952-1968) of UNC Press' Studies in Germanic Languages and Literatures series. Their essays--reflecting a variety of approaches--deal with many major (Goethe, Kleist, Droste-Hulshoff, Keller, Nietzsche, Rilke, Kafka, Hesse, Brecht, Thomas Mann, Musil) and some minor figures who have influenced the literary scene after 1800 and add significantly to both scholarship in and interpretation of modern German literature.
