Birthdays Around the World - Margriet Ruurs 2017-09-05

"Every child in the world has a birthday. But how children celebrate this occasion depends on where they live. In this latest addition to the *Around the World* series, award-winning author Margriet Ruurs explores the fascinating ways that children experience birthdays. You'll meet fourteen kids from different countries, each celebrating a birthday according to their local traditions. Bram from Belgium never gets to sleep in on his birthday - his family wakes him up by clanging pots and pans. For Ninoshka in India, it's important to give thanks to the Hindu gods and share sweets with her classmates. And some kids don't celebrate their birthdays at all. Instead, Phúc Khang in Vietnam celebrates Tet, when everyone in the country turns one year older. A world map that pinpoints the countries in the book, a Note to Parents and Teachers with interactive activities and a glossary of foreign words and phrases help to enrich the reading experience. Based on interviews with real people from each country, *Birthdays Around the World* is an invitation to experience a different culture, think about your own birthday celebrations and even learn how to say "Happy Birthday" in another language (like Hawaiian: "Hau oli la hanau" [ho-O-lee LA HA-now])!"--

The Toy Museum - Mark Roland Langdale 2021-01-13

Alfie Jolly is 59 and unhappy with his life. More specifically, with his birthdays. You see, none of them have been any good and with his sixtieth on its way, Alfie can't help but think he's been wronged. Spur of the moment, Alfie decides he wants to return/recycle all of his old birthdays. The only trick now is to find out how. A trip the North Pole, a chat with Father Christmas, and a flight to Egypt later, Alfie meets Father Birthday who, eventually, agrees to help turn back the clock. Literally. Suddenly Alfie is a child again, reliving each birthday and making new and better memories. Like in 1966 when he and his family travel to

Disney World, or go to the fair in 1967 or when he relives the moon landing where the love his life, pretty Suzy Gentry, sits next to him on the sofa. His life is great with dancing again in classes and racing around with his twin, but it isn't long before shadows start creeping in to this dream childhood of never-ending birthdays. Is it a case of be careful what you wish for or be grateful for every moment you have - before it ends?
