**Great Italian Short Stories of the Twentieth Century / I grandi racconti italiani del Novecento: A Dual-Language Book** - Jacob Blakesley 2013-09-19

This anthology highlights the rich range of modern Italian fiction, presenting the first English translations of works by many famous authors. Contents include fables and stories by Italo Calvino, Elsa Morante, Alberto Moravia,

and Cesare Pavese; historical fiction by Leonardo Sciascia and Mario Rigoni Stern; and little-known tales by Luigi Pirandello and Carlo Emilio Gadda. No further apparatus or reference is necessary for this self-contained text.

Appropriate for high school and college courses as well as for self-study, this volume will prove a fine companion for teachers and intermediate-level students of Italian language and literature

as well as readers wishing to brush up on their language skills. Dover (2013) original publication. See every Dover book in print at [www.doverpublications.com](http://www.doverpublications.com)

**Mapping Complexity** - Kerstin Pilz 2005

This book presents an analysis of the dialogue of literature and science that forms a central part of the work of Italo Calvino, one of Italy's best known contemporary authors. It provides an in-depth study of Calvino's interest in scientific models and methods and the ways these have informed his narratives.

*Visions and Re-visions* - Robert M. Philmus 2005-01-01

The former editor of *Science Fiction Studies*, Robert M. Philmus now casts his expert eye on a diverse range of short stories and novels by the premier creators of science fiction, including George Orwell, C. S. Lewis, and Ursula LeGuin. With essays on such masters of the genre as Stanislaw Lem, Kurt Vonnegut, and Philip K. Dick, the volume provides an in-depth textual examination of science fiction as a truly

"revisionary" genre. Visions and Revisions will be of immense value to scholars of literature and science fiction studies.

**Computational Phraseology** - Gloria Corpas

Pastor 2020-05-15

Whether you wish to deliver on a promise, take a walk down memory lane or even on the wild side, phraseological units (also often referred to as phrasemes or multiword expressions) are present in most communicative situations and in all world's languages. Phraseology, the study of phraseological units, has therefore become a rare unifying theme across linguistic theories. In recent years, an increasing number of studies have been concerned with the computational treatment of multiword expressions: these pertain among others to their automatic identification, extraction or translation, and to the role they play in various Natural Language Processing applications. Computational Phraseology is a comparatively new field where better understanding and more advances are

urgently needed. This book aims to address this pressing need, by bringing together contributions focusing on different perspectives of this promising interdisciplinary field.

**Translation as Stylistic Evolution** - Federico

M. Federici 2009-01

Why did Italo Calvino decide to translate *Les Fleurs bleues* by Raymond Queneau? Was his translation just a way to pay a tribute to one of his models? This study looks at Calvino's translation from a literary and linguistic perspective: Calvino's *I fiori blu* is more than a rewriting and a creative translation, as it contributed to a revolution in his own literary language and style. Translating Queneau, Calvino discovered a new fictional voice and explored the potentialities of his native tongue, Italian. In fact Calvino's writings show a visible evolution of poetics and style that occurred rather abruptly in the mid 1960s; this sudden change has long been debated. The radical transformation of his style was affected by

several factors: Calvino's new interests in linguistics, in translation theory, and in the act of translation. Translation as Stylistic Evolution analyses several passages in detail and scrutinizes quantitative data obtained by comparing digital versions of the original and Calvino's translation. The results of such assessment of Calvino's text-consistency suggest clear interpretations of the motives behind Calvino's radical and remarkable change of style that are tied to his notion of creative translation.

*Under the Radiant Sun and the Crescent Moon* - Angela M. Jeannet 2000-01-01

Understanding Italo Calvino's love of storytelling is pivotal to understanding the cultural and literary matrix of his lush fictional universe. A rich and vibrant critical portrait of Calvino's work.

**L'espressione dei sentimenti nell'uomo e negli animali** - Charles Darwin 1878

**I nostri antenati** - Italo Calvino 2003

Raccolgo in questo volume tre storie che ho scritto nel decennio '50-60 e che hanno in comune il fatto di essere inverosimili e di svolgersi in epoche lontane e in paesi immaginari. Vorrei che potessero essere guardate come un albero genealogico degli antenati dell'uomo contemporaneo, in cui ogni volto cela qualche tratto delle persone che si sono intorno, di voi, di me stesso.

*Short Stories in Italian* - none 1999-09-30

This is an all new version of the popular PARALLEL TEXT series, containing eight pieces of contemporary fiction in the original Italian and in English translation. Including stories by Calvino, Benni, Sciascia and Levi, this volume gives a fascinating insight into Italian culture and literature as well as providing an invaluable educational tool.

Italo Calvino - Tommasina Gabriele 1994

Tommasina Gabriele's critical text addresses the

paucity of intertextual studies on the erotic in Calvino's work. While *Se una notte d'inverno un viaggiatore* and *Le cosmicomiche* have generated some attention to the erotic, eros nonetheless remains virtually unexplored in its widest scope - despite its prevalence and centrality in the majority of Calvino's narratives, from his *Racconti* to *I nostri antenati* to his posthumous, unfinished *Sotto il sole giaguaro*. Perhaps for this reason such texts as *Gli amori difficili* and *Sotto il sole giaguaro* have been discussed less by critics than many of Calvino's other neorealist or postmodern fictions. Gabriele's study begins with an assessment of the critical context in which Calvino has been framed and proceeds to the analysis of several articles in which Calvino addresses the erotic in literature. Using these articles and a pivotal interview as a theoretical base, Gabriele offers an explanation for the neglect of the erotic motif as well as a theory of eros in Calvino's work. She uncovers the apparent contradiction that while

Calvino repeatedly advocated - throughout his career of forty-plus years - a precise language, this call for precision did not extend to erotic subject matter, where Calvino sometimes felt that "direct representation" was virtually impossible. Gabriele finds that in Calvino the challenge of erotic representation is linked to the complexity of the writer's role, especially as articulated in Calvino's famous article, "Cibernetica e fantasmi." Through this erotic lens, Gabriele examines *Il barone rampante* and the stories of *Le cosmicomiche*, *Gli amori difficili*, and *Sotto il sole giaguaro*, which establish the erotic as a fundamental and usually positive aspect of human identity and interaction. In *Le cosmicomiche*, she unveils a "spiral" movement which functions both as a symbol of Calvino's erotic theory and as a symbol of Calvino's circumlocutory approach to it. In *Gli amori*, she explores the difficulty in expressing the erotic, while offering an alternative interpretation - a "positive" one - of

these often criticized characters and stories. Finally, Gabriele identifies the magnitude of the erotic motif in "Sotto il sole giaguaro." Calvino reveals the negative side of eros in this brilliant, ambitious, and tightly knit story which interweaves sexual, historical, religious, cultural, and artistic struggles for power.

**Calvino and the Pygmalion Paradigm** - Bridget Tompkins 2015-06-28

Calvino and the Pygmalion Paradigm: Fashioning the Feminine in *I nostri antenati* and *Gli amori difficili* is the first book-length analysis of the representation of the feminine in Calvino's fiction. Using the structural umbrella of the Pygmalion paradigm and using feminist interpretative techniques, this book offers

interesting alternative readings of two of Calvino's important early narrative collections. The Pygmalion paradigm concerns the creation by a male 'artist' of a feminine ideal and highlights the artificiality and narcissistic desire associated with the creation process. This book discusses Calvino's active and deliberate work of self-creation, accomplished through extensive self-commentaries and exposes both the lack of importance Calvino placed on the feminine in his narratives and the relative absence of critical attention focused on this area. Relying on the analogy between Pygmalion's pieces of ivory and Barthes' 'seme' and drawing upon the ideas underlying Kristevan intertextuality, the book demonstrates that, despite Calvino's professed lack of interest in character development, his female characters are carefully and purposefully constructed. A close reading of Calvino's narratives, engaging directly with Freud, Lacan and the feminist psychoanalytical thinking of Kofmann, Kristeva, Kaplan and others,

demonstrates how Calvino uses his female characters as foils for the existential reflections of his typically maladjusted and narcissistic male characters.

**The Author in Criticism** - Elio Attilio Baldi  
2020-03-11

The Author in Criticism: Italo Calvino's Authorial Image in Italy, the United States, and the United Kingdom explores the cultural and historic patterns and differences in the critical readings of Italian author Italo Calvino's works in the United States of America, the United Kingdom, and Italy. It considers the external factors that contribute to create recognizable patterns in the readings of Calvino's texts in different contexts. This volume therefore covers, most notably, matters of genre (science fiction, postmodernism), cultural perceptions and conventions, the (re)current image of the author

in different media, academic schools, -curricula and -canons, biographical information (such as gender and background), and translation and the language in which the author speaks (or fails to speak) to us. It traces the influence of these aspects in the academic discourse on Calvino. The Author in Criticism also analyzes Calvino's various professional roles as writer, editor, essayist, journalist, private correspondent, and public, cosmopolitan intellectual, reappraising their often little acknowledged importance for academic criticism. An important underlying idea is that the preconceived image that every critic has of Calvino before even opening one of his books is often solidified and repeated even in the most refined and complex critical analyses. This volume purposefully foregrounds the textual and non-textual parts that are usually considered peripheral to the works of an author, such as book covers, blurbs, reviews, talks, interviews, etc. In this way, this book provides insight into the reception of Calvino's works in

different countries. Moreover, it forms a broader reflection of and on important constants in the workings of literary criticism, and on the way academic discourses have developed in various cultural contexts over the last decades.

The Cloven Viscount - Italo Calvino 2012-10-26

When a nobleman is split in two, his separate halves pursue different adventures in a fantastically macabre tale by the author of Invisible Cities. It is the seventeenth century, and the Viscount Medardo of Terralba must go into battle against the Turks. But the inexperienced warrior is soon bisected lengthwise by a cannonball. Through a miracle of stitching, one half of him survives, returning to his feudal estate to lead a lavishly evil life. But soon his other, virtuous half appears—also very much alive. When the two halves become rivals for the love of the same woman, there's no telling the lengths each will go to in order to win. Now available in an independent volume for the first time, this deliciously bizarre novella of

is Calvino at his most devious and winning.  
*Italian Literature since 1900 in English Translation* - Robin Healey 2019-03-14  
Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation*, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

*More about 'Tirant lo Blanc' / Més sobre el 'Tirant lo Blanc'* - Anna Maria Babbi 2015-12-15  
The articles in this volume highlight the fact that the chivalric novel *Tirant lo Blanc* - written in Valencia by Joanot Martorell in the 15th century and translated into Italian in the 16th century - keeps being relevant in both the Italian and the Iberian Peninsulas, so closely related in past and present. The knight Joanot Martorell wrote a classic of universal literature despite the fact that he belonged to a minority culture. Nowadays, after having been translated into numerous languages, it is studied in many European and American universities and elicits great interest among researchers, as proven by

the contributions included in this book.

*Painting with Words, Writing with Pictures* -

Franco Ricci 2001-01-01

Ricci's book ranges widely over Calvino's oeuvre to illustrate the accuracy of the idea articulated by Calvino himself that a visual image lies at the origin of all his narrative. The book's main theme is the difficult interface between word and image that Calvino struggled with throughout his career, the act of perception that rendered visible that which was invisible and transformed what was seen into what is read. Ricci holds that Calvino's narrative has an 'imagocentric'

program and that his literary strategy is 'ekphrastic' i.e. it is characterized by literary description of visual representation, real or imaginary. The book is interdisciplinary in nature and will interest not only scholars of literature but also those who work with the visual arts and with information technology.
