**Quentin Tarantino** - Quentin Tarantino  
2013-10-17

Here, in his own colorful, slangy words, is the true American Dream saga of a self-proclaimed "film geek," with five intense years working in a video store, who became one of the most popular, recognizable, and imitated of all filmmakers. His dazzling, movie-informed work makes Quentin Tarantino's reputation, from his breakout film, Reservoir Dogs (1992), through Kill Bill: Vol. 1 (2003) and Kill Bill: Vol. 2 (2004), his enchanted homages to Asian action cinema, to his rousing tribute to guys-on-a-mission World War II movie, Inglourious Basterds (2009). For those who prefer a more mature, contemplative cinema, Tarantino provided the tender, very touching Jackie Brown (1997). A masterpiece--Pulp Fiction (1994). A delightful mash of unabashed exploitation and felt social consciousness--his latest opus, Django Unchained (2012). From the beginning, Tarantino (b. 1963)--affable, open, and enthusiastic about sharing his adoration of movies--has been a journalist's dream. Quentin Tarantino: Interviews, revised and updated with twelve new interviews, is a joy to read cover to cover because its subject has so much interesting and provocative to say about his own

movies and about cinema in general, and also about his unusual life. He is frank and revealing about growing up in Los Angeles with a single, half-Cherokee mother, and dropping out of ninth grade to take acting classes. Lost and confused, he still managed a gutsy ambition: young Quentin decided he would be a filmmaker.

Tarantino has conceded that Ordell (Samuel L. Jackson), the homicidal African American con man in Jackie Brown, is an autobiographical portrait. "If I hadn't wanted to make movies, I would have ended up as Ordell," Tarantino has explained. "I wouldn't have been a postman or worked at the phone company. . . . I would have gone to jail."

**Acracknophobia** - M. J. Jackman 2014-09-14

For Sid Tillsley, the end is near... When Sid Tillsley, the most prolific and lethal vampire hunter the world has ever known, cancels his subscription to "Tits" magazine, Middlesbrough locals know that something isn't right in the world. And that's an understatement... The vampire nation is ready to launch an assault on society. The Coalition, a council of vampires and humans whose purpose is to hide the existence of the creatures of the night, are almost powerless to stop them. They have one hope, not a person, but a molecule: Haemo, a drug that suppresses the vampire's need to feed. If Haemo doesn't work and the vampires take to the streets, life will never be the same again, and a new barbaric, violent age will devour mankind. Unfortunately, Sid cannot be called upon, for Sid has landed himself a legitimate job, is paying taxes, has stopped smoking and drinking, and hasn't had a kebab in over a month! But why? How? What could possibly change a Northern man so set in his ways? Vampires could never be so cruel. Such devilry, such wickedness, can only be the work of...womenfolk. ""Not even the most teeth-sharpened vampire aficionado will be able to guess how this one ends. I commend this book to all readers of both humour and vampire genres. Enjoy."" -Geoff Nelder, Cafe Doom 2nd Edition - the series has been revised and rewritten as of Sept 2014

**Raising Kathryn** - H. K. Fitzgerald 2017-09-29

It was quiet now that Vanessa's funeral was over and everyone had gone back to their regular routines. I was afraid, unsure of what do, of what might happen. If something did happen, what would I do? I didn't know! I doubted my ability to do this; I had never been this confused and nervous in my life. I asked, "God what am I supposed to do?" I started to question my faith. Why did God do this to us? Was he mad at me for something I had done years ago? And now was the time for me to answer for my sins? I didn't know, I didn't understand. I just wanted all this to be a bad dream, but it wasn't; it was real.

Baby Kathryn and I were on our own. H.K Fitzgerald was born in Washington, D.C. and lives in Chicago, Illinois. He attended the University of The District of Columbia and The Washington Bible College and Capitol Seminary. He is a former Washington, D.C. firefighter and construction consultant. H.K. wrote the monthly news letter for a small Chicago charter school network, and he now volunteers as a high school track team parent and youth mentor. His inspiration for writing this book was the untimely death of his wife when his daughter was a nine month old infant. He is currently working on becoming a motivational speaker, and he enjoys encouraging fathers and single fathers to stay involved in their children's daily lives and to develop healthy father daughter/son relationships. H.K. is the proud single father of a very bright, academically and athletically successful teenage daughter. **Saved By an Angel** - Barbara Cartland  
2012-08-14

"The Marquis and Marquise de Castillon together with their young son, Jean Pierre, were forced to flee France for England when the French Revolution broke out in 1789. Jean Pierre was educated at Eton and only returned to Paris when Napoleon came to power. It was not long before he joined Napoleon's Army, survived the Retreat from Moscow and was badly wounded at the Battle of Waterloo. Whilst in hospital he became friends with Colonel Hubert Dawlish who was in the next bed. Before they both underwent life threatening operations, they made joint wills leaving everything to the other. Jean Pierre, now the Marquis, survived the

operation and returned to his ancestral Chateau to find it looted and in a terrible state of repair. Another blow awaited him when the late Colonel Dawlish's three children arrived as he was now their Guardian. He felt too ill and depressed even to want to see them. The eldest, the beautiful Marietta, was gifted with the powers of healing and herbs and she enthusiastically set about not only bringing the Marquis back to health, but to restoring the Chateau to its former glory. She persuaded some soldiers to help her with the Chateau and through her prayers made a stunning discovery that changed the Marquis's fortunes. How she found love where she least expected it and showed the Marquis that love and prayer can heal any wounds and overcome all obstacles is told in this exciting and unusual book by BARBARA CARTLAND."

*Queenan Country* - Joe Queenan 2007-04-01

In this hilarious romp through England, one of America's preeminent humorists seeks the answer to an eternal question: What makes the Brits tick? One semitropical Fourth of July, Joe Queenan's English wife suggested that the family might like a chicken vindaloo in lieu of the customary barbecue. It was this pitiless act of gastronomic cultural oppression, coupled with dread of the fearsome Christmas pudding that awaited him for dessert, that inspired the author to make a solitary pilgrimage to Great Britain. Freed from the obligation to visit an unending procession of Aunt Margarets and Cousin Robins, as he had done for the first twenty-six years of their marriage, Queenan decided that he would not come back from Albion until he had finally penetrated the limey heart of darkness. His trip was not in vain. Crisscrossing Old Blighty like Cromwell hunting Papists, Queenan finally came to terms with the choochiness, squiffiness, ponciness, and sticky wicketness that lie at the heart of the British character.

Here he is trying to find out whose idea it was to impale King Edward II on a red-hot poker-and what this says about English sexual politics. Here he is in an Edinburgh pub foolishly trying to defend Paul McCartney's "Ebony and Ivory." And here he is, trapped in a concert hall with a Coventry-based all-Brit Eagles tribute band named Talon who resent that they are nowhere near as famous as their evil nemeses, the Illegal Eagles. At the end of his epic adventure, the author returns chastened, none the wiser, but encouraged that his wife is actually as sane as she is, in light of her fellow countrymen.
