Desperate Networks - Bill Carter 2007-05-01

In the executive offices of the four major networks, sweeping changes are taking place and billions of dollars are at stake. Now Bill Carter, bestselling author of *The Late Shift*, goes behind the scenes to reveal the inner workings of the television industry, capturing the true portraits of the larger-than-life moguls and stars who make it such a cutthroat business. In a time of sweeping media change, the four major networks struggle for the attention of American viewers increasingly distracted by cable, video games, and the Internet. Behind boardroom doors, tempers flare in the search for hit shows, which often get on the air purely by accident. The fierce competition creates a pressure-cooker environment where anything can happen . . . NBC's fall from grace—Once the undisputed king of prime time, NBC plunged from first place to last place in the ratings in the course of a

single season. What will be the price of that collapse—and who will pay it? CBS's slow and steady race to the top—Unlike NBC, CBS, under the leadership of CEO, Leslie Moonves, engineered one of the most spectacular turnarounds in television history. But in this ruthless world, you're only as good as last week's ratings . . . ABC's surprising resurrection—*Lost* and *Desperate Housewives*—have brought ABC the kind of success it could only dream of in the past. So why don't the executives responsible for those hits work there any more? *The End of the News As We Know It*—In a stunningly short period of time, all three of the major network news anchors—Dan Rather, Tom Brokaw, and Peter Jennings—signed off, leaving executives scrambling for a way to keep network news relevant in an era of 24/7 information. *Crazy Like Fox*—They're outrageous, unconventional, and occasionally off-putting, but more and more people are watching Fox shows. Most of all they

keep watching American Idol. How did Simon Cowell snooker himself into a huge payday? Stay tuned . . .

My Worst Book Ever - Allan Ahlberg 2018-04-17

A book about all the things that can go wrong when you try to write one, by the picture-book dream team that produced *The Pencil* and *Hooray for Bread* Picture books are such good fun and so is making them— but who knew there were so many things that could go wrong? This is the story of a picture book doomed from the very start. Allan has a good idea for a book about a crocodile, but every time he sits down to write, he's interrupted. The manuscript gets soaked in coffee, nibbled by snails, and when Bruce gets started on the pictures, he gets overexcited and draws a hippo, not a crocodile, at which point the publishers get overexcited too—they want a dinosaur and experiment with all kinds of different fonts. Allan and Bruce finally think they've straightened things out, when the book goes off to the printer and—you guessed it—the

trouble really starts. *My Worst Book Ever* is a clever and amusing introduction to the process of writing books for children, and they—along with their parents—will be delighted to see how hilariously wrong Allan and Bruce's book turns out.

Burglars Can't Be Choosers - Lawrence Block
2009-10-13

Bernie Rhodenbarr is a personable chap, a good neighbor, a passable poker player. His chosen profession, however, might not sit well with some. Bernie is a burglar, a good one, effortlessly lifting valuables from the not-so-well-protected abodes of well-to-do New Yorkers like a modern-day Robin Hood. (The poor, as Bernie would be the first to tell you, alas, have nothing worth stealing.) He's not perfect, however; he occasionally makes mistakes. Like accepting a paid assignment from a total stranger to retrieve a particular item from a rich man's apartment. Like still being there when the cops arrive. Like

having a freshly slain corpse lying in the next room, and no proof that Bernie isn't the killer. Now he's really got his hands full, having to locate the true perpetrator while somehow eluding the police -- a dirty job indeed, but if Bernie doesn't do it, who will?

The Burglar Who Liked to Quote Kipling - Lawrence Block 2009-10-13

Bernie Rhodenbarr has gone legit -- almost -- as the new owner of a used bookstore in New York's Greenwich Village. Of course, dusty old tomes don't always turn a profit, so to make ends meet, Bernie's forced, on occasion, to indulge in his previous occupation: burglary. Besides which, he likes it. Now a collector is offering Bernie an opportunity to combine his twin passions by stealing a very rare and very bad book-length poem from a rich man's library. The heist goes off without a hitch. The delivery of the ill-gotten volume, however, is a different story. Drugged by the client's female go-between, Bernie wakes up in her apartment to find the book gone, the lady dead, a smoking gun in his hand, and the cops at the door. And suddenly he's got to extricate himself from a

rather sticky real-life murder mystery and find a killer -- before he's booked for Murder One.

Fallibilism: Evidence and Knowledge - Jessica Brown 2018-04-05

What strength of evidence is required for knowledge? Ordinarily, we often claim to know something on the basis of evidence which doesn't guarantee its truth. For instance, one might claim to know that one sees a crow on the basis of visual experience even though having that experience does not guarantee that there is a crow (it might be a rook, or one might be dreaming). As a result, those wanting to avoid philosophical scepticism have standardly embraced "fallibilism": one can know a proposition on the basis of evidence that supports it even if the evidence doesn't guarantee its truth. Despite this, there's been a persistent temptation to endorse "infallibilism", according to which knowledge requires evidence that guarantees truth. For doesn't it sound contradictory to simultaneously claim to know and admit the possibility of error? Infallibilism is undergoing a contemporary renaissance. Furthermore, recent infallibilists make the surprising claim that they can avoid scepticism.

Jessica Brown presents a fresh examination of the debate between these two positions. She argues that infallibilists can avoid scepticism only at the cost of problematic commitments concerning evidence and evidential support. Further, she argues that alleged objections to fallibilism are not compelling. She concludes that we should be fallibilists. In doing so, she discusses the nature of evidence, evidential support, justification, blamelessness, closure for knowledge, defeat, epistemic akrasia, practical reasoning, concessive knowledge attributions, and the threshold problem.

Punch - Henry Mayhew 1925

Narrative - Michael J Toolan 2013-11-05

Narrative explores a range of written, spoken, literary and non-literary narratives. It shows what systematic attention to language can reveal about the narratives themselves, their tellers, and those to whom they are addressed. Topics examined include plot structure, time manipulations, point of view, oral narratives and children's stories. This classic text has been substantially rewritten to incorporate recent developments in theory and new technologies, and to make it more usable as a course book. New materials include sections on film, surprise and suspense, and online news stories. The section on children's narratives has been updated, and the discussion of newspaper stories incorporates contemporary examples. There are new exercises which relate closely to

the chapter content and new sections on further reading.

Confessions of a Master Jewel Thief - Bill Mason 2005-04-12

The extraordinarily captivating memoir of the remarkable jewel thief who robbed the rich and the famous while maintaining an outwardly conventional life—an astonishing and completely true story, the like of which has never before been told . . . or lived. Bill Mason is arguably the greatest jewel thief who ever lived. During a thirty-year career he charmed his way into the inner circles of high society and stole more than \$35 million worth of fabulous jewels from such celebrities as Robert Goulet, Armand Hammer, Phyllis Diller, Bob Hope, Truman Capote, Margaux Hemingway and Johnny Weissmuller—he even hit the Mafia. Along the way he seduced a high-profile Midwest socialite into leaving her prominent industrialist husband, nearly died after being shot during a robbery, tricked both Christie's and Sotheby's into

fencing stolen goods for him and was a fugitive for five years and the object of a nationwide manhunt. Yet despite the best efforts of law enforcement authorities from several states as well as the federal government, he spent less than three years total in prison. Shadowy, elusive and intensely private, Mason has been the subject of many magazine and newspaper features, but no journalist has ever come close to knowing the facts. Now, in his own words and with no holds barred, he reveals everything, and the real story is far more incredible than any of the reporters, detectives or FBI agents who pursued Mason ever imagined. Confessions of a Master Jewel Thief, expertly co-written by bestselling author Lee Gruenfeld, is a unique true-crime confessional.
