Quantum Trading - Fabio Oreste 2011-06-24

A cutting-edge guide to quantum trading Original and thought-provoking, Quantum Trading presents a compelling new way to look at technical analysis and will help you use the proven principles of modern physics to forecast financial markets. In it, author Fabio Oreste shows how both the theory of relativity and quantum physics is required to makes sense of price behavior and forecast intermediate and long-term tops and bottoms. He relates his work to that of legendary trader W.D. Gann and reveals how Gann's somewhat esoteric theories are consistent with his applications of Einstein's theory of relativity and quantum theory to price behavior. Applies concepts from modern science to financial market forecasting Shows how to generate support/resistance areas and identify potential market turning points Addresses how non-linear approaches to trading can be used to both understand and forecast market prices While no trading approach is perfect, the techniques found within these pages have enabled the author to achieve a very attractive annual return since 2002. See what his insights can do for you.

**Follow Your Passion, Find Your Power** - Bob Doyle 2011-06-01

Wondering how to make the Law of Attraction work in your life? With the publication of The Secret, the Law of Attraction has become a worldwide phenomenon. Yet, many people are still not getting the results they want and have been left disappointed and confused. Now motivational coach Bob Doyle, one of the teachers featured in the film version of The Secret, dispels the misconceptions and myths about the Law of Attraction and offers a practical, easy-to-use program for creating abundance and happiness. Doyle addresses head-on the objections, questions, and comments that many still have about creating abundance to get the things they want in life. Follow Your Passion, Find Your Power is a down-to-earth, no-hype, motivational approach to take control of your life and get the things you want. Doyle makes it clear that the Law is not a personal development tool you can use the right way or the wrong way; it's a profound statement of how energy works in the universe. It has to do with paying attention, recognizing where you are, and aggressively striving for what you want. It is all about passion, vision, and purpose. Get clear on your vision for your life, and follow a step-by-step plan to live your life by design.

**Working with the Law** - Raymond Holliwell 1985-01-03

Science has defined a variety of natural laws that explain the physical world and how it changes. One such law states that for every action there is a reaction, and that for every motion there is corresponding counter-motion. Whether it's visible to the human eye or not, one thing is certain - movement and change will occur as a result. Having studied these principles, author Raymond Holliwell not only understood the universal physical applications, he also understood the spiritual and mental applications as well. By using this law on a spiritual and mental level, Holliwell found that a specific thought could create a desired reaction in his personal and professional life through continual and dedicated practice. As he came to realize the expanded potential of this powerful law, he eventually recognized the ultimate source of the

dramatic results - God.

**Sonic Warfare** - Steve Goodman 2012-08-17

An exploration of the production, transmission, and mutation of affective tonality—when sound helps produce a bad vibe. Sound can be deployed to produce discomfort, express a threat, or create an ambience of fear or dread—to produce a bad vibe. Sonic weapons of this sort include the “psychoacoustic correction” aimed at Panama strongman Manuel Noriega by the U.S. Army and at the Branch Davidians in Waco by the FBI, sonic booms (or “sound bombs”) over the Gaza Strip, and high-frequency rat repellants used against teenagers in malls. At the same time, artists and musicians generate intense frequencies in the search for new aesthetic experiences and new ways of mobilizing bodies in rhythm. In Sonic Warfare, Steve Goodman explores these uses of acoustic force and how they affect populations. Traversing philosophy, science, fiction, aesthetics, and popular culture, he maps a (dis)continuum of vibrational force, encompassing police and military research into acoustic means of crowd control, the corporate deployment of sonic branding, and the intense sonic encounters of sound art and music culture. Goodman concludes with speculations on the not yet heard—the concept of unsound, which relates to both the peripheries of auditory perception and the unactualized nexus of rhythms and frequencies within audible bandwidths.

*Democracy and Education* - John Dewey 1916

John Dewey's Democracy and Education addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, Democracy and Education is regarded as the seminal work on public education by one of the most important scholars of the century.

*The Laws of the Universe and the Bible* - Lori Kostenuk 2016-05-21

To know and understand the energy laws of the universe is to know and understand a little more of the mind of our Creator. My purpose in penning this book is to share with you what our family has learned of this metaphysical bridge that connects the spiritual with the mental and physical sides of our lives a fusion that completes our whole being. We all have the power, through faith, to raise our consciousness to new elevated heights where liberty, love, peace, health, and joy reign. You will learn what practical steps to take in a normal day that will increase your faith so that fear turns into trust, depression into liberation, anxiety and stress into rest, lack and limitations into abundance on all levels. What would it mean to you if you could have power over your negative thoughts, or to actualize what you desire in your reality? You will learn how to tap into this universal flow that our Creator has provided for our every day health, healing, and living. You will come to understand that you have a measure of power over your external world by learning how to tap into your internal world. An inspiring read, establishing a deep connection with the reader, this book showed me how to put faith into everyday life in order to better fulfill my lifes purpose. Applying the Laws of the Universe brought me even closer to my God, my wife, my friends, and my own being. Sheldon Jordan, Doctorate Student, Naturopathic Medicine, Toronto

The Law of Love - Vicent Guillem 2015-06-24

The content of this book is a message of love for you. My wish is that it serves you to know better your

feelings, allowing you to distinguish the feelings of true love from those forms of selfishness which imitate love but are not really. So seek to feed the first ones and remove the second ones, because this is the only way to become happy. I hope that after reading this book it is clear to you that you have a fundamental right that you must not let anyone violate, and this is the right to the freedom of feeling. With all my love, for you. Official web page <http://thespiritualaws.blogspot.com.es/>

Observations on W. D. Gann Vol. 1 - Awodele 2015-01-29

During my time studying Gann, I was fortunate to come across an e-book published by the Gann Study Group entitled, W.D. Gann on the Law of Vibration. In this e-book is where I first read a little known Gann article from 1919. In this article, Gann makes some predictions about the German Kaiser, Wilhelm Hohenzollern, and provides some details as to how he made his predictions. Continued study and work on the contents of the article led to the publication of my first book entitled, W.D. Gann: Divination By Mathematics. In this book, I wrote a chapter on periodicity, which was personally for me, one of my favorites in the book. In that chapter I was able to show how Gann may have derived key periods in the life of the German Kaiser, Wilhelm Hohenzollern. Interestingly, during my continued research, I found another example in Gann's work that matched the same procedure Gann may have used to derive some of the key periods in the 1919 article. Thus, one of the main goals of this small booklet is to simply share what I found. It has always been my intention to publish additional books to get some of the ideas that I have been contemplating out in the open, but I didn't have enough information on a particular topic to fill a three hundred, two hundred, or even a one hundred page book. With this in mind, I realized that I could publish small booklets in a series of volumes, each focusing on a different topic to achieve my goal. So this is what you will find in this publication, a small booklet on the topic of periodicity, which is the first volume in a series of volumes on observations I have made with respect to Gann's work. It is my hope that the reader will find something valuable within these pages to further their own research and study.

The Shocking History of Electric Fishes - Stanley Finger 2011-09-08

This beautifully illustrated and scholarly book examines the importance of electric fishes in science and medicine and how three species in particular shaped neurophysiology. Anchored in the philosophy and science of past epochs, it is the story of one of Nature's greatest puzzles. Over a long and tortuous path, it focuses on how some numbing fishes helped to make physiology modern.

Mystic Masonry - Jirah Dewey Buck 1897

*The Celestine Prophecy* - James Redfield 1995-09-01

THE #1 BESTSELLING INTERNATIONAL PHENOMENON - NOW WITH A NEW PREFACE You have never read a book like this before--a book that comes along once in a lifetime to change lives forever. In the rain forests of Peru, an ancient manuscript has been discovered. Within its pages are 9 key insights into life itself -- insights each human being is predicted to grasp sequentially; one insight, then another, as we move toward a completely spiritual culture on Earth. Drawing on ancient wisdom, it tells you how to make connections among the events happening in your life right now and lets you see what is going to happen to you in the years to come. The story it tells is a gripping one of adventure and discovery, but it is also a guidebook that has the power to crystallize your perceptions of why you are where you are in life and to direct your steps with a new energy and optimism as you head into tomorrow. Praise for The Celestine Prophecy "A gripping adventure story filled with intrigue, suspense, and spiritual revelations." - Commonwealth Journal "A spiritual classic...a book to read and reread, to cherish, and to give to friends." - Joan Borysenko, PhD, author of Fire in the Soul "In his inimitable style of great storytelling, Redfield opens us up to a world of insight, inspiration, synchronicity, and power." - Deepak Chopra

**Keely and His Discoveries** - Clara Bloomfield-Moore 2001

In the late 1800s John Ernst Worrell Keely claimed to have discovered a source of unlimited energy. For over 30 years his company survived, but never produced a product. This biography (originally published in 1893) seeks to explain the Keely mystery. The author, Clara Bloomfield Moore, financed his work for many

years. Opinions on Keely are still sharply divided over a century later - those who call him a free energy pioneer versus those who refer to the "Keely Motor Bubble" as a stock fraud. Chapter XIX, "Latent Force in Interstitial Spaces - Electro-Magnetic Radiation - Molecular Dissociation," was written by Keely. "It is not to be wondered at that the magical nature of his demonstrations, more inexplicable than any feats of legerdemain, should have brought upon him the suspicion of fraudulent representation, concerning the production of the force and its manipulation; but his persistency alone in seeking to unravel the mysteries of nature, ought to have brought around him sooner men who, like the revered and great Leidy, were able to appreciate his researches in sympathetic vibration, the laws of which govern everything in creation, from the movements of the planets, down to the movements of atoms. ... In Keely's theories all is mechanical in nature. A molecule of steel, a molecule of gas, a molecule of brain matter are all of the one primeval substance - the Ether." - Clara Bloomfield Moore

Behold a Pale Horse - William Cooper 2012-04-11

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

*The Master Key System* - Charles F. Haanel 2021-07-23

The Master Key System is a personal development book by Charles F. Haanel that was originally published as a 24-week correspondence course. The ideas it describes and explains come mostly from New Thought philosophy. It was one of the main sources of inspiration for Rhonda Byrne's film and book The Secret. The book describes many beliefs such as the law of attraction, creative visualization and man's unity with God, and teaches the importance of truth, harmonious thinking and the ability to concentrate.

**The Science of Numerology Through the Law of Vibration** - John C. Laurie 1959

The best book on the subject we've seen. of the many systems of numerology, this is tops! the book was written by a highly spiritual person who truly feels the wisdom he imparts so clearly in this unique volume. More and more people are asking for book.

*The Giza Power Plant* - Christopher Dunn 1998-08-01

Did a highly advanced civilization exist in prehistory? Is the Giza Pyramid a remnant of their technology? Then, what was the power source that fueled such a civilization? The technology of harmonic resonance, claims renowned master craftsman and engineer Christopher Dunn. In a brilliant piece of reverse engineering based on twenty years of research, Dunn reveals that the Great Pyramid of Giza was actually a large acoustical device! By its size and dimensions, this crystal edifice created a harmonic resonance with the Earth and converted Earth's vibrational energies to microwave radiation. The author shows how the pyramid's numerous chambers and passageways were positioned with the deliberate precision to maximize its acoustical qualities. This may be the same technology discovered by Nikola Tesla and the solution to our own clean energy needs.

The Physics of Heaven - Judy Franklin 2015-09-15

*How to Know God* - Deepak Chopra, M.D. 2001-02-20

You don't have to believe in God in order to experience God. --- Deepak Chopra The celebrated author of *Ageless Body, Timeless Mind* and *The Seven Spiritual Laws of Success* has written his most ambitious and important work yet, a runaway international bestseller that has inspired hundreds of thousands of readers to rethink their concept of God. According to Chopra, the brain is hardwired to know God. The human nervous system has seven biological responses that correspond to seven levels of divine experience. These are shaped not by any one religion (they are shared by all faiths), but by the brain's need to take an infinite, chaotic universe and find meaning in it. *How to Know God* describes the quest each of us is on, whether we realize it or not. For, as Chopra puts it, "God is our highest instinct to know ourselves." This book makes a dramatic and enduring contribution to that knowledge.

Stealing Fire from Heaven - Nevill Drury 2011-03-02

The Western magical traditions are currently undergoing an international resurgence. In *Stealing Fire from Heaven*, Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems. Gnosticism and the Hermetica, the medieval Kabbalah, Tarot and Alchemy, and more recently, Rosicrucianism and Freemasonry, collectively laid the basis for the modern magical revival, which first began to gather momentum in Europe at the end of the nineteenth century. Western magic has since become increasingly eclectic, drawing on such diverse sources as classical Greco-Roman mythology, Celtic cosmology, Kundalini yoga and Tantra, shamanism, chaos theory, and the various spiritual traditions associated in many different cultures with the Universal Goddess. Drury traces the rise of various forms of magical belief and practice, from the influential Hermetic Order of the Golden Dawn to

the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality. He also explores Chaos Magick and the occult practices of the so-called Left-Hand Path, as well as twenty-first-century magical forays into cyberspace. He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred--a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as "stealing fire from heaven." Considered in this light, Drury argues, modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm.

**Forecasting Financial Markets** - Tony Plummer 2006

The ability to make money in the world's financial markets depends critically on an individual's ability to make decisions independently of the crowd. To attain such independence, the investor or trader must acquire the capacity to understand the forces at work in logical terms, recognize (and neutralize) any emotional responses to market fluctuations, and design an investment process or trading system that generates objective 'buy' or 'sell' signals. This fifth edition has been completely updated to take the author's latest research into account, providing the reader with an in-depth assessment of the phenomenon of cycles, patterns of economic and financial activity, and using cycles as a forecasting tool.

**The Voice in Singing** - Emma Seiler 1879

**The Law of Vibration** - William D. Gann 2013-02-25

In 'The Law of Vibration' Tony Plummer presents a new theory which he argues is revealing of a fundamental truth about the deep-structure of the universe. The Law is embodied in a very specific pattern of oscillation that accompanies change and evolution. It can be found in fluctuations in stock markets and in economic activity. The research here suggests that the pattern was known about in antiquity because it was buried in a short passage in St Matthew's Gospel in the Bible. It also suggests that it was known about in the early part of the 20th century because it was concealed in the structure of books written by the renowned stock market trader, William D. Gann, and by the mindfulness exponent, George Gurdjieff. Both men chose to preserve their knowledge of the pattern in a hidden form for some unknown future purpose. Now, after 20 years of investigation, Tony Plummer tells the story of how the pattern was originally hidden. Drawing on painstaking research on gematria, the enneagram and financial market analysis, Plummer reveals the existence of a behavioural pattern that may have profound implications for the way that we view the world. Plummer's work is elegantly structured and illustrated throughout. It is an exciting and thought-provoking study for Gann enthusiasts, and also for investors, economists and scientists who have an interest in the laws that underpin systemic coherence and produce collective order.

**The Grand Design** - Stephen Hawking 2010-09-07

#1 NEW YORK TIMES BESTSELLER When and how did the universe begin? Why are we here? What is the nature of reality? Is the apparent "grand design" of our universe evidence of a benevolent creator who set things in motion—or does science offer another explanation? In this startling and lavishly illustrated book, Stephen Hawking and Leonard Mlodinow present the most recent scientific thinking about these and other abiding mysteries of the universe, in nontechnical language marked by brilliance and simplicity. According to quantum theory, the cosmos does not have just a single existence or history. The authors explain that we ourselves are the product of quantum fluctuations in the early universe, and show how quantum theory predicts the "multiverse"—the idea that ours is just one of many universes that appeared spontaneously out of nothing, each with different laws of nature. They conclude with a riveting assessment of M-theory, an explanation of the laws governing our universe that is currently the only viable candidate for a "theory of everything": the unified theory that Einstein was looking for, which, if confirmed, would represent the ultimate triumph of human reason.

**The Joy of the Gospel** - Pope Francis 2014-10-07

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope

explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*  
*Psycho-harmonial Philosophy* - Peter Pearson 1910

Transcending the barriers of religious traditions, *The Mysticism of Sound* explores profound and universal truths in a personable manner that will appeal to any seeker on the path of illumination.

**Christianity, The Law of Attraction and The One Command** - Beverly Fells Jones 2012-05-17

The Bible spells out in God's terms what "The Secret" said in human terms. "Christianity, The Law of Attraction and The One Command" is the bridge between God's word, His universal laws, The One Command® by Asara Lovejoy and you. When first learning about "The Law of Attraction" Beverly became torn between her religious upbringing and studying about Universal Laws. While searching the Bible for answers, she realized that many people have the same feelings concerning putting into practice these teachings. Upon setting her intention to write this book, many people with information began to show up in her life. It was as if God was showing her what to say and do to help others understand that all things are of the Creator. "The Secret" set the world on fire for more knowledge. "Christianity, The Law of Attraction and The One Command®" reveals the answers to questions about the biblical truths before us and the steps to create the life we always wanted. This is a must read for anyone wanting to improve their relationships, career, health, wealth and all other aspects of their life. "Beverly has brought the essence of The One Command® into a form that is easily understood and can be related to the verses quoted and many more that come to mind. I would recommend this to everyone with any doubts or concerns that it would interfere with their religion. Beverly is a fountain of knowledge and shares it very well with the reader." Fran Benfield, Certified NLP Practitioner; Virginia "With her passion for truth, Beverly has created a masterpiece by filling a gap; creating a connection between the Laws of the Universe and the words of The Bible, positively linking the truths of Christians to the truths of The Universe. I embrace these truths, and seeing them so expertly linked with The One Command® provides a process for stability and balance...for a life of abundance and possibility." Alida Morrill, Energy Coach, Texas

**The Magic Word** - W. D. Gann 2019-12-10

The Magic Word, was the last book W.D. Gann wrote. The name "W. D. Gann" is known throughout the stocks and commodities markets. However, this particular book has nothing to do with investing! The Magic Word contains Gann's advice on how one can help oneself. In this inspirational masterpiece about the role of the human being in the universe, W. D. Gann uses the Bible to explore the secret to successful living. Through direct teachings from the Bible, you will learn how to understand, obey and apply the universal laws revealed in the Bible in order to bring about your own latent talents and powers and put you on the road towards health, happiness and prosperity. Gann gives credit to the divine power and by his using the Magic Word, for his good health and success.

[The Life Cycle Hypothesis](#) - Tony Plummer 2018-03-05

The Life Cycle Hypothesis provides evidence of an ordered process behind the apparent randomness of financial asset price movements, economic fluctuations, and social trends. It shows how genuine

information will have a dramatic effect on any system into which it is inserted, and will generate reactions that are essentially pre-programmed. These reactions involve the processes of advance and decline, and therefore embrace a set of specific lower-order fluctuations. Financial and economic analysts have long been familiar with the resulting phenomena, but have had difficulty providing a satisfactory explanation. The Life Cycle Hypothesis builds on the findings of Tony Plummer's previous book, *The Law of Vibration*, and shows that nature itself contains the answer. There is a universal blueprint that manages growth, that organises evolution, and that contends with decline. In effect, the shock of fresh information creates a new organism whose energy travels along a natural pathway between birth and death. It is this pathway that generates such widely diverse phenomena as personal mid-life crises, the swarming of innovations, recurring patterns in financial markets, and rhythmic oscillations in national economies. It is this pathway that produced the Great Depression of the 1930s, the inflation trauma of the 1970s, and the global financial crisis of 2007-08. The same pathway now suggests that there may be a major global crisis in the early years of the next decade. The Life Cycle Hypothesis has the potential to change the way that we understand the world. It will therefore have a natural appeal for investors, economists, and social scientists. It will also be of great interest to those who sense a connection between the diverse social and political upheavals that are currently impacting us, and who want to understand the forces at work.

*The Story of the Seer of Patmos* - Stephen N. Haskell 1993-05

The book of Revelation pronounces a blessing upon everyone who "reads" or even "hears" it read. Yet, many treat it as a mysterious book that should not be read and cannot be understood. S. N. Haskell has opened the book of Revelation up in an easily read style that explains it and its relation to our day. This facsimile, originally printed in 1905, makes an excellent study book for young and old.

**The Restoration of Engravings, Drawings, Books, and Other Works on Paper** - Max Schweidler 2006

Ever since its original publication in Germany in 1938, Max Schweidler's *Die Instandsetzung von Kupferstichen, Zeichnungen, Buchern usw.* has been recognized as a seminal modern text on the conservation and restoration of works on paper. This volume, based on the authoritative revised German edition of 1950, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated scholarly edition. An extensively illustrated appendix presents case studies of eleven Old Master prints that were treated using the techniques Schweidler discusses.

*Tunnel Thru The Air Or Looking Back From 1940* - W. D. Gann 2016-08-09

In this inspirational masterpiece about the role of the human being in the universe, finance trader and author W. D. Gann uses the Bible to explore the secret to successful living. Through direct teachings from the Bible, the reader may learn how to understand, obey and apply the universal laws revealed in the Bible in order to bring about his own latent talents and powers, and in turn be firmly set on the road towards health, happiness and prosperity.

*Phenomenal Qualities* - Paul Coates 2015

A team of distinguished philosophers and psychologists explore the nature of phenomenal qualities, the qualities of conscious experiences, and the ways in which they fit in with our understanding of mind and reality. This volume offers an indispensable resource for anyone wishing to understand the nature of conscious experience.

*The Reality of Being, Decoded* - Mitzi DeWhitt 2013-09-20

To be one, whole in the face of life, is all that matters. So long as I remain conscious of this, I feel a life within me and a peace that nothing else can give. The words are Madame de Salzmann's, from the final page of her book *The Reality of Being*. I read them and feel good. For a moment I experience the peace that passeth understanding. At that same moment I realize my incapacity and my non-comprehension and I feel bad. Stabbed in the heart by the sword of gnosis I want to run away, fall back into complacency. I see how I am, divided. Do I care? So long as I remain trapped in passivity, nothing new can appear: no Newness, no New Man, no New World. Do I really wish to explore the Unknown? Or am I only an armchair adventurer, a dreamer vicariously gaining the experience from another's travels? How can I know myself? My journey to inaccessible places begins with seeing that I am two: I wish, I do not wish. The act of seeing itself is the appearance of I. Not the ordinary I that is deeply afraid and wishes only for security, but the real I, pure, uncontaminated by fear, grounded in love. Without it I will never know what is true, never enter a world

entirely new. Her words convey deep meaning, far deeper than we ordinarily realize. To discover the New World requires knowing how to measure. Without the science of measures I cannot go far. It is my measure, the measure both of my capacity and of the quality of my moment of work. Knowing the code of measures, I can decipher the reality of who I am. This book provides the keys to the code.
