**Del aula de italiano a los medios de comunicación** - Vicente González Martín  
2019-12-02

Este volumen reúne un conjunto de estudios

realizados por diferentes especialistas en los que tratan la importancia de la lengua italiana como instrumento para la difusión de la cultura del país. Considerando que el lenguaje y la comunicación son una parte fundamental de la identidad y la cultura de una sociedad, las contribuciones recogidas en este volumen tratan de mostrar la importancia que tienen tanto los medios de comunicación como la traducción y la propia didáctica de la lengua a la hora de transmitir los rasgos identitarios y culturales de un país, en este caso concreto, Italia. En esta obra encontraremos artículos que abarcan una temática muy diversa que gira, sin embargo, en torno a un mismo eje: el estudio de la lengua, la didáctica, la traducción o la comunicación desde una perspectiva humanista.

*GUÍA PARA LA CLASE DE ESPAÑOL CON FINES ESPECÍFICOS: CIENCIAS SOCIALES Y JURÍDICAS* - Natalia Alarcón Mosquera

2022-06-26

PRÓLOGO Ana Blanco Gadañón Universidad

Nebrija El interés por el español es creciente, según se viene recogiendo en los informes anuales emitidos por el Instituto Cervantes respecto a las cifras del español; en particular, en relación con su aprendizaje como segunda lengua, en 2021, ya se superaron los 24 millones de estudiantes de español (El español: una lengua viva, Instituto Cervantes, 2021). Por otro lado, la demanda de cursos de español con fines específicos (EFE), además de la de los generales, es cada vez más significativa en los distintos centros y modalidades de enseñanza. Su reflejo más inmediato es la oferta editorial de la que dispone el alumnado de EFE: a los habituales Español de los negocios o de la empresa y Español médico, se suman otros como el Español del cine o el Español jurídico. También, desde el punto de vista científico y formativo, aumenta el número de encuentros en los que se comparten los progresos alcanzados en esta área temática. Igualmente, la implantación de la asignatura de Español con fines específicos, en los distintos

másteres de lingüística aplicada a la enseñanza de español como lengua extranjera (ELE), refleja la relevancia que está adquiriendo la enseñanza de EFE en el contexto actual. Precisamente, este proyecto, Guía para la clase de español con fines específicos, se concibe como un manual de trabajo y de referencia rápida para profesores y profesionales (por ejemplo, autores y editores de manuales) que, interesados en la docencia de EFE, requieran de una información precisa sobre las distintas lenguas de especialidad empleadas en entornos laborales. Por tanto, se ha de aclarar que esta obra se aleja de una orientación teórica para convertirse en una de carácter eminentemente práctico y de consulta. El volumen III se abre con el capítulo de las ciencias políticas, una ciencia social que analiza la sociedad y su relación con el Estado. A este capítulo le sigue el de deporte, ciencia que se centra en el comportamiento sociocultural como resultado de una actividad física saludable. El tercer capítulo, el de negocios, está dedicado a

un conjunto de prácticas discursivas que tienen lugar en numerosos sectores profesionales, compartidas por los miembros de una misma comunidad. El siguiente, el de pedagogía, estudia la sistematización de los procesos educativos y de los de aprendizaje con el fin de organizarlos y mejorarlos. El capítulo cinco tiene como objeto de estudio el periodismo, una práctica laboral remunerada que consiste en obtener información relevante y transmitírsela a la ciudadanía. El sexto se centra en la publicidad, que abarca diferentes campos, desde el audiovisual al gráfico, mientras que el séptimo es el dedicado a Recursos Humanos. La última ciencia social de este volumen versa sobre el turismo, uno de los principales sectores económicos que contribuye al acercamiento entre comunidades. Y cierra este tercer volumen el capítulo de las ciencias jurídicas, más concretamente, el capítulo dedicado al derecho penal y procesal y al lenguaje jurídico español, empleado principalmente en los organismos e

instituciones internacionales.

**Enciclopedia de Lingüística Hispánica** - Javier Gutiérrez-Rexach 2016-01-29

The Enciclopedia de Linguistica Hispánica provides comprehensive coverage of the major and subsidiary fields of Spanish linguistics. Entries are extensively cross-referenced and arranged alphabetically within three main sections: Part 1 covers linguistic disciplines, approaches and methodologies. Part 2 brings together the grammar of Spanish, including subsections on phonology, morphology, syntax and semantics. Part 3 brings together the historical, social and geographical factors in the evolution of Spanish. Drawing on the expertise of a wide range of contributors from across the Spanish-speaking world the Enciclopedia de Linguistica Hispánica is an indispensable reference for undergraduate and postgraduate students of Spanish, and for anyone with an

academic or professional interest in the Spanish language/Spanish linguistics.

**Politeness in Language** - Richard J. Watts  
2005-01-01

The second edition of this collection of 13 original papers contains an updated introductory section detailing the significance that the original articles published in 1992 have for the further development of research into linguistic politeness into the 21st century. The original articles focus on the phenomenon of politeness in language. They present the most important problems in developing a theory of linguistic politeness, which must deal with the crucial differences between lay notions of politeness in different cultures and the term 'politeness' as a concept within a theory of linguistic politeness. The universal validity of the term itself is called into question, as are models such as those developed by Brown and Levinson, Lakoff, and Leech. New approaches are suggested. In addition to this theoretical discussion, an

empirical section presents a number of case studies and research projects in linguistic politeness. These show what has been achieved within current models and what still remains to be done, in particular with reference to cross-cultural studies in politeness and differences between a Western and a non-Western approach to the subject. The publication of this second edition demonstrates that the significance of the collection is just as salient in the first decade of the new millennium as it was at the beginning of the 1990s.

*A History of Afro-Hispanic Language* - John M. Lipski 2005-03-10

The African slave trade, beginning in the fifteenth century, brought African languages into contact with Spanish and Portuguese, resulting in the Africans' gradual acquisition of these languages. In this 2004 book, John Lipski describes the major forms of Afro-Hispanic

language found in the Iberian Peninsula and Latin America over the last 500 years. As well as discussing pronunciation, morphology and syntax, he separates legitimate forms of Afro-Hispanic expression from those that result from racist stereotyping, to assess how contact with the African diaspora has had a permanent impact on contemporary Spanish. A principal issue is the possibility that Spanish, in contact with speakers of African languages, may have creolized and restructured - in the Caribbean and perhaps elsewhere - permanently affecting regional and social varieties of Spanish today. The book is accompanied by the largest known anthology of primary Afro-Hispanic texts from Iberia, Latin America, and former Afro-Hispanic contacts in Africa and Asia.

Languages in Jewish Communities, Past and Present - Benjamin Hary 2018-11-05

This book offers sociological and structural descriptions of language varieties used in over 2 dozen Jewish communities around the world, along with synthesizing and theoretical chapters. Language descriptions focus on historical development, contemporary use,

regional and social variation, structural features, and Hebrew/Aramaic loanwords. The book covers commonly researched language varieties, like Yiddish, Judeo-Spanish, and Judeo-Arabic, as well as less commonly researched ones, like Judeo-Tat, Jewish Swedish, and Hebraized Amharic in Israel today.

*Gramática analítico descriptiva de la lengua italiana* - Fausto Díaz Padilla 1999

La presente gramática nace de una reflexión de conjunto sobre la lengua italiana desde una óptica estructural y funcional. Aunque parcialmente se adoptan la terminología y los conceptos del funcionalismo, se procura conciliarlos en la medida de lo posible con los de la gramática tradicional a fin de que su comprensión por el usuario no resulte dificultosa. Tras una breve introducción explicativa sobre los conceptos básicos estructuralistas, la gramática se articula en tres partes correspondientes a los tres niveles esenciales de análisis, o sea, fonemático,

morfológico y sintáctico.

*Translation Peripheries* - Anna Gil Bardají 2012

This book investigates different elements which have direct implications for translations but are not the actual text. These features are usually presented in a particular format - written, oral, digital, audio-visual or musical. They are furnished with, for example, illustrations, prologues, introductions, indexes or appendices, or are accompanied by an ensemble of information outside the text such as an interview with the author, a general or specialist press review, an advertisement or a previous translation.<br> However, the boundaries of paratextuality are not limited to the aforementioned examples, since paratextuality has a direct implication for areas as diverse as

copyright, a contracting economy, decisions taken by the various actors in the political or cultural context in which the text occurs. Therefore it is obvious that most of the key concepts in Translation Studies cannot be fully understood without reference to the part played by paratextual elements, examined here taking into account different language pairs from Turkish to Catalan.<br> The content presented in this book is gathered from a conference on <i>Paratextual Elements in Translation</i>, held at the Universitat Autònoma de Barcelona in 2010."

**Italian Verbs** - Vincent Luciani 2012-04-01  
Verbs and verb conjugations are the basic building blocks when learning a foreign language. Light, compact, and easy to carry wherever students go, books in this series offer approximately 300 frequently-used verbs that are presented in easy-to-read verb conjugation tables. Each verb includes its English equivalent, sample sentences, and related words and

expressions. These books also include general instruction in verb usage. Titles in Barron's Verbs series are shorter versions of Barron's 501 Verbs books. This smaller-format book is a handy reference source for students taking Italian, as well as for Italian language teachers, and translators.

Comparative Grammar of Spanish, Portuguese, Italian and French - Mikhail Petrunin 2018-06-25  
Nowadays thousands of grammar books, textbooks, outlines, references and language guides of Spanish, Portuguese, Italian and French are published year by year. However, all of them teach these languages separately. Here you will find a comparative grammar of the four

major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners

who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once.2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages.3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at homewherever you go, whether as a tourist or businessman.4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help stave off such terrible diseases as Alzheimer's.5) If you

have never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do. In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual.

**Lexicografía española** - Emília Anglada Arboix 2005

En esta obra docente se presentan las principales cuestiones que se plantean al estudiante de la asignatura Lexicografía Española, con una visión globalizadora que intenta reunir las distintas perspectivas desde las que se suele enfocar su estudio: la teórico-descriptiva y la histórica. Dado que se trata de facilitar la tarea de aprendizaje a los estudiantes, permitiéndoles conocer de antemano los contenidos de cada sesión, el Texto-Guía incluye varios apartados, orientados a facilitar dicho aprendizaje y fomentar el uso de

las principales fuentes de información. Por ello, junto a un temario o presentación detallada de cada uno de los temas que se desarrollarán durante el curso, se incluye una amplia selección de páginas de diccionarios, de diferentes tipos y de diferentes tiempos, así como abundante material específico de apoyo (indicaciones bibliográficas, textos selectos y actividades de producción) que pueden resultar de mucha utilidad para conseguir los objetivos propuestos: el análisis, valoración y crítica de diccionarios, así como la comprensión y ampliación de los fenómenos estudiados

Diccionario bibliográfico de la metalexigrafía del español - Ignacio Ahumada Lara 2014

Cuando en 1998 iniciábamos nuestra andadura bibliográfica sobre la metalexigrafía del español, el equipo de investigadores adscritos al Seminario de Lexicografía Hispánica no imaginábamos que pudiéramos llegar a presentar un tercer tomo del Diccionario bibliográfico de la metalexigrafía del español.

2006-2010 (DBME3). El proyecto de entonces, de pretensiones modestas, consistía en recopilar solo la producción bibliográfica de los dos años de vigencia que transcurrían entre las convocatorias bienales del Seminario de Lexicografía Hispánica (1991-2003). El refrendo de financiación recibido por parte del Plan Nacional de I+D+i (2000-2003) para ejecutar el primer tomo de este proyecto: DBME1 (orígenes-año 2000) fue el mejor reconocimiento que pudiéramos obtener a nuestro trabajo de documentación y bibliografía. La Dirección General de Universidades e Investigación de la Comunidad de Madrid ratificaba con su apoyo económico en 2006 la buena dirección de nuestro proyecto: DBME2 (2001-2005). Cuatro años más tarde volvíamos a contar con el apoyo y la financiación del Plan Nacional de I+D+i (2008-2011): DBME3 (2006-2010). Las fuentes con las que se ha trabajado para la recopilación bibliográfica incorporada al DBME3, al igual que en los dos entregas anteriores, responden a los

siguientes epígrafes: (1) repertorios bibliográficos, (2) obras colectivas, (3) publicaciones periódicas, (4) reuniones científicas, (5) homenajes, (6) monografías y recopilatorios, (7) historias de la lexicografía, (8) tesis doctorales/licenciatura, (9) prólogos metalexográficos y (10) varia. Todo ello sin limitación de área geográfica.

Ni Hao 2: Student workbook - Shumang Fredlein 2008  
Ni Hao, Level 2 (3rd edition) consists of a student textbook, student workbook and four audio CDs. Lessons 2 and 3 have been renamed but the content is primarily the same. Lesson 6 was eliminated. One more review lesson has been added as Lesson 5. A new section "About

Pinyin and characters" has been added to this new edition. It highlights some areas that students would like to know when learning the rules of pronunciation. In the student workbook the first section of each lesson provides word recognition practices instead of listening to statements and identifying the picture as in the 2002 edition. The audio CDs cover all sections in each lesson which provide support to students for independent listening opportunities. The sections in the student textbook and workbook exercises are clearly announced.

The Translator as Writer - Susan Bassnett  
2007-11-15

Over the last two decades, interest in translation around the world has increased beyond any predictions. International bestseller lists now contain large numbers of translated works, and writers from Latin America, Africa, India and

China have joined the lists of eminent, bestselling European writers and those from the global English-speaking world. Despite this, translators tend to be invisible, as are the processes they follow and the strategies they employ when translating. The Translator as Writer bridges the divide between those who study translation and those who produce translations, through essays written by well-known translators talking about their own work as distinctive creative literary practice. The book emphasises this creativity, arguing that translators are effectively writers, or rewriters who produce works that can be read and enjoyed by an entirely new audience. The aim of the book is to give a proper prominence to the role of translators and in so doing to move attention back to the act of translating, away from more abstract speculation about what translation might involve.
