_Me ?xico, la Patria! - Monica A. Rankin 2009

In ¡México, la patria! Monica A. Rankin examines the pervasive domestic and foreign propaganda strategies in Mexico during World War II and their impact on Mexican culture, charting the evolution of these campaigns through popular culture, advertisements, art, and government publications throughout the war and beyond. In particular, Rankin shows how World War II allowed the wartime government of Ávila Camacho to justify an aggressive industrialization program following the Mexican Revolution. Finally, tracing how the American government's wartime propaganda laid the basis for a long-term effort.

The Pro Patria Project ("for one's country") is the sequel to the author's The ProCon

Conspiracy. It involves a dozen powerful men - six each from the federal and private sectors - who hatch a plot to assassinate a dozen of the nation's most prominent citizens. Believing these men are undermining the country's morals and values, the Committee of Twelve consists of the National Security Advisor, Joint Chiefs of Staff Chairman, Secretary of Defense, Directors of the CIA and FBI, and a U. S. Congressman.

Pardoned men from the defunct ProCon Conspiracy are recruited by the Committee to plan and execute the plot. General Henry Mullaire and Colonel Manfred West, co-conspirators during the ProCon debacle, manage an intriguing scheme that uses desperate men to carry out the ruthless murders. No witnesses remain at the end; no stone is left unturned. pThe third book in the trilogy, The Bane of Cinco de Mayo, will follow later this year.

Legio Patria Nostra - U.S. Army Command and General Staff College 2014-07-02

The French Foreign Legion is an integral part of the recently professionalized French regular army, yet outside of Europe and Asia, the organization remains an obscure and sometimes misunderstood entity with even some American military officers unaware of its existence. Many believed the Legion went the way of French imperialism after the country's defeat in the Algerian War in 1962. In those post-war years, however, the Legion shed its mercenary image through reorganization and real world operations and quietly rebuilt itself into a ready and relevant fighting force. This book summarizes the Legion's history, describes its current structure, and characterizes its place in the French military complex. In doing so, it shows that despite a rocky early history, a mercenary reputation, and recent obscurity, the French Foreign Legion has built and maintained a level of readiness and competency that is more than equal to that of other professional military organizations and it remains a vital component of the French military infrastructure.

For la Patria - Brian Loveman 1999

Defending 'la patria,' or 'homeland,' is the historical mission claimed by Latin American armed forces. *For la Patria* is a comprehensive narrative history of the military's political role in Latin America in national defense and security. Latin American civil-military relations and the role of the armed forces in politics, like those of all modern nation-states, are framed by constitutional and legal norms specifying the formal relationships between the armed forces and the rest of society. In actuality, they are also the result of expectations, attitudes, values, and practices evolved over centuries-integral aspects of national political cultures. Military institutions in each Latin American nation have resulted from that country's own blend of local and imported influences, developing a distinctive pattern of civil-military relations as defender of

the fatherland and guarantor of security and order. Written by Latin American specialist Brian Loveman, *For la Patria* includes tables, maps, photographs, and a glossary that will assist the student in better understanding the military's intervention in politics in Latin America. This new text will give students a thorough and accessible history of Latin American armed forces and their actions in Latin American politics from colonial times to the present.

The Sinking of the Patria - Judith Weinshall Liberman 2018-01-11

ABOUT THE BOOK THE SINKING OF THE PATRIA tells the story of a lonely girl who finds an unexpected soulmate in her caretaker, a survivor of the Patria disaster. The story takes place in Haifa, Palestine (now Israel), during World War II, shortly after the SS Patria, a ship full of Jewish refugees from Nazi-occupied Europe, sank in Haifa Port. While illuminating the human toll exacted by the sinking of the Patria, this book tells a heartwarming story about the bonding of a lonely, empathetic young girl with one of the Patria's survivors. ABOUT THE AUTHOR Born in Israel (then called "Palestine"), Judith Weinshall Liberman came to the United States in 1947 to pursue higher education. She earned four American university degrees including two in law, a J.D. from the University of Chicago Law School and an LL.M. from the University of Michigan Law School. After settling in the Boston area in 1956, she studied art and creative writing. Beginning in the early 1960s, and for four decades thereafter, Ms. Liberman created numerous series of artworks. Her art has been widely exhibited, and is represented in the collection of museums and other public institutions. During her long career

in visual art, Ms. Liberman wrote several books, among them some picture books. Her book THE BIRD'S LAST SONG (Addison-Wesley, 1976), which she also illustrated, won a citation as one of the "fabulous books of the year." Since 2012, she has published several additional picture books, including ICE CREAM SNOW, COLOR IN OUR WORLD, HAIFA, THE BEE AND THE BUTTERFLY, THE LITTLE SONGBIRD, THE BIRD WHO WENT TO HEAVEN, THE GIRL AND THE PIGEONS, WHAT WILL I BE?, LUCY AND THE SNOWMAN, IF I HAD A LITTLE SISTER, IF I WERE A MOM, THE SECRET, ANNE FRANK IN MY ART, RUTHIE AND HER ANCESTORS, AN INTRODUCTION TO MY JUDAICA ART, SHOP AND SHOP, RONNIE'S ALARM CLOCK, HEAVENLY GARDENS, HOLOCAUST PAINTINGS, HOMO SAPIENS, SELF PORTRAITS OF A HOLOCAUST ARTIST, YOUR GRANDPA, MY BIRTHDAY, THE FUTURE, and QUEEN ESTHER. Judith Weinshall Liberman's archives can be found in the Arts Department of the Boston Public Library and at the Smithsonian Archives of American Art. ABOUT THE ILLUSTRATOR THE SINKING OF THE PATRIA is the twentyseventh book on which Judith Weinshall Liberman, the author, has collaborated with Gail Davis, the illustrator. Since Ms. Liberman did not feel that, in light of her deteriorated eyesight, she could do justice to illustrating THE SINKING OF THE PATRIA herself, she selected a fine artist, Ms. Gail Davis, to create the illustrations under the author's guidance. The two had previously collaborated on THE LITTLE FAIRY, THE VERY OLD PAINTER AND HER HUSBAND, ANGEL'S PUPPIES, THE GIANT HOUSE, THE MOUNTAIN, THE TUNNEL, THE OLD DOLL, FIFTEEN FABLES, TWELVE MORE FABLES, A PARAKEET FOR ERIC, TALES OF HUMAN FOIBLES, IN THE MILITARY CEMETERY, MORE TALES OF HUMAN FOIBLES, MICHAEL AND THE FLAG, IF I HAD THE POWER, IF I WERE RICH, THE WHIRLPOOL, THE LETTERS OF THE ALPHABET, TALE OF THE ROMAN NUMERALS, THE BRIDGE, GRANDMA'S GLASSES, THE RAINBOW, THE TRAIN, THE WAIIING WALL, THE BLANKET, and EXPULSION. In the present book, Ms. Davis beautifully captures the spirit of the story and of its characters.

La Patria del Criollo - Severo Martinez Pelaez
2009-05-15

This translation of Severo Martínez Peláez's *La Patria del Criollo*, first published in Guatemala in 1970, makes a classic, controversial work of Latin American history available to English-language readers. Martínez Peláez was one of Guatemala's foremost historians and a political activist committed to revolutionary social change. *La Patria del Criollo* is his scathing assessment of Guatemala's colonial legacy. Martínez Peláez argues that Guatemala remains a colonial society because the conditions that arose centuries ago when imperial Spain held sway have endured. He maintains that economic circumstances that assure prosperity for a few and deprivation for the majority were altered neither by independence in 1821 nor by liberal reform following 1871. The few in question are an elite group of criollos, people of Spanish descent born in Guatemala; the majority are predominantly Maya Indians, whose impoverishment is shared by many mixed-race Guatemalans. Martínez Peláez asserts that "the coffee dictatorships were the full and radical realization of criollo notions of the patria." This patria, or homeland, was one that criollos had wrested from Spaniards in the name of independence and taken control of based on claims of liberal reform. He contends that since labor is needed to make land productive, the exploitation of labor, particularly Indian labor, was a necessary complement to criollo appropriation. His depiction of colonial reality is bleak, and his portrayal of Spanish and criollo behavior toward Indians unrelenting in its emphasis on cruelty and oppression. Martínez Peláez felt that the grim past he documented surfaces each day in an equally grim present, and that confronting the past is a necessary step in any effort to improve Guatemala's woes. An extensive introduction situates *La Patria del Criollo* in historical context and relates it to contemporary issues and debates.

Pro Patria Mori - Alan MacDonald 2008

On Saturday, 1st July 1916, the men of the 56th (1st London) Division, went 'over the top' to storm Gommecourt - a village recognised as the strongest position in the German lines. It was the opening day of the 141-day Battle of the Somme when 57,470 British soldiers were killed, wounded or taken prisoner. The revised and greatly expanded edition of 'Pro Patria Mori' recounts the experiences of the London men who fought and died at Gommecourt. Using the personal recollections of those involved, many previously unpublished, the book is a day by day account of the planning and preparation of the attack. The battle itself is covered minute by minute, with many situation maps to explain the action. Unlike many WWI histories, the fighting is seen from both sides of No Man's Land with accounts drawn from many German unit histories. Amongst the new sections is one describing the horrifying experiences of British Prisoners of War in German PoW Camps. The Book contains a full Roll of Honour of all men from the 56th (1st London) Division who died before and during the attack on Gommecourt in which over 1,300 men died in just twelve hours. A new appendix contains the Roll of Honour of Gommecourt's German defenders. The revised edition of 'Pro Patria Mori' is 716 pages long, fully indexed and comes with over 200 photographs and some 20 maps and plans.

Historia Patria - Carolyn P. Boyd 2020-12-08

Beginning with the restoration of the Bourbon monarchy in 1875 and ending with the death of General Francisco Franco in 1975, this book explores the intersection of education and nationalism in Spain. Based on a broad range of archival and published sources, including

parliamentary and ministerial records, pedagogical treatises and journals, teachers' manuals, memoirs, and a sample of over two hundred primary and secondary school textbooks, the study examines ideological and political conflict among groups of elites seeking to shape popular understanding of national history and identity through the schools, both public and private. A burgeoning literature on European nationalisms has posited that educational systems in general, and an instrumentalized version of national history in particular, have contributed decisively to the articulation and transmission of nationalist ideologies. The Spanish case reveals a different dynamic. In Spain, a chronically weak state, a divided and largely undemocratic political class, and an increasingly polarized social and political climate impeded the construction of an effective system of national education and the emergence of a consensus on the shape and meaning of the Spanish national past. This in turn contributed to one of the most striking features of modern Spanish political and cultural life--the absence of a strong sense of Spanish, as opposed to local or regional, identity. Scholars with interests in modern European cultural politics, processes of state consolidation, nationalism, and the history of education will find this book essential reading.

Patria - Edgardo Meléndez 2019

"Patria : Puerto Rican Revolutionary Exiles in Late Nineteenth Century New York examines the activities and ideals of Puerto Rican revolutionary exiles in New York City at the end of the nineteenth century. The study centers on the writings, news reports, and announcements by and about Puerto Ricans in Patria, the official newspaper of the Cuban Revolutionary Party. Both were founded and led by the Cuban patriot José Martí. The book looks at the political, organizational, and ideological ties between

Cuban and Puerto Rican revolutionaries in exile, as well as the events surrounding the war of 1898. It argues that the major underpinnings of twentieth-century Puerto Rico's nationalist thought were already present in the *Patria* writings of Puerto Ricans. The newspaper also offers a glimpse into the daily life and community of Puerto Rican exiles in late nineteenth-century New York City. All the writings in *Patria* about Puerto Rico are presented in their full English translation. Finally, the book presents a historical overview of how the Puerto Rican exile community living in the city developed"--

Sin Patria, Pero Sin Amo - Luis E. Martinez-Dalmao 2009-07-20

Kingship, Conquest, and Patria - Kristen Lee Over 2014-02-04

First Published in 2005. Distinctly interdisciplinary, *Kingship, Conquest, and Patria* brings together French and Welsh studies with literary and historical analysis, genre study with questions of medieval colonialisms and national writing. It treats eight centuries' worth of insular and continental literature, placing the 12th- and 13th-century development of Arthurian romance in a history of fraught, ambiguous relations between Capetian France, Angevin England, and native Wales. Overall, the book aims to contextualize how French Arthurian romance and Welsh rhamant, despite being products of opposing cultures in an age of conquest, collectively revise the figure of King Arthur created by earlier insular tradition. At a time when contemporary monarchies sought to curtail the autonomy of both northern French and Welsh principalities, the literary image of kingship pointedly declines in romance and rhamant, replaced by an ideal of knightly independence. A focus on the romance portrait of King Arthur is the culmination of this study: Part I provides a survey of early British Arthurian material written in Latin and Welsh; Part II presents the historical contexts in northern France and Wales out of which the genre of Arthurian romance emerged; Part III turns to literary and sociopolitical analyses of Chrétien's five romances and the three Welsh rhamantau.

Inhabiting La Patria - Rebecca L. Harrison 2013-12-01

Examines the work of prolific Dominican American writer Julia Alvarez. This is the first collection of critical essays on the works of Dominican American author Julia Alvarez. A prolific writer of nearly two dozen books of poetry, fiction, nonfiction, and children's literature, Alvarez has garnered numerous international accolades, including the impressive F. Scott Fitzgerald Award for Outstanding Achievement in American Literature. She was one of only ten poets invited to write for President Obama's inauguration in 2009, and her *In the Time of the Butterflies* was selected as a National Endowment for the Arts "Big Read," putting her in the company of Mark Twain, Zora Neale Hurston, and Harper Lee. Yet, despite Alvarez's commercial success and flourishing critical reputation, much of the published scholarship has focused on her two best-known novels—*In the Time of the Butterflies* and *How the García Girls Lost Their Accents*. Moving beyond Alvarez's more recognizable work, the contributors here approach her wider canon from different points of access and with diverging critical tools. This enriches current discussions on the construction of selves in life writing, and nonfiction more generally, and furthers our understanding of these selves as particular kinds of participants in the creation of nation and place. In addition, this book provides fresh insight for transnational feminist studies and makes a meaningful contribution to the broader study of the gendered diaspora, as it positions Alvarez scholarship in a global context.

In the Time of the Butterflies - Julia Alvarez 2010-01-12

It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the

survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

Politics, Patriotism and Language - William J. Landon 2005

Niccolò Machiavelli may not have been a cynical realist as he is often portrayed. On the contrary, this book argues that he precociously possessed the characteristics of an impassioned, sometimes misguided idealist, obsessed with the idea of Italian unification, but blinded to the practicalities of attaining that goal. William J. Landon suggests that these characteristics may help to explain his appeal to Italy's «Risorgimento» founders. This interdisciplinary volume, which also contains the first translation of a «Discourse or Dialogue Concerning our Language» since 1961, works well as a core text, or as a complement to courses in Renaissance history, literature or political science.

Patria Or Death - Jesus Lopez 2007-01-01

Patria or Death, a spy drama set in present day Miami, taking current headlines and creating events that could become dangerously real in the near future. Only 90 miles south of the United States stands a man that has ruled an island unopposed for over 40 years; a man who suddenly realizes that his power and his health are slowly coming to an end. He has lived all his life in total control and as such, his death will be something that he will also control. "It is one thing to die," he said long ago. "It is another thing to die for a cause." There is only one thing remaining in his life, to bring the Imperialist Yankees to their knees.

Forjando Patria - Manuel Gamio 2010-01-15

Often considered the father of anthropological studies in Mexico, Manuel Gamio originally published *Forjando Patria* in 1916. This groundbreaking manifesto for a national anthropology of Mexico summarizes the key issues in the development of anthropology as an academic discipline and the establishment of an active field of cultural politics in Mexico. Written during the upheaval of the Mexican Revolution, the book has now been translated into English

for the first time. Armstrong-Fumero's translation allows readers to develop a more nuanced understanding of this foundational work, which is often misrepresented in contemporary critical analyses. As much about national identity as anthropology, this text gives Anglophone readers access to a particular set of topics that have been mentioned extensively in secondary literature but are rarely discussed with a sense of their original context. *Forjando Patria* also reveals the many textual ambiguities that can lend themselves to different interpretations. The book highlights the history and development of Mexican anthropology and archaeology at a time when scholars in the United States are increasingly recognizing the importance of cross-cultural collaboration with their Mexican colleagues. It will be of interest to anthropologists and archaeologists studying the region, as well as those involved in the history of the discipline.

Pro Patria Mori - Elizabeth Cowley Tyler 2010-02-12

PRO PATRIA MORI is a story of friendship, rupture and healing. It deals with the fate of three friends: Trevor Howe, from London and Cornwall; Ernst Steiner, from Lubeck, Germany; and Etienne Bonnard, from Fontainebleau, France, all fellow students at Morton College, Oxford, in 1914, just before the outbreak of the Great War. Each enlists to fight for his country

and suffers the physical and spiritual consequences of a war which ushers in a new kind of mechanized slaughter. The novel explores the consequences of various types of death for one's country and ends as the world is about to come apart with the outbreak of World War II. The book opens in November, 1938, with Trevor Howe in the midst of a recurring dream about the war wound to his left hand. He has received a letter from Kristina Steiner, the sister of his best friend from Oxford. She tells him that there is to be a memorial service for her brother at Morton College, Oxford, and that she hopes he will attend. Trevor is grieved and relieved to finally learn the fate of his childhood friend -- that he was killed in 1914 at the first battle of Ypres. The novel continues with the parallel stories of Trevor Howe and Kristina Steiner as they try to reconnect. Due to her Jewish grandparents, Kristina is unable to get out of Germany after Krystalnacht to attend the ceremony for Ernst at Oxford. Her fate becomes progressively more entwined with that of Herr Commandant Karl Hauptmann, a Nazi officer who has been assigned by the party to watch over her. The central problem of the protagonist, Trevor Howe is to come to terms with the wounds of his past, both psychological and physical, and to reconnect with his ability to love and create. He does this by trying to reconnect with Kristina Steiner, by reencountering another old friend, Etienne Bonnard, who had dealt with his wound by using his art, and by reinvolving himself with Bonnard's sister, Genevieve. The novel explores the various types of death for one's country -- the physical death of Ernst Steiner, the death of the soul and creative spirit of Trevor Howe and Etienne Bonnard's loss of a youthful and vibrant personality. Bonnard helps Trevor reconnect with his creativity and to write the memoir that liberates the artist in him, and Trevor helps Bonnard recapture some of his youthful joie de vivre, while Kristina Steiner suffers a more sinister fate. The book ends as the world is about to come apart again with the outbreak of World War II.
