Mueller 1997

Also the best of Cookie's art columns from Details magazine, and the funniest of her advice columns from the East Village Eye, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. Odes - Sharon Olds 2016-09-20 Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in

this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Australia Reimagined - Hugh Mackay 2018-04-24
'When it comes to our future, misplaced optimism is as dangerous as blind faith. What is needed is the courage to face the way things are, and the wisdom and imagination to work out how to make things better.' Australia's unprecedented run of economic growth has failed to deliver a more stable or harmonious society. Individualism is rampant. Income inequality is growing. Public education is under-resourced. The gender revolution is stalling. We no longer trust our major institutions or our political leaders. We are more socially fragmented, more anxious, more depressed, more overweight, more medicated,

deeper in debt and increasingly addicted - whether to our digital devices, drugs, pornography or 'stuff'. Yet esteemed social researcher Hugh Mackay remains optimistic. Twenty-five years ago, he revolutionised Australian social analysis with the publication of *Reinventing Australia*. Now he takes another unflinching look at us and offers some compelling proposals for a more compassionate and socially cohesive Australia. You might not agree with everything he suggests, but you'll find it hard to get some of his ideas out of your head. Argued with intelligence and passion, this book is essential reading for everyone who loves Australia enough to want to make it a better place for us all.

Cage of Bone - 2020-11

"Cage of Bone" is a collection of poetry and prose about survival, hope, loss and the persistent feeling of having no control. "Cage of Bone" will take readers into the darkest parts of what it means to be human and mostly what it

means to be a woman, in a rough and raw voice, driven from the depths of the alleys mother warned you to stay away from. The game of life is hard to play, but if you win you better change, the thorns gripped tight but then gave way...But instead of becoming a beacon, I became the monster, I became a black hole. This is the first book in the "Black Hole" collection of short poetry books. Each book in the black hole series can be read as a standalone.

Printed on Stone: the Lithographs of Charles

Troedel - Amanda

Scardamaglia 2020-04

Troedel's catalogue of

lithographs trace the production and evolution of nineteenth century commerce and culture?in the home, at the bar, in health, hygiene and housework, with fashion and style and in leisurely pursuits?defining the legal categories under which this content was protected and the way advertising came to be regulated.

channeled thoughts from souls in heaven, other planetary systems, and other universes will benefit those seeking spiritual growth as well as those wanting information about preparing for upcoming Earth changes. Much of the material is packed with information and requires time to read and digest while other material is simple and easily understood. Presented in chronological order as received in reflexology sessions, the conversations are completely original, unedited, and unorganized, straight from the spirit itself. Some spirits channeled big lessons for the general public or gave messages to individuals while some explained disasters, politics, wars, dreams, and events in our daily lives. But all of the souls have one thing in common: they bring news that Earth is cleansing itself at a rapid pace, and they are here to assist us through the cleansing and beyond. Epic in scope, *Awakening of the Soul* is a vital tool for those looking to the future and to the fate of

Earth itself.
