The Reverse Coloring Book™
- Kendra Norton 2021-08-31
Coloring books became a thing when adults discovered how relaxing and meditative they were. Jigsaw puzzles roared back into popularity as an immersive activity, not to mention a great alternative to television. How exciting is it, then, to introduce an activity that tops them both: reverse coloring, which not only confers the mindful benefits of coloring and puzzling but energizes you to feel truly creative, even when you're weary and just want to zone out. It's so simple, yet so profoundly satisfying. Each page in *The Reverse Coloring Book* has the colors, and you draw the lines. Created by the artist Kendra Norton, these beautiful and whimsical watercolors provide a gentle

visual guide so open-ended that the possibilities are limitless. Trace the shapes, draw in figures, doodle, shade, cover an area with dots. Be realistic, with a plan, or simply let your imagination drift, as if looking a clouds in the sky. Each page is an invitation to slow down, let go, and thoughtfully (or thoughtlessly) let your pen find its way over the image. The Reverse Coloring Book includes 50 original works of art, printed on sturdy paper that's single-sided and perforated. And unlike with traditional coloring books, all you need is a pen.

Meditations in Wonderland -

Anna Patrick 2015-10-06

FOLLOW ELIZABETH DOWN
THE RABBIT HOLE-AND
MEET A WHOLE NEW ALICE.

Elizabeth, a twenty-four-year-old interior designer living in Brooklyn, New York, encounters a little more than mental static when she sits down for her morning meditation, feeling disconnected from herself and her reality. As she meditates, she forces herself to confront her inner demons head on-including the darker parts that she would rather keep hidden from others, like her boyfriend, Adam. Her inner conflict leads

her down a rabbit hole that is far different from the one she remembers from her favorite childhood story. When Elizabeth reaches the bottom of the rabbit hole, she follows a shadowy figure in a familiar blue dress who taunts her and coaxes her deeper into Wonderland. Unable to release herself from her meditation, Elizabeth chases Alice through Wonderland, guided by clues left by Alice, as well as the dark and strangely familiar characters she meets, like the Cheshire Cat, the Tweedle twins, and the Mad Hatter. In Wonderland, Elizabeth comes face to face with her inner light and darkness, and, finally, Alice-and discovers that Alice's secret might be what she has been searching for all along.
