The Rhetoric of Reason - James Crosswhite
2012-11

Responding to skeptics within higher education and critics without, James Crosswhite argues powerfully that the core of a college education

should be learning to write a reasoned argument. A trained philosopher and director of a university-wide composition program, Crosswhite challenges his readers—teachers of writing and communication, philosophers,

critical theorists, and educational administrators—to reestablish the traditional role of rhetoric in education. To those who have lost faith in the abilities of people to reach reasoned mutual agreements, and to others who have attacked the right-or-wrong model of formal logic, this book offers the reminder that the rhetorical tradition has always viewed argumentation as a dialogue, a response to changing situations, an exchange of persuading, listening, and understanding. Crosswhite's aim is to give new purpose to writing instruction and to students' writing, to reinvest both with the deep ethical interests of the rhetorical tradition. In laying out the elements of argumentation, for example, he shows that claiming, questioning, and giving reasons are not simple elements of formal logic, but communicative acts with complicated ethical features. Students must learn not only how to construct an argument, but the purposes, responsibilities, and consequences of engaging in one. Crosswhite supports his aims

through a rhetorical reconstruction of reason, offering new interpretations of Plato and Aristotle and of the concepts of reflection and dialogue from early modernity through Hegel to Gadamer. And, in his conclusion, he ties these theoretical and historical underpinnings to current problems of higher education, the definition of the liberal arts, and, especially, the teaching of written communication.

The New Jim Crow - Michelle Alexander
2020-01-07

Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—“one of the most influential books of the past 20 years,” according to the Chronicle of Higher Education—with a new preface by the author “It is in no small part thanks to Alexander’s account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system.” —Adam

Shatz, London Review of Books Seldom does a book have the impact of Michelle Alexander's *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that "we have not ended racial caste in America; we have merely redesigned it." As the Birmingham News proclaimed, it is "undoubtedly the most important book published in this century about the U.S." Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a

new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

The Craft of Research, Fourth Edition -

Wayne C. Booth 2016-10-07

With more than three-quarters of a million copies sold since its first publication, *The Craft of Research* has helped generations of researchers at every level—from first-year undergraduates to advanced graduate students to research reporters in business and government—learn how to conduct effective and meaningful research. Conceived by seasoned researchers and educators Wayne C. Booth, Gregory G. Colomb, and Joseph M. Williams, this fundamental work explains how to find and evaluate sources, anticipate and respond to reader reservations, and integrate these pieces into an argument that stands up to reader critique. The fourth edition has been thoroughly but respectfully revised by Joseph Bizup and William T. FitzGerald. It retains the original five-part structure, as well as the sound advice of

earlier editions, but reflects the way research and writing are taught and practiced today. Its chapters on finding and engaging sources now incorporate recent developments in library and Internet research, emphasizing new techniques made possible by online databases and search engines. Bizup and FitzGerald provide fresh examples and standardized terminology to clarify concepts like argument, warrant, and problem. Following the same guiding principle as earlier editions—that the skills of doing and reporting research are not just for elite students but for everyone—this new edition retains the accessible voice and direct approach that have made *The Craft of Research* a leader in the field of research reference. With updated examples and information on evaluation and using contemporary sources, this beloved classic is ready for the next generation of researchers. *GO! The Field of Blood - Joanne B. Freeman
2018-09-11

The previously untold story of the violence in Congress that helped spark the Civil War In The

Field of Blood, Joanne B. Freeman recovers the long-lost story of physical violence on the floor of the U.S. Congress. Drawing on an extraordinary range of sources, she shows that the Capitol was rife with conflict in the decades before the Civil War. Legislative sessions were often punctuated by mortal threats, canings, flipped desks, and all-out slugfests. When debate broke down, congressmen drew pistols and waved Bowie knives. One representative even killed another in a duel. Many were beaten and bullied in an attempt to intimidate them into compliance, particularly on the issue of slavery. These fights didn't happen in a vacuum. Freeman's dramatic accounts of brawls and thrashings tell a larger story of how fisticuffs and journalism, and the powerful emotions they elicited, raised tensions between North and South and led toward war. In the process, she brings the antebellum Congress to life, revealing its rough realities—the feel, sense, and sound of it—as well as its nation-shaping import. Funny, tragic, and rivetingly

told, *The Field of Blood* offers a front-row view of congressional mayhem and sheds new light on the careers of John Quincy Adams, Henry Clay, and other luminaries, as well as introducing a host of lesser-known but no less fascinating men. The result is a fresh understanding of the workings of American democracy and the bonds of Union on the eve of their greatest peril.

Legends, Lore, and Lies - Joseph Calabrese 2007
Legends, Lore, and Lies presents critical readings in five sections—urban legends, alternative medicine, the media's role in public gullibility, psychics and the paranormal, and pseudo science—to demonstrate the importance of critical examination and the differences between an opinion or assertion and a supported claim.

Elements of Argument - Annette T. Rottenberg
2008-07-01

Elements of Argument was the first text based on the accessible Toulmin model — the model of argument that fits best with the methods and

goals of college composition. It combines a thorough argument text on critical thinking, reading, writing, and research with an extensive reader on both current and timeless controversial issues. Elements of Argument presents everything students need to analyze, research, and write arguments. The clearest writing and research coverage of any argument textbook has been re-invigorated to make it even more accessible. And it now has an array of provocative new topics — all to help students stake their claim in argument.

Placing Outer Space - Lisa Messeri 2016-09-22
In Placing Outer Space Lisa Messeri traces how the place-making practices of planetary scientists transform the void of space into a cosmos filled with worlds that can be known and explored. Making planets into places is central to the daily practices and professional identities of the astronomers, geologists, and computer scientists Messeri studies. She takes readers to the Mars Desert Research Station and a NASA

research center to discuss ways scientists experience and map Mars. At a Chilean observatory and in MIT's labs she describes how they discover exoplanets and envision what it would be like to inhabit them. Today's planetary science reveals the universe as densely inhabited by evocative worlds, which in turn tells us more about Earth, ourselves, and our place in the universe.

Rhetorical Style - Jeanne Fahnestock
2011-10-12

A comprehensive guide to the language of argument, *Rhetorical Style* offers a renewed appreciation of the persuasive power of the English language. Drawing on key texts from the rhetorical tradition, as well as on newer approaches from linguistics and literary stylistics, Fahnestock demonstrates how word choice, sentence form, and passage construction can combine to create effective spoken and written arguments. With examples from political speeches, non-fiction works, and newspaper reports, *Rhetorical Style* surveys the arguer's options at the word, sentence, interactive, and passage levels, and illustrates the enduring usefulness of rhetorical stylistics in analyzing and constructing arguments.

World of Ideas 8e - Lee A. Jacobus 2009-03-03

[We Need to Talk](#) - Celeste Headlee 2017-09-19
“WE NEED TO TALK.” In this urgent and insightful book, public radio journalist Celeste Headlee shows us how to bridge what divides us—by having real conversations BASED ON THE TED TALK WITH OVER 10 MILLION VIEWS NPR's Best Books of 2017 Winner of the 2017 Silver Nautilus Award in Relationships & Communication “We Need to Talk is an important read for a conversationally-challenged, disconnected age. Headlee is a talented, honest storyteller, and her advice has helped me become a better spouse, friend, and mother.” (Jessica Lahey, author of New York Times bestseller *The Gift of Failure*) Today most of us communicate from behind electronic screens, and studies show that Americans feel less connected and more divided than ever before. The blame for some of this disconnect can be attributed to our political landscape, but the erosion of our conversational skills as a society lies with us as individuals. And the only

way forward, says Headlee, is to start talking to each other. In *We Need to Talk*, she outlines the strategies that have made her a better conversationalist—and offers simple tools that can improve anyone’s communication. For example: BE THERE OR GO ELSEWHERE. Human beings are incapable of multitasking, and this is especially true of tasks that involve language. Think you can type up a few emails while on a business call, or hold a conversation with your child while texting your spouse? Think again. CHECK YOUR BIAS. The belief that your intelligence protects you from erroneous assumptions can end up making you more vulnerable to them. We all have blind spots that affect the way we view others. Check your bias before you judge someone else. HIDE YOUR PHONE. Don’t just put down your phone, put it away. New research suggests that the mere presence of a cell phone can negatively impact the quality of a conversation. Whether you’re struggling to communicate with your kid’s

teacher at school, an employee at work, or the people you love the most—Headlee offers smart strategies that can help us all have conversations that matter.

Thank You for Arguing - Jay Heinrichs
2008-02-12

Thank You for Arguing is your master class in the art of persuasion, taught by professors ranging from Bart Simpson to Winston Churchill. The time-tested secrets the book discloses include Cicero’s three-step strategy for moving an audience to action—as well as Honest Abe’s Shameless Trick of lowering an audience’s expectations by pretending to be unpolished. But it’s also replete with contemporary techniques such as politicians’ use of “code” language to appeal to specific groups and an eye-opening assortment of popular-culture dodges, including: The Eddie Haskell Ploy Eminem’s Rules of Decorum The Belushi Paradigm Stalin’s Timing Secret The Yoda Technique Whether you’re an inveterate lover of language books or just want

to win a lot more anger-free arguments on the page, at the podium, or over a beer, Thank You for Arguing is for you. Written by one of today's most popular online language mavens, it's warm, witty, erudite, and truly enlightening. It not only teaches you how to recognize a paralipsis and a chiasmus when you hear them, but also how to wield such handy and persuasive weapons the next time you really, really want to get your own way. From the Trade Paperback edition.

Teaching Arguments - Jennifer Fletcher 2015
No matter where students' lives lead after graduation, one of the most essential tools we can teach them is how to comprehend, analyze, and respond to arguments. Students need to know how writers' and speakers' choices are shaped by elements of the rhetorical situation, including audience, occasion, and purpose. In *Teaching Arguments: Rhetorical Comprehension, Critique, and Response*, Jennifer Fletcher provides teachers with engaging classroom activities, writing prompts,

graphic organizers, and student samples to help students at all levels read, write, listen, speak, and think rhetorically. Fletcher believes that, with appropriate scaffolding and encouragement, all students can learn a rhetorical approach to argument and gain access to rigorous academic content. *Teaching Arguments* opens the door and helps them pay closer attention to the acts of meaning around them, to notice persuasive strategies that might not be apparent at first glance. When we analyze and develop arguments, we have to consider more than just the printed words on the page. We have to evaluate multiple perspectives; the tension between belief and doubt; the interplay of reason, character, and emotion; the dynamics of occasion, audience, and purpose; and how our own identities shape what we read and write. Rhetoric teaches us how to do these things. *Teaching Arguments* will help students learn to move beyond a superficial response to texts so they can analyze and craft sophisticated,

persuasive arguments--a major cornerstone for being not just college-and career-ready but ready for the challenges of the world.

Writing Arguments - John D. Ramage
2014-12-24

&> For courses in Argument and Research. The most thorough theoretical foundation available Writing Arguments: A Rhetoric with Readings, 10/e integrates four different approaches to argument: the enthymeme as a logical structure, the classical concepts of logos, pathos, and ethos, the Toulmin system, and stasis theory. Focusing on argument as dialogue in search of solutions instead of a pro-con debate with

winners and losers, it is consistently praised for teaching the critical-thinking skills needed for writing arguments. Major assignment chapters each focus on one or two classical stases (e.g. definition, resemblance, causal, evaluation, and policy). Each concept is immediately reinforced with discussion prompts, and each chapter ends with multiple comprehensive writing assignments. This comprehensive version contains a superlative thematic anthology of arguments on contemporary topics and some classics for balance. Also available in a Brief version with rhetoric only (0321964276) and a Concise version (0321964284) which is a redaction of the Brief edition . Also available with MyWritingLab(tm) This title is also available with MyWritingLab -- an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Rules for Writers - Diana Hacker 2010-06-08

Teaching Argument Writing, Grades 6-12 -

George Hillocks 2011

Offers teaching strategies and resources to instruct sixth- through twelfth-graders on how to prepare and write strong arguments and

evaluate the arguments of others, providing step-by-step guidance on arguments of fact, judgment, and policy, and including advice to help students understand how judgments get made in the real world, how to develop and support criteria for an argument, and related topics.

Rhetorical Grammar - Martha Kolln 2003

Rhetorical Grammar encourages writers to recognize and use the structural and stylistic choices available to them and to understand the rhetorical effects those choices can have on their readers. Rhetorical Grammar is a writer's grammar - a text that presents grammar as a rhetorical tool, avoiding the do's and don'ts so long associated with the study of grammar. It reveals to student writers the system of grammar that they know subconsciously and encourages them to use that knowledge to understand their choices as writers and the effects of those choices on their readers. Besides providing key strategies for revision, Rhetorical

Grammar presents systematic discussions of reader expectation, sentence rhythm and cohesion, subordination and coordination, punctuation, modifiers, diction, and other principles. Studying grammar from this rhetorical point of view defines the study of language as an intellectual exercise designed to open up students' minds to the versatility, beauty, and possibilities of language.

The Oxford Handbook of Rhetorical Studies - Michael John MacDonald 2017

Featuring roughly sixty specially commissioned essays by an international cast of leading rhetoric experts from North America, Europe, and Great Britain, the Handbook will offer readers a comprehensive topical and historical survey of the theory and practice of rhetoric from ancient Greece and Rome through the Middle Ages and Enlightenment up to the present day.

Reconnecting Reading and Writing - Alice S. Horning 2013-09-06

Reconnecting Reading and Writing explores the ways in which reading can and should have a strong role in the teaching of writing in college. Reconnecting Reading and Writing draws on broad perspectives from history and international work to show how and why reading should be reunited with writing in college and high school classrooms. It presents an overview of relevant research on reading and how it can best be used to support and enhance writing instruction.

Literature for Composition - William Burto 2002-12

Literature for Composition, Compact Edition offers renowned coverage of writing, argument, and critical thinking in a brief and accessible format. While omitting the thematic anthology in the full version, the Compact Edition includes complete coverage of the writing process, three chapters devoted to argument, coverage of the literary elements and the study of visual images, and four case studies. A strong sampling of

literary selections are integrated into every chapter. After preliminary chapters on getting ideas and thinking critically, readers encounter chapters devoted to the essay, fiction, drama, and poetry. Abundant material on research and the Internet provides up-to-date instruction on evaluating, using, and citing electronic sources. A rich presentation of images supports an emphasis on visual learning and critical thinking. For those interested in the study and composition of literature.

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what

fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were

eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Rhetorical Devices - Brendan McGuigan 2011

Legal Writing - Robert Edwin Bacharach 2020
"Effective legal writing calls not only for artistry but also for scientific understanding. Legal wordsmiths turned words and phrases into finely

tuned aphorisms, just as van Gogh and Matisse turned blank canvases into brilliant combinations of color and light. Unlike most forms of art, however, effective legal writing serves primarily to explain and persuade. You cannot easily explain or persuade without considering how your intended audience will process your words. Thinking about the intended reader is natural. Is your brief going to a court overwhelmed by filings? Is the assigned judge likely to read the brief once or to reread it many times? Are opinions by the assigned judge long or short?"--

Responding to the increasing mobility of texts, MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-

following. "

Patterns for College Writing - Laurie G.

Kirszner 2011-12-22

Laurie Kirszner and Stephen Mandell, authors with nearly thirty years of experience teaching college writing, know what works in the classroom and have a knack for picking just the right readings. In *Patterns for College Writing*, they provide students with exemplary rhetorical models and instructors with class-tested selections that balance classic and contemporary essays. Along with more examples of student writing than any other reader, *Patterns* has the most comprehensive coverage of active reading, research, and the writing process, with a five-chapter mini-rhetoric; the clearest explanations of the patterns of development; and the most thorough apparatus of any rhetorical reader, all reasons why *Patterns for College Writing* is the best-selling reader in the country. And the new edition includes exciting new readings and expanded coverage of critical reading, working

with sources, and research. It is now available as an interactive Bedford e-book and in a variety of other e-book formats that can be downloaded to a computer, tablet, or e-reader. Read the preface.

The Little Brown Compact Handbook - Jane E. Aaron 1999-08

Critical Thinking, Reading, and Writing - Sylvan Barnet 2013-08-23

Critical Thinking, Reading, and Writing is a compact but complete guide to critical thinking and argumentation. Comprising the text portion of the widely adopted *Current Issues and Enduring Questions*, it draws on the authors' dual expertise in effective persuasive writing and comprehensive rhetorical strategies to help students move from critical thinking to argumentative and researched writing. This extraordinarily versatile text includes comprehensive coverage of classic and contemporary approaches to argument, from

Aristotelian to Toulmin, to a new chapter on rhetorical analysis of pop culture texts, as well as 35 readings (including e-Pages that allow students to take advantage of working with multimodal arguments on the Web), and a casebook on the state and the individual. This

affordable guide can stand alone or supplement a larger anthology of readings.
