Health and Welfare of Brachycephalic (Flat-faced) Companion Animals - Rowena Packer 2021-08-06

Health and welfare issues of brachycephalic (flat-faced) animals are one of the most pressing problems facing companion animals right now. Dogs, in particular, are suffering from a 'brachycephalic crisis' resulting from a perfect storm where predispositions to an array of health issues are amplified by a population boom for certain brachycephalic breeds such as the French Bulldog and Pug. But yet, for many owners, these dogs represent the perfect companion: endearing personas and cute looks in a socially desirable package. So where is the truth in all of this? This book will equip veterinary professionals, animal welfare scientists, breeders and owners with the fuller story about brachycephalic health and welfare. The first half of the book provides the context of how and why we are in this crisis, offering in-depth historical, social, ethical, communication, nursing, welfare, epidemiological, genetics and international perspectives. The second half shifts towards the clinical arena, with chapters that cover the background, diagnosis, treatment and prevention of the many unique healthcare needs of brachycephalic animals. Cutting-edge knowledge is shared on a range of disciplines

including respiratory disease, ophthalmology, dermatology, dentistry, neurology, obesity, reproduction and anesthesia. With twenty chapters written by world-leading experts, lifetimes of experience and knowledge are condensed into the first book dedicated exclusively to brachycephaly in companion animals. This essential reference resource will inform, challenge and stimulate; it will open your mind to new opportunities for you to improve the welfare of brachycephalic animals by your personal and collective choices and actions. But prepare to be surprised: you may just find that your views on brachycephaly in companion animals will be changed forever.

Animal Welfare - Retail Pet Stores and Licensing Exemptions (Us Animal and Plant Health

Inspection Service Regulation) (Aphis) (2018

Edition) - The Law The Law Library 2018-06-09

Animal Welfare - Retail Pet Stores and Licensing Exemptions (US Animal and Plant Health

Inspection Service Regulation) (APHIS) (2018

Edition) The Law Library presents the complete

text of the Animal Welfare - Retail Pet Stores and Licensing Exemptions (US Animal and Plant Health Inspection Service Regulation) (APHIS) (2018 Edition). Updated as of May 29, 2018 We

are revising the definition of retail pet store and related regulations in order to ensure that the definition of retail pet store in the regulations is consistent with the Animal Welfare Act (AWA), thereby bringing more pet animals sold at retail under the protection of the AWA. Specifically, we are narrowing the definition of retail pet store to mean a place of business or residence at which the seller, buyer, and the animal available for sale are physically present so that every buyer may personally observe the animal prior to purchasing and/or taking custody of that animal after purchase, and where only certain animals are sold or offered for sale, at retail, for use as pets. Retail pet stores are not required to be licensed and inspected under the AWA. In addition, we are removing the limitation on the source of gross income from the licensing exemption in the regulations for any person who does not sell or negotiate the sale of any wild or exotic animal, dog, or cat and who derives no more than \$500 gross income from the sale of the animals other than wild or exotic animals,

dogs, or cats during any calendar year. We are also increasing from three to four the number of breeding female dogs, cats, and/or small exotic or wild mammals that a person may maintain on his or her premises and be exempt from the licensing and inspection requirements if he or she sells only the offspring of those animals born and raised on his or her premises, for pets or exhibition. This exemption applies regardless of whether those animals are sold at retail or wholesale. These actions are necessary so that all animals sold at retail for use as pets are monitored for their health and humane treatment. Training the Best Dog Ever - Larry Kay 2012-09-25

Training the Best Dog Ever, originally published in hardcover as *The Love That Dog Training Program*, is a book based on love and kindness. It features a program of positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. *Training the Best*

Dog Ever relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

Animal-Assisted Interventions in Health Care Settings - Sandra B. Barker 2019-01-15

Growing literature around the benefits of animal-assisted intervention (AAI) spurs health care professionals and administrators to start new programs. Yet the trend also raises questions of how best to begin and run successful AAI programs—under what circumstances, with what staff, and within what guidelines. *Animal-Assisted Interventions in Health Care Settings: A Best Practices Manual for Establishing New Programs* succinctly outlines how best to develop, implement, run, and evaluate AAI programs. Drawing on extensive professional experiences and research from more than fifteen years of leading the Center for Human-Animal Interaction in the Virginia Commonwealth University School of Medicine, the authors discuss both best practices and best reasons for establishing AAI programs. For thorough consideration, the text explores benefits from a variety of perspectives, including how AAI can improve patient experience, provide additional career development for staff, and contribute favorably to organizational culture and to the reputation of

the facility in the surrounding community. Developed for administrators as well as for volunteers and staff, *Animal-Assisted Interventions in Health Care Settings* includes practical, case-based examples for easy comprehension and offers an accompanying online user-friendly template that can be adapted to develop practice-specific training, evaluation, and procedure manuals.

Another Good Dog: One Family and Fifty Foster Dogs - Cara Sue Achterberg 2018-08-07

A warm and entertaining memoir about what happens when you foster fifty dogs in less than two years—and how the dogs save you as much as you save them. When Cara felt her teenaged children slipping away and saw an empty nest on the horizon, she decided the best way to fill that void was with dogs—lots of them—and so her foster journey began. In 2015, her Pennsylvania farm became a haven for Operation Paws for Homes. There were the nine puppies at once, which arrived with less than a day's notice; a heart-worm positive dog; a deeply traumatized stray pup from Iraq; and countless others who just needed a gentle touch and a warm place to sleep. Operation Paws for Homes rescues dogs from high-kill shelters in the rural south and shuttles them north to foster homes like Cara's on the way to their forever homes. What started as a search for a good dog, led to an epiphany that there wasn't just one that could fill the hole left in her heart from her children gaining independence—she could save dozens along the way. The stories of these remarkable dogs—including an eighty-pound bloodhound who sang arias for the neighbors—and the joy they bring to Cara and her family (along with a few chewed sofa cushions) fill the pages of this touching and inspiring new book that reveals the wonderful rewards of fostering. When asked how she can possibly say goodbye to that many loveable pups, Cara says, "If I don't give this one away, I can't possibly save another." Filled with humanity and hope, *Another Good Dog* will take the reader on a journey of smiles, laughs, and tears—and lead us to wonder how many other good dogs are out there and what we can do to help.

Weathering Time - NANCY. FLOYD 2021-05-11

'It's not just the body that changes: Fashions and hairstyles evolve; pets come and go; typewriters, analog clocks, and telephones with cords disappear; and finally, film gives way to digital and the computer replaces the darkroom. While *Weathering Time* is a personal archive, and I am mining the archive to address issues of the female body, the family snapshot and loss, I am also interested in producing images that suggest some of the experiences of my generation. Indeed, the photographs underscore the cultural, technological, and physical changes that have occurred over the past thirty-five years—from my youth to the dawn of my old age.'

Healing/Heeling - Sassafra Lowrey
2019-04-24

In these experimental lyric essays, Lowrey explores queerness, PTSD, anxiety, and created family. A framing of Rally Obedience and Dog Agility course maps create a textured story on the page, a hybrid form in which Lowrey recounts a spiritual-like relationship to dogs beginning in childhood, a passion for dog shows fractured in adolescence with a period of homelessness, a service dog, anxiety, and a return to dog sports. This collection transcends Lowrey's personal relationship with dogs to tell a larger story about healing, loss, trauma, survival, and of course the love (and salvation) of

many good dogs.I-I ()))))))))(((((((I-I ()))))))))(((((((I-I ()))))))))(((((((I-IAdvanced Praise for Healing/Heeling "Healing/Heeling is a poetic fever-dream of a small book about training, handling and living with dogs: how they make us and save us and can even almost break us. Sassafra Lowrey's book is an essay, a harsh poem, an autobiography, a fractured narrative- and an apology and ode to the dogs of hir life: the spooky, the injured, the vulnerable, the brave. But the book's heartbreak is beautifully balanced by its close companion: the transcendent joy that comes from working in close partnership with a dog. Serpentine and leap, heel and heal."Cat Warren, NYT bestselling author of What the Dog Knows: Scent, Science, and the Amazing Ways Dogs Perceive the World. "Merging the mechanics of dog handling courses with the intensely personal story of how relationships with dogs have shaped hir life, Sassafra Lowrey has created a new kind of memoir, both deeply engaging and emotionally devastating. Combining poetry and prose, ze explores the themes of queerness, family, and the deep bond between humans and dogs with raw honesty and grace."Michael Thomas Ford, 5-time Lambda Literary Award Winner"Using narrative mixed with the visuals of dog agility course maps, Sassafra guides us through a journey of obstacles, sudden turns, long tunnels, leaps of bravery, and now, eventually, so many "clean runs." So often, after inordinate trauma, it is necessary to not only leave what damaged us behind but also everything associated with it. Sassafra Lowrey shows us that it is possible to not only re-invent ourselves, but also to gather up and claim the lost pieces of what has always sustained us.-Sandra Gail Lambert, author of A Certain Loneliness"This small book has a big impact if you love dogs. It is a deep and dreamlike meditation on how hir love of dogs intertwined with and redeemed hir brutalized childhood and how dog sports like agility, obedience and scent work nurtured a damaged sense of self worth and agency."-Esther Newton, author of My Butch Career: A Memoir Dog Shaming - Pascale Lemire 2013-09-24 Based on the runaway web phenomenon (dogshamingdotcom), Dog Shaming features the most hilarious, most shameful, and never-before-seen doggie misdeeds. Our dogs are our best

friends. They are always happy to see us. They comfort us in our times of need. They also eat our shoes, stain our carpets, and embarrass us in front of our guests. Dog owners everywhere have found their outlet in Dog Shaming, where they can confess their dogs' biggest (and often grossest!) sins, which turn out to be recognizably universal—complete with snapshots of ridiculously cute but shamed pups who don't seem capable of humping humans, pooping on pillows, or snagging steak straight from a grill. So share in the shaming and laugh through your frustration as Dog Shaming reminds us that unconditional love goes both ways.

Underwater Dogs - Seth Casteel 2012-10-23
The exuberant, exhilarating photographs of dogs

underwater that have become a sensation. From the water's surface, it's a simple exercise: a dog's leap, a splash, and then a wet head surfacing with a ball, triumphant. But beneath the water is a chaotic ballet of bared teeth and bubbles, paddling paws, fur and ears billowing in the currents. From leaping Lab to diving Dachshund, the water is where a dog's distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work. In *Underwater Dogs*, Seth Casteel gives playful and energetic testament to the rough-and-tumble joy that our dogs bring into our lives.
