Andreas e Zoya. Il fiore di pietra - Francesca Cani 2018-03-14

Anno Domini 1112. Zoya è convinta che non troverà mai l'amore a causa delle cicatrici che le attraversano il viso come graffi di una fiera. La sua vita è cambiata undici anni prima, quando era ancora una ragazzina innamorata, ma ora è una donna e sa cosa desidera: ricominciare a vivere in un luogo lontano dal passato. Per questo parte per la rocca di Rostock, dove spera di liberarsi dei pensieri che le avvolgono la mente e il cuore... Il castello sul fiordo di Rostock è stato assegnato a uno spietato guerriero, arrogante e violento, che tutti chiamano Der Bär, l'Orso, ma il cui vero nome è Andreas. Proprio in lui Zoya riconosce il suo amico di infanzia e primo segreto amore, tornato dall'Oriente dopo aver affrontato e superato terribili prove. Lei è stata la sola donna che abbia mai toccato lo spirito di Andreas prima che si trasformasse in roccia. L'amore tra i due riemerge con forza, ma a separarli c'è un abisso di segreti che solo il sentimento più potente può colmare. L'Impero vacilla, la corona è contesa, Enrico V e il duca Lotario si affrontano in sanguinosi conflitti... Amore o guerra? La scelta spetta a un cuore di pietra.

Biologic Markers in Reproductive Toxicology - National Research Council 1989-02-01

Does exposure to environmental toxicants inhibit our ability to have healthy children who develop normally? Biologic markers—indicators that can tell us when environmental factors have caused a change at the cellular or biochemical level that might affect reproductive ability—are a promising tool for research aimed at answering that important question. Biologic Markers in Reproductive Toxicology examines the potential of these markers in environmental health studies; clarifies definitions, underlying concepts, and possible applications; and shows the benefits to be gained from their use in reproductive and neurodevelopmental research.

The Quick - Lauren Owen 2014-06-17

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SLATE • Includes an exclusive conversation between Lev Grossman and Lauren Owen For fans of Anne Rice, *The Historian*, and *The Night Circus*, an astonishing debut, a novel of epic scope and suspense that conjures up all the magic and menace of Victorian London 1892: James Norbury, a shy would-be poet newly down from Oxford, finds lodging with a charming young aristocrat. Through this new friendship, he is introduced to the drawing-rooms of high society and finds love in an unexpected quarter. Then, suddenly, he vanishes without a trace. Alarmed, his sister, Charlotte, sets out from their crumbling country estate determined to find him. In the sinister, labyrinthine London that greets her, she uncovers a hidden, supernatural city populated by unforgettable characters: a female rope walker turned vigilante, a street urchin with a deadly secret, and the chilling "Doctor Knife." But the answer to her brother's disappearance ultimately lies within the doors of the exclusive, secretive Aegolius Club, whose predatory members include the most ambitious, and most bloodthirsty, men in England. In her first novel, Lauren Owen has created a fantastical world that is both beguiling and terrifying. *The Quick* will establish her as one of fiction's most dazzling talents. Look for special features inside. Join the Random House Reader's Circle for author chats and more. Owen takes the gothic conventions of the vampire novel in a refreshing new direction."—Deborah Harkness, author of *A Discovery of Witches* and *The Book of Life* "A good old-fashioned vampire novel . . . What fun."—The New York Times Book Review (Editor's Choice) "The *Quick* is that rare book that reviewers and readers live for: both plot- and character-driven, a stay-up-all-night reading romp. . . . This is elegant, witty, force-of-nature writing."—The Dallas Morning News "The book's

energy, its wide reach and rich detail make it a confident example of the 'unputdownable' novel."—The Economist "A seamless blend of Victorian London and rich imagination."—Tana French, author of *In the Woods* "A thrilling tale . . . This book will give you chills even on a hot day."—Minneapolis Star Tribune "Stylishly sinister . . . will have you sleeping with the lights on."—O: The Oprah Magazine "A sly and glittering addition to the literature of the macabre."—Hilary Mantel, author of *Wolf Hall* "A big, sly bucketful of the most tremendous fun . . . Owen captures Dickens's London with glee and produces a number of characters Dickens would be happy to call his own."—Pittsburgh Post-Gazette [Overcoming School Refusal](#) - Joanne Garfi 2018-01-31

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Naturally Nude in Nature - Amazilia Photography 2019-08-08

One of the revelations with photography is that monochrome images often enable us to see the world and people in new, and often deeper, ways. Colour is such a dominant part of our vision that we often overlook more subtle variations in tones and textures. This book is a companion volume to the colour book "Rewilding the Human Spirit", but instead of repeating the contemporary narrative contained in that book, this work includes a range of directly relevant quotations which show and help to explain humans' deep and intrinsic connection to our natural world. The importance of landscape, nature and our natural world is shown both through these quotations and through just over 130 monochrome fine art nude images, involving 15 different women aged 24 to 43. The works have been shot in a range of natural locations around Europe.

[The Distribution of Prime Numbers](#) - Dimitris Koukoulopoulos 2020-07-28

Prime numbers have fascinated mathematicians since the time of Euclid. This book presents some of our best tools to capture the properties of these fundamental objects, beginning with the most basic notions of asymptotic estimates and arriving at the forefront of mathematical research. Detailed proofs of the recent spectacular advances on small and large gaps between primes are made accessible for the first time in textbook form. Some other highlights include an introduction to probabilistic methods, a detailed study of sieves, and elements of the theory of pretentious multiplicative functions leading to a proof of Linnik's theorem. Throughout, the emphasis has been placed on explaining the main ideas rather than the most general results available. As a result, several methods are presented in terms of concrete examples that simplify technical details, and theorems are stated in a form that facilitates the understanding of their proof at the cost of sacrificing some generality. Each chapter concludes with numerous exercises of various levels

of difficulty aimed to exemplify the material, as well as to expose the readers to more advanced topics and point them to further reading sources.

Pwa90 - Piers E. T. Al COLEMAN 2015-12-21

"In a remarkable career spanning more than six decades, Philip W. Anderson has made many fundamental contributions to physics. As codified in his oft-quoted phrase "More is Different", Anderson has been the most forceful and persuasive proponent of the radical, but now ubiquitous, viewpoint of emergent phenomena: truly fundamental concepts that can and do emerge from studies of Nature at each layer of complexity or energy scale. Anderson's ideas have also extended deeply into other areas of physics, including the Anderson-Higgs mechanism and the dynamics of pulsars. PWA90: A Lifetime of Emergence is a volume of original scientific essays and personal reminiscences of Philip W Anderson by experts in the field, that were presented as part of "PWA90: Emergent Frontiers of Condensed Matter" meeting held at Princeton in December 2013 to highlight Anderson's contributions to physics"--

Fantasmagoriana (Tales of the Dead) - A.J. Day 2008-07

It was on a 'dark and stormy night', during the summer of 1816 that an eccentric group of English literati gathered at the Villa Diodati. The atmosphere at the Villa was charged by the violent streaks of lightening that licked at the mountain tops and split a black sky. As the wind outside whipped up the surface of lake Lemano into a cauldron of waves the occupants of the Villa; Lord Byron, Mary Shelley, Dr John Polidori, Percy Shelley and Claire Clairmont, whipped themselves into a gothic frenzy with recitals of haunting poetry and ghost stories. The stories that they read came from a book, originally written in German, that had recently been translated into French. The book that they read from was called *Fantasmagoriana*.

Fantasmagoriana has a unique place in literary history. This is the first full translation of the stories that inspired Mary Shelley's *Frankenstein* and Dr John Polidori's *The Vampyre*.

Complete Enlightenment - Master Sheng-Yen 1999-01-26

Complete Enlightenment is the first authoritative translation and commentary on *The Sutra of Complete Enlightenment*, a central text that shaped the development of East Asian Buddhism and Ch'an (Chinese Zen). The text is set in the form of a transcription of discussions between the Buddha and the twelve enlightened beings (bodhisattvas), who question him on all aspects of spiritual practice. This new translation preserves all the liveliness and nuance of the text in the original Chinese. The sutra's ancient wisdom is brought to life by the commentaries of Master Sheng Yen, one of the most revered living Buddhist masters in the Ch'an lineage. This is truly a manual for the spiritual journey toward complete enlightenment, providing the key to the deep, poetic, and practical meanings of the scripture.

Social Work in Europe - Charlotte Williams 2013-09-13

It is an acknowledged if not accepted fact that all European societies are being fundamentally transformed, and indeed perceptively unsettled, by increased migrations across nations and by the asserted presence of established minorities within their borders. The scale and speed at which these transformations have taken place have brought in their wake considerable social impacts and no small measure of fear and anxiety.

Encounters with such diversity are part and parcel of the social work task, and learning how to negotiate them should be a de facto aspect of the training and continuous professional development of social workers and other social professions. However, the moral and political dimensions of the role, scope and nature of the social work task in responding appropriately to these changed and changing realities are rather more contested. This volume addresses many dimensions of the response to issues of race and ethnicity in social work practice in Europe. It extends the debates on inter-cultural and race equality practice in social work through a stimulating and innovative collection of contributions. This book was originally published as a special issue of the *European Journal of Social Work*.

Simon Boccanegra - Giuseppe Verdi 2018-01-01

Verdi's *Simon Boccanegra* exists in two versions: that of the 1857 original and that of the 1881 revision. The texts of the libretto of both versions are included in this guide, with a number of essays which focus on the differences between the two. Rodolfo Celletti provides the story's historical context, setting the events of the real life of Simon Boccanegra against the unification of Italy, which formed the political backdrop to the composition of both versions of Verdi's opera. James A. Hepokoski gives a detailed synopsis of the 1881 score, and indicates the ways in which Verdi radically revised the original and reworked it to fit his late style. Lastly, Desmond Shawe-Taylor discusses Verdi's attitude to his singers, and the critical reception that performances of both versions of the opera received. This edition contains over twenty illustrations, a thematic guide and the texts of the libretti in the original with literal translations.
