Jesus from Outer Space - Richard Carrier 2020-10-20

The earliest Christians believed Jesus was an ancient celestial being who put on a bodysuit of flesh, died at the hands of dark forces, and then rose from the dead and ascended back into the heavens. But the writing we have today from that first generation of Christians never says where they thought he landed, where he lived, or where he died. The idea that Jesus toured Galilee and visited Jerusalem arose only a lifetime later, in unsourced legends written in a foreign land and language. Many sources repeat those legends, but none corroborate them. Why? What exactly was the original belief about Jesus, and how did this belief change over time? In Jesus from Outer Space, noted philosopher and historian Richard Carrier summarizes for a popular audience the scholarly research on these and related questions, revealing in turn how modern attempts to conceal, misrepresent, or avoid the actual evidence calls into question the entire field of Jesus studies--and present-day beliefs about how Christianity began.

Wreckers of Civilisation - Simon Ford 2017-10-31

Wreckers of Civilisation tells the story of two interconnected groups: the performance art group COUM Transmissions and the music group Throbbing Gristle, focusing on their key protagonists - Genesis P-Orridge, Cosey Fanni Tutti, Peter Christopherson and Chris Carter.

Danger, Memory! - Arthur Miller 1987

In "Danger: Memory!" Two contrasting but thematically related one-act plays, *I Can't Remember Anything* and *Clara*, are concerned with remembrance. The first play portrays the shared and disputed recollections of two elderly friends, and *Clara* dramatizes the resistance to brutal present-day fact when a young woman's father speaks with a detective investigating her murder. Like all of Miller's plays, *Danger: Memory!* holds the powerful emotional charge and social perceptions associated with his work while reaching for one of the fundamental issues of mankind, the selective amnesia of the past.

Did Moses Exist? - D. M. Murdock 2014

The biblical figure of Moses has been the center of fascination for over 2,000 years, but what do we actually know about him? Was he a real person? Did the Exodus truly happen? Or is the story in the Pentateuch a mythical account written centuries after the alleged events? Why does Moses's story resemble that of other, older lawgivers and legendary predecessors? Why are there so many elements of sun and wine god myths in the tale of Moses? What does the focus on the serpent in his story signify? Who were Yahweh and the Elohim? Did Moses Exist? includes: Maps and 126 illustrations Extensive bibliography, table of

contents and index Hundreds of footnotes and citations from primary sources in multiple languages Best modern scholarship from credentialed authorities Did Moses Exist? provides a massive amount of information from antiquity about the world's religious traditions and mythology, including how solar myths, wine cultivation and fertility cults have shaped the Bible and Judaism. This book may be the most comprehensive study to date, using the best scholarship and state-of-the-art research methods. "The existence of Moses as well as the veracity of the Exodus story is disputed amongst archaeologists and Egyptologists, with experts in the field of biblical criticism citing logical inconsistencies, new archaeological evidence, historical evidence and related origin myths in Canaanite culture." --"Moses," Wikipedia "There is no historical evidence outside of the Bible, no mention of Moses outside the Bible, and no independent confirmation that Moses ever existed." --Dr. Michael D. Coogan, lecturer on the Old Testament at Harvard Divinity School "We cannot be sure that Moses ever lived because there are no traces of his earthly existence outside of tradition." --Egyptologist Dr. Jan Assmann, Moses the Egyptian "The life of Moses contains elements--canonical and apocryphal--that mark him as a true mythic hero, and certainly he is Judaism's greatest hero and the central figure in Hebrew mythology." --Dr. David Leeming, The Oxford Companion to World Mythology "...the stories of the creation, of the flood, of Abraham, of Jacob, of the descent into and the exodus from Egypt, of the career of Moses and the Jews in the desert, of Joshua and his soldiers, of the judges and their clients, are all apocryphal, and were fabricated at a late period of Jewish history." --Dr. Thomas Inman, Ancient Faiths and Modern Table of Contents List of Illustrations Preface Introduction Who Wrote the Pentateuch? Was Moses an Egyptian Pharaoh or Priest? The Exodus as History? The Exodus in Ancient Literature Hyksos and Lepers Who Were the Israelites? The Exodus as Myth The Lawgiver Archetype The Dionysus Connection The Life of Dionysus The Vine and Wine The Great God Sun Yahweh and the Sun Moses as Solar Hero Conclusion Bibliography Index *Suns of God* - Acharya S 2004 Unlike many modern historians, Perry was a diffusionist who believed

that modern civilization began in Egypt and was spread via ships to Indonesia, the Pacific Islands, and even to North America. Perry traces the origin of megalithic culture starting in Egypt, and then across the Pacific. Searching for gold, obsidian, and pearls, they travelled across the Pacific to the American Southwest and Mexico.

Gypsy Sorcery and Fortune Telling - Charles G. Leland 2021-01-01

Gypsy Sorcery and Fortune Telling discusses spells, incantations and talismans used within Roma culture, as well as the more practical magic they use in their interaction with the Gorgios--the non-Gypsies. It is this latter topic which provides some of the most interesting and instructional reading. Leland gives some generalized methods of fortune-telling which any prospective psychic would do well to study; as well as the details of the 'Great Secret', a magic trick in which all of your money disappears.

Graced by Waters - John Dietsch 2020-04-28

In this inspirational and humorous collection of essays, author John Dietsch sees his addiction to and passion for fishing as a parable that can help us shift from compulsive thinking to mindfulness and a closer connection to God. From creating fishing scenes on the set of *A River Runs Through It* in Montana, to directing fly fishing shows in New Zealand and from exploring deep canyons in California to guiding in Colorado, John shares his experiences and asks the question: what are we really fishing for? Through John's journeys across the globe, we discover that the same pursuit in fishing—of what is elusive but attainable—can be applied to our own spiritual journey. In the end, Dietsch uncovers his own truth under the rocks of a childhood river, recognizing the loss of both his brothers as the path of acceptance and faith that is graced by waters.

KRST. Jesus a Solar Myth - Pier Tulip 2015

A mythographic research in antithesis to the canonical line of historical research on the origin of Christianity. The treatment turns immediately to search for mythical elements arising from antecedents religions that may have inspired some passages and descriptions of the Gospels. In the central chapter, however, the comparative method is soon abandoned to introduce a new exegetical analysis suggested by an original idea of decoding the Egyptian solar myth.

Devonshire Scream - Laura Childs 2017-03-07

The New York Times bestselling author of *Ming Tea Murder* serves up

heists, homicides, and herbal blends in the latest in the *Tea Shop* mysteries. Catering a trunk show at Heart's Desire Jewelry is a shining achievement for Theodosia and the Indigo Tea Shop. After all, a slew of jewelers, museum curators, and private collectors will be there to sip some of Theo's best blends. Unfortunately, the party is crashed by a gang of masked muggers who steal the precious gems on display, and then disappear almost as quickly as they arrived—leaving a dead body in their wake. Theo gets involved in the case after her friend Brooke, aunt of the victim and owner of Heart's Desire, begs for help in figuring out who committed the brutal burglary. Though the FBI believes this smash and grab is the work of an international gang of jewel thieves, Theo is convinced that the felon is someone much closer to home... INCLUDES DELICIOUS RECIPES AND TEA TIME TIPS!

Functional Polymer Solutions and Gels - Florian J Stadler 2020-09-04
"Functional Polymer Solutions and Gels-Physics and Novel Applications" contains a broad range of articles in this vast field of polymer and soft matter science. It shows insight into the field by highlighting how sticky (non-covalent) chemical bonds can assemble a seemingly water-like liquid into a gel, how ionic liquids influence the gelation behavior of poly(N-Isopropylacrylamide) as well as how the molecular composition of functional copolymers is reflected in the temperature-responsiveness. These physics were augmented by theoretical works on drag-reduction. Also, drug-release - an improved control of how fast or dependent on an external factor - and antibacterial properties were the topic of several works. Biomedical applications on how cell growth can be influenced and how vessels in biological systems, e.g., blood vessels, can be improved by functional polymers were complemented with papers on tomography by using gels. On totally different lines, also the topic of how asphalt can be improved and how functional polymers can be used for the enrichment and removal of substances. These different papers are a good representation of the whole area of functional polymers.

Sick - Tom Leveen 2013-10-01

Brian and his friends are not part of the cool crowd. They're the misfits and the troublemakers—the ones who jump their high school's fence to skip class regularly. So when a deadly virus breaks out, they're the only ones with a chance of surviving. The virus turns Brian's classmates and teachers into bloodthirsty attackers who don't die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe

(and stuck) in the theater department—far from Brian's sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won't be easy, and it will test everything they thought they knew about themselves and their classmates. Praise for SICK "The gore and action will leave enthralled readers thrilled and then sated with each kill on either side." —Booklist "Between the pacing and the heroes' salty, blue language (full of lovingly creative, genital-inspired insults), reluctant readers who love zombies will devour it, right up to the abrupt end." —Kirkus Reviews "Sick is well written, with great detail, even if it is a little gory." —VOYA Magazine Awards 2014 Quick Picks for Reluctant Young Readers list from YALSA

Creating Christ - James S. Valliant 2016-09-07

Exhaustively annotated and illustrated, this explosive work of history unearths clues that finally demonstrate the truth about one of the world's great religions: that it was born out of the conflict between the Romans and messianic Jews who fought a bitter war with each other during the 1st Century. The Romans employed a tactic they routinely used to conquer and absorb other nations: they grafted their imperial rule onto the religion of the conquered. After 30 years of research, authors James S. Valliant and C.W. Fahy present irrefutable archeological and textual evidence that proves Christianity was created by Roman Caesars in this book that breaks new ground in Christian scholarship and is destined to change the way the world looks at ancient religions forever. Inherited from a long-past era of tyranny, war and deliberate religious fraud, could Christianity have been created for an entirely different purpose than we have been lead to believe? Praised by scholars like Dead Sea Scrolls translator Robert Eisenman (James the Brother of Jesus), this exhaustive synthesis of historical detective work integrates all of the ancient sources about the earliest Christians and reveals new archeological evidence for the first time. And, despite the fable presented in current bestsellers like Bill O'Reilly's Killing Jesus, the evidence presented in Creating Christ is irrefutable: Christianity was invented by Roman Emperors. I have rarely

encountered a book so original, exciting, accessible and informed on subjects that are of obvious importance to the world and to which I have myself devoted such a large part of my scholarly career studying. In this book they have rendered a startling new understanding of Christianity with a controversial theory of its Roman provenance that is accessible to the layman in a very powerful way. In the process, they present new and comprehensive archeological and iconographic evidence, as well as utilizing the widest and most cutting edge work of other recent scholars, including myself. This is a work of outstanding and original scholarship. Its arguments are a brilliant, profound and thorough integration of the relevant evidence. When they are done, the conclusion is inescapable and obviously profound. Robert Eisenman, Author of James the Brother of Jesus and The New Testament Code "A fascinating and provocative investigative history of ideas, boldly exploring a problem that previous scholarship has not clearly or credibly addressed: how (and why!) the Flavian dynasty wove Christianity into the very fabric of Western civilization." -Mark Riebling, author of Church of Spies: The Pope's Secret War Against Hitler

Ten Things Christians Wish Jesus Hadn't Taught - David Madison
2021-08-21

This is a book about ten of the most significant uncomfortable teachings of Jesus. These are teachings that Christians don't like to think or talk about. They are clear imperatives from Jesus that are, for the most part, ignored by the majority of believers.

[Seeing through Christianity](#) - Bill Zuersher 2014-06-20

The only book you'll ever need to read about Christianity. This remarkable book provides a critical overview of Christian beliefs and the evidence for them. Where did these beliefs come from? Are there good reasons to believe Christianity is true? Bill Zuersher clearly explains each of Christianity's major beliefs. He then proceeds to demonstrate significant difficulties with each of them. The book tackles these beliefs in a logical order, beginning with the problems at the root of virtually all religions, suffering and death, and culminating in their supposed resolution through Jesus. Mr. Zuersher also examines the evidence for

Christianity, namely religious writings and the historical fact of the early Jesus movement. He makes the case that this evidence does not support the religion's claims and he provides naturalistic alternative explanations for how its core beliefs arose. In these pages we see the coalescence of Jewish and Zoroastrian religious ideas with those of Greek philosophy and mystery cults, to form the belief system we recognize as Christianity today. The result, Mr. Zuersher argues, is not revealed truth, but rather a human patchwork which contains unwarranted assumptions and logical flaws, all founded upon questionable evidence. Entertaining throughout, it is must-reading for skeptics, apologists, and anyone interested the world's largest religion or the culture wars behind today's politics -- an invaluable resource for students and teachers, writers and debaters.

32 Candles - Ernessa T. Carter 2011-06-28

Davie Jones—an ugly duckling growing up in small-town Mississippi with a mother who couldn't get any meaner—is positive her life couldn't be any worse. Just when she's resigned herself to her fate, she sees a movie that will change her life—Sixteen Candles. But in her case, life doesn't imitate art. Tormented in school and hopelessly in unrequited love with a handsome football player, Davie finds it bittersweet to dream of Molly Ringwald endings. When a cruel school prank goes too far, Davie leaves the life she knows and reinvents herself in the glittery world of Hollywood—as a beautiful and successful lounge singer. Just as she's about to ride off into the L.A. sunset, the past comes back with a vengeance, threatening to crush Davie's dreams—and break her heart again. With wholly original characters and a cinematic storyline, 32 Candles introduces Ernessa T. Carter, a new voice in fiction with smarts, attitude, and sassiness to spare.

Whn: When New York City Went Country - Ed Salamon 2013-02-01

In 1973, conventional industry wisdom was that a country music station could not be successful in the New York market. WHN ignored that wisdom and announced that it was switching from a middle-of-the-road format to country, billing itself as "Easy Lovin' Country." The actual changeover took place at 5:45 am on February 26th when Jack Spector, calling himself "The Kosher Cowboy From Coney Island," introduced the George Jones classic "The Race Is On." And the rest is history.

Why We Hate - Rush W. Dozier 2003-06-16

"In the post-9/11 struggle for a sane global vision, this antihated manifesto could not be more timely."--O: The Oprah Magazine In this acclaimed volume, Pulitzer-Prize nominated science writer Rush W. Dozier Jr. demystifies our deadliest emotion--hate. Based on the most recent scientific research in a range of fields, from anthropology to zoology, Why We Hate explains the origins and manifestations of this toxic emotion and offers realistic but hopeful suggestions for defusing it. The strategies offered here can be used in both everyday life to improve relationships with family and friends as well as globally in our efforts to

heal the hatreds that fester within and among nations of the world.

KRST. Gesù un Mito Solare - Pier Tulip 2014-01-01

KRST - Gesù un Mito Solare: Una nuova esegesi svela contenuti mitici e allegorici dei Vangeli. Nuova ipotesi sul Gesù storico. Una ricerca mitografica in antitesi alla canonica linea di ricerca storiografica sull'origine del Cristianesimo. La trattazione è volta immediatamente a ricercare elementi mitici derivanti da religioni antecedenti che possano aver ispirato alcuni passi e descrizioni evangeliche. Nel capitolo centrale, tuttavia, il metodo comparativo viene presto abbandonato per introdurre

una nuova analisi esegetica suggerita da una originale ipotesi di decodifica del mito solare egizio. L'ipotesi mitica per non preclude la ricerca di una possibile figura del Gesù storico. Numerose corrispondenze rilevate tra Mitraismo-Massoneria e Cristianesimo e una esplicita indicazione di Raimondo de Sangro in una lettera cifrata prospettano un preciso profilo del fondatore di una setta ermetica iniziatica.
