Strategic Human Resource Management: Volume 1 - Feza Tabassum Azmi 2019-05-23

This book provides a comprehensive and up-to-date text in the subject. It seeks to address a wide gap existing in terms of the availability of a book that provides extensive coverage in the field. It aims to provide students in human resource management courses and practising managers with a comprehensive view of essential concepts and techniques in a highly readable and understandable form. This book particularly focuses on practical applications, examples and cases that managers can utilise in gaining insights into the subject in order to carry out their HR-related responsibilities. It focuses on practical applications, examples and cases that will be useful for both students and HR managers. It serves two important purposes: to provide an academically rigorous study, and at the same time, offer comprehensive and user-friendly pedagogy. The case studies cited in the book are from across the globe, including studies from India, and will appeal to a large audience.

Human Resource Management - Robert L. Mathis 2016-01-22

Prepare for career and HR success with the text that has set the standard for excellence in human resource management. HUMAN RESOURCE MANAGEMENT, 15th Edition, offers the most current look at HRM and its impact on the success of organizations today. A leading resource in preparing for professional HR certification, this edition ensures you address all major topics for the various professional examinations given by the Society for Human Resource Management and the Human Resource Certification Institute. The latest HR research and an effective blend of solid theory and contemporary practice highlight emerging trends driving change in HRM today, including technology, globalization, competencies and HR metrics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Psychology and Policing - Neil Brewer 2013-06-17

Psychological theory and research have much to contribute to the knowledge and skill bases underlying effective policing. Much of the relevant information, however, is dispersed across a variety of different psychological and criminal justice/policing journals and seldom integrated for those applied psychologists interested in policing issues or for police policymakers/administrators and others working in the criminal justice area who are not familiar with the psychological literature. Designed to accommodate the needs of these different groups, this book addresses both operational policing issues and issues relevant to the improvement of organizational functioning by providing integrative reviews of psychological theory and research that deal with effective policing. It illustrates how the theory and research reviewed are relevant to specific policing practices. These include eyewitness testimony, conflict resolution, changing driver behavior, controlling criminal behavior, effective interviewing, and techniques of face reconstruction. The volume's readable style makes it accessible to a diverse audience including undergraduate and postgraduate students in forensic/organizational/applied psychology, criminal justice, and police science programs, and police administrators and policymakers. It will also interest psychologists whose primary focus includes policing and criminal justice issues. The book should draw attention to the often unrecognized and valuable contribution that mainstream psychology can make to the knowledge base underpinning a wide variety of policing practices.

Human Resources Management for Public and Nonprofit Organizations - Joan E. Pynes 2004-07-29

In this thoroughly revised and updated second edition of *Human Resources Management for Public and Nonprofit Organizations*, Joan E. Pynes--a respected authority in public administration--demonstrates how strategic human resources management is essential for proactively managing change in an environment of tighter budgets, competition from private organizations, the need to maintain and train a more diverse workforce, and job obsolescence brought about by shifts in technology.

Complete with a free online instructor's manual, this new edition offers current compensation and budgetary guidance and helps practitioners navigate the newest legal and technological challenges and opportunities in human resource management.

Managing Human Resource Development Programs - Claretha Hughes 2017-08-18

Managing Human Resource Development Programs makes the critical connection between HR development and the larger system of HR management. This book offers a framework for developing HR programs that are customizable to the needs of the organization.

Human Resource Management - Gary Dessler 2000

Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

specially commissioned and carefully edited entries Written and edited by international teams of over 1500 of the world's best scholars and teachers Features extended bibliographies of relevant, wider, international literature and the foremost global scholarship in each field Flexible, multi-level use, maintained and further extended by sophisticated cross-referencing both among individual encyclopedia entries and between volumes and external sources Available online, for the first time, via the EBSCO database and linked to wider literature and to an associated Blackwell Library Online, consisting of a selection of Blackwell Handbooks and Journals in the field. Register with us to receive updates on this landmark project at www.managementencyclopedia.com where you will find further details, a special pre-publication offer and, coming soon, contributor browsing features.

Human Resource Management - H. John Bernardin 2003

John Bernardin's Human Resource Management: An Experiential Approach, 3e provides both theoretical and experiential approaches to the study of human resource management (HRM) while focusing on the enhancement of the personal competencies of the students. After students are given the conceptual background and content necessary to understand the relevant issues in human resource management, they participate in individual and group exercises that require the application of chapter content to specific problems designed to develop critical personal competencies.

Assessment Centers in Human Resource Management - George C. Thornton III 2006-08-15

Explores the evolution of the goals of assessment center programs and the ways in which assessment centers and their component parts have been used. This book differentiates between assessment centers used for prediction, diagnoses, and development. It also explores court cases involving assessment centers, assessor training, and more.

Human Resource Management in Health Care - L. Fleming Fallon 2007

This innovative text will be useful for students and as a reference for

practitioners. Each chapter will begin with a case study that focuses on the topical material of the chapter. the case study will be resolved at the conclusion of the chapter. In addition to references used in the chapter, each chapter will have a resources section for books, periodicals, websites and organizations.

Using 360-degree Feedback in Organizations - John W. Fleenor 1997
Content Description #Includes bibliographical references and indexes.

Loose-Leaf for Fundamentals of Human Resource Management - John Hollenbeck 2015-01-22

Servant Leader Human Resource Management - G. Roberts 2014-09-11

Servant Leader Human Resource Management provides a comprehensive conceptual framework based on a dignity enhancing stewardship model that integrates and balances mission achievement with motive, means and ends integrity from both a line manager and human resource department perspective.

Human Resource Management in Construction Projects - Martin Loosemore 2003-12-08

Although construction is one of the most labour-intensive industries, people management issues are given inadequate attention. Furthermore, the focus of attention with regards to HR has been on the strategic aspects of HRM function - yet most problems and operational issues arise on projects. To help redress these problems, this book takes a broad view of HRM, examining the strategic and operational aspects of managing people within the construction sector. The book is aimed at project managers and students of project management who, until now, have been handed the responsibility for human resource management without adequate knowledge or training. The issues addressed in this book are internationally relevant, and are of fundamental concern to both students and practitioners involved in the management of construction projects. The text draws on the authors' experience of working with a range of large construction companies in improving their HRM operational activities at both strategic and operational levels, and is well illustrated

with case studies of projects and organizations.

The Praeger Handbook of Human Resource Management - Ann Gilley
2008-11

HR experts cover the personnel waterfront from hiring right to creating policies to laying the foundation for profitability and fun.

Human Capital Leadership - Stephanie J. Thomason 2019-10-13

Human Capital Leadership provides an overview of the functional areas of human resource management (HRM). Topics include international human resource management, HRM compliance, job analysis and design, HRM metrics and data analysis, planning and recruitment, selection, performance appraisals, compensation, benefits and incentives, unions, health and safety, and servant leadership and ethics.

Organizational Success Through Effective Human Resources Management - Ronald R. Sims 2002

Current challenges, emerging issues, and HRM innovations that managers at all levels must understand and apply to help their organizations succeed in a rapidly changing work environment.

Pay for Performance - National Research Council 1991-02-01

"Pay for performance" has become a buzzword for the 1990s, as U.S. organizations seek ways to boost employee productivity. The new emphasis on performance appraisal and merit pay calls for a thorough examination of their effectiveness. Pay for Performance is the best resource to date on the issues of whether these concepts work and how they can be applied most effectively in the workplace. This important book looks at performance appraisal and pay practices in the private sector and describes whether and how private industry experience is relevant to federal pay reform. It focuses on the needs of the federal government, exploring how the federal pay system evolved; available evidence on federal employee attitudes toward their work, their pay, and their reputation with the public; and the complicating and pervasive factor of politics.

Human Resource Management - H. John Bernardin 2003

Provides theoretical and experiential approaches while focusing on the enhancement of the personal competencies of the students. After

students are given the conceptual background and content, they participate in exercises requiring the application of chapter content to specific problems designed to develop personal competencies.

101 Most Influential Coming of Age Movies - Ryan Uytendewilligen
2016-04-01

A lifelong movie buff puts his knowledge and passion on paper to show you the best films of his favorite movie genre, Coming of Age. The author highlights some of the finest acting, the most poignant moments, and the funniest gags in movies about growing up, reflecting each decade of American culture since the beginning of film-making, while illustrating the ageless turbulence and confusion of adolescence.

Performance Management: Concepts, Skills and Exercises - Robert Cardy
2014-12-18

This comprehensive text provides an engaging examination of the entire process of performance management. It balances concepts with practical skill-based exercises, and gives readers both an understanding of performance management and the ability to manage performance. An online Instructor's Manual is available to adopters, and free PPTs are available through the author's website.

Human Resources in Healthcare - Bruce Fried 2015

Instructor Resources: PowerPoint slides, chapter overviews, suggested class activities and assignments, and a transition guide to the new edition. Chapter 13 Excel Model for Students (click here for access)
Human Resources in Healthcare: Managing for Success, Fourth Edition, presents the techniques and practices behind effective management of people--the healthcare profession's most important asset. It provides the concepts and practical tools necessary for meeting the unique challenges in today's healthcare environment. This edition has been thoroughly revised and includes the following new content: An expanded chapter on employment law and employee relations A new chapter on credentialing of healthcare providers A thorough update on staff recruitment, selection, and retention practices An expanded section on performance management, including workplace bullying A new chapter on workforce planning in a rapidly changing healthcare system A new chapter on

nurse staffing in healthcare organizations New problem-based learning cases to engage students and expand learning comprehension Updated short cases, discussion questions, and exercises throughout

Human Resource Management - H. John Bernardin 2012-03-30

The Sixth Edition of Human Resource Management focuses on the enhancement of personal competencies while providing a theoretical and experiential approach to the study of human resource management (HRM). The authors provide the conceptual background and content necessary to understand the relevant issues in HRM, along with individual and group exercises that require the application of chapter content to specific problems designed to develop critical personal competencies. Students "learn by doing" by participating in experiential exercises that require the application of HRM knowledge expected of practicing managers and HR generalists.

Handbook of Research in International Human Resource Management - Günter K. Stahl 2012-01-01

Acclaim for the first edition: 'Handbook of Research in International Human Resource Management represents a welcome contribution to IHRM literature and will be required readings for both novices and veteran researchers.' - Dana B. Minbaeva, British Journal of Industrial Relations '... a rich array of contributors including some of the biggest names in the field.' - Roger Bell, Delta Intercultural Academy The second edition of this Handbook provides up-to-date insight into ground-breaking research on international human resource issues today. These issues are faced by multinational companies which can be as small as one person with a computer and Internet connection or as large as a medium-sized country. Written by the field's most distinguished researchers, the book will stimulate thought for new research and provide a glimpse of where we have been and where we are going. The book explores issues such as the importance of linking IHRM activities to organizational strategy and culture; talent management; staffing; performance management; leadership development; diversity management; international assignment and mobility issues; and the role of IHRM in the management of global teams and cross-border joint ventures, mergers

and acquisitions. The Handbook illustrates that IHRM research is both theoretically deep and eclectic. Drawing upon a range of paradigms and perspectives this compendium will prove invaluable for HRM scholars, doctoral students, and others interested in IHRM research.

Research in Personnel and Human Resources Management - Joseph Martocchio 2011-07-12

Presents the papers that promote theory and research on important substantive and methodological topics in the field of human resources management. This title collects papers on important issues in the field of human resources management, including insights on employment branding, family owned firms, virtual global teams and intrinsic motivation.

Performance Appraisal - H. John Bernardin 1984

An overview of performance appraisal in organizations; The role of job analysis in appraisal system development; Legal considerations in performance appraisal; Performance appraisal methods and formats; Measuring the effectiveness of appraisal data; The effectiveness of appraisal methods using quantitative, qualitative, and utilization criteria; The process of performance appraisal; A model and demonstration of appraisal system development.

Human Resource Management - John M. Ivancevich 2001-11-01

Human Resource Management (HRM) takes a managerial orientation; and is viewed as being relevant to managers in every unit, project, or team. Managers are constantly faced with HRM issues, problems, and decision making and the text's primary goal is to show how each manager must be a human resource problem solver and diagnostician. This book pays attention to the application of HRM approaches in "real organizational" settings and situations. Realism, understanding, and critical thinking were important in the revision. Users have continuously been satisfied with the consistent writing style and level of presentation.

Outlines & Highlights for Human Resource Management by H. John Bernardin - Cram101 Textbook Reviews 2009-10

Never HIGHLIGHT a Book Again! Virtually all testable terms, concepts, persons, places, and events are included. Cram101 Textbook Outlines

gives all of the outlines, highlights, notes for your textbook with optional online practice tests. Only Cram101 Outlines are Textbook Specific. Cram101 is NOT the Textbook. Accompanys: 9780077312404, 9780073381435

Retaining Valued Employees - Rodger W. Griffeth 2001-02-13

Retaining Valued Employees briefly summarizes the current research in the area of employee turnover, and provides practical guidelines to implement proven strategies for reducing unwanted turnover.

Armstrong's Handbook of Human Resource Management Practice

- Michael Armstrong 2020-01-03

Armstrong's Handbook of Human Resource Management Practice is the bestselling and definitive resource for HRM students and professionals, which helps readers to understand and implement HR in relation to the needs of the business. It covers in-depth all of the areas essential to the HR function such as employment law, employee relations, learning and development, performance management and reward, as well as the HR skills needed to ensure professional success, including leadership, managing conflict, interviewing and using statistics. Illustrated throughout in full colour and with a range of pedagogical features to consolidate learning (e.g. source review boxes, key learning points, summaries and case studies from international organizations such as IBM, HSBC and Johnson and Johnson), this fully updated 15th edition includes new chapters on the HRM role of line managers, evidence-based HRM, e-HRM and the gender pay gap, further case studies and updated content covering the latest research and developments. Armstrong's Handbook of Human Resource Management Practice is aligned with the Chartered Institute of Personnel and Development (CIPD) profession map and standards and is suited to both professionals and students of both undergraduate degrees and the CIPD's level 5 and 7 professional qualifications. Online supporting resources include comprehensive handbooks for lecturers and students, lecture slides, all figures and tables, toolkits, and a literature review, glossary and bibliography.

Human Resources for the Non-HR Manager - Carol T. Kulik
2004-06-30

Human Resources for the Non-HR Manager appeals to anyone interested in management issues. The book explains why human resource issues are increasing the responsibilities of front-line managers rather than the HR department. Chapters present the basics of HR including the fundamentals of hiring, performance appraisal, reward systems, and disciplinary systems, so that any manager--regardless of his or her background or functional area--can approach these parts of the job with confidence. The book also covers the latest developments in equal opportunity law and describes the manager's responsibilities in controlling sexual harassment and managing diverse employees, including older workers and employees with disabilities. Each chapter's material is firmly grounded in the current HR academic literature, but the book's friendly, conversational tone conveys basic principles of good practice without technical jargon. Designed to make the material more accessible and personally relevant, the book includes the following special features: *Manager's Checkpoints--a series of questions that help the reader apply the material to his or her own organizational context; *Boxes that describe real-life examples of how companies respond to HR challenges; *For Further Reading--references to articles published in outlets that bridge the academic-practitioner divide; *Manager's Knots--presented in a question-and-answer format, these describe typical managerial problems, take the reader into some of the gray, ambiguous areas of HR, and suggest ways to apply the chapter material to real-life managerial dilemmas.

The Human Resources Program-Evaluation Handbook - Jack E. Edwards
2003-07-22

The Human Resources Program-Evaluation Handbook is the first book to present state-of-the-art procedures for evaluating and improving human resources programs. Editors Jack E. Edwards, John C. Scott, and Nambury S. Raju provide a user-friendly yet scientifically rigorous "how to" guide to organizational program-evaluation. Integrating perspectives from a variety of human resources and organizational behavior programs, a wide array of contributing professors, consultants, and governmental personnel successfully link scientific information to

practical application. Designed for academics and graduate students in industrial-organizational psychology, human resources management, and business, the handbook is also an essential resource for human resources professionals, consultants, and policy makers.

Human Resource Management with Premium Content Access Card - H. John Bernardin 2012-03-26

The Sixth Edition of Human Resource Management focuses on the enhancement of personal competencies while providing a theoretical and experiential approach to the study of human resource management (HRM). The authors provide the conceptual background and content necessary to understand the relevant issues in HRM, along with individual and group exercises that require the application of chapter content to specific problems designed to develop critical personal competencies. Students “learn by doing” by participating in experiential exercises that require the application of HRM knowledge expected of practicing managers and HR generalists.

Understanding and Managing Diversity - Carol P. Harvey 2012

A diverse approach to understanding and managing diversity.

Understanding and Managing Diversity uses applications to clarify the complexity of a diverse workforce, and explains how it can be used as an organizational asset. This text also provides readers with a wide range of expertise—from the perspective of experienced interdisciplinary instructors (business, psychology, economics, theology, law, politics, history, etc.) to practitioners (diversity trainers, corporate managers, etc.). This edition has been substantially updated to reflect the changing diversity issues in today's workplace—including 18 new and 15 revised articles/cases/exercises.

Work in the 21st Century - Landy 2013-03-04

Christian Scripture and Human Resource Management - G. Roberts 2015-02-19

Christian Scripture and Human Resource Management provides a much-needed Christian faith-based perspective on human resources management written for both line and human resource managers using

the framework of servant leadership, the mandated leadership approach used by Jesus.

Human Resource Management with Premium Content Code Card - H. John Bernardin 2009-03-11

Human Resource Management, Fifth Edition, focuses on the enhancement of personal competencies while providing a theoretical and experiential approach to the study of human resource management (HRM). John Bernardin provides the conceptual background and content necessary to understand the relevant issues in HRM, along with individual and group exercises that require the application of chapter content to specific problems designed to develop critical personal competencies. Students “learn by doing” by participating in experiential exercises that require the application of HRM knowledge expected of practicing managers and HR generalists.

Armstrong's Essential Human Resource Management Practice - Michael Armstrong 2010-06-03

HR managers have to serve the interests of their organizations, comprising employees, customers and the community at large as well as shareholders, or, in the public or voluntary sectors, those who have the ultimate responsibility for what the organization does. It also means exercising social responsibility, being concerned for the interests (well-being) of employees and acting ethically with regard to the needs of people in the organization and the community. Armstrong's Essential Human Resource Management Practice provides a complete overview of the practices and processes fundamental to managing people. The text provides a thorough introduction to the core areas of HR including: people resourcing, performance management, learning and development and rewarding people. It also examines the contribution of HR to organizational aims and objectives and how it is integrated within the business. The book is accompanied by online resources for both lecturers and students and adopts an increased focus on employee engagement, a concept which is becoming increasingly prominent in people management, but which is often presented as a mantra without being properly understood; this is examined in detail with reference to recent

research. Michael Armstrong's original Handbook of Human Resource Management is the classic text for all those studying HR or who are entering the profession for the first time. In this new title Michael Armstrong provides a condensed text which has been rewritten with the non-HR student or professional in mind, describing and evaluating key HRM concepts such as: HRM itself; strategic HRM; the resource-based view; the choice between best practice and best fit; human capital

measurement; motivation theory; emotional intelligence; the flexible firm; the learning organization; and financial rewards.

Human Resource Management - H. John Bernardin 2007

Providing both theoretical and experimental approaches to the study of human resources management, this text focuses on developing the student's critical personal competencies through individual and group exercises.
