Let's Explore Apples! - Jill Colella 2020-01-01
Do you like sweet or tart apples? Visit a farm to discover how apples grow, what the different types of apples are, and how they taste. Make some delicious applesauce, and discover how to find the star inside every apple. Includes a recipe for applesauce and ideas for an apple tasting party.

Pinkalicious - Victoria Kann 2021-04-06
This sparkling New York Times bestselling picture book from Victoria and Elizabeth Kann celebrates all things pink while showing readers that being yourself is the best of all. Pinkalicious loves all things pink. From fairy dresses to cotton candy to bubblegum. Most importantly she loves eating pink cupcakes. Mommy and Daddy warn her not to eat too many, but Pinkalicious can't help herself. They're just too good! But when Pinkalicious eats one too many, she turns pink herself! What will she do? Pinkalicious is the first picture book starring Pinkalicious and her family. She stars in six more picture books—Purplicious, Goldilicious, Silverlicious, Emeraldalicious, Aqualicious, and Rubylicious—as well as I Can Reads, doodle books, and more!

Apples to Apples - Dan Paulson 2017-06-15
Apples to Apples is the first book to link branding and company culture in a way that gives business people the means to stand out from their competition. The author makes a convincing argument for the advantages of competitive differentiation, and guides readers through the process of finding meaningful points of difference. Apples to Apples defines the traits

necessary to develop a premium brand that produces higher sales and greater profits than competitors. The author goes on to show readers how to create these traits in their own companies, emphasizing the need to follow through, measure successes, and leverage customer satisfaction to join the businesses that succeed even in the toughest times.

Odd Apples - 2021-08-09
From perfect pink ladies to rough-skinned russets: a gorgeous study of the wondrous variety of apples William Mullan's obsession with apples began when he saw his first Egremont Russet at a Waitrose grocery store outside of London. Fascinated by its gnarled, potato-like appearance and shockingly fresh, nutty flavor, Mullan began searching for, and photographing, rare apple varieties. In *Odd Apples*, each apple is lovingly rendered and styled according to its individual "personality"—a combination of its looks and its flavors. The apples are set against complementary brightly colored backdrops; they are peeled or unpeeled, cut or whole, skin shriveled or perfectly smooth and shiny. It is precisely this odd charm combined with the hitherto unknown that makes these photographs fascinating studies of a supposedly commonplace fruit. Mullan embraces its idiosyncratic aesthetic qualities completely, and invites us, in this attractive gift book, to embark on a visual expedition into the world of the apple. By day, William Mullan (born 1989) works at an artisanal chocolate factory in Brooklyn, and by night, he photographs fruit. British-born, New York-based Mullan came to photography as

an autodidact and his talent was quickly recognized. His Odd Appleproject developed into an influential and much talked-about series, reviewed by the New Yorker, the New York Times and i-D Magazine, and released as a sold-out run of prints on his website.

Apples Never Fall - Liane Moriarty 2021-09-14
#1 New York Times Bestseller From Liane Moriarty, the #1 New York Times bestselling author of Big Little Lies and Nine Perfect Strangers, comes Apples Never Fall, a novel that looks at marriage, siblings, and how the people we love the most can hurt us the deepest. The Delaney family love one another dearly—it's just that sometimes they want to murder each other . . . If your mother was missing, would you tell the police? Even if the most obvious suspect was your father? This is the dilemma facing the four grown Delaney siblings. The Delaneys are fixtures in their community. The parents, Stan and Joy, are the envy of all of their friends. They're killers on the tennis court, and off it their chemistry is palpable. But after fifty years of marriage, they've finally sold their famed tennis academy and are ready to start what should be the golden years of their lives. So why are Stan and Joy so miserable? The four Delaney children—Amy, Logan, Troy, and Brooke—were tennis stars in their own right, yet as their father will tell you, none of them had what it took to go all the way. But that's okay, now that they're all successful grown-ups and there is the wonderful possibility of grandchildren on the horizon. One night a stranger named Savannah knocks on Stan and Joy's door, bleeding after a fight with her boyfriend. The Delaneys are more than happy to give her the small kindness she sorely needs. If only that was all she wanted. Later, when Joy goes missing, and Savannah is nowhere to be found, the police question the one person who remains: Stan. But for someone who claims to be innocent, he, like many spouses, seems to have a lot to hide. Two of the Delaney children think their father is innocent, two are not so sure—but as the two sides square off against each other in perhaps their biggest match ever, all of the Delaneys will start to reexamine their shared family history in a very new light.

Apples, Apples - Kathleen Weidner Zoehfeld
2014-04-30

Apple-picking season is here! Let's grab a basket and head to the orchard. Whole or sliced, baked or juiced -- everyone loves apples!

Apples - Ken Robbins 2013-08-07

Apples! Apples! Apples! Crunchy and tasty, sweet and tart, in colorful shades of red, yellow, and green -- sometimes all three -- everyone loves apples! In this lively and vibrant book, young readers will learn how apples grow, from the planting of a tree, to the pollination of buds by bees, and on to the harvest. And then comes the fun part as apples are used to tease the taste buds in so many ways -- in pies and strudel, in cider and applesauce, but most of all, in that one simple crunch when one bites into an apple's crisp sweetness. Ken Robbins's hand-colored photographs will make you want to take a bite yourself!

Apples - Richard Milward 2012-05-28

Adapted for stage, Apples is set on a Middlesbrough council estate, this astonishing piece of writing by 23 year old Richard Milward, is an electrifying collision of Irvine Welsh and Virginia Woolf. Streams of poetic, impassioned and often hilarious words pour from five fifteen year olds as they negotiate a world where the adults are absent, drugs are everywhere, sex is desperate and life is both terrifying and thrilling. A dazzling, tragicomic love story of adolescence based on the astonishing debut novel by Richard Milward. Shameless, ruthless and intensely poetic, Apples articulates what it is like to be young. Apples was the winner of the coveted Bank of Scotland Herald Angel Award at the 2010 Edinburgh Fringe Festival. The prize is awarded for excellence in the Edinburgh Festival.

Apples - Frank Browning 1998

This salute to the apple traces its origins in Kazakhstan, offers myths and stories about the fruit, lists its different varieties, and includes some recipes

Pinkalicious: Apples, Apples, Apples! -

Victoria Kann 2016-09-06

#1 New York Times bestselling author Victoria Kann's Pinkalicious returns in an apple-picking adventure! Young readers will love this pinkamazing 8x8 picture book that comes with a beautiful sheet of stickers. Pinkalicious and the Pinkertons are all excited when they return from their trip to the orchard with lots of Pink Lady

apples to munch on! After realizing they have more apples than the family could possibly use, Pinkalicious finds ways to share the apples with others.

Ten Red Apples - Pat Hutchins 2001

There are ten red apples hanging on the tree. Yippee, fiddle-dee-fee! But one by one, along come the farm animals and soon there is just one apple left. . . The internationally acclaimed illustrator, Pat Hutchins, brings her celebrated style to this lively counting book.

Apples and Robins - Lucie Félix 2016-03-08
All you need for apples . . . are circles and the color red. In this extraordinary book, one thing transforms into another as each page turns—a circle becomes an apple, an oval becomes a bird, winter becomes spring. Constantly surprising and brilliantly constructed, Lucie Félix's Apples and Robins is full of the magic of shape, color, and imagination. All you need to do . . . is turn the page.

Apples in Fall - Mari Schuh 2013-08-01

Visit an apple orchard and learn how apples grow, how cider is made, and what foods we make with apples. Color photos and easy-to-read text tell about this favorite treat in the season of fall.

Apples - Laura Driscoll 2012-08-02

Learn all about how a seed turns into an apple in this informative nonfiction reader.

Apples and Pumpkins - Anne Rockwell 2012-09-11

A young girl spends a glorious fall day picking apples and searching for the perfect pumpkin in this refreshed classic with audio. "When red and yellow leaves are on the trees," a little girl goes with her parents to a farm where they pick apples and choose "the best pumpkin of them all." Back home, she helps to carve a grinning jack-o'-lantern face on the big orange pumpkin, which guards their doorstep on halloween night while her mother hands out shiny red apples and she and her father go trick-or-treating with the neighborhood ghosts and goblins. Bold, autumn-colored paintings and a simple but lively story capture a little girl's joy and satisfaction as she shares in the excitement of the fall season.

The Book of Apples - Joan Morgan 1993

This book contains a complete history of apples and a detailed survey of over 2000 of the world's apple varieties. Moving between continents and

cultures, the authors look at the apple's role as a dessert fruit and in cookery; in cider making and the ornamental garden; in myth, medicine and religion. They revisit the apple's Victorian heyday when fine varieties were considered seriously as wines, and bring the story up to date with the apple's transformation into an international commodity.

Apples for Fred - Diane Shapley-Box 2009-09
Fred the frog cannot go to the apple festival since everyone must eat an apple to enter the festival and Fred cannot chew an apple because he has no teeth. His friends, a bird, alligator, and rabbit, try to help, but nothing works. Then, Fred and his friends discover applesauce.

Apples, Apples, Apples - 2000
Includes information about apples, and activities.

Apples for All - Qi Zhi 2018-05

When a monkey learns his friends can't reach an apple tree, his clever idea leads to apples for all.

Hello, World! How Do Apples Grow? - Jill McDonald 2019-02-05

Learn from home and explore the world with these fun and easy board books! Young children love to eat apples and go to orchards. Here's a Hello, World! board book that teaches toddlers all about how apples grow—from seed to sapling to tree to applesauce. Hello, World! is a series designed to introduce first nonfiction concepts to babies and toddlers. Told in clear and easy terms ("Apple seeds start to grow when they are planted in soil and given sunlight, water, and fresh air") and featuring bright, cheerful illustrations, Hello, World! is a perfect way to bring science, nature, and culture into the busy world of a toddler, where learning never stops.

An Apple's Life - Nancy Dickmann 2010

Introduces the life cycle of an apple, explaining how it begins life, grows, and reproduces.

Ten Apples Up on Top - Dr. Seuss 2017

A lion, a dog, and a tiger balance apples on their heads.

Comfort Me With Apples - Catherynne M. Valente 2021-11-09

Comfort Me With Apples is a terrifying new thriller from bestseller Catherynne M. Valente, for fans of *Gone Girl* and *Spinning Silver*. Sophia was made for him. Her perfect husband. She can feel it in her bones. He is perfect. Their home together in Arcadia Gardens is perfect. Everything is perfect. It's just that he's away so much. So often. He works so hard. She misses him. And he misses her. He says he does, so it must be true. He is the perfect husband and everything is perfect. But sometimes Sophia wonders about things. Strange things. Dark things. The look on her husband's face when he comes back from a long business trip. The questions he will not answer. The locked basement she is never allowed to enter. And whenever she asks the neighbors, they can't quite meet her gaze.... But everything is perfect. Isn't it? At the Publisher's request, this title is

being sold without Digital Rights Management Software (DRM) applied.

Apples A to Z - Margaret McNamara 2012
An exuberant alphabet book features animal friends Fox, Bear, Pig and Rabbit in an exploration of the world of apples that pairs each letter with engaging facts about 26 apple varieties, from Aroma to Zabergau.

[Apples, Apples Everywhere!](#) - Robin Koontz 2010-07

Provides a simple introduction to apples, how they are harvested in the fall, and some of the ways they can be enjoyed.

How to Grow an Apple Pie - Beth Charles 2020-09-01

It's easy to make an apple pie, but what does it take to make the apples? Sophie is about to find out! First, the apple trees need to be about six years old—just like Sophie. Next, they need to be pruned, and the bees have to pollinate their blossoms! After that, the tiny apples grow through the summer until they're ready to pick in the fall. Finally, it's time for Sophie to make the perfect pie!

Apples, Apples, Everywhere - Lee Jackson 1996

Outstanding recipes from some of America's finest orchards, cider mills, and fruit growers are shared in this collection. It includes over 150 ways to fix apples. A short profile is given about each orchard describing where the orchard is located, a little of its history, some special features, and their choice apple recipes.

Ghost Apples - Ian D. Hall 2020-12-02

Perchester, Oxfordshire is a town with secrets kept hidden for the sake of all who live there, a safe place where you can be sure your children will grow up with certain attitudes, mindful of the inheritance granted them. It has always been that way. Secrets, though, have a way of coming out of the mist, of disturbing the balance of nature. When some of the town's teenage population see a figure in that closing mist - when what they see drives them out of their minds - the nearby facility at Wendlefields becomes a staging post in a war between good and evil; between nature and nurture. For jaded local journalist Simon Kinsey, it is a war that will see him pushed to his limit as he discovers his

hometown is not all it seems and that the past very much plays a part in the present, from which the legend of Ghost Apples is born.

Apples and Oranges - Marie Brenner 2008-05-13

To be sure, some brothers and sisters have relationships that are easy. But oh, some relationships can be fraught. Confusing, too: How can two people share the same parents and turn out to be entirely different? Marie Brenner's brother, Carl—yin to her yang, red state to her blue state—lived in Texas and in the apple country of Washington state, cultivating his orchards, polishing his guns, and (no doubt causing their grandfather Isidor to turn in his grave) attending church, while Marie, a world-class journalist and bestselling author, led a sophisticated life among the "New York libs" her brother loathed. From their earliest days there was a gulf between them, well documented in testy letters and telling photos: "I am a textbook younger child . . . training as *bête noir* to my brother," Brenner writes. "He's barely six years old and has already developed the Carl Look. It's the expression that the rabbit gets in *Watership Down* when it goes tharn, freezes in the light." After many years apart, a medical crisis pushed them back into each other's lives. Marie temporarily abandoned her job at *Vanity Fair* magazine, her friends, and her husband to try to help her brother. Except that Carl fought her every step of the way. "I told you to stay away from the apple country," he barked when she showed up. And, "Don't tell anyone out here you're from New York City. They'll get the wrong idea." As usual, Marie—a reporter who has exposed big Tobacco scandals and Enron—irritated her brother and ignored his orders. She trained her formidable investigative skills on finding treatments to help her brother medically. And she dug into the past of the brilliant and contentious Brenner family, seeking in that complicated story a cure, too, for what ailed her relationship with Carl. If only they could find common ground, she reasoned, all would be well. Brothers and sisters, Apples and Oranges. Marie Brenner has written an extraordinary memoir—one that is heartbreakingly honest, funny and true. It's a book that even her brother could love.
