Doctor Who - Alan Kistler

2013-10-01

Premiering the day after the JFK assassination, Doctor Who humbly launched one of the entertainment world's first super-brands. We begin with a look at TV programming of the day and the original pitch documents before delving into

the Daleks, which almost didn't make the cut but inspired many monsters to follow. After three years, First Doctor William Hartnell left, prompting the BBC to recast their hit rather than end it, giving us the first "regeneration" and making TV history. We follow the succession of Doctors—including Third Doctor Jon Pertwee, exiled to Earth and targeted by the

Master—and see how the program reflected the feminism of the 1970s while gaining mainstream popularity with Fourth Doctor Tom Baker . . . until declining support from the BBC eventually led to cancelation. Fan outcry saved the series only for it to suffer a repeat cancelation. Yet many continued to enjoy the Whoniverse in syndication, novels, audio dramas, and Doctor Who Magazine. Paul McGann impressed many as the Eighth Doctor in a 1996 TV movie, but it failed to reignite the series. A new age dawned in 2005 with Ninth Doctor Christopher Eccleston and a serious special effects budget before Tenth Doctor David Tennant helped rocket the series to international popularity and a new era of spinoffs. With Eleventh Doctor Matt Smith, the show became a bona fide success here in America. Following the program's fiftieth anniversary, Whovians will meet the Twelfth Doctor, ushering in yet another era for the unstoppable Time Lord. Featuring discussions of

concepts and characters, with insights from producers, writers, and actors from across the years, here is a rich, behind-the-camera investigation into the dazzling multiverse of Doctor Who.

Proceedings of the 8th Annual Generalized Intelligent Framework for Tutoring (GIFT) Users Symposium (GIFTSym8)
- Benjamin Goldberg

2020-05-28

The GIFT Users Symposia began in 2013 with the goal to capture successful implementations of GIFT from the user community and to share recommendations leading to more useful capabilities for authors, researchers, and learners of Adaptive Instructional Systems (AIS). The attached proceedings resulted from papers accepted for the 8th Annual GIFT Users Symposium held virtually (due to COVID-19) on 28-29 May 2020. It is an excellent collection of contributions covering all aspects of AIS implementation, with special attention towards future training and education concepts centered around collaboration and team dynamics.

The Life of Madie Hall Xuma

- Wanda A. Hendricks

2022-10-25

Revered in South Africa as "An African American Mother of the Nation," Madie Beatrice Hall Xuma spent her extraordinary life immersed in global women's activism. Wanda A. Hendricks's biography follows Hall Xuma from her upbringing in the Jim Crow South to her leadership role in the African National Congress (ANC) and beyond. Hall Xuma was already known for her social welfare work when she married South African physician and ANC activist Alfred Bitini Xuma. Becoming president of the ANC Women's League put Hall Xuma at the forefront of fighting racial discrimination as South Africa moved toward apartheid. Hendricks provides the long-overlooked context for the events that undergirded Hall Xuma's life and work. As she shows, a confluence of

history, ideas, and organizations both shaped Hall Xuma and centered her in the histories of Black women and women's activism, and of South Africa and the United States.

Multiple Goals in Discourse - Karen Tracy 1990

The studies in this monograph share two common features: a recognition of the intertwined nature of goal and discourse; and a recognition that people typically have more than one goal when they talk with others. It is essential that goals and discourse be conceived of as intertwined concepts: if talk is conceived as essentially a mode of action then these actions will often be taken in the pursuance of objectives. Correspondingly if we assume that people approach many social episodes with specific designs, ambitions, wishes - probably also misgivings and avoidances - then it seems natural to look at talk as at least a potential goal-fulfillment mechanism.

Model Rules of Professional Conduct - American Bar Association. House of Delegates 2007

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Doctor Who: Scratchman -

Tom Baker 2019-01-24

THE SUNDAY TIMES

BESTSELLER What are you afraid of? In his first-ever *Doctor Who* novel, Tom Baker's incredible imagination is given free rein. A story so epic it was originally intended for the big screen, *Scratchman* is a gripping, white-knuckle thriller almost forty years in the making. The Doctor, Harry and Sarah Jane Smith arrive at a remote Scottish island, when their holiday is cut short by the appearance of strange creatures - hideous scarecrows, who are preying on the local population. The islanders are living in fear, and

the Doctor vows to save them all. But it doesn't go to plan - the time travellers have fallen into a trap, and *Scratchman* is coming for them. With the fate of the universe hanging in the balance, the Doctor must battle an ancient force from another dimension, one who claims to be the Devil. *Scratchman* wants to know what the Doctor is most afraid of. And the Doctor's worst nightmares are coming out to play...

Latin American Collection

Concepts - Gayle Ann Williams
2019-02-28

Though still hampered by some challenging obstacles, Latin American collection development is not the static, tradition-bound field many believe it to be. Latin American studies librarians have confronted these difficulties head-on and developed strategies to adapt to the field's continuous digital advancements. Presenting perspectives from several independent Latin American libraries, this collection of new essays covers the history of collecting, current strategies in

collection development, collaborative collection development, buying trips, and future trends and new technologies.

The Doctor Who Franchise -

Lynnette Porter 2012-09-18

As Doctor Who nears its 50th anniversary, it is very much a part of British popular culture, and the Doctor has become a British icon. Nevertheless, thanks to BBC America and BBC Worldwide's marketing strategy, as well as the Doctor's and his companions' recent in-person visits to the U.S., the venerable series is becoming more susceptible to an "American influence,"

including the possibility of becoming "Americanized."

Doctor Who and recent spinoffs Torchwood and The Sarah Jane Adventures offer American audiences very different insights into the Whoniverse and have met with varying degrees of success. Whereas

Torchwood became a U.S.-U.K. co-production, The Sarah Jane Adventures was largely mismarketed. To complicate matters, the interrelationships that keep the Doctor Who franchise alive through radio dramas, audiobooks, comics, novels, etc., during hiatuses in television broadcasts, may give U.S. and U.K. audiences different understandings of the lead characters—the Doctor, Captain Jack Harkness, and Sarah Jane Smith. Although the past decade has been an exciting time in the Whoniverse, the Doctor—and the franchise—are poised for yet another regeneration.
