**Francis of Assisi** - Augustine Thompson 2012-03-21

Among the most beloved saints in the Catholic tradition, Francis of Assisi (c. 1181-1226) is popularly remembered for his dedication to poverty, his love of animals and nature, and his desire to follow perfectly the teachings and example of Christ. During his lifetime and after his death, followers collected, for their own purposes, numerous stories, anecdotes, and reports about Francis. As a result, the man himself and his own concerns became lost in legend. In this authoritative and engaging new biography, Augustine Thompson, O.P., sifts through the surviving evidence for the life of Francis using modern historical methods. The result is a complex yet sympathetic portrait of the man and the saint. Francis emerges from this account as very much a typical thirteenth-century Italian layman, but one who, when faced with unexpected crises in his personal life, made decisions so radical that they challenge his own society-and ours. Unlike the saint of legend, this Francis never had a

unique divine inspiration to provide him with rules for following the teachings of Jesus. Rather, he spent his life reacting to unexpected challenges, before which he often found himself unprepared and uncertain. The Francis who emerges here is both more complex and more conflicted than that of older biographies. His famed devotion to poverty is found to be more nuanced than expected, perhaps not even his principal spiritual concern. Thompson revisits events small and large in Francis's life, including his troubled relations with his father, his contacts with Clare of Assisi, his encounter with the Muslim sultan, and his receiving the Stigmata, to uncover the man behind the legends and popular images. A tour de force of historical research and biographical writing, *Francis of Assisi: A New Biography* is divided into two complementary parts—a stand alone biographical narrative and a close, annotated examination of the historical sources about Francis. Taken together, the narrative and the survey of the sources provide a much-needed fresh perspective on this iconic figure. "As I have worked on this biography," Thompson writes, "my respect for Francis and his vision has increased, and I hope that this book will speak to modern people, believers and unbelievers alike, and that the Francis I have come to know will have something to say to them today."

**Tutti i colori dell'ombra** - Mario Frontini 2019-02-10

Emilio è un uomo qualunque di mezz'età, in buone condizioni fisiche e mentali, senza particolari problemi, con una normale famiglia e una esistenza tranquilla e ordinata, almeno fino al momento in cui s'imbatte, del tutto casualmente, in un giovane uomo che lo colpisce perché gli ricorda incredibilmente il sé stesso di tanti anni prima. Si tratta, in apparenza, di una semplice seppur straordinaria somiglianza; ma qualcosa nel viso del giovane, nel suo atteggiamento, nella voce e certi particolari, incluso il fatto che porta il suo stesso nome, lo incuriosiscono morbosamente. Quella esperienza, che vorrebbe destituire di fondamento, il presunto incontro con il suo giovane 'alter ego', lo colpisce molto più profondamente di quanto immagini e, nella sua riflessione, potrebbe diventare l'evento iniziale dal quale dovrebbe dipanarsi la trama del racconto autobiografico che sta concependo,

sicché la vicenda reale e l'invenzione narrativa finiscono con l'intrecciarsi in modo inestricabile. Da quel momento, la vita di Emilio muta radicalmente, 'guidata' da un continuo susseguirsi di eventi straordinari, tra misteri fitti, sorprese e rivelazioni, dove reale e immaginario, narrazione e fattualità, lucidità e delirio, si mescolano, facendo comunque emergere il filo rosso di un percorso esistenziale apparentemente definito e alla fine potenzialmente risolto...fino all'inaspettata conclusione. Lettura psichiatrica, paranormale, metaforico-esistenziale, meta-narrativa e mistica si confondono e si richiamano l'un l'altra, in un gioco di specchi nel quale Emilio finisce col perdersi inesorabilmente... Mario Frontini è nato a Roma nel 1945. Già dirigente d'azienda, coltiva da tempo la sua passione per la filosofia, la scienza e la letteratura. Si è cimentato con la narrativa pubblicando nel 2005, per l'Editore 'Il Filo', la raccolta di racconti "Al Club della perfetta simmetria".

*Hitler post mortem* - Dario Gumina 2022-09-14

Da alcuni anni a questa parte si è fatta strada l'ipotesi, non del tutto infondata, che Hitler non si sia suicidato con Eva Braun nel bunker di Berlino ma, attraverso un elaborato piano di fuga, abbia raggiunto le coste del Sudamerica. In questo libro ho raccontato la vita del Führer del Reich millenario ormai esiliato in luoghi remoti della Patagonia. Sollevato dalle responsabilità del comando, quali pensieri si saranno agitati nella sua mente? Quali le riflessioni di una vita che lo aveva visto sollevarsi dalla miseria più nera fino a raggiungere il vertice del potere? E quali sensazioni avranno tormentato le sue notti tra struggenti nostalgie, dolorosi rimpianti e ambiziosi piani di rinascita? La sua esistenza però non era ancora giunta al termine. Una serie di incubi emersi all'improvviso dagli abissi dell'inconscio prenderanno corpo, irrompendo nella sua vita con una forza inarrestabile, fino a un delirante e sinistro epilogo.

**The Book of Disquiet** - Fernando Pessoa 2010-12-09

Sitting at his desk, Bernardo Soares imagined himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, *The Book of Disquiet* is a classic of existentialist literature.

**Seneca the Elder and His Rediscovered ›Historiae ab initio bellorum civilium‹** - Maria Chiara Scappaticcio 2020-06-08

The refreshed insights into early-imperial Roman historiography this book offers are linked to a recent discovery. In the spring of 2014, the binders of the archive of Robert Marichal were dusted off by the ERC funded project PLATINUM (ERC-StG 2014 n°636983) in response to Tiziano Dorandi's recollections of a series of unpublished notes on Latin texts on papyrus. Among these was an in-progress edition of the Latin rolls from Herculaneum, together with Marichal's intuition that one of them had to be ascribed to a certain 'Annaeus Seneca'. PLATINUM followed the unpublished intuition by Robert Marichal as one path of investigation in its own research and work. Working on the Latin P.Herc. 1067 led to confirm Marichal's intuitions and to go beyond it: P.Herc. 1067 is the only extant direct witness to Seneca the Elder's *Historiae*. Bringing a new and important chapter of Latin literature arise out of a charred papyrus is significant. The present volume is made up of two complementary sections, each of which contains seven contributions. They are in close dialogue with each other, as looking at the same literary matter from several points of view yields undeniable advantages and represents an innovative and fruitful step in Latin literary criticism. These two sections express the two different but interlinked axes along which the contributions were developed. On one side, the focus is on the starting point of the debate, namely the discovery of the papyrus roll transmitting the *Historiae* of Seneca the Elder and how such a discovery can be integrated with prior knowledge about this historiographical

work. On the other side, there is a broader view on early-imperial Roman historiography, to which the new perspectives opened by the rediscovery of Seneca the Elder's *Historiae* greatly contribute.

**On Christian Contemplation** - Thomas Merton 2012-06-20

A compendium of spiritual guidance in a beautiful special edition. "Every moment and every event in every man's life on Earth plants something in his soul," wrote Thomas Merton. A Trappist monk, Merton was both a poet and a theologian who pondered monastic life. He was praised for his meditations and conversations with God, as well as interfaith dialogue, tolerance, and non-violent activism during the Civil Rights Movement and Vietnam War. *On Christian Contemplation*, edited by Merton scholar Paul Pearson, is a collection of the great monk's work, compiled into a gift-size edition. With poems, reflections, and social commentary, this is the perfect book to nurture the spirit of faith and duty guided by one of the twentieth century's leading voices of theology and social justice.

*Lo sguardo dell'anima* - Grazia Francescato 2013-11-29T00:00:00+01:00  
Il libro è il seguito, scritto 11 anni dopo, di "In Viaggio con l'Arcangelo". Al termine di quell'opera l'autrice era convinta che la sua fosse un'avventura spirituale personale, o condivisa da un gruppo limitato di persone. Ma nuovi incontri e nuove coincidenze, invece, le hanno fatto capire che tale esperienza era destinata a crescere e allargarsi negli anni a venire. I due libri raccontano, quindi, lo svolgersi di una stessa vicenda, andrebbero letti l'uno dopo l'altro, come una storia a puntate, anche se l'autrice, all'inizio di questo secondo volume, fa comunque un rapido riassunto del precedente. "Lo sguardo dell'anima" è un "diario di bordo", una cronaca dei fatti scritta con rigore e ironia, il racconto di un percorso fatto di passi avanti e indietro, di ristagni e di rilanci, di perdita e ritrovamento di sentieri. È la conferma che esiste una forza luminosa, mossa dall'amore intelligente, che guida e promuove l'evoluzione:

l'Arcangelo Michele.

Il linguaggio segreto di segni e coincidenze. Con gadget - G. Marco Bragadin 2015

Il linguaggio segreto di segni e coincidenze - Gian Marco Bragadin 2014-05-06

In quest'epoca di incertezza e confusione sarebbe meraviglioso scoprire che ognuno di noi riceve messaggi che indicano le scelte giuste, mostrano la strada dell'amore e del successo, fanno superare i conflitti. Esistono davvero coincidenze e segni del destino capaci di aiutarci? Come individuarli? E soprattutto come interpretarli? Gian Marco Bragadin ha cominciato oltre vent'anni fa a studiare questo affascinante argomento in seguito a un'intensa e sconvolgente vicenda personale. La sua vita iniziò a popolarsi di segni di cui imparò con il tempo a decifrare il contenuto. Ha raccolto migliaia di esperienze simili e di testimonianze

che confermano l'esistenza di una comunicazione da parte dell'Universo basata sulla fondamentale legge di sincronità, e da ricercatore ha ritrovato il tema in molti testi sacri di religioni diverse, nei libri di scienziati e filosofi, in opere provenienti da tutto il mondo. In questo libro spiega il metodo che ha messo a punto per cogliere questi messaggi, per comprendere il significato di ciò che ci accade, per interpretare gli eventi ricorrenti, ma anche per ottenere segni e risposte quando ne abbiamo bisogno. Completata da un prezioso Dizionario dei segni, una guida facile e potente per prendere le decisioni che rimandiamo da troppo tempo, per fermarci prima di commettere un errore irreparabile, per sciogliere un dubbio che non ci fa più vivere, per comprendere perché certi blocchi ostacolano il nostro cammino. Una lettura intrigante e rivelatrice.

*La Luce di Dio nel Mondo* - Lucia Fusato 2018-12-28

Un' antica leggenda originaria dell'India narra che un tempo tutti gli

uomini fossero simili agli Dei, ma giunsero ad abusare della loro divinità a tal punto che Brahma decise di toglierla loro e di nascondere dove mai avrebbero potuto trovarla. Chiamò a consiglio gli dei minori per decidere dove nascondere la divinità dell'uomo e gli Dei dissero: "Seppelliamola nelle viscere della terra !" Brahma rispose: "No, perché l'uomo scaverà e la troverà". Allora gli altri risposero: "Affondiamo la divinità dell'uomo nel profondo degli oceani !" E Brahma disse: Prima o poi l'uomo esplorerà le profondità di ogni superficie d'acqua, la troverà e la riporterà a galla". .. Brahma, dopo aver riflettuto a lungo, disse: "Ecco cosa faremo: la nasconderemo profondamente in lui stesso ed è certo che non penserà mai ad andarla a cercare proprio lì!" La Luce di Dio nel Mondo illustra come il divino si manifesti in tutte le tradizioni religiose e sapienziali del mondo.

**The Divine Code of Life** - Kazuo Murakami 2005-10-01

For many years, genes have been thought of as immutable: "You can't change, it's hereditary" was the mantra. But studies now show that genes are functioning, changing, every minute, every second. According to "The Divine Code of Life, dormant genes have the potential to "wake up" and transform personality and outlook. The book shows how mental and emotional factors -- negatives like stress and positives like excitement, joy, gratitude, and spirituality -- are also involved in switching genes on or off. Drawing on recent scientific research and the author's own observations, this book shows that humans can bring forth their talents at any age. How? Dr. Murakami argues that a positive outlook can turn on the genes that are necessary to bring happiness and success into anyone's life and turn off the bad genes. He calls this process "genetic thinking" -- a science-based approach to controlling the genes by cultivating enthusiasm and inspiration.

*No Passion Spent* - George Steiner 2010-12-09

This is an extraordinary collection of essays by one of this country's most exciting and dramatic thinkers. The essays span a considerable time. But

they turn on a central, compelling theme. What is meant by reading a serious text at a time when theories of language and literature question the very possibility of any agreed meaning, and at a time when new technologies seem likely to replace books as we have known them since Gutenberg. This question is brought to bear deliberately on the touchstone examples: the Bible, Homer, Shakespeare. Also on Kierkegaard and Kafka. The closely-meshed collection ends with a series of essays on the philosophic-theological underwriting of communication, with particular reference to what language tells us of Socrates and of Jesus. These essays by George Steiner, distinguished critic and Extraordinary Fellow at Churchill College, Cambridge, seek to conjoin the themes argued in such books as *The Death of Tragedy*, *Language and Silence*, *After Babel* and *Real Presences*. They speak of a profound, if sometimes troubled, joy.

Se Sai Sei - Giovanna Garbuio 2017-04-13

L'opportunità di presentare *Se Sai Sei*, nuovo lavoro di Giovanna, mi regala immensa gioia. Ricco di doni, tocca corde fondamentali e ci guida per mano verso la conoscenza e la consapevolezza di chi siamo, fino a renderci autonomi, per poter poi sperimentare le nostre vere potenzialità. Pagina dopo pagina, è un vero e proprio viaggio interiore in tutti quegli aspetti profondi, e spesso poco conosciuti, di ognuno di noi (umano e divino): Amore, Fede, Gratitudine e Presenza. Elementi fondamentali per una trasformazione dell'Essere umano da colui che "subisce" la vita a colui che, consapevolmente e attivamente, modifica e crea la propria realtà. Creatori dei nostri universi, totalmente responsabili di ciò che viviamo, nella lettura si possono cogliere utili ed

efficaci metodi per poter davvero iniziare a plasmare la vita che vogliamo. Giovanna riesce a donarci con semplicità ed estrema chiarezza le chiavi delle porte che ancora non siamo riusciti ad aprire in noi, strumenti pratici, originali e utilizzabili da chiunque, in qualsiasi aspetto e momento della vita quotidiana, sia davvero intenzionato a prendere la vita nelle proprie mani. Tornare a ricordare che siamo Divini è l'aspetto essenziale per cogliere la perfezione di ciò che viviamo. E ci possiamo arrivare grazie all'apertura del Cuore, di cui sentiamo parlare spesso ma la cui comprensione risulta ancora piuttosto "teorica". Cogliendo l'essenza delle parole di Giovanna, ora può essere messa in atto con strumenti pratici quali per esempio la "Preghiera efficace", vera e propria perla del libro. Contributo prezioso per l'arricchimento di chi ha intuito che c'è molto più di ciò che i sensi fisici percepiscono ed è giunto alla consapevolezza che, seppur unico responsabile della propria evoluzione, è il momento di accogliere con piacere la condivisione di un cammino "sacro". Ecco la vera ricchezza di questa preziosa nuova "opera". "When ninety-nine pigeons smash through the windows of Kester's prison and carry him North to the last of the animals.... it's a moment as thrilling as when James flies off in the Giant Peach. Highly recommended" —The Times (UK) "Combines a great fondness for animals with an appreciation of the freakish.... The reserved narrative tone and tender yet peculiar view of animals give this piece its own offbeat flavor." —Kirkus Reviews "Alternately somber, thrilling, and silly." —Publishers Weekly

**Il potere della scelta** - Cesare Peri 2017-02-14

Ci troviamo costantemente di fronte a delle scelte e, all'interno di esse, ad altre scelte: la più importante, però, riguarda la strategia da adottare per compierle nel modo migliore, per attuarle consapevolmente e non subirle come avviliti necessità. Ogni scelta quotidiana ci aiuta a definirci e crea il nostro destino. Ma i criteri delle scelte che operiamo sono davvero nostri o ci sono stati "immessi" da altri? Ogni scelta, partendo da quella dei pensieri, mette alla prova ed evidenzia chi siamo realmente. Questo libro offre un metodo pratico con cui ponderare tutti gli elementi che determinano le nostre decisioni, grandi e piccole, e di conseguenza la qualità della nostra vita. A tale fine vengono analizzate le fondamentali tipologie di scelta: da quella valoriale, relazionale, professionale a quella lessicale, cromatica e propriamente esistenziale. Compiere una scelta significa sempre cogliere un'opportunità, andare con fiducia incontro ad un cambiamento, assecondando così il flusso della vita. Le occasioni perse, infatti, sono le scelte non compiute.

**The Wall of the Earth** - Giorgio Caproni 1992

"The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

Psychomagic - Alejandro Jodorowsky 2010-06-18

A healing path using the power of dreams, theater, poetry, and shamanism • Shows how psychological realizations can cause true transformation when manifested by concrete poetic acts • Includes many

examples of the surreal but successful actions Jodorowsky has prescribed to those seeking his help. While living in Mexico, Alejandro Jodorowsky became familiar with the colorful and effective cures provided by folk healers. He realized that it is easier for the unconscious to understand the language of dreams than that of rationality. Illness can even be seen as a physical dream that reveals unresolved emotional and psychological problems. Psychomagic presents the shamanic and genealogical principles Jodorowsky discovered to create a healing therapy that could use the powers of dreams, art, and theater to empower individuals to heal wounds that in some cases had traveled through generations. The concrete and often surreal poetic actions Jodorowsky employs are part of an elaborate strategy intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper self. That is when true transformation can manifest. For a young man who complained that he lived only in his head and was unable to grab hold of reality and advance toward the financial autonomy he desired, Jodorowsky gave the prescription to paste two gold coins to the soles of his shoes so that all day he would be walking on gold. A judge whose vanity was ruling his every move was given the task of dressing like a tramp and begging outside one of the fashionable restaurants he loved to frequent while pulling glass doll eyes out of his pockets. The lesson for him was that if a tramp can fill his pockets with eyeballs, then they must be of no value, and thus the eyes of others should have no bearing on who you are and what you do. Taking his patients directly at their words, Jodorowsky takes the same elements associated with a negative emotional charge and recasts them in an action that will make them positive and enable them to pay the psychological debts hindering their lives.

**Codici dell'anima: itinerari tra mistica, filosofia e poesia -**

Valentina Fiume

Codici dell'anima: itinerari tra mistica, filosofia e poesia. Con un'antologia di testi al femminile indaga a livello teorico, letterario e linguistico la retorica della 'visione': attraverso l'analisi di un corpus di autrici importanti del Novecento - Campo, Guidacci, Virgillito, Zambrano

Dopo una riflessione teorica degli elementi più significativi degli itinerari filosofici e poetici, il volume analizza filologicamente gli aspetti fondamentali di questo nuovo alfabeto dell'estasi per approdare alla costruzione di un repertorio di simboli, inteso come mappatura di presenze e ricorrenze, analizzate nelle loro forme di continuità, risignificazione e innovazione rispetto al retroterra medievale e moderno.
