research, this book provides an innovative standard and guide to social studies textbooks used in kindergarten through 12th grade classrooms for content, style, and design. The standards provide a foundation for individuals to select satisfactory textbooks and to help educators and school boards in the adoption of instructional materials. Chapter 1 addresses the problems of textbook content and style. Chapter 2 discusses the vast business of social studies publishing and the increased complexity of textbook packaging with the movement away from state-level adoption of textbooks. Chapter 3 focuses on the content of social studies textbooks with a comparison of past and present textbooks, a discussion of revisionism and reality, and a look at religion in textbooks. Chapter 4 examines the style and story of textbooks and finds that although the content of past textbooks may be flawed, the prose is superior to recent textbooks. Ideas on narrative, readability,

vocabulary, instructional design, history, and style provide ways for textbooks to improve. Chapter 5 addresses the issue of format and proposes clarity and simplicity in technical design of books. Chapter 6 provides an outline to review textbooks for content and style and instructional activities and teacher guidance materials for usefulness. Chapter 7 includes an annotated list of the major U.S. and world history textbooks. (CK)

You Are One of Them - Elliott Holt 2014-04-29
"A hugely absorbing first novel

from a writer with a fluid, vivid style and a rare knack for balancing the pleasure of entertainment with the deeper gratification of insight. More, please." —Maggie Shipstead, The New York Times Book Review (Editors' Choice) "A story about Russia, the United States, friendship, identity, defection, and deception that is smart, startling, and worth reading regardless of when you were born." —Kathryn Schulz, New York Magazine "Holt's beguiling debut... in which there is no difference between personal and political betrayal, vividly conjures the anxieties of the Cold War without ever lapsing into nostalgia." —The New Yorker Sarah Zuckerman and Jennifer Jones are best friends in an upscale part of Washington, D.C., in the politically charged 1980s. Sarah is the shy, wary product of an unhappy home: her father abandoned the family to return to his native England; her agoraphobic mother is obsessed with fears of nuclear war. Jenny is an all-American girl who has seemingly perfect

parents. With Cold War rhetoric reaching a fever pitch in 1982, the ten-year-old girls write letters to Soviet premier Yuri Andropov asking for peace. But only Jenny's letter receives a response, and Sarah is left behind when her friend accepts the Kremlin's invitation to visit the USSR and becomes an international media sensation. The girls' icy relationship still hasn't thawed when Jenny and her parents die tragically in a plane crash in 1985. Ten years later, Sarah is about to graduate from college when she receives a mysterious letter from Moscow suggesting that Jenny's death might have been a hoax. She sets off to the former Soviet Union in search of the truth, but the more she delves into her personal Cold War history, the harder it is to separate facts from propaganda. You Are One of Them is a taut, moving debut about the ways in which we define ourselves against others and the secrets we keep from those who are closest to us. In her insightful forensic of a mourned friendship, Holt

illuminates the long lasting sting of abandonment and the measures we take to bring back those we have lost.

Red Heat - Alex von Tunzelmann 2012-09-13
America's secret war in the Caribbean during the Cold War is revealed as never before in this riveting story of the machinations and blunders of superpowers, and the daring of the mavericks who took them on. During the presidencies of Eisenhower, Kennedy and Johnson, the Caribbean was in crisis, while the United States and the USSR acted out the world's rising tensions in its

island nations. Meanwhile the leaders of these nations - the charismatic Fidel Castro, and his mysterious brother Raúl; the ideologue Che Guevara; the capricious psychopath Rafael Trujillo; and François 'Papa Doc' Duvalier, a buttoned-down doctor with interests in Vodou, embezzlement and torture - had ambitions of their own. Alex von Tunzelmann's brilliant narrative follows these five rivals and accomplices from the beginning of the Cold War to its end. The superpowers thought they could use these Caribbean leaders as puppets, but what neither bargained on was that their puppets would come to life. The United States, in its all-consuming fight against communism, stumbled into one disaster after another. First, with the Bay of Pigs, and then with the Cuban Missile Crisis, it helped bring the world as close to catastrophic nuclear war as it has ever been. Red Heat is an authoritative and eye-opening account of a wildly dramatic and dangerous era of international politics that has

unmistakable resonance today.
House Arrest - K.A. Holt
2015-10-06

Timothy is on probation. It's a strange word—something that happens to other kids, to delinquents, not to kids like him. And yet, he is under house arrest for the next year. He must check in weekly with a probation officer and a therapist, and keep a journal for an entire year. And mostly, he has to stay out of trouble. But when he must take drastic measures to help his struggling family, staying out of trouble proves more difficult than Timothy ever thought it would be. By turns touching and funny, and always original, *House Arrest* is a middlegrade novel in verse about one boy's path to redemption as he navigates life with a sick brother, a grieving mother, and one tough probation officer.

Imagined Histories - Anthony Molho 1998

This collection of essays by twenty-one distinguished American historians reflects on a peculiarly American way of imagining the past. At a time when history-writing has changed dramatically, the authors discuss the birth and evolution of historiography in this country, from its origins in the late nineteenth century through its present, more cosmopolitan character. In the book's first part, concerning recent historiography, are chapters on exceptionalism, gender, economic history, social theory, race, and immigration and multiculturalism. Authors are Daniel Rodgers, Linda Kerber,

Naomi Lamoreaux, Dorothy Ross, Thomas Holt, and Philip Gleason. The three American centuries are discussed in the second part, with chapters by Gordon Wood, George Fredrickson, and James Patterson. The third part is a chronological survey of non-American histories, including that of Western civilization, ancient history, the middle ages, early modern and modern Europe, Russia, and Asia. Contributors are Eugen Weber, Richard Saller, Gabrielle Spiegel, Anthony Molho, Philip Benedict, Richard Kagan, Keith Baker, Joseph Zizak, Volker Berghahn, Charles Maier, Martin Malia, and Carol Gluck. Together, these scholars reveal the unique perspective American historians have brought to the past of their own nation as well as that of the world. Formerly writing from a conviction that America had a singular destiny, American historians have gradually come to share viewpoints of historians in other countries about which they write. The result is the

virtual disappearance of what was a distinctive American voice. That voice is the subject of this book.

Lincoln's Forgotten Ally - Leonard, Elizabeth 2011
This manuscript is the first biography of Joseph Holt, the U.S. Army's Judge Advocate General during the Civil War. Leonard argues that Holt has been portrayed as more or less a caricature of himself, flatly represented as the brutal prosecutor of Lincoln's assassins and the judge who allowed Mary Surratt to be hanged despite knowing her

sentence had been reduced. Leonard contends that the southern view of Holt became the predominant way we see him, in large part because the memory perpetrated by the Lost Cause defined Holt as ruthless toward Southerners and the South. But Leonard argues that there is much more to Holt than what sympathizers with the Lost Cause came to think of him, and she tells his story here, from his early life in Kentucky to his wartime life as a member of Lincoln's administration to his postwar life as the prosecutor of Lincoln's assassins. Perhaps most important, Leonard will look at the erasure of Holt from American memory and investigate how such a significant figure has come to be so widely misunderstood.
