**Hunab Ku** - Karen Speerstra  
2011-04-27

The Mayan symbol Hunab Ku represents movement and

energy—the principle of life itself—in a spiraling design reminiscent of the Eastern yin-yang symbol. As an embodiment of harmony and balance, Hunab Ku invites us into the age of consciousness, which is predicted to begin on December 21, 2012. HUNAB KU prepares us for this cosmic awakening by presenting 77 sacred symbols that create an interactive system for learning, healing, and meditation. Beautifully illustrated and exhaustively researched, this virtual pilgrimage invites us to explore artifacts, earthworks, numerological patterns, and archetypes from diverse traditions the world over: ancient Greece, the Americas, Africa, the British Isles, Babylon, India, and beyond. Hunab Ku waits for you at the book's center, the threshold between our present age and the coming age of enlightenment. Like runes, tarot, and other pathworking systems, the archetypes herein open doors, create bridges, and shed light on our past and our future. These spiritual

signposts are all around us and within, waiting to be interpreted. Let HUNAB KU be your guide. A richly illustrated book that draws on cross-cultural ancient symbols, numerology, archetypes, and earthworks, and the chakras. Includes 77 vivid full-color illustrations placed within the framework and palette of the seven chakras. Builds on the growing popularity of José Arguelles's *The Mayan Factor* and Carl Johan Calleman's *The Mayan Calendar and the Transformation of Consciousness*.

**Earth Frequency** - Melissa Alvarez 2019-06-08

Connect with Spiritual Energy in the Natural World Deepen your connection to the world around you, expand your consciousness, and grow spiritually by actively engaging with the earth's energy. Featuring nine maps and location keys for major geographical areas as well as detailed information on the earth's chakra system, this book will broaden your horizons and transform your nature-based practice.

**Storytelling** - Josepha Sherman 2015-03-26  
Storytelling is an ancient practice known in all civilizations throughout history. Characters, tales, techniques, oral traditions, motifs, and tale types transcend individual cultures - elements and names change, but the stories are remarkably similar with each rendition,

highlighting the values and concerns of the host culture. Examining the stories and the oral traditions associated with different cultures offers a unique view of practices and traditions."Storytelling: An Encyclopedia of Mythology and Folklore" brings past and present cultures of the world to life through their stories, oral traditions, and performance styles. It combines folklore and mythology, traditional arts, history, literature, and festivals to present an overview of world cultures through their liveliest and most fascinating mode of expression. This appealing resource includes specific storytelling techniques as well as retellings of stories from various cultures and traditions. *Rivers of Life, Or, Sources and Streams of the Faiths of Man in All Lands* - James George Roche Forlong 1883

**Man, Myth & Magic** - 1970

**Dream Symbols of the Individuation Process** - C. G. Jung 2021-12-14  
"In 1936 and 1937, C. G. Jung

delivered two legendary seminars on dream interpretation, the first on Bailey Island, Maine, the second in New York City. *Dream Symbols of the Individuation Process* makes these lectures widely available for the first time, offering a compelling look at Jung as he presents his ideas candidly and in English before a rapt American audience."--  
Journal - Royal Anthropological Institute of Great Britain and Ireland - Royal Anthropological Institute of Great Britain and Ireland 1905

*The English Dialect Dictionary: A-C* - Joseph Wright 1903

*Traditions and Hearthside Stories of West Cornwall* - William Bottrell 1873

**Rough Stone Monuments and Their Builders** - Thomas Eric Peet 1912

The Encyclopedia of Superstitions - Edwin Radford 1996  
Containing more than two

thousand superstitions of Britain ranging over the past six hundred years, and extending down to the present day, this book demonstrates that superstitions are worldwide and inherent in all peoples of the world in exactly identical forms of fear and avoidance.

Volume 1 A - C

**Cornwall's Strangest Tales** - Peter Grego 2013-07-15

Welcome to the weird and wonderful world of Cornwall, or as it is sometimes obscurely referred to, Merry Jack. Though this isn't the usual side of the county the tourists, travellers and residents see. This is the real Cornwall, the strange and twisted nooks and crannies of the county's bizarre history - past, present and future. Following on from the bestselling Portico Strangest titles now comes a book devoted to England's gloriously coastal, yet most haunted, region. Located in the toes of the outstretched legs of Britain's old man, Cornwall is a

county with more strangeness than you can shake a Cornish pasty at. Cornwall is an area of outstanding natural beauty, as well as outstanding strangeness - from ye olde tales of plundering pirates to foulish ghosts drinking in local pubs right through to the most famous of all myths - the bizarre beast that forever stalks Bodmin Moor. Spooky.

**Folklore of Prehistoric Sites in Britain** - Leslie V. Grinsell 1976

Geology and Medicine - C.J. Duffin 2017-07-06

The development of the geological and medical sciences shows overlap through numerous historical threads, some of which are investigated here by an international authorship of geologists, historians and medical professionals. Some of the medical men considered here are the relatively well known Steno, Parkinson, William Hunter and Peter Duncan, as well as several more obscure individuals such as Sperling, Hodges, Lemoine,

Siqués and a number of Italians. Their work included foundational geological studies, aspects of hydrogeology and the nature of fossils. The therapeutic use of geological materials has been practised since ancient times. A suite of magico-medicinal stones, some purportedly harvested from the bodies of fabulous animals, have ancient folklore roots and were worn as protective amulets and incorporated into medicines. Medicinal earths were credited with wide-ranging medicinal properties.

Geology and Medicine: Historical Connections will be of particular interest to Earth scientists, medical personnel, historians of science and the general reader with an interest in science.

*Cornwall and Its People* - Alfred Kenneth Hamilton Jenkin 1945

A Hand-Book for Travellers in Devon & Cornwall. With maps - John Murray (Firm) 1859

**The Complete Spa Book for Massage Therapists** - Steve Capellini 2012-07-19  
The Complete Spa Book for

Massage Therapists is specifically for massage therapy students who want to succeed in the spa industry, whether as an employee or an owner of their own spa. It is the only book that includes extensive information about real-world working conditions in actual spas, with an enormous amount of feedback from working spa directors and owners regarding what they are looking for in employees. Beyond giving explanations and step-by-step instructions regarding a wide range of spa modalities, the book offers an in-depth look at topics that many other resources do not cover. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.  
Man, Myth, and Magic: Col-Dia - Richard Cavendish 1995

Celtic Lore and Legend - Bob Curran 2005-04-14

This book includes tales of the heroes and gods from the Great Myth Cycles as well as tales of witches, ghosts, and

fairies. It is an examination and celebration of the tradition of storytelling. This is the first anthology to seek out and record the traditions from

many parts of the Western Celtic world—Ireland, Cornwall, Scotland, Wales, and Brittany—from as early as the 17th century.
