The Book of Job - Derek W. H. Thomas 2016-08

Teaching Outline + Study Guide for The Book of Job

Galatians - Ralph F. Wilson 2012

Galatians shines as Paul's foundational exposition of core Christianity. It's amazing how many so-called Christians don't really "get it." They think that the basis of Christianity is living a good moral life and doing good works. And - so long as you don't mess up your life entirely - you'll end up in heaven. And, oh yes, Jesus died for our sins, whatever that means. Paul's Letter to the Galatians deals with this kind of shallow understanding head-on. He had won the Galatians to Christ. But now some Jewish-Christians had begun to convince these Gentile believers that they couldn't be saved unless they were circumcised and kept the Mosaic Law. The new Christians were about to go backwards - from faith in Christ to faith in law-keeping - and Paul is adamant that this is a fall from grace. As you study Galatians, you'll begin to grasp the core of the gospel that helped Martin Luther to the conviction that we are saved by faith alone. You'll also learn to walk by the Spirit and bear the fruit of the Spirit in your character. This volume explores Galatians in 9 lessons. Thought-provoking discussion questions make it a useful tool for personal enrichment, small groups, and classes. Extensive footnotes assist teachers and preachers with background research for sermon preparation.

The Attributes of God - A. W. Tozer 2007

Often quoted by Chuck Swindoll, Charles Stanley, Billy Graham and other great preachers, A. W. Tozer's words are being heard and read by millions today words like: "Origin is a creature word... All things have an origin. But when you come back to God, you come back to the One who has not origin. He is the Cause of all things, the uncaused Cause. God is Transcendent." "You'll never find Him on your own... He is far away in one sense, but in another He is as near as your heartbeat, for the cross has bridged the gulf." "If there is anything God could learn, it would mean that God didn't know it before. If he didn't know it before, then He didn't know everything, He wouldn't be perfect, and if He isn't perfect then He isn't God." The chapters of this book were originally preached as sermons at Avenue Road Church in Toronto, ON. Whether spoken or written, Tozer's words were designed to "promote personal heart religion" among God's people.

Holiness to the Lord - Allen P. Ross 2006-03-01

At first glance, the Book of Leviticus seems like barren material for lively preaching. Most expositors merely skim the surface for messages on tithing or sabbath-keeping. Yet Leviticus is one of the most important books of the Old Testament; it not only describes the complete religious system of ancient Israel, it also lays the theological foundation for the Christian gospel. In *Holiness to the Lord*, Allen P. Ross enables preachers and teachers to mine the riches of Leviticus and deliver them to a contemporary audience. Following the same practical method he used in the acclaimed *Creation and Blessing*, Ross first carefully sites Leviticus within its context in the ancient world. Then he traces the development of God's plan of salvation-how Leviticus' laws, rituals, symbols, and events prepared for the complete revelation in Jesus Christ. Finally, unlike traditional commentaries, Ross offers helpful ideas for correlating Leviticus to New Testament teachings (particularly Romans, Hebrews,

and Peter) and for applying the material in relevant expository form.

Holiness to the Lord is every expositor's indispensable guide for interpreting the Law for the church and for elucidating Leviticus in practical, biblical messages about worship, sanctification, and obedience. Jacob's prayer - Charles Spurgeon 2015-09-15

This sermon preached by Charles Spurgeon invites us to meditate on God's presence. Acts and Letters of the Apostles - Richmond A. Lattimore 2015-04-21

Richmond Lattimore, one of the most distinguished living translators of Greek, has in this book completed his rendering of the New Testament in fresh and accurate English for the modern reader. The publication of his translation of The Four Gospels and the Revelation in 1979 was hailed by the New York Times Book Review as "an achievement that places us more deeply in Lattimore's debt than any other in a long diligent career." The Acts of the Apostles, which he calls "the earliest consecutive story of early Christianity that we have," and the three groups of Letters of the Apostles--those of Saint Paul, the letter to the Hebrews, and the General Letters--are now made available to complete the New Testament in his translation. His aim again has been to provide a simple, literal rendering in which the syntax and order of the Greek dictate the character of the English style. Lattimore, as an authority on the Greek language in which these texts have come down to us, and as a writer without pretensions as a biblical scholar, allows the words of the apostles and earliest disciples to speak for themselves with accuracy and fidelity to the Greek. The book's design follows the attractive and readable format of The Four Gospels, and avoids the usual apparatus of biblical texts.

Yet it's a housewarming party, held in late 1999, that affects him the most. At the request of John Goertz, a group of technology managers and executives gather in a conference room. It's 1994, well before anyone has heard of the term, Y2K. A promotion to run the newly-created year 2000 compliance program earns John more skepticism and envy from Steve, yet the two have much in common and soon become good friends. A few years later, John leaves for a startup and their lives trend in different directions. The Philosophy of Psychology - George Botterill 1999-08-19

What is the relationship between common-sense, or 'folk', psychology and contemporary scientific psychology? Are they in conflict with one another? Or do they perform quite different, though perhaps complementary, roles? George Botterill and Peter Carruthers discuss these questions, defending a robust form of realism about the commitments of folk psychology and about the prospects for integrating those commitments into natural science. Their focus throughout the book is on the ways in which cognitive science presents a challenge to our common-sense self-image - arguing that our native conception of the mind will be enriched, but not overturned, by science. *The Philosophy of Psychology* is designed as a textbook for upper-level undergraduate and beginning graduate students in philosophy and cognitive science, but as a text that not only surveys but advances the debates on the topics discussed, it will also be of interest to researchers working in these areas.

God Had a Son - Kent Satterlee, III 2022-01-28

God's love for us can't be measured in human terms - it is perfect love. He wanted to share his love with his children, so he started by having a son. God's son, Adam, messed things up and lost the Garden of Eden. No matter how hard the sons and daughters tried, they couldn't fix the mess. They were not able to overcome evil. There didn't seem to be any love left in the whole world. So God had to send love to the earth. He did this by causing his second son, Jesus, to be born. The Bible calls Jesus the "Second Adam" and the "Last Adam". Come visit the Garden of Eden and

how God has restored the garden through his Kingdom in "God Had a Son". God said his sons and daughters now have access to the Kingdom through Jesus.

The Chronological Life of Christ - Mark E. Moore 2007

"...not much has changed since Jesus gathered dust in the soles of his sandals on Palestinian soil. He is still the buzz at barber shops and corner cafes. He is still talked about and against. He pricks our curiosity, sparks our imagination, and even earns our ire. Who is he, really? You know he's no politician, but he still transforms nations. He's no social activist, but he is the genesis of who knows how many hospitals, orphanages, and innumerable acts of kindness. A psychotherapist? Hardly. But how many of us 'Humpty Dumpties' has he put back together again?! This peasant carpenter has built himself a kingdom immeasurably greater than his earthly enemies could have imagined. What are we to make of him? Please accept my deepest apologies right up front, for this book will not help answer that question. However, it may help answer this one: What is this man to make of me?"

Jeremiah - Matthew S. Harmon 2016-07-18

The Knowing the Bible series is a resource designed to help Bible readers better understand and apply God's Word. These 12-week studies lead participants through books of the Bible and are made up of four basic components: (1) reflection questions help readers engage the text at a deeper level; (2) "Gospel Glimpses" highlight the gospel of grace throughout the book; (3) "Whole-Bible Connections" show how any given passage connects to the Bible's overarching story of redemption, culminating in Christ; and (4) "Theological Soundings" identify how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from an array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God's grace on every page of the Bible. Appointed to be a prophet before he was born, Jeremiah faithfully preached God's Word in the face of confusion, opposition, and persecution. When instructed, he brought the message of God's righteous judgment against sin to the nation of Israel, but not without reminding them of God's covenant faithfulness. In this 12-week study, Matthew Harmon highlights key biblical themes, clarifies crucial doctrines, and draws personal applications from the book of Jeremiah—reminding us of the truth that God's proclamation of judgment is always intended to spur his people to seek salvation in and through him.
