Death Waits in the Dark - Mark Edward Langley 2020-08-04

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

The Blendification System - Daniel M. Bruder 2020-05-18

Shelving Guide: Business and Management / Strategic Planning / Leadership / Operations Culture, Strategy, Execution. These three components forge the path to realized potential. The Blendification® System breaks down and rebuilds these core concepts within your company's DNA, setting the foundation for an energizing, engaging, and impactful organization. It is based on the belief that many organizations fail to maximize their potential because they simply do not comprehend the magnitude of their personal and collective untapped capabilities. Many workplaces are stuck in "second gear," not quite embracing and pursuing their full potential. Corporate missions are based on market dominance and incremental profit growth, leaving a massive blind spot in terms of the connection between employees, customers, and communities. This short-sightedness may provide a clear focal point, but it leaves the company, its leadership, and its employees with limited sustained motivation to realize potential. The Blendification® System embraces the connection between culture, strategy, and execution using the Strategy Whiteboard and integrating emotional and system intelligence into the following three-step model: Strategic Analysis including Culture Strategic Focus, Strategic Outcomes, and Strategic Actions Strategic Execution The Blendification® System connects culture, strategy, and execution in a meaningful way that fosters an inspired, exceptional workforce. By focusing on the unifying purpose within each organization, the platform promotes alignment between leadership and employees setting a clear, strong foundation in which every individual can thrive. With this foundation in place, organizations activate their employee's potential who then take care of their customers. By fully engaging those with whom organizations directly interact, these individuals then become the spark that ignites community-wide advancement. This is not a theory-based, philosophical book. This is an in-depth operating system by which organizations reshape their infrastructure to realize potential. The methodology outlined in The Blendification® System creates agile and efficient action, maximizing success in periods of economic expansion and times of uncertainty such as the COVID-19 outbreak, the Great Recession, and 9/11. By following the structure outlined in The Blendification® System and using the Strategy Whiteboard, organizations will move beyond financial success to uplifting employees, customers, and entire communities.

Theories of Distributive Justice - Jeppe von Platz 2020-02-14

How should we design our economic systems? Should we tax the rich at a higher rate than the poor? Should we have a minimum wage? Should the state provide healthcare for all? These and many related questions are the subject of distributive justice, and different theories of distributive justice provide different ways to think about and answer such questions. This book provides a thorough introduction to the main theories of distributive justice and reveals the underlying sources of our disagreements about economic policy. It argues that the universe of theories of distributive justice is surprisingly simple, yet complicated. It is simple in that the main theories of distributive justice are just four in number, and in that these theories each offer a distinct, well-defined theoretical approach to distributive justice; yet it is complicated in that the main theories disagree at several distinct, fundamental levels, and in that it is possible to spin innumerable new theories from the elements of the four main theories. Key Features: Covers the four major theories of distributive justice and their leading philosophers, elucidating the attractions and drawbacks of each: Friedrich A. von Hayek and right-liberalism; John Rawls and left-liberalism; Robert Nozick and libertarianism; Gerald A. Cohen and socialism. Explains why these four theories have come to dominate most philosophical discussions on distributive justice, highlighting the essential answer provided in each that is lacking in other theories. Written for any reader interested in the topic, with an annotated reading list at the end of each chapter and helpful glossary at the back of the book. David S. Maynard and Catherine T. The Widow Waltz - Sally Koslow 2013-06-13

"This heartfelt, witty addition to women's fiction will appeal to fans of Elizabeth Berg and Anna Quindlen." (Booklist) Georgia Waltz has things many people only dream of: a plush Manhattan apartment overlooking Central Park, a Hamptons beach house, valuable jewels and art, two bright daughters, and a husband she adores, even after decades of marriage. It's only when Ben suddenly drops dead from a massive coronary while training for the New York City Marathon that Georgia discovers her husband—a successful lawyer—has left them nearly penniless. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad. As she uncovers hidden resilience, Georgia's sudden midlife shift forces her to consider who she is and what she truly values. That Georgia may also find new love in the land of Spanx and stretch marks surprises everyone—most of all, her. Sally Koslow's fourth novel is deftly told through the alternating viewpoints of her remarkable female protagonists as they plumb for the grit required to reinvent their lives. Inspiring, funny, and deeply satisfying, *The Widow Waltz* explores in a profound way the bonds between mothers and daughters, belligerent siblings, skittish lovers, and bitter rivals as they discover the power of forgiveness, and healing, all while asking, "What is family, really?"

Casanova - Giacomo Casanova 2019-04-28

This is a biographical book. I had been careful, on my arrival in Bologna, to take up my quarters at a small inn, so as not to attract any notice, and as soon as I had dispatched my letters to Therese and the French officer, I thought of purchasing some linen, as it was at least doubtful whether I should ever get my trunk. I deemed it expedient to order some clothes likewise. I was thus ruminating, when it suddenly struck me that I was not likely now to succeed in the Church, but feeling great uncertainty as to the profession I ought to adopt, I took a fancy to transform myself into an officer, as it was evident that I had not to account to anyone for my actions.
