Miss Spitfire - SARAH MILLER 2012-12-11
Annie Sullivan was little more than a half-blind orphan with a fiery tongue when she arrived at Ivy Green in 1887. Desperate for work, she'd taken on a seemingly impossible job-teaching a child who was deaf, blind, and as ferocious as any wild animal. But if anyone was a match for Helen Keller, it was the girl who'd been nicknamed Miss Spitfire. In her efforts to reach Helen's mind, Annie lost teeth to the girl's raging blows, but she never lost faith in her ability to triumph. Told in first person, Annie Sullivan's past, her brazen determination, and her connection to the girl who would call her Teacher are vividly depicted in this powerful novel.

[Spitfire Girl](#) - Diana Mackintosh and Douglas Thompson 2020-07-30

Diana Mackintosh came of age to the drone of sirens alerting the people of Malta to the arrival of relentless flights of belligerent German and Italian menace - the bombers she first imagined as a swarm of black flies, pests that stung and cursed her Mediterranean homeland. The three-year onslaught never took a day off; it was endless, but supplies were not. The hope of a shipment of high protein became an ongoing dream. The only time Diana wasn't hungry was when she slept. Her story of that time, and in 2020 she is one of the very few remaining who experienced it first-hand, makes it clear why Malta was collectively awarded the George Cross, the highest British civilian honour for heroism. Of course, as she argues, no one was trying to be heroic, but somehow they helped reverse the fortunes of the Second World War in the Mediterranean and North Africa. Now at the

age of 101, Diana is also celebrated for her children's achievements — she helped her eldest son, Sir Cameron Mackintosh, and worked as his unpaid secretary — and for a life in the wings of British cinema, Hollywood and theatreland. Spitfire Girl recounts Diana's extraordinary life, more than a century in the making.

A Spitfire Girl - Mary Ellis, As Told To Melody Foreman 2016-11-30

We visualize dashing and daring young men as the epitome of the pilots of the Second World War, yet amongst that elite corps was one person who flew no less than 400 Spitfires and seventy-six different types of aircraft and that person was Mary Wilkins. Her story is one of the most remarkable and endearing of the war, as this young woman, serving as a ferry pilot with the Air Transport Auxiliary, transported aircraft for the RAF, including fast fighter planes and huge four-engine bombers. On one occasion Mary delivered a Wellington bomber to an airfield, and as she climbed out of the aircraft the RAF ground crew ran over to her and demanded to know where the pilot was! Mary said simply: "I am the pilot!" Unconvinced the men searched the aircraft before they realized a young woman had indeed flown the bomber all by herself. After the war she accepted a secondment to the RAF, being chosen as one of the first pilots, and one of only three women, to take the controls of the new Meteor fast jet. By 1950 the farmer's daughter from Oxfordshire with a natural instinct to fly became Europe's first female air commandant. In this authorized biography the woman who says she kept in the background during her ATA years and left all the glamour of publicity to her colleagues, finally

reveals all about her action-packed career which spans almost a century of aviation, and her love for the skies which, even in her nineties, never falters. She says: "I am passionate for anything fast and furious. I always have been since the age of three and I always knew I would fly. The day I stepped into a Spitfire was a complete joy and it was the most natural thing in the world for me."

Legally Yours - Nicole French 2017-03-13

I had a plan. Finish law school. Start a job. Stay away from men like Brandon Sterling. Cocky, overbearing, and richer than the earth, he thinks the world belongs to him, and that includes me. Yeah, no. Think again. It doesn't matter that his blue eyes look straight into my soul, or that his touch melts my icy reserve. It doesn't even matter that past all that swagger, there's a beautiful, damaged man who has so much to offer beyond private planes and jewelry boxes. But I had a plan: no falling in love. I just have to convince myself.

The Hurricane Girls - Jo Wheeler 2018-07-26

As seen on BBC and Sky News. Celebrating the lives of the magnificent women, the ATA girls, who courageously flew Spitfires, Tiger Moths, Lancaster Bombers and many other aircraft during World War Two. These extraordinary women, Mary Ellis, Jackie Moggridge and Pauline Gower are just a few of the remarkable stories inside . . . Since the invention of aeroplanes, women have taken to the skies. They have broken records, performed daredevil stunts and faced such sexism and prejudice that they were effectively barred from working as pilots. That changed in the Second World War. Led by firebrand Pauline Gower, an elite group of British women were selected as ferry pilots to fly for the Air Transport Auxiliary. They risked their lives flying munitions and equipment for the boys on the front line. Flying day and night without radio; dodging storms, barrage balloons and anti-aircraft fire; and with only a map, compass and their eyesight to guide them, they navigated the treacherous wartime skies. *The Hurricane Girls* is the thrilling, moving and inspirational story of the female air force who once ruled our skies.

Riders of the Wind - Robert F. Deburgh 2012-04-01

Riders of the Wind is set in the turbulent times of the nineteen twenties and nineteen thirties. It traces the lives, loves and adventures of six people through this heroic era in aviation. Loosely based on the life of airmail and airline pilot, Charles A. Cross, Jr., the tale is told in the language and spirit of the times. The book graphically portrays the adventure and romance of flight in the pioneering years before World War II, taking the reader into the cockpit with the airmail pilots battling the night through horrific weather and with the route survey pilot in the wilds of the Amazon. It guides the reader through the speakeasies of the prohibition era, the depths of the depression and ultimately to the Eagle Squadrons in the Battle of Britain. Told in very human terms, the story also portrays the courtship and deep abiding love between Charlie Cross and his wife, Doretta and the friendship and camaraderie in the world of aviation in that era.

Spitfire Stories - Jacky Hyams 2017-10-19

The Spitfire is the world's most iconic airplane. Yet the history of the Spitfire contains many hitherto hidden or little-known stories of the men and women behind the plane; not only the gifted creators and inventors, or the brave fighter pilots who triumphed in battle, but also the thousands of other people whose lives were affected by their personal connection to it—engineers, ground crew, factory or office workers, and their families. This book recounts the memories and stories of these people, from the birth of the Spitfire in the 1930s to the present day. Among these accounts is the extraordinary tale of the fighter pilot who only discovered, 50 years on, the tragic truth of his last Spitfire flight, the businessman whose blank

check changed the course of the war, the 95-year-old RAF engineer who was determined to be reunited with his beloved Spit before he died, and the little girl who inspired the plane's creation--and went on to marry a movie star. Using documents, letters and photographs from the Imperial War Museums' unparalleled archive, plus exclusive first-hand interviews, these stories of the Spitfire are a revelatory collection of small but significant histories, to be treasured by all who love and admire the iconic plane.

Spitfire Pilot - David Crook 2021-07-06

Spitfire Pilot is the exhilarating and moving memoir of D. M. Crook, an airman in the legendary 609 Squadron - one of the most successful RAF units in the Battle of Britain. Beginning with his fond recollections of his halcyon days in training - acrobatics, night flying and languorous days spent playing sport and nights off visiting Piccadilly Circus - Crook goes on to recount in thrilling detail the dogfights, remarkable victories and tragic losses which formed the daily routine of Britain's heroic aerial defenders in that long summer of 1940. Often hopelessly outnumbered, the men of 609 Squadron in their state-of-the-art Spitfires committed acts of unimaginable bravery against the Messerschmitts and Junkers of Germany's formidable Luftwaffe. Many of Crook's fellow airmen did not make it back alive, and the absence they leave in the close-knit community of the squadron is described with great poignancy. Spitfire Pilot offers a unique and personal insight into one of the most critical moments of British history, when a handful of men stood up against the might of the German Air Force in defence of their country. This definitive edition, the first for more than sixty years, includes a new foreword by David Crook's daughter and Air Vice Marshal Sandy Hunter, Honorary Air Commodore of the 609 Squadron. The book also has an introduction by Professor Richard Overy.

Their spirit and fearlessness in the face of death still resonates down the years, and their accounts reveal a forgotten chapter in the history of the Second World War. As Yvonne Macdonald, now 90 and living in Cape Cod, says: 'It was a kind of freedom you never get any other way, it was as if you had wings sewn on your back. Lady Lucy Houston DBE - Miles Macnair
2016-10-31

The life-story of Lady Lucy Houston DBE must surely be one of the most romantic and dramatic epics of the last one hundred and fifty years, yet nowadays she is a woman unknown. She was a renowned beauty with a sharp intelligence, and over the years she would exploit her charismatic charm, first as a teenager to entice a wealthy lover, and subsequently to lead three husbands to the altar. She was an ardent and productive campaigner for womens rights, conducting outstanding works of charity during the Great War, such as providing a convalescent home for nurses returning from the front line. In recognition of these endeavours, she was made a Dame of the British Empire in 1917. After the death of her third husband, a known misogynist, under mysterious circumstances, she was temporarily certified mad, but his Will was to make her the richest woman in England. During

the rest of her eventful and eccentric lifetime, she spent her fortune on a vast number of charitable causes, whilst waging a feisty political campaign against weak British politicians of all parties. As a great admirer of how Mussolini had restored Italys patriotic self-esteem, she championed men like Winston Churchill as the future saviour of her own beloved country. But her greatest legacy arose from her steadfast support for the Royal Air Force, whose finances were being crippled. She funded the 1931 Schneider Trophy Race as well as the Houston-Mount Everest Expedition of 1933. This funding had a crucial bearing on the development of the Merlin engine and the Spitfire aircraft, essentially kick starting the chain of events that would ultimately end in allied victory during the Battle of Britain. She died before the cataclysmic war that she so accurately predicted however, her death being precipitated by an infatuation with Edward, Prince of Wales. In spite of her many eccentricities, the enchanting, infuriating, inspiring and endlessly controversial Lucy Houston deserves to be remembered as a very patriotic lady indeed.

Douglas Bader - John Frayn Turner 2009-04-30

Douglas Bader was a legend in his lifetime and remains one today 100 years after his birth. A charismatic leader and fearless pilot he refused to let his severe disability (loss of both legs in a flying accident) ground him. He fought the authorities as ruthless as he did the enemy and not only managed to return to the front line but became a top scoring ace. His innovative tactics (The Big Wing) ensured his promotion and he led a key group of squadrons during the dark days of the Battle of Britain. His luck ran out when he was shot down and captured; he only escaped his burning fighter by cutting away one of his artificial legs. As a POW he was a thorn in the Germans side and he was sent to Colditz Castle. As this perceptive book reveals Bader, the hero, was at times a difficult overbearing man, no doubt in part due to the pain he suffered. But his strengths far outweighed his weaknesses and his place in the annals of British history is secure. This is a timely republication of an important biography.

Pauline Gower, Pioneering Leader of the Spitfire Women - Alison Hill 2022-09-01

PAULINE GOWER was the leader of the Spitfire women during the Second World War. After gaining her pilot's licence at 20, she set up the first female joyriding business in 1931 with engineer Dorothy Spicer and took 33,000 passengers up for a whirl, clocking up more than 2,000 hours overall. Pauline went on to command the inaugural women's section of the Air Transport Auxiliary (ATA) and achieved equal pay for her women pilots. She enabled them to fly 'Anything to Anywhere', including Tiger Moths, Hurricanes, Wellingtons and - their firm favourite - the Spitfire. Pauline Gower: Pioneering Leader of the Spitfire Women is a story of bravery, fortitude and political persuasion. Pauline was a clear leader of her time and a true pioneer of flight. She died after giving birth, at only 36; a life cut tragically short, but one of significant achievements.

Pauline left a huge legacy for women in aviation.

Le ali rosa della seconda guerra mondiale Le ausiliarie della RAF - Cristina Contilli 2018-01-05

Appreziate per il loro lavoro durante la guerra e poi dimenticate le pilote degli ATA sono state riscoperte in questi ultimi anni grazie a libri e documentari a loro dedicati. In particolare nel 2012 le veterane ormai novantenni Fredys Sharland, Molly Rose, Joy Lofthouse e Mary Ellis sono state intervistate dalla BBC nell'ambito di una docu-fiction intitolata "Spitfire sisters". Questo libro è un piccolo omaggio a delle pioniere che hanno pilotato un aereo militare, quando ancora poche donne possedevano persino un brevetto di volo civile da trasporto e molte compagnie aeree ancora non accettavano piloti di sesso femminile.
