**Setting Boundaries Will Set You Free** - Nancy Levin 2021-01-12

Do you feel like you're a "pushover"? Do you let other people make all the plans--letting them pick the

movie, the restaurant, or the vacation destination? Does self-care feel selfish to you? And do you find yourself feeling resentful toward others because they don't seem to take your needs into consideration? Can you relate? If the answer is yes, this is the book for you! In this book, master coach, speaker, and author Nancy Levin will help you establish clear and healthy boundaries. This isn't easy; many of us don't want to "rock the boat." We assume setting boundaries will lead to conflict. And, unfortunately, by avoiding conflict and not setting limits, we tend to choose long-term unhappiness instead of short-term discomfort. This book includes exercises and practical tools to help even the most conflict-averse, people-pleasing readers learn new habits. You'll learn how to recognize and take inventory of your boundaries, view your boundaries differently by creating a Boundary Pyramid, learn how to say "no" effectively, and set your Bottom-Line Boundary. As your supportive guide, Nancy will show you how to gather the courage to live a life of "boundary badassery." "This work was life-changing for me, and if you're someone who has avoided boundaries for years, it can change your life, too." -- Nancy Levin

*The Moses Code* - James F. Twyman 2010-03

Is it possible that nearly 3,500 years ago, Moses was given the secret for attracting everything you've ever desired? The Moses Code was first used to create some of the greatest miracles in the history of the world, but then it was hidden away, and only the highest initiates were allowed to practice it. In this book, James F. Twyman reveals the Code for the first time, showing how it can be used to create miracles in your life . . . and in the world. By practicing the principles presented within these pages, you'll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life. At the very heart of the Moses Code is the true function and practice of the Law of Attraction. You may have been told that this Law is all about "getting" the things you want—things that you think will make your life more satisfying. But what if that's just the first step, and cracking the Moses Code depends more on what you're willing to "give" rather than "get." That would mean that you have the power to create miracles in your liferight now! It would also mean that you have the ability, even the responsibility, to use that power for more than just attracting money, a better car, or the perfect relationship. You're here to use the power of Divinity itself to create a world based on the laws of compassion and peace. That's the task that lies before us.

Kidnapping by a foreign terrorist group is suspected, but after discovering that there were no witnesses, signs of struggle, or evidence of foul play, intelligence services consider the possibility that the group left of their own accord and now represent a threat to our national security. Keri Winslow, a Washington television reporter, and Phillip Lansing, White House correspondent for a major network, find the location of the missing VIPs and are soon involved in the unraveling of an ancient mystery that has been fearfully controversial for centuries—that there are those among us who are not of this world. The characters in Sigma Rising are strong and memorable as they move through the twists and turns of a frenzied nation, clandestine meetings, paranormal experiences, grief and new found love, and a greater understanding about life and death. The secrets of the benevolent beings who have been active on Earth for two million years is finally revealed. Although based on the spiritual truth of Ancient Wisdom with valid insights on the

meaning of illusion and reality, this is basically a work of fiction. Names, characters, places and incidents are the product of the author's imagination.

**Dollars Flow to Me Easily** - Richard Dotts 2016-06-14

Is it possible to read and relax your way into financial abundance? Can dollars flow to you even if you just sat quietly in your favorite armchair and did "nothing"? Is abundance and prosperity really our natural birthright, as claimed by so many spiritual masters and authors throughout the ages? In his latest book Dollars Flow To Me Easily, bestselling author and spiritual explorer Richard Dotts attempts something that he has never done before - to write a book that changes and transforms the reader's innermost perceptions about money as they read it. Richard explains that these spiritual principles have never been about "attracting" more money or stuff into our lives. Instead, these Universal truths all speak of recognizing the inherent abundance that is already there for our taking. Is it any wonder that traditional Law of Attraction techniques which focus on "doing" and "attracting" something from out there to fill a perceived lack in our lives do not create lasting results? But if all our abundance is already right here for our taking, why is it that our bank balance and physical experiences do not always reflect this truth? Is there something we have to do in order to welcome this abundance into our lives? Dollars Flow To Me Easily takes an alternative approach to answering these questions. Instead of guiding the reader through a series of exercises to "feel as if" they are already rich, Richard draws on the power of words and our highest intentions to dissolve negative feelings and misconceptions that block us from manifesting greater financial abundance in our lives. When these blocks are gently dissolved and let go of through absorbing the words in this book, what results are natural physical manifestations of abundance in our everyday experience. As Richard puts it,

this technique is so counter-intuitive precisely because it flies in the face of everything we have been taught. We have been taught to tackle our financial issues head-on and to worry about them constantly in order to come up with solutions. But despite this, all our worrying and mental activity has still not resulted in everlasting peace-of-mind and a permanent resolution of the financial issues in our lives. Perhaps the real solution that we need is to simply correct our thinking on the inside, and to realize that there has been no issue and no lack in the first place. When we tend to our inner states and make it our priority... when we finally give up the need to do anything to make things happen... that is when the Universe can deliver our highest good to us. Dollars Flow To Me Easily takes you through the experiential journey of dropping all your worries, fears and blocks around manifesting money as you read. What remains at the end is the real you - a state in which dollars flow to you easily and a recognition of this truth that has always been a part of your being.

**Life and Opinions of Julius Melbourn** - Julius Melbourn 1847

"Jabez Delano Hammond published *The Life and Opinions of Julius Melbourn* in 1847, amid state debates over black suffrage and national debates over slavery's expansion. The white New Yorker wrote in the voice of a former slave, fooling some contemporaries and subsequent historians, seeking to link Thomas Jefferson's legacy to antislavery and racial equality. Placed in the context of Hammond's other public and private writings, Julius Melbourn represents the evolution, radicalization, and politicization of the antebellum abolition movement. Hammond began as an ardent Jeffersonian but came to advocate violence against the Slave Power before disavowing such tactics in favor of political mobilization before his death in

1855"--Abstract, "Jefferson's legacy, race science, and righteous violence in Jabez Hammond's abolitionist fiction."

*Removing the Masks That Bind Us* - John Randolph Price 2001-02-01

Based on intensive research, bestselling author John Randolph Price reveals how we create our own experiences by the masks we choose to wear - masks such as the Victim, Tyrant, Manipulator, Fanatic, Worrier, and Deceiver. We put on these absurd false faces - sometimes unconsciously - to get our way, or to defend ourselves against the external forces that seem to be preying on us. The challenges of life seem to be magnified because the universe always reflects back the disguises we are wearing, replaying all of our misconceptions and vulnerabilities in the physical world.
