When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling Pound Foolish, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

**How to Get Out of Debt Fast** - Chris Rogers 2013-02-06

I wrote "Get Out Of Debt Fast: Reduce Debt Quickly With The Money You Currently Make" because I know it can sometimes be very overwhelming when there is not enough money left over at the end of the month. Bill collectors calling, credit card companies hounding you, and stress start to overwhelm you. I too was once in a very similar situation. I'm here to tell you I'm not anymore and the stress those bills and debts were causing me and my family are gone. I wrote this easy to follow guide called "How to Get Out of Debt Fast: Reduce Debt Quickly With The Money You Currently Make" to help you reduce your debts very quickly and provide you with the stress free lifestyle I'm now living. The methods I used to get out of debt are documented in this easy to follow guide. I've left nothing out of this book and it truly can help you get out of debt very quickly, so you can have peace of mind at the end of the day. There is nothing worse than trying to make ends meet and have no current plan that will actually work to get you out of debt fast. The methods I used are simple. I used the compounding effect the banks, credit card, and mortgage companies are using to keep you in debt against them. The methods I used had to be simple in order for me to stick with the program. I quickly paid off two credit cards within a matter of 6 months using just the money our family made. I couldn't stand thinking of following some budget, moving numbers here and there, trying to save money and allocate it to all the different categories. Let's face it a real budget is difficult to follow and stay motivated to follow. There is non of that in How to Get Out of Debt Quickly. Just a very simply, easy to implement and follow plan. So, if you are serious about getting out of debt, need some much needed stress reduction and want to have enough money to actually retire someday and live the quality of life you've dreamed about, you need to take action right now and go to the top of the page and click the "Buy" button now. **Financial Recovery** - Karen McCall 2011-03-21

After healing her own unhealthy relationship with money, and transforming her financial disaster into prosperity and security, Karen McCall created a recovery program she has now used for more than twenty years to help individuals, couples, and businesses large and small. In the midst of her money troubles, she saw a need for something other than financial planners, accountants, and credit counselors. These experts could tell her what she should be doing differently, but she needed someone to help her understand the underlying causes of chronic, self-defeating overspending and credit card debt, underearning, and low or no savings. To save herself, she created practical, holistic tools that address these sources of pain and shame. McCall's program supports people as they uncover their deep-seated attitudes about money; provides simple, step-by-step tools for healing areas of physical, emotional, and spiritual deprivation; and teaches skills and strategies for experiencing lasting personal and financial fulfillment even in the midst of economic challenges and reversals.
