The Ultimate Gladiator - Brian Berg

2014-02-09

The gladiator alternate fighter class is a robust expansion upon the gladiator archetype in standard fantasy and designed for the Pathfinder Roleplaying Game. Television series such as Spartacus(TM) have vividly inspired us and we are pleased to present 'The Ultimate Gladiator.' Total Party Kill Games' Ultimate Gladiator is an excellent adaptation, blending the exceptional Pathfinder system to a fantastic concept. We've utilized the "Talented" class framework to create a gladiator that is incredibly flexible and has the abilities to back up the strength of the concept. Our gladiator is not only a killer in the arena, but a viable character when allowed to adventure, providing valuable inspiration to his allies as he performs his feats of bravado and dash. While powerful, the gladiator is mostly limited in scope to melee combat and not well armored, preferring light armor and great mobility over heavier armors. This grants him great reflexes and their incessant combat practice allows them to take wounds that would cripple a normal hero and still keep on fighting.

Within are multitudes of talents, feats, combat styles, traits, and even archetypes. Play the role of an insightful Andabata (Blind Helm Fighter), a ferocious Bestiarus (Beast Master), an acrobatic Blade Dancer, the charismatic Champion, the reviled Criminal, the massive Gigante (Giant), the alluring Gladiatrix, the unstoppable Immortal, the unflinching Ironbound, the wealthy Noble Gladiator, the deadly ranged Sagittarius, the rage-filled Barbaric Slave gladiator, and the fearsome Venator (Beast Slayer). Use 'The Ultimate Gladiator' to bring an exciting new warrior class into your Pathfinder games. Build a gladiator campaign around the multitudes of different gladiators you can build with this sourcebook. Or play a free gladiator that inspires his adventuring allies with his panache and bravado in your existing campaign. You will be entertained...

Holding Back The Tears - Annie Mitchell

2013-09-16

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events,

they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Free Roll - Brandt Tobler 2017-05-22

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from its celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright

unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Poverty, Politics, and Race - Dorothy Inman-Johnson 2012-12-11

Poverty, Politics, and Race gives a true face to poverty, while knocking down stereotypes on race and the poor; and sheds light on how the politics of the past and present have magnified issues of race in America. The book also gives a personal look back at an important period in civil rights in America's history and sounds an alarm at the renewed and very open racial hatred that resurfaced with the election of the first African-American U.S. President. It takes a critical look at current events affecting the lives of average Americans through the prism of a Black woman who has experienced firsthand the effects of poverty, race, and the politics surrounding both issues. The book hopefully will help remove the blinders and lead to a more honest discussion on the divisions in our country and ways we can begin to heal them.

Military Recruiting in the United States - Pat Elder 2016-12-08

Military Recruiting in the United States provides a fearless and penetrating description of the deceptive practices of the U.S. military as it recruits American youth into the armed forces. Long-time antiwar activist Pat Elder exposes the underworld of American military recruiting in this explosive and consequential book. The book

describes how recruiters manage to convince youth to enlist. It details a sophisticated psy-ops campaign directed at children. Elder describes how the military encourages first-person shooter games and places firearms into the hands of thousands using the schools, its JROTC programs, and the Civilian Marksmanship Program to inculcate youth with a reverence for guns. Previously unpublished investigative work reveals how indoor shooting ranges in schools are threatening the health of children and school staff through exposure to lead particulate matter. The book provides a kind of "what's coming next manual" for European peacemakers as they also confront a rising tide of militarism. The book examines the disturbing, nurturing role of the Catholic Church in recruiting youth. It surveys the wholesale military censorship of Hollywood films, pervasive military testing in the high schools, and an explosion of military programs directed toward youth. Our National Monuments - Q. T. Luong 2021-09-25

From the north woods of Maine to the cactus-filled deserts of Arizona, America's national monuments include vast lands rivaling the national parks in beauty, diversity, and historical heritage. These critically important landscapes, mostly under the Bureau of Land Management supervision, are often under the radar with limited visitor information available yet offer considerable opportunities for solitude and adventure compared to bustling national parks. The Antiquities Act of 1906 gave Presidents the

authority to proclaim national monuments as an expedited way to protect areas of natural or cultural significance. Since then, 16 Presidents have used the Antiquities Act to preserve some of America's most treasured public lands and waters. In 2017, an unprecedented Executive Order was issued questioning these designations by calling for the review of 27 national monuments across 11 states and two oceans, opening the threat of development to vulnerable and irreplaceable natural resources. Our National Monuments introduces these spectacular and unique landscapes, in the first book of its kind. Accompanying the collection of scenic photographs is an invaluable guide including maps of each national monument with carefully selected attractions identified and described based on the author's wide-ranging explorations. Our National Monuments invites readers to experience for themselves these lands and learn about the people and cultures who came before, and to whom these lands are still sacred places. QT Luong is one of the most prolific photographers working in America's public lands and the author of Treasured Lands, the best-selling and acclaimed photography book about the national parks. Combining hundreds of his sumptuously printed photographs with essays from citizen conservation associations caring for these national treasures; including a foreword by former Secretary of the Interior Sally Jewell and photographs of marine national monuments from Ansel Adams award-winning photographer Ian Shive, the comprehensive portrayals of Our National Monuments help readers understand how these essential landscapes are preserving America's past and shaping its future.
