*Risk Management and Insurance* - Etti G. Baranoff 2003-04-08

The terrorist attacks of September 11, 2001 and the Enron scandal both highlighted the importance of risk management and insurance. Giving particular attention to the market's increased sense of vulnerability and the newest technologies, Risk Management and Insurance

provides a clear introduction to the complexities of this field. With chapters on topics such as e-risks and enterprise risk and a focus on connecting each chapter into the bigger picture, Baranoff's approach is to show students how the latest developments and the field's traditional approaches fit together.

Parents, Children, and the Facts of Life - Henry V. Sattler 1952

Father Sattler has written Parents, Children and the Facts of Life to help parents fulfill the extremely important duty of training boys and girls to be pure and innocent, and eventually to enter marriage with a noble and holy purpose if God calls them to that state of life. According to the official Catholic teaching, sex education is the duty of the parents, yet many parents still struggle to convey the facts of life to their children in a natural and inspiring way. Applying traditional Catholic principles to very practical questions, Fr. Sattler explains what parents

should tell their children, when and how they should tell it, what moral and psychological dangers they must avoid, and what questions they should anticipate. His conversational and down to earth style provides parents with the confidence and practical wisdom to fulfill their role as their children's primary teachers of the facts of life.
