Journey of a Mouse to the Moon—where dreams are determined only by the size of your imagination and the biggest innovators are the smallest of all. moving memoir of the year in which Corinne Grant decides to do something about her hoarding. It took a year to drag myself out of the mess. A year in which I lost my dearest friend and then promptly lost my way. A year in which I ran away overseas, came back and then ran away again. A year in which I learnt to let go, learnt to forgive and learnt to grow up. It was a big year. It was a lot of work. And I head-butted two people. Accidentally. This is the big-hearted story of how one of Australia's leading comic talents learned to reconcile love, loss, lack of closet space, and far too much stuff. From every scrunchie she's ever owned, to every pencil case and magazine, it's time for it all to go. The problem is, getting rid of the stuff turns out to be much harder than she initially thought. This delightful memoir is about hoarding and about how the things we hold on to can end up dictating our lives. Warm, hilarious, candid, and insightful, Grant's tale is about the pain—but also the necessity and the joy—in learning to let

go.

*Time On My Hands* - Giorgio Vasta 2013-06-18  
Palermo, Sicily, 1978. The Christian Democrat leader Aldo Moro has just been kidnapped in Rome by members of the notorious Red Brigades. Two months after his disappearance on 9th May, Moro is found dead in the boot of a car. A trio of eleven-year-old schoolboys, Nimbo, Raggio, and Volo, avidly follow the news of the abduction as their admiration for the brigatisti grows. When the boys themselves resolve to abduct a classmate and incarcerate him in a makeshift 'people's prison', the darkness within their world, and the world of the novel, becomes all-pervasive. A vivid and hellish description of Sicily in the late seventies, *Time on my Hands* is an unforgettable novel from a significant new voice in Italian fiction.

"A sharp-witted gloss on the scientific and sexual obsessions of Victorian society."- TIME London, 1898. The Victorian Era draws to a close and the twentieth century approaches. It is a time of great change and an age of stagnation, a period of chaste order and ignoble chaos. It is an era in need of champions. In this amazingly imaginative tale, literary figures from
