**Brief Strategic Solution-oriented Therapy of  
Phobic and Obsessive Disorders** - Giorgio  
Nardone 1996

This book is about psychological disorders based on irrational fears - those apparently unmotivated, paralyzing, panic-filled, gutwrenching fears whose multiplicity and diversity are barely contained in the diagnoses phobias and obsessional disorders. The author, worldrenowned therapist Giorgio Nardone, offers a brief (usually less than 20 session) treatment method that leads to a change in the interpersonal, cognitive, and emotional organizations underlying these painful and all too-common problems. Therapists using a strategic framework focus on reframing patients' representations of self and other, and on changing the relational patterns that sustain fearful perceptions. Based on extensive research

and illustrated with in-depth clinical examples, this book offers hope to those whose lives have been unnecessarily limited by their phobias and obsessions. Strategic brief therapy, as developed by John H. Weakland, Paul Watzlawick, and Richard Fisch, is based on a very simple idea problems are accidentally maintained by our repeated, failed attempts at solving them. In this book, Giorgio Nardone uses the strategic brief therapy lens to focus on how particular troubles are accidentally maintained and how therapist and client can overcome them. The follow-up (79 percent resolved and 7 percent much improved) certainly points to the efficacy of Nardone's approach. Giorgio Nardone's strategic psychotherapy model shows specific originality and an innovative quality compared to other brief therapy models. Phobic and obsessive disorders are difficult to treat. Nardone's model achieves rapid symptom remission even in severe forms of panic, fear, and phobia. This book is a very practical manual for professionals

because it guides the reader clearly through the different stages of therapy and presents treatment protocol as well as concrete examples of results. A study of two clinical cases, complete with a transcript of therapy, not only enhances comprehension of the model but underscores the brilliance of the

*Cuentos para regalar a personas especiales* - Enrique Mariscal 2010-07-15

Con esta nueva entrega de la serie «Cuentos para regalar», Enrique Mariscal demuestra, una vez más, que es uno de los más perspicaces narradores de cuentos del momento. Una vieja historia de peregrinos del desierto habla de un viajero que encontró a un árabe muy pensativo descansando al pie de una palmera en un oasis. Era evidente que se trataba de un comerciante opulento, que vendía objetos de valor: joyas, perfumes y tapices. -¡Buen amigo, salud! Te veo preocupado. ¿Puedo tal vez ayudarte en algo? - Es mucho dolor el que siento -respondió el hombre-. He perdido la más preciada de las

joyas, y eso es irreparable. -Estimado amigo, puedes reponerla con facilidad, llevas tesoros sobre tus caballos, eres rico... -Era una alhaja que no volverá a repetirse nunca. Nadie puede construir otra igual a ella. -Comprendo, has perdido un bien muypreciado, amigo, pero a fe mía, estoyseguro de que con buen dinero podrás conseguir algo similar -replicó el viajero. -La joya que he perdido era una perla que no volveré a encontrar jamás. Se llamaba «un día». Cuando los grandes maestros no encontraban las palabras, ni las definiciones intelectuales para explicar las más importantes enseñanzas de la vida, recurrían a la parábola, a la fábula, al mito o al sueño.

Psicomagia - Alejandro Jodorowsky 2007-05-30  
Psicomagia es el documento más completo sobre la evolución de la obra creativa y terapéutica de Alejandro Jodorowsky, e incluye la versión íntegra, inédita en España, del texto fundamental para comprender la psicomagia. En este libro el autor nos muestra el camino que le

llevó a la psicomagia, desde sus primeros actos poéticos y teatrales hasta su aprendizaje para controlar el mundo onírico. Estos pasos imprescindibles, junto con el conocimiento que maestros, curanderos y chamanes le transmitieron, fue lo que dio origen a sus técnicas para sanar, conocidas como psicomagia y psicogenealogía. El libro ofrece también al lector una reciente entrevista con Jodorowsky, en la que nos habla de la muerte, del destino, las religiones, la clonación humana, su idea sobre el futuro de la humanidad o la necesidad de despertar nuestra mente. El volumen lo cierran un curso con ejercicios, donde el autor nos muestra cómo es posible desarrollar nuestra creatividad y utilizarla para que nos libere de roles e ideas preconcebidas, y un apéndice con 12 casos psiquiátricos reales cuyos pacientes fueron curados al serles prescritos actos de psicomagia.

The Way of Tarot - Alejandro Jodorowsky  
2009-11-17

Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing  
Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a

time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

Albina and the Dog-Men - Alejandro Jodorowsky  
2016-05-10

From the psychomagical guru who brought you *The Holy Mountain* and *Where the Bird Sings* Best comes a supernatural love-and-horror story in which a beautiful albino giantess unleashes the slaving animal lurking inside the men of a small village. When two women—an amnesiac goddess and her protector, a leather-tough woman called Crabby—arrive in a Chilean desert town, Albina’s otherworldly allure and unfettered sensuality turn men into wild beasts. Chased by a clubfooted corrupt cop, evil corporate overlords, giant-hare-riding narcos, and Himalayan cultists, Albina and Crabby must find a magical cactus that will cure Albina and the men’s monstrous affliction before the town consumes itself in an orgy of lust and violence. *Albina and the Dog-Men* is Alejandro

Jodorowsky's darkly funny, shocking, and surreal hybrid of mystical folktale, road novel, horror story, and social parable, ultimately uniting in a universal story of love against the odds and what makes us human. Praise for *Albina and the Dog-Men* "Deeply psychological and mysterious, the book will stimulate the imagination of the reader's mind to the extreme." —Marina Abramović "In his latest novel, Jodorowsky builds on his multi-decade long assault of the public imagination . . . a fantastical and genre-defying parable of love and friendship. . . . Throughout this dark dream of a novel, Jodorowsky's writing is comic and occasionally mesmerizing. It is also ripe with horror and philosophical questions about what it means to belong, everywhere and nowhere. And while some of the subject matter is disturbing, it often carries the air of something ancient that you read children by a fire. For years Jodorowsky has proven the intensity of his imagination, and how far he is willing to go to present his singular

vision to the world. He is a fully realized artist whose tales demand attention. At its core, *Albina and the Dog-Men* is a love story about two people committed to one another's survival and to discovering their potential. And, as with life, it is sometimes only through the weathering of a storm that our true capacities are made clear." —Juan Vidal, NPR Books "[*Albina and the Dog-Men*] may be the ultimate piece of Jodorowsky arcana, a mind-bending adventure story on par with his wildest cinematic visions. . . . A surrealist novel par excellence, *Albina and the Dog-Men* is a dream, a prophecy, a hallucination, and a transfiguration such as only Jodorowsky could induce." —Publishers Weekly "Composed like a feverish fairytale, *Albina and the Dog-Men* is a South American parable of self-acceptance and belonging that is fueled by prurience and colored with vivid, hallucinogenic details. . . . No moment of Jodorowsky's book is at all predictable or familiar, and those who have a taste for the uncanny will be in awe over its

undulations into strange, even godly, territory. The sensuality of the prose thickens as Albina's situation becomes more tenuous, resulting in heady and appealing constructions. . . . As Albina and her followers traipse over barren lands and into forests protected by ancient Incans, the novel winds toward territory both magical and needfully human. The surreal methods of redemption in the novel's final pages prove both glorious and moving. Jodorowsky's is a work of unforgettable weirdness, a work whose movements are directed by sometimes violent mysticism and whose final lessons may speak to all who have ever dreamed of transformation." —Michelle Anne Schingler, Foreword Reviews, Five-Star Review

**Where the Bird Sings Best** - Alejandro Jodorowsky 2014-09-02

The magnum opus from Alejandro Jodorowsky—director of The Holy Mountain, star

of Jodorowsky's *Dune*, spiritual guru behind *Psychomagic* and *The Way of Tarot*, innovator behind classic comics *The Incal* and *Metabarons*, and legend of Latin American literature. There has never been an artist like the polymathic Chilean director, author, and mystic Alejandro Jodorowsky. For eight decades, he has blazed new trails across a dazzling variety of creative fields. While his psychedelic, visionary films have been celebrated by the likes of John Lennon, Marina Abramovic, and Kanye West, his novels—praised throughout Latin America in the same breath as those of Gabriel García Márquez—have remained largely unknown in the English-speaking world. Until now. Where the *Bird Sings Best* tells the fantastic story of the Jodorowskys' emigration from Ukraine to Chile amidst the political and cultural upheavals of the 19th and 20th centuries. Like *One Hundred Years of Solitude*, Jodorowsky's book transforms family history into heroic legend: incestuous beekeepers hide their crime with a living cloak

of bees, a czar fakes his own death to live as a hermit amongst the animals, a devout grandfather confides only in the ghost of a wise rabbi, a transgender ballerina with a voracious sexual appetite holds a would-be saint in thrall. Kaleidoscopic, exhilarating, and erotic, *Where the Bird Sings Best* expands the classic immigration story to mythic proportions. Praise "This epic family saga, reminiscent of Gabriel García Márquez's *One Hundred Years of Solitude* in structure and breadth, reads at a breakneck pace. Though ostensibly a novelization of the author's own family history, it is a raucous carnival of the surreal, mystical, and grotesque." —Publishers Weekly "A man whose life has been defined by cosmic ambitions." —The New York Times Magazine "A great eccentric original....A legendary man of many trades." —Roger Ebert For more information on Alejandro Jodorowsky, please visit [www.restlessbooks.com/alejandro-jodorowsky](http://www.restlessbooks.com/alejandro-jodorowsky) [Costellazioni familiari sistemiche](#) - Daniele

Fábulas pánicas - Alejandro Jodorowsky 2003

La vocación de Alejandro Jodorowsky hacia el lenguaje simbólico le dio, desde temprana edad, un oído muy especial para las fábulas místicas, formas privilegiadas para la transmisión de sabiduría. Cuando en 1967 Luis Sporta dirigía el suplemento cultural de El Herald de México, Jodorowsky le ofreció una colaboración periódica que combinaría dos terrenos cuya enorme potencialidad conocía bien: la fábula y el cómic. él mismo escribía y terminaba cada número. Llamó a esta experiencia Fábulas pánicas, usando el nombre del Pánico, el movimiento

artístico de vanguardia que Jodorowsky había fundado en 1962. La primera Fábula pánica fue publicada el domingo 4 de junio de 1967, dentro de la serie originalmente planeada para durar tres meses. Sin embargo, su inusitado éxito popular las hizo continuar cada domingo durante seis años y medio, hasta el 30 de diciembre de 1973. Y es que las Fábulas pánicas, presentadas bajo la forma arcana de la historieta iniciática, se regían por la premisa que sería central en la obra de Jodorowsky en todos los territorios (cine, literatura, teatro...): el arte útil, el arte para sanar. Los abundantes testimonios de los lectores asiduos en esa época son claros: Fábulas pánicas cambiaron la vida de numerosas personas y hasta determinaron vocaciones en aquellos que vivieron la adolescencia entre 1967 y 1973. En la actualidad muchos recuerdan las Fábulas pánicas con entusiasmo y en Internet son objeto de culto. En el libro que el lector tiene en sus manos se ha reunido por vez primera la serie completa.

## **Treasure: A Soul Journey With The Invisible**

- Karen Williams 2018-12-31

TREASURE is the true story of how the iconic fable *The Alchemist* by Paulo Coelho psychically predicted the future, and what would happen to Karen Williams in real life. This was at a time when Karen had never heard of Coelho's famous book. It is a story about the passion for a dream, and how this passion revealed to Karen the language of signs and coincidences which the spiritual realm uses to speak to each of us. Living in Andalusia in southern Spain in the 1990s, Karen dreams of finding and living from her soul. One night, after visiting her favourite ruin, she has a dream in which she is reborn and with this her soul quest begins. Just as in Coelho's *The Alchemist* it takes her to Tarifa and Tangiers, and then through a metaphorical desert, finally ending at a place of pyramids as she searches for her treasure. But, this is only just the beginning of a truly supernatural odyssey which goes on for another 18 years. In

that time Karen dedicates her whole being to the slow, and sometimes incredibly painful unraveling of the real meaning of the allegory known to millions as *The Alchemist*. What she discovers is far deeper and more transcendental than she ever imagined and touches the lives of all of us who now stand at the beginning of a new millennium hoping for a new world and a new dawn.

*Psychomagic* - Alejandro Jodorowsky 2010-06-18

A healing path using the power of dreams, theater, poetry, and shamanism • Shows how psychological realizations can cause true transformation when manifested by concrete poetic acts • Includes many examples of the surreal but successful actions Jodorowsky has prescribed to those seeking his help While living in Mexico, Alejandro Jodorowsky became familiar with the colorful and effective cures provided by folk healers. He realized that it is easier for the unconscious to understand the language of dreams than that of rationality.

Illness can even be seen as a physical dream that reveals unresolved emotional and psychological problems. Psychomagic presents the shamanic and genealogical principles Jodorowsky discovered to create a healing therapy that could use the powers of dreams, art, and theater to empower individuals to heal wounds that in some cases had traveled through generations. The concrete and often surreal poetic actions Jodorowsky employs are part of an elaborate strategy intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper self. That is when true transformation can manifest. For a young man who complained that he lived only in his head and was unable to grab hold of reality and advance toward the financial autonomy he desired, Jodorowsky gave the prescription to paste two gold coins to the soles of his shoes so that all day he would be walking on gold. A judge whose vanity was ruling his every move was given the task of dressing like a

tramp and begging outside one of the fashionable restaurants he loved to frequent while pulling glass doll eyes out of his pockets. The lesson for him was that if a tramp can fill his pockets with eyeballs, then they must be of no value, and thus the eyes of others should have no bearing on who you are and what you do. Taking his patients directly at their words, Jodorowsky takes the same elements associated with a negative emotional charge and recasts them in an action that will make them positive and enable them to pay the psychological debts hindering their lives.

**La escalera de los ángeles** - Alejandro Jodorowsky 2006

«La escalera de los ángeles no fue un consuelo pra mí, fue una tabla de salvación. No hay en est libro ni una sola palabra que no me haya sido dictada por ese centro luminoso que es la raíz o e

fruto de nuestra sombra.» Alejandro Jodorowsky I libro del Génesis habla de una escalera «apoyada en la tierra» cuyo «extremo toca el cielo» y de la cual suben y descienden los ángeles. Este subir de la tierra y bajar del cielo se le resenta al autor, tras la muerte repentina de su hijo, como una vía doble y simultánea para poder aliviar su dolor y acceder a la sabiduría. Paralelamente esta imagen le sugiere diferentes formas de pensar, una clara y sencilla, que poco a poco se va haciendo poesía, y otra, emocional, compleja e incierta, que se va convirtiendo en filosofía. Ambas se entremezclan en estas páginas, unidas en un corazón único que late en aquella zona donde el dolor ya es impensable.

Essere creativi non è solo un talento, è una medicina. Non è solo una vetta da scalare, è un sentiero che ci porta a scoprire parti di noi che, nella vita quotidiana, rimangono in ombra. La creatività è "un cambiamento totale che avviene dentro di noi". L'immaginazione, come un muscolo, va esercitata e sollecitata. E, come un muscolo, una volta ben allenata ci farà sentire immediatamente più in forma, più sani, più autenticamente noi stessi. Tratto da *Psicomagia*, pubblicato da Feltrinelli. A workbook for using symbolic acts to heal the unconscious mind • Provides several hundred successful psychomagic solutions for a wide range of specific psychological, sexual, emotional, and physical problems, from stuttering, eczema, and fears to repressed rage

and hereditary illnesses • Details how practitioners can develop unique psychomagic solutions for their patients • Explains how psychomagic bypasses the rational mind to work directly with the unconscious for quicker and more enduring change  
Traditional psychotherapy seeks to unburden the unconscious mind purely through talk and discussion. Psychomagic recognizes that it is difficult to reach the unconscious with rational thought. We should instead speak directly to the unconscious in its own language, that of dreams, poetry, and symbolic acts. By interacting on this deeper level, we can initiate quicker and more enduring change to resolve repressed childhood trauma, express buried emotions, and overcome deep-seated intimacy issues. Through the lens of psychomagic, illness can be seen as the physical dream of the unconscious, revealing unresolved issues, some passed from generation to generation. In this workbook of psychomagic spells, legendary filmmaker and creator of

psychomagic Alejandro Jodorowsky provides several hundred successful psychomagic solutions for a wide range of psychological, sexual, emotional, and physical problems from stuttering, eczema, and fear of failure to repressed rage, hereditary illnesses, and domineering parents. Each solution takes the same elements associated with a negative emotional charge and recasts them into a series of theatrical symbolic actions that enable one to pay the psychological debts hindering their lives. Explaining the shamanic techniques at the foundation of psychomagic, the author offers methods for aspiring practitioners to develop solutions for their own unique patients. Jodorowsky explains how the surreal acts of psychomagic are intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper, more authentic self. As he says in the book, "Health only finds itself in the authentic. There is no beauty without authenticity."

**Quando Teresa si arrabiò con Dio -**

Alejandro Jodorowsky

2010-10-18T00:00:00+02:00

Nonna Teresa si arrabiò con Dio e con quanti continuavano a credere in Lui dopo la micidiale inondazione del fiume Dnepr. E' così che comincia la meravigliosa, magica storia di una famiglia cilena di origine ebreo-russa, una storia di antenati lontanissimi e mitici, reali e immaginari, che risalgono la corrente dei secoli

attraverso la lente deformante dell'ironia e della parodia, per diventare romanzo e favola.

L'incalzante fantasia di Alejandro Jodorowsky trasfigura e moltiplica gli eventi, mescolando storia e memoria, miracoli e follie. Ci sono antenati sempre avvolti da sciami d'api, stregoni e incantatori di serpenti, stupratori di vecchiette e attentatori anarchici; cappelle incantate e bordelli, terremoti, scioperi di minatori e cariche della polizia. Una saga travolgente che sa unire alla grazia delle novelle yiddish il realismo magico latinoamericano..
