The Way of the Linguist - Steve Kaufmann 2005-11

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing

across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

A German Requiem - Philip Kerr 2006-08-29

Post-World War 2, Bernie Gunther investigates the murder of an American Nazi-hunter amongst the ruins of the Third Reich in this riveting thriller in Philip Kerr's bestselling historical mystery series. Vienna, 1947. Bernie Gunther had his first brush with evil as a policeman in 1930s Berlin and came to know it intimately as a private eye under the Nazis, when each case drew him deeper into the enormities of the regime. Now the war is over and Bernie is in Vienna, trying to clear an old friend and ex-Kripo colleague of the murder of an American officer. Amid decaying imperial splendor Bernie traces concentric circles of evil that lead him to a former head of the Gestapo and to a legacy that makes the atrocities of the war seem lily-white in comparison...

How to Learn German in 30 Days - Giovanni Sordelli 2020

This book will make you learn German in just 30 days, starting from scratch. And this is more than just a promise. Let me explain it to you... The method is very simple: this book is divided into 30 chapters, one per day. This, will allow you to learn the basics of this language in just one month. To get the most out of this course, you just have to respect one, simple rule. You must read one chapter per day, no more, no less. If you respect this rule, and follow the instructions you find in this book, the

result is guaranteed. Forget the usual boring grammar courses with an anonymous and depersonalized profile. "How to learn German in 30 days" has been realized with all the trimmings of self-help. It looks like a practical manual, with a personal, fun and motivating cut. It is rich of several curious anecdotes and useful tips not only to speak German, but also to get by on the road. If you are still not convinced, keep reading... From the author's introduction... German, trust me, will open you a lot of doors: and, not of secondary importance, you'll face far less competition than you would with Spanish or French, for example, since German is less widespread studied in schools and universities. Thus, in short, this manual will give you, within a month, all the grammatical skills you need to juggle the meanders of a language that is really useful and usable for those who have in mind career ambitions, tourism goals, or simply personal curiosity interests. Finally, please, don't worry, I will also provide you with many other useful tools, like online channels, readings and suitable movies, in order that the course and your learning will continue even beyond this month. You'll like it, you'll see, and you'll be abundantly satisfied, even if at the beginning, as is normal, you are doubtful and still convinced that the good old traditional courses, with their long structure and depersonalising attitude, are yet the state of the art, the best the market can offer.

Manuale del cacciatore di libri - Simone Berni 2019-02-27

Questo è un manuale pensato per il cacciatore di libri, sia esso libraio, collezionista, bibliofilo, editore, scrittore o giornalista. Nel corso degli anni ho frequentato librai, collezionisti e altri colleghi cacciatori, molti di loro mi hanno scritto dopo la lettura dei miei libri e sono nate corrispondenze interessanti. Ho fatto mie molte loro segnalazioni, e soprattutto ho dato voce alle più diverse esperienze maturate in questo campo. Ognuno ha il suo metodo, ognuno ha i suoi contatti e il suo stile di ricerca. Io ho cercato di estrapolare da ciascuno quei caratteri che possano valere da guida generale principalmente per coloro i quali si accostano al nostro mondo per la prima volta. Il collezionista di libri vedrà confermate o rivoluzionate le sue personali convinzioni. Il libraio forse si riconoscerà in talune situazioni; perdoni, magari, alcune ingenuità ma tenga conto che il manuale si rivolge prima di tutto al neofita. I cacciatori di libri professionisti affineranno gli artigli.
