Once Upon a Time . . . The Western - Thomas Brent Smith 2017-06-20
The Western is the quintessential American epic--a mythic story of nation building, triumphs, failures, and fantasies. This book accompanies the first major exhibition to examine the Western genre and its evolution from the mid-1800s in fine art, film, and popular culture, exploring gender roles, race relations, and gun violence--a story that is about more than cowboys and American Indians, pursuits and duels, or bandits and barroom brawls. From 19th-century landscape paintings by Albert Bierstadt and Frederic Remington to works by Andy Warhol, Ed Ruscha, and Kent Monkman; from the legends of "Buffalo Bill" Cody and Billy the Kid to John Ford's classic films and Sergio Leone's spaghetti Westerns and recent productions by Quentin Tarantino, Ang Lee, and Joel and Ethan Coen, The Western observes how the mythology of the West spread throughout the world and endures today.

Design-It-Yourself Clothes - Cal Patch 2013-09-11

If you've ever watched Project Runway and wished you were a contestant, or you're simply ready to take your sewing to a new level, Design-It-Yourself Clothes teaches you the fundamentals of modern patternmaking so that you, too, can create your own inspired clothing. Until now, the aspiring DIY fashionista has been hard-pressed to find

self-teaching tools other than dry textbooks or books with outdated looks. Finally, in Design-It-Yourself Clothes, former Urban Outfitters designer Cal Patch brings her youthful aesthetic to a how-to book. If you want to wear something you can't find on store racks and make clothes that express your individual style, or if you've reached a sewing plateau and want to add pattern drafting to your repertoire, Design-It-Yourself Clothes is the book you have been waiting for. In five key projects (each with four variations)--a perfect-fitting dress, T-shirt, button-down shirt, A-line skirt, and pants--Patch shares the art of patternmaking. At its core, it's much simpler than you think. Patch covers everything an intermediate sewer needs to know in order to become a fabulous fashion designer, from designing the patterns, taking your own measurements, and choosing fabrics to actually sewing the clothing. You will also learn how to stylize patterns by using darts, waistbands, patch pockets, and ruffles. Patch offers tips, explanations, options, and exercises throughout that will make the design process that much easier. But besides showing you how to create clothing from scratch, she also teaches you how to rub off patterns from existing clothing--so if you have a pair of pants that you love but are worn out, or you have your eye on a piece in the store with a prohibitive price tag, you can figure out how to get the looks you want by using your own two hands.

Draping the Sky for a Snowfall - Julian Wolfreys 2016-04-04

This is a collection of poetry, reflections and essays by academic and musician Julian Wolfreys. The book includes photographs by the author and paintings by Judy Rodrigues and takes us on a journey from the Isle of Wight to Northern and Central Europe and the Baltic coastline. Julian Wolfreys stays close to his love of phenomenology, Jacques Derrida and modern literature and covers themes like: place ~ home ~ loss ~ translation ~ correspondence ~ grief ~ memory ~ narrative ~ mood archive ~ chance ~ coincidence ~ love ~ absence ~ reading ~ allegory ~ imagination. 'Julian Wolfreys is an extremely distinguished poet... his poems strive again and again to understand, from the perspective of whatever moment he writes a poem now, what occurs in an event, a crisis, and how to bear witness, to find adequate words for it. ...read

these wonderfully melodious and powerful poems for yourself and in your own way. Reading them has been a great, but troubling, delight for me.' J. Hillis Miller (Literary critic and Distinguished Research Professor of English & Comparative Literature at the University of California Irvine) 'Wolfreys has an uncanny ability to capture the most precious of moments and feelings, those that are of manifest importance but paradoxically most elusive.... this book is a gift to our senses.' Tom Ue (University College London) 'What a wonderful read. Just browsing through the pages, the lyrical and the essay and picture parts, is like moving slowly meditating in words (not through or by or on) in the poems, then shifting to 'thinking' in various discourses - plays and experiences confronting / interweaving / reciprocally illuminating all those places and~landscapes of mind.' Anna-Margaretha Horatschek (Christian-Albrechts-Universität zu Kiel) [Subject: Poetry]
