**Henri's Scissors** - Jeanette Winter 2013-08-27

Step into the colorful world of Henri Matisse and his magnificent paper cutouts in this biography by acclaimed picture book creator Jeanette Winter. In a small weaving town in France, a young boy named Henri-Emile Matisse drew pictures everywhere, and when he grew up, he moved to Paris and became a famous artist who created paintings that were adored around the world. But late in life a serious illness confined him to a wheelchair, and amazingly, it was from there that he created among his most beloved works—enormous and breathtaking paper cutouts. Based on the life of Henri Matisse, this moving and inspirational picture book biography includes a note from the author, dynamic quotes from Matisse himself, and an illuminating look at a little-known part of a great artist's creative process.

**The Vence Chapel** - Henri Matisse 1999

Henri Matisse: The Vence Chapel, The Archive of a Creation Conversations and Correspondence with Marie-Alain Couturier and Louis-Bertrand Rayssiguier Edited and introduced by Marcel Billot Henri Matisse devoted four years of his life to designing the Vence Chapel, his "crowning achievement," as he himself stated on several occasions. Though the circumstances which led to the creation of this unique building are well known--the project originated with Sister Jacques-Marie, who nursed the aging painter back to health after his brush with death in 1942--the story of the Chapel's construction has long remained shrouded in mystery. Much of the material in this book is drawn from the Couturier Archives. The bulk of the archive consists of the notes of Brother Louis-Bertrand Rayssiguier, the young Dominican monk who drew the plan of the Chapel and worked closely with Matisse on all phases of its building and decorating. From December 1947 to June 1951, Rayssiguier met frequently with the artist and recorded their conversations verbatim. His notes allow the reader to follow day by day the unfolding of one of the supreme masterpieces of religious art in the twentieth century. Even more significantly, they give us a rare glimpse into the artist's private world. They chronicle his disappointments and his moments of elation, his habits and his foibles, his reactions to contemporary developments in the art world, as well as his deepest personal beliefs. Gifted with an unusually keen sense of observation, Rayssiguier shows us Matisse at work as well as Matisse relaxing in the intimacy of his own home. Completing this invaluable record, the correspondence between Matisse and Father Marie-Alain Couturier, the Dominican priest at the forefront of the post-World War II movement to commission works of religious art from leading modern painters and sculptors, details the creation of the Chapel's most remarkable feature--Matisse's bold stained-glass windows. An expert on stained glass and the chief editor of *L'Art sacre*, an influential review devoted to religious art around the world, Courutier took care of all the logistical and technical matters relating to these great windows. The numerous letters he and the artist exchanged are in themselves a fascinating exchange on the art and the significance of modern stained glass. This archive charts a unique journey to the heart of artistic creativity. The compilation of documents published here for the first time in English is

abundantly illustrated with sketches by Matisse and photographic records that show the successive stages of the Chapel's completion.

**When Pigasso Met Mootisse** - Nina Laden 2014-10-14

When Pigasso met Mootisse, what begins as a neighborly overture escalates into a mess. Before you can say paint-by-numbers, the two artists become fierce rivals, calling each other names and ultimately building a fence between them. But when the two painters paint opposite sides of the fence that divides them, they unknowingly create a modern art masterpiece, and learn it is their friendship that is the true work of art. Nina Laden's wacky illustrations complement this funny story that non only introduces children to two of the world's most extraordinary modern artists, but teaches a very important lesson—how to creatively resolve a conflict—in a most unusual way.
