Son of Sedonia - Ben Chaney 2012-12

Imagine growing up in the largest slum on the planet in the year 2080AD. Twenty million people are your neighbors, huddled together in an ocean of rusted dwellings made from whatever Sedonia City, the towering metropolis in the distance, decides to throw away. Gang members, known as the T99s, are the heads of your community: smuggling tech, trafficking drugs, and fighting a constant guerilla war against the City's bio-augmented EXO police force. There is little hope for survival. None for escape to a better life beyond the half-mile high Border between city and slum. This is Matteo's world. A bright kid, but sick and weak since childhood, he is painfully dependent on Jogun:

loving older brother, and hardened soldier for the T99s. When a luxury transport from Sedonia's aerial traffic crash-lands in Rasalla, it threatens to change Matteo and Jogun's fate forever. And all fates are connected. The Dwellers of Rasalla, bound by family in the scrap, ashes, and dirt. The Citizens of Sedonia, oblivious to danger in the buzzing twilight of the Neuro-Social Revolution. The EXOs, placing themselves in harm's way to perform their duty to protect their homes and fellow officers. And the Ruling Elite, whose long-buried secrets and desperate plans could spell the end of civilization...or a new beginning. Son of Sedonia is an action-filled science fiction epic with a soul and a clear message. Its characters live, breathe, suffer, and love in their different worlds, each brought to the brink as the Third-World collides with the First. Their future could well be ours. Free Roll - Brandt Tobler 2017-05-22

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from

it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Terrene - Eric Liu 2011

Within every person lies the power to change

one world. Within Flora lies the hope for two. In the isolated rural valley of Terrene, where technology is grown, not manufactured, Flora Karachi paints her anguish with flowers and yearns to travel outside the mountain walls that guard her village. But in a society which values harmony and symmetry above all else, her dangerous curiosity and her indelicate scars, earned from a lifetime of inexplicable blackouts, make her an outcast with few prospects for adventure. Then the dreams come. Lucid and overpowering, they throw Flora into a fascinatingly advanced world where she lives the life of Jane Ingram, an American scientist fighting global climate change while trying to raise a child in a society where interpersonal interaction is becoming obsolete. Flora's blackouts open a window into knowledge lost long ago and possibilities that are yet to come. To unravel these mysteries, she must travel to the enigmatic Institute, an ancient enclave hidden in the surrounding mountains, where

scholars guard the secrets of Terrene. Living two lives, Flora will fight to become an Institute scholar in her own world while struggling to save the planet from humanity's neglect in Jane's. Yet all of Flora's courage combined with all of Jane's experience may not be enough to defeat the powerful forces protecting the secret which ties their two worlds together. To find salvation for both worlds, Jane and Flora must sacrifice their own dreams, conquer their fears, and discover hope for a new beginning. Hailed as a clever blend between science fiction and fantasy, Terrene explores the challenges of accelerating technology and global climate change through the stories of two remarkable women in two worlds that are not as distant as they seem.
