GMAT Reading Comprehension Grail - Aristotle Prep 2013-01

You need three things to do well on GMAT Reading Comprehension you need to know the secrets to reading passages efficiently, learn how to identify and tackle different RC Question Types, and practice enough number of passages from myriad subjects to build the requisite

mental stamina so that you are able to comprehend dense and boring passages that the GMAT tests you on. The GMAT Reading Comprehension Grail has been written keeping the above three points in view. The book spans over 300 pages and is the most comprehensive book available today in the market to crack the GMAT Reading Comprehension. The book starts by unraveling the secrets to reading passages quickly yet effectively, then moves on to discuss various RC question types and then provides 60 GMAT like practice passages. By the time, you finish the book, we assure you that you will not fear reading comprehension on the GMAT anymore because you would have learnt what are the best strategies, which of the them work for you and which don t, you will know the types of mistakes you make and what you need to do

about them and above all you will not be scared of seeing passages from areas that you had no interest in. In short, you will be much more confident about taking on RC passages. How is this book superior to any other book for Reading Comprehension? This book provides you 3 times the number of practice passages as compared to any other book. Unlike other books, the RC Grail strictly follows a 3-4 questions per passage format, just as the GMAT does. RC Grail is the only book that categorizes passages into three difficulty levels - low, medium & high. This categorization ensures that by the time you reach high difficulty level passages, you'll be ready to handle them with confidence. RC Grail is the only book that provides a passage map for every passage along with detailed explanations to questions. Unlike those in other books, the passages in the RC Grail are the closest you can get to the GMAT passages in length & structure. *Cracking the GMAT Premium Edition with 6 Practice Tests 2015* - Geoff Martz 2014-05

**Cracking the GRE** - Karen Lurie 2009

The largest of the islands that make up the greater Hong Kong area, Lantau remains decidedly separate from the urban sprawl of Hong Kong island and the Kowloon peninsula, boasting a wide array of native animals and plants as well as numerous longterm "visitors," such as a monk born in Fujian in 1897, an artisan guitar maker, traditional Chinese

medical practitioners, and English botanists and graphic designers. Driving Lantau documents these lives and reconstructs various perspectives of the island over the past half century, from the effect of wars and waves of immigrants to marauding pirates and the introduction of Disneyland.

Wellington 2014-08-05

Founder of elite college prep agency Mint Tutors, Ashley Wellington shares hard-hitting essay-writing advice tailored to each student's strengths and potential pitfalls, inspiring students to write as if guided by their own

personal college admissions tutor. Your Own Pocket Essay Tutor Ever wish you had a private tutor to help you write your admissions essays? With this book, you do. Ashley Wellington, founder of the elite New York college prep agency Mint Tutors, has personalized her hard-hitting advice just for you. Her unique "boot camp" process starts by helping you identify your student type, then figure out which topics will highlight your best (or worst) attributes to admissions officers. Thinking about writing an essay on . . .

- Sports? This popular topic is often limiting, but Wellington will help you come across as talented—and also thoughtful and well rounded.
- Your trip to Egypt? Wellington will help you avoid common travel clichés that make admissions officers groan.
- The color yellow? Wellington will make sure you sound quirky and creative in the right way. Even the most impressive students can sound ordinary by following the formulaic approach of other essay guides—and in this über-competitive landscape,

you need an edge to stand out to top schools. Wellington's tutees have gained acceptance to Harvard, Yale, Princeton, MIT, Georgetown, Duke, and other elite institutions, and with this book at your side, you can join their ranks.
