The Armenian Genocide Legacy - Alexis Demirdjian 2016-04-04

This volume focuses on the impact of the Armenian Genocide on different academic disciplines at the crossroads of the centennial commemorations of the Genocide. Its interdisciplinary nature offers the opportunity to analyze the Genocide from different angles using the lens of several fields of study.

To be at Home - James Williams 2018-09-24

Houses and homes are dynamic spaces within which people work to organize and secure their lives, livelihoods and relationships. Written by a team of renowned historians and anthropologists, and accompanied by original photography by Maurice Weiss, *To Be at Home: House, Work, and Self in the Modern World* compares the ways people in different societies and historical periods strive to make and keep houses and homes under conditions of change, upheaval, displacement, impoverishment and violence. These conditions speak to the challenges of life in our modern world. The contributors of this volume position the home as a new nodal point between work, the self and the world to explore people's creativity, agency and labour. Houses and homes prove complex and powerful concepts - if also often elusive - invoking places, persons, objects, emotions, values, attachments and fantasies. This book demonstrates how the relations between houses, work and the self have transformed dramatically and unpredictably under conditions of capitalism and modernity - and continue to change today.

The Ghost Train - Arnold Ridley 2010-11

Mystery/Thriller Arnold Ridley Characters: 7 male, 4 female Interior Set A long running success in London and on Broadway and packed with thrills, chills and laughter. In Maine near the Canadian border there's a legend of a phantom locomotive sweeping through a peaceful village leaving death in its wake. Rum and narcotic runners use this and the villagers' superstition to their advantage but a not as incompetent as he seems detective clears up the mystery of the sp

Official Gazette of the United States Patent and Trademark Office - 2003

Antique Maps - Carl Moreland 1994-01-01

A standard reference work and collector's guide to old maps. *Antique Maps* is now firmly established as a definitive reference work. With extensive information on the general historical background, details of all the major map-makers and practical advice on collecting old maps, it provides an excellent introduction for the beginner as well as a mass of precise and clearly organized information for the expert and the serious collector. A beautiful edition in itself, this timeless volume evokes the elegance of maps from the past and the charm of all the distant places they suggest, to show them not only as historical artefacts but also as works of art.

Digital Stock Photography - Michal Heron 2010-06-29

Digital Stock Photography equips photographers with everything they

need to know to create digital stock photos that sell in today's marketplace. From organizing a shoot to raking in the profits as the pictures sell and sell and sell again, all the steps are here: Capturing digital images, working with scans, digital delivery of images, evaluating equipment, organizing digital files, building an archive, and more. Thirty assignments, designed to reflect the latest trends in photography, provide readers with a blueprint for building a stock collection. Special sections explain how to market, negotiate and quote prices, and manage a business, plus obtaining model releases and protecting copyright. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

Disease, Religion and Healing in Asia - Ivette M. Vargas-O'Bryan 2014-11-20

Recent academic and medical initiatives have highlighted the benefits of studying culturally embedded healing traditions that incorporate religious and philosophical viewpoints to better understand local and global healing phenomena. Capitalising on this trend, the present volume looks at the diverse models of healing that interplay with culture and religion in Asia. Cutting across several Asian regions from Hong Kong to mainland China, Tibet, India, and Japan, the book addresses healing from a broader perspective and reflects a fresh new outlook on the complexities of Asian societies and their approaches to health. In exploring the convergences and collisions a society must negotiate, it shows the emerging urgency in promoting multidisciplinary and interdisciplinary research on disease, religion and healing in Asia. Drawing on original fieldwork, contributors present their latest research on diverse local models of healing that occur when disease and religion meet in South and East Asian cultures. Revealing the symbiotic relationship of disease, religion and healing and their colliding values in Asia often undetected in healthcare research, the book draws attention to religious, political and social dynamics, issues of identity and ethics, practical and epistemological transformations, and analogous cultural patterns. It challenges the reader to rethink predominantly long-held Western interpretations of disease management and religion. Making a significant contribution to the field of transcultural medicine, religious studies in Asia as well as to a better understanding of public health in Asia as a whole, it will be of interest to students and scholars of Health Studies, Asian Religions and Philosophy.

The Houstonian Calendar - James Glassman 2019-02-25

September 4, 2000, was Houston's hottest day on record, as well as Beyoncé's nineteenth birthday. Sam Houston was elected president on September 5, 1836. The city was awarded a National League baseball franchise on October 17, 1960, and on November 1, 2017, the Astros won their first World Series. On December 13, 1882, the Capitol Hotel became Houston's first public building to get electricity. Tragedy struck on April 16, 1947, when a ship carrying ammonium nitrate fertilizer exploded alongside a Texas City dock. James Glassman captures every single day of the year in the prism of Houston history, from the Texas Revolution to the moon landing.

The Creative Underground - Paul Clements 2016-09-13

Paul Clements champions the creative underground and expressions of difference through visionary avant-garde and resistant ideas. This is represented by an admixture of utopian literature, manifestos and lifestyles which challenge normality and attempt to reinvent society, as

practiced for example, by radicals in bohemian enclaves or youth subcultures. He showcases a range of 'art' and participatory cultural practices that are examined sociopolitically and historically, employing key theoretical ideas which highlight their contribution to aesthetic thinking, political ideology, and public discourse. A reevaluation of the arts and progressive modernism can reinvigorate culture through active leisure and post-work possibilities beyond materialism and its constraints, thereby presenting alternatives to established understandings and everyday cultural processes. The book teases out the difficult relationship between the individual, culture and society especially in relation to autonomy and marginality, while arguing that the creative underground is crucial for a better world, as it offers enchantment, vitality and hope.

Operation World - Jason Mandryk 2010-10-15

The definitive guide to global prayer has been updated and revised to cover the entire populated world. Whether you are an intercessor praying behind the scenes or a missionary abroad, Operation World gives you the information you need to play a vital role in fulfilling the Great Commission. (Copublished with Global Mapping International.)

Living Forever Chic - Tish Jett 2018-10-02

Why French women of a certain age are the consummate hostesses, homemakers, and style icons--and how you can be, too. Frenchwomen--particularly those 40 and over--are role models for stylish and gracious living, what the French call *l'art de vivre*. American-born fashion journalist Tish Jett, who has studied these women for years, shared their beauty secrets in her first book, *Forever Chic*. Now she explores why Frenchwomen of a certain age are master hostesses and homemakers, expert practitioners of *les bonnes manières* as well as everyday elegance, *savoir-faire*, and as a result, *la joie de vivre*. Jett explains how to entertain like a Frenchwoman, including a glimpse into the typical French larder from which a delicious meal can be thrown together with ease, to detailed instruction on laying a beautiful table and crafting a perfect cheese plate (did you know that when cutting from a wedge of cheese, slice from the back to the point, which is the "heart" of the cheese, and as such considered the best part and not to be lopped off so others cannot enjoy it). She explores everyday style and elegance, disclosing how to create that special *bien dans sa peau* (to feel good about oneself) sensation so coveted by Frenchwomen. Jett also shares the importance of discipline, which goes hand in hand with beauty--a well-ordered closet, be it for clothes or linens, translates to easy everyday elegance. With tips on adjusting your beauty and style regimes seasonally, charmingly packaged with color illustrations, *Living Forever Chic* is a delightful gift for the Francophile in your life.

Encyclopedia of Local History - Carol Kammen 2012-10-12

The Encyclopedia of Local History addresses nearly every aspect of local history, including everyday issues, theoretical approaches, and trends in the field. The second edition highlights local history practice in each U.S. state and Canadian province.

Mapping the Nation - Susan Schulten 2012-06-29

"A compelling read" that reveals how maps became informational tools charting everything from epidemics to slavery (Journal of American History). In the nineteenth century, Americans began to use maps in radically new ways. For the first time, medical men mapped diseases to understand and prevent epidemics, natural scientists mapped climate and rainfall to uncover weather patterns, educators mapped the past to foster national loyalty among students, and Northerners mapped slavery to assess the power of the South. After the Civil War, federal agencies embraced statistical and thematic mapping in order to profile the ethnic, racial, economic, moral, and physical attributes of a reunified nation. By the end of the century, Congress had authorized a national archive of maps, an explicit recognition that old maps were not relics to be discarded but unique records of the nation's past. All of these experiments involved the realization that maps were not just illustrations of data, but visual tools that were uniquely equipped to convey complex ideas and information. In *Mapping the Nation*, Susan Schulten charts how maps of epidemic disease, slavery, census statistics, the environment, and the past demonstrated the analytical potential of cartography, and in the process transformed the very meaning of a map. Today, statistical and thematic maps are so ubiquitous that we take for granted that data will be arranged cartographically. Whether for urban planning, public health, marketing, or political strategy, maps have become everyday tools of social organization, governance, and economics. The world we inhabit--saturated with maps and graphic information--grew out of this sea change in spatial thought and representation in the nineteenth century, when Americans learned to see

themselves and their nation in new dimensions.

England 2010 - Fodor's 2009-11

Provides information on hotels and country inns, restaurants and pubs, driving and walking tours, nightlife, shopping, sightseeing, and seasonal activities and events

Historical Atlas of Central Europe - Paul Robert Magocsi 2018-11-12

Central Europe remains a region of ongoing change and continuing significance in the contemporary world. This third, fully revised edition of the Historical Atlas of Central Europe takes into consideration recent changes in the region. The 120 full-colour maps, each accompanied by an explanatory text, provide a concise visual survey of political, economic, demographic, cultural, and religious developments from the fall of the Roman Empire in the early fifth century to the present. No less than 19 countries are the subject of this atlas. In terms of today's borders, those countries include Lithuania, Poland, and Belarus in the north; the Czech Republic, Austria, Slovenia, Croatia, Hungary, and Slovakia in the Danubian Basin; and Serbia, Bosnia-Herzegovina, Montenegro, Romania, Moldova, Bulgaria, Macedonia, Albania, and Greece in the Balkans. Much attention is also given to areas immediately adjacent to the central European core: historic Prussia, Venetia, western Anatolia, and Ukraine west of the Dnieper River. Embedded in the text are 48 updated administrative and statistical tables. The value of the Historical Atlas of Central Europe as an authoritative reference tool is further enhanced by an extensive bibliography and a gazetteer of place names - in up to 29 language variants - that appear on the maps and in the text. The Historical Atlas of Central Europe is an invaluable resource for scholars, students, journalists, and general readers who wish to have a fuller understanding of this critical area, with its many peoples, languages, and continued political upheaval.

The World Book Encyclopedia - 2002

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Wrangell-St. Elias National Park and Preserve (N.P), Nabesna Off-road Vehicle Management Plan - 2011

The Mad Artist - Roger Keen 2010-03-25

In the 1970s Roger Keen was a young art student, heavily under the influence of surrealism, the Beat movement and the wisdom of the East. Into the mix came LSD, cannabis, magic mushrooms and other drugs, which were seen as enablers in the pursuit of creativity and higher knowledge, fuelling a 'Quest for the Ultimate' that pushed out the boundaries of experience to extremes. This memoir examines those 'psychonautic adventures' in fascinating detail, and along the way also tells a more familiar story of youthful excess and exuberance, all set against a colourful background of hippy student life in the West Country, the South of England and London. In the tradition of Thomas De Quincey's *Confessions of an English Opium Eater*, Aldous Huxley's *The Doors of Perception* and Hunter S. Thompson's *Fear and Loathing in Las Vegas*, *The Mad Artist* not only explores a fascination with drugs, but also the awesome and sometimes frightening inner metaphysical landscapes through which the user journeys.

Genealogy Online For Dummies - Matthew L. Helm 2010-12-13

Researching your genealogy online can be a daunting undertaking—but it doesn't have to be. *Genealogy Online For Dummies*, 6th Edition takes you through the basic steps for researching and tracing your family's lineage in a clear, easy-to-understand manner. Occupational Outlook Handbook - United States. Bureau of Labor Statistics 1976

The Absolutely True Diary of a Part-Time Indian - Sherman Alexie 2012-01-10

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

Fodor's Arizona & the Grand Canyon 2010 - Fodor's 2009-11-24

The geographic range of this study is the British American colonies, from Halifax, Nova Scotia, to Savannah, in the Georgia colony on the continent, and the British West Indies."--BOOK JACKET.

Dean Cornwell - Dean Cornwell 1978

The works of one of the 20th century's greatest artists are now available in this beautiful book. Dean Cornwell not only gave visual form and color to the stories, historical events, and commercial products he depicted, but his paintings expressed the aesthetic and social values of each period in which he worked. The changes in Cornwell's style and subject mirror the changes in American culture over the century. A must for librarians, artists, students, and art connoisseurs.

Those Magnificent Trains - Charles Ditlefsen 1998-07-01

Ships of the Line - Doug Drexler 2014-12-02

In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed *Ships of the Line* hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their

ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of the line. Through the actions of their captains and crews, countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed *Ships of the Line* hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful *Star Trek: Ships of the Line* calendar series. With text by *Star Trek*'s own Michael Okuda, the story of each of these valiant starships now comes to life. ™, ®, & © 2014 CBS Studios, Inc. A father. Two children. And more than 840 miles of track. What does it add up to? Something thrilling. Are you ready for Subway?

Entre Guadalupe y Malinche - Inés Hernández-Ávila 2016-02-23

Mexican and Mexican American women have written about Texas and their lives in the state since colonial times. Edited by fellow Tejanas Inés Hernández-Ávila and Norma Elia Cantú, *Entre Guadalupe y Malinche* gathers, for the first time, a representative body of work about the lives and experiences of women who identify as Tejanas in both the literary and visual arts. The writings of more than fifty authors and the artwork of eight artists manifest the nuanced complexity of what it means to be Tejana and how this identity offers alternative perspectives to contemporary notions of Chicana identity, community, and culture. Considering Texas-Mexican women and their identity formations, subjectivities, and location on the longest border between Mexico and any of the southwestern states acknowledges the profound influence that land and history have on a people and a community, and how Tejana creative traditions have been shaped by historical, geographical, cultural, linguistic, social, and political forces. This representation of Tejana arts and letters brings together the work of rising stars along with well-known figures such as writers Gloria Anzaldúa, Emma Pérez, Alicia Gaspar de Alba, Carmen Tafolla, and Pat Mora, and artists such as Carmen Lomas Garza, Kathy Vargas, Santa Barraza, and more. The collection attests to the rooted presence of the original indigenous peoples of the land now known as Tejas, as well as a strong Chicana/Mexicana feminism that has its precursors in Tejana history itself.
