Genesis - Guido Tonelli

2021-04-13

A breakout bestseller in Italy, now available for American readers for the first time, *Genesis: The Story of How Everything Began* is a short, humanistic tour of the origins of the universe, earth, and life—drawing on the latest discoveries in physics to explain the seven most significant moments in the creation of the cosmos. Curiosity and wonderment about the origins of the

universe are at the heart of our experience of the world. From Hesiod's Chaos, described in his poem about the origins of the Greek gods, Theogony, to today's mind-bending theories of the multiverse, humans have been consumed by the relentless pursuit of an answer to one awe inspiring question: What exactly happened during those first moments? Guido Tonelli, the acclaimed, award-winning particle physicist and a central figure in the discovery of the Higgs boson

(the “God particle”), reveals the extraordinary story of our genesis—from the origins of the universe, to the emergence of life on Earth, to the birth of human language with its power to describe the world. Evoking the seven days of biblical creation, Tonelli takes us on a brisk, lively tour through the evolution of our cosmos and considers the incredible challenges scientists face in exploring its mysteries. Genesis both explains the fundamental physics of our universe and marvels at the profound wonder of our existence.

Medieval Arab Cookery -

Arthur John Arberry 2001

"The French scholar, Maxime Rodinson's contributions are legendary, yet have only been seen in translation in *Petits Propos Culinaires*. We include those already published there, together with the text of his longest paper, 'Recherches sur les documents Arabes relatifs a la cuisine', translated by Barbara Yeomans. The American scholar Charles Perry has been entertaining

participants at the Oxford Symposium with regular gleanings from his researches into medieval Arab cookery, and several of his papers are gathered here, together with a new study of fish recipes, and other items previously published in PPC. Subjects include grain foods of the early Turks, rotted condiments, cooking pots, and *Kitab al-Tibakhah*, a 15th-century cookery book. English study of the subject was first encouraged by Professor Arberry's translation of the 13th-century cookery book *Kitab al-Tabikh*, published in 1939 in the periodical *Islamic Culture*."

Writing and Society - Florian Coulmas 2013-02-07

How does writing relate to speech? What impact does it have on social organisation and development? How do unwritten languages differ

from those that have a written form and tradition? This book is a general account of the place of writing in society.

Drawing on contemporary and historical examples, from clay tablets to touchscreen displays, the book explores the functions of writing and written language, analysing its consequences for language, society, economy and politics.

It examines the social causes of illiteracy, demonstrating that institutions of central importance to modern society are built upon writing and written texts, and are characterised by specific forms of communication. It explores the social dimensions of spelling and writing reform, as well as of digital literacy, a new mode of expression and communication posing novel challenges to the student of language in society.

The Divided Self - R. Laing
2010-01-28

First published in 1960, this watershed work aimed to make madness comprehensible, and in doing so revolutionized the way we perceive mental illness. Using case studies of patients he had worked with, psychiatrist R. D. Laing argued that psychosis is not a medical condition but an outcome of the 'divided self', or the tension between the two personas

within us: one our authentic, private identity, and the other the false, 'sane' self that we present to the world.

We Women of Tehran -

Farian Sabahi 2021-09

Originally written for the stage, "We, the Women of Tehran" illustrates from a female standpoint the origins and contradictions of the Iranian capital, and the rights of religious minorities and women. It showcases women who have played a leading role in various disciplines and sports but who all too often have simply become an element in the regime's propaganda. The volume presents a lively narrative with verses from the great Persian poets and a hefty dose of irony: as a way to laugh about complex issues and dismantle misleading stereotypes.

records until the present day. Aimed at both agronomic and linguistic research communities, this book presents a database containing 9,500 common names in more than 900 languages and dialects of all ethnolinguistic families, denoting more than 1,100 botanical taxa of 14 selected pulse crop genera and species. The book begins with overviews of the world's economically most important grain legume crops and their uncultivated relatives, as well as the world's language families with their inner structure, including both extinct and living members. The main section of the text presents 14 specialized book chapters covering *Arachis*, *Cajanus*, *Cicer*, *Ervum*, *Faba*, *Glycine*, *Lablab*, *Lathyrus*, *Lens*, *Lupinus*, *Phaseolus*, *Pisum*, *Vicia*, and *Vigna*. They provide the reader with extensive lists of the botanically accepted species and subtaxa and surveys lexicological abundance in all world's ethnolinguistic families, comprising extinct

and living as well as natural and constructed languages, while the vernacular names for the most significant taxa are presented in comprehensive tables. Each of these chapters also presents the existing etymologies and novel approaches to deciphering the origins of common names, accompanied by one original color plate depicting possible root evolutions in the form of corresponding pulse crop plants.

Freud was originally published in 1895 and we are now republishing it with a brand new introductory biography. 'Obsessions and Phobias' is a psychological essay on the distinction between obsessions and phobias and potential reasons for their occurrence. Sigmund Schlomo Freud was born on 6th May 1856, in the Moravian town of Příbor, now part of the Czech Republic. He studied a variety of subjects, including philosophy, physiology, and zoology, graduating with an MD in 1881. Freud made a huge and lasting contribution to the field of psychology with many of his methods still being used in modern psychoanalysis. He inspired much discussion on the wealth of theories he produced and the reactions to his works began a century of great psychological investigation.

The Twenty Days of Turin: A Novel - Giorgio De Maria
2017-02-07

Named one of NPR's Best Books of 2017 Written during the height of the 1970s Italian domestic terror, a cult novel, with distinct echoes of Lovecraft and Borges, makes its English-language debut. In the spare wing of a church-run sanatorium, some zealous youths create "the Library," a space where lonely citizens can read one another's personal diaries and connect with like-minded souls in "dialogues across the ether." But when their scribbles devolve into the ugliest confessions of the macabre, the Library's users learn too late that a malicious force has consumed their privacy and their sanity. As the city of Turin suffers a twenty-day "phenomenon of collective psychosis" culminating in nightly massacres that

hundreds of witnesses cannot explain, the Library is shut down and erased from history. That is, until a lonely salaryman decides to investigate these mysterious events, which the citizenry of Turin fear to mention. Inevitably drawn into the city's occult netherworld, he unearths the stuff of modern nightmares: what's shared can never be unshared. An allegory inspired by the grisly neo-fascist campaigns of its day, *The Twenty Days of Turin* has enjoyed a fervent cult following in Italy for forty years. Now, in a fretful new age of "lone-wolf" terrorism fueled by social media, we can find uncanny resonances in Giorgio De Maria's vision of mass fear: a mute, palpitating dread that seeps into every moment of daily existence. With its stunning anticipation of the Internet—and the apocalyptic repercussions of oversharing—this bleak, prescient story is more disturbingly pertinent than ever. Brilliantly translated into English for the first time by

Ramon Glazov, *The Twenty Days of Turin* establishes De Maria's place among the literary ranks of Italo Calvino and beside classic horror masters such as Edgar Allan Poe and H. P. Lovecraft. Hauntingly imaginative, with visceral prose that chills to the marrow, the novel is an eerily clairvoyant magnum opus, long overdue but ever timely.

Beyond Beef - Jeremy Rifkin
1994

In the first three parts of this book an exploration of the historical role of cattle in Western civilization is given. Part four examines the human impact of the modern cattle complex and the world beef culture. The range of environmental threats that have been created, in part, by the modern cattle complex is described in part five. Part six examines the psychology of cattle complexes and the politics of beef eating in Western society. The author hopes that this book will contribute to moving our society beyond beef

Jesus Christ for Today's World - Jürgen Moltmann 1994

Jürgen Moltmann formulates necessary questions about the significance of Jesus the Christ for persons today. He offers a compelling portrait of the earthly Jesus as the divine brother in our distress and suffering and points to the risen Christ as the warrant for the "future in which God will restore everything . . . and gather everything into his kingdom." Urging that acknowledgment of Christ and discipleship are two sides of the same coin, Moltmann

contends that the question of Jesus Christ for today is not just an intellectual one. Moltmann takes fresh approaches to a number of crucial topics: Jesus and the kingdom of God, the passion of Christ and the pain of God, Jesus as brother of the tortured, and the resurrection of Christ as hope for the world, the cosmic Christ, Jesus in Jewish- Christian dialogue, the future of God, and others.

Calamity Town - Ellery Queen 2011-10-25

Looking for trouble, Ellery Queen descends on a small town At the tail end of the long summer of 1940, there is nowhere in the country more charming than Wrightsville. The Depression has abated, and for the first time in years the city is booming. There is hope in Wrightsville, but Ellery Queen has come looking for death. The mystery author is hoping for fodder for a novel, and he senses the corruption that lurks beneath the apple pie façade. He rents a house owned by the town's first family, whose three daughters star in most of the local gossip. One is fragile, left at the altar three years ago and never recovered. Another is engaged to the city's rising political star, an upright man who's already boring her. And then there's Lola, the divorced, bohemian black sheep.

Together, they make a volatile

combination. Once he sees the ugliness in Wrightsville, Queen sits back—waiting for the crime to come to him.

Ghostly Demarcations -

Michael Sprinker 1999

With the publication of *Specters of Marx* in 1993, Jacques Derrida redeemed a longstanding pledge to confront Marx's texts directly and in detail. His characteristically bravura presentation provided a provocative re-reading of the classics in the Western tradition and posed a series of challenges to Marxism. In a timely intervention in one of today's most vital theoretical debates, the contributors to *Ghostly Demarcations* respond to the distinctive program projected by *Specters of Marx*. The volume features sympathetic meditations on the relationship between Marxism and deconstruction by Fredric Jameson, Werner Hamacher, Antonio Negri, Warren Montag, and Rastko Mönck, brief polemical reviews by Terry Eagleton and Pierre Macherey, and sustained political

critiques by Tom Lewis and Aijaz Ahmad. The volume concludes with Derrida's reply to his critics in which he sharpens his views about the vexed relationship between Marxism and deconstruction.

Yugoslavia, My Fatherland - Goran Vojnovic 2015

When Vladan Borojevic googles the name of his father Nedelko, a former officer in the Yugoslav People's Army, supposedly killed in the civil war after the decay of Yugoslavia, he unexpectedly discovers a dark family secret. The story which which then unfolds takes him back to the catastrophic events of 1991, when he first heard the military term deployment and his idyllic childhood came to a sudden end. Seventeen years later Vladan's discovery that he is the son of a fugitive war criminal sends him off on a journey round the Balkans to find his elusive father. On the way, he also finds out how the falling apart of his family is closely linked with the disintegration of the world they used to live in. The story of the Borojevic family strings and juxtaposes images of the Balkans past and present, but

mainly deals with the tragic fates of people who managed to avoid the bombs, but were unable to escape the war.

30 Great Myths about Shakespeare - Laurie Maguire 2013-01-22

Think you know Shakespeare? Think again . . . Was a real skull used in the first performance of Hamlet? Were Shakespeare's plays Elizabethan blockbusters? How much do we really know about the playwright's life? And what of his notorious relationship with his wife? Exploring and exploding 30 popular myths about the great playwright, this illuminating new book evaluates all the evidence to show how historical material—or its absence—can be interpreted and misinterpreted, and what this reveals about our own personal investment in the stories we tell.

Bambaren 2015-01-28

After many intense life experiences, after traveling all over the world, first as a successful businessman and later as a best selling author, Sergio Bambaren experiences something that overwhelms him: he becomes a father. He begins to write affectionate letters inspired by his new born son Daniel, based on his own life experiences, with the desire to prepare his son to the world he has just arrived into; to follow his dreams, to never be discouraged by setbacks or mistakes he will make, to face his fears rather than flee from them and inspire him to discover the true purpose of his life.

Revolting Prostitutes - Molly Smith 2018-11-06

How the law harms sex workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective

to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

Return to the Dark Valley - Santiago Gamboa 2017-09-19

“Fans of Roberto Bolaño will feel right at home in this globetrotting tale of misfit poets and ultraviolent drug lords . . . A page turner” (Miami Rail). Manuela is a woman haunted by a troubled childhood that she tries to escape through books and poetry. Tertullian is an Argentine preacher who claims to be the Pope’s son, ready to resort to extreme methods to create a harmonious society. Ferdinand Palacios is a Colombian priest with a dark paramilitary past, now confronted with his guilt.

brilliant poet whose life was incessant exploration. Along with Juana and the consul, these are the central characters in Santiago Gamboa's "complex, challenging story that speaks to the terror and dislocation of the age" (Kirkus Reviews). "Action-packed plotting . . . examines the movement of people across the shifting geopolitical landscape, the

impossibility of returning and the potential redemptive power of poetry." —The New York Times Book Review "An unsettling and brilliant document of contemporary life; highly recommended." —Library Journal (starred review) "Gamboa possesses considerable talent at creating energetic scenes that spiral off in intriguing directions." —San Francisco Chronicle
