[The Direct Mail Solution](#) - Craig Simpson 2014-01-28

Fact: More commerce and wealth is created by direct mail than by any other media (true before the internet and true now) Reported in 2013 as the marketing channel that "delivers the best ROI for customer acquisition and retention" by Target Marketing's Seventh Annual Media Usage Forecast survey of B2C, direct mail is surprisingly outdated and under-represented on the marketing bookshelves for small business owners — authors Simpson and Kennedy change that. Millionaire-maker Dan S. Kennedy and direct mail marketing specialist Craig Simpson urge small business owners to drive the momentum built via social media and other marketing avenues into the mailboxes of their target consumers. Unlike other direct mail marketing books on the shelf that specialize in one aspect of preparing a campaign such as copywriting or design, this comprehensive solution covers all — the organizational, technical, and creative including designing, budgeting, tracking, and assessing effectiveness. Also covered is how direct mail can be used in today's online marketing funnels. Benefiting from the authors' combined 30 years in direct marketing, business owners are given the guidelines for what works and what doesn't, illustrated by real-life business campaigns that show step-by-step how to build a results-producing promotional campaign.

Almost Alchemy - Dan S. Kennedy 2019-10-23

CHANGE YOUR MATH CHANGE YOUR BUSINESS CHANGE YOUR LIFE Almost Alchemy challenges your existing beliefs and self-imposed limitations--forcing you to re-imagine, reinvent, and reorganize your business to achieve and exceed goals in a systematic and sustainable way. In this radical new book, Dan Kennedy destroys the myth that "Knowledge is Power" by exposing 20 different proven strategies to ensure business sustainability and maximize wealth extraction. It is thought-provoking, cage-rattling and mind blowing all in one. Alchemy isn't writing slightly better copy or tweaking your marketing to take advantage of some new media or some other hot trend. Instead, it's about reinventing the way you think about your business, recognizing the "brutal realities" that few dare to embrace or refuse to even recognize... and turning information into ACTION and PROFIT. In its mythical context, Alchemy was about one thing and one thing only: transforming ordinary metals into gold. And like thousands of others, you may start this book thinking you're in an ordinary business and finish realizing you instead have a different, bigger, better, more valuable one.

Pre-Suasion - Robert Cialdini 2016-09-06

The acclaimed New York Times and Wall Street Journal bestseller from Robert Cialdini—“the foremost expert on effective persuasion” (Harvard Business Review)—explains how it’s not necessarily the message itself that changes minds, but the key moment before you deliver that message. What separates effective communicators from truly successful persuaders? With the same rigorous scientific research and accessibility that made his *Influence* an iconic bestseller, Robert Cialdini explains how to prepare people to be receptive to a message before they experience it. Optimal persuasion is achieved only through optimal pre-suasion. In other words, to change “minds” a pre-suader must also change “states of mind.” Named a “Best Business Books of 2016” by the Financial Times, and “compelling” by The Wall Street Journal, Cialdini’s *Pre-Suasion* draws on his extensive experience as the most cited social psychologist of our time and explains the techniques a person should implement to become a master persuader. Altering a listener’s attitudes, beliefs, or experiences isn’t necessary, says Cialdini—all that’s required is for a

communicator to redirect the audience’s focus of attention before a relevant action. From studies on advertising imagery to treating opiate addiction, from the annual letters of Berkshire Hathaway to the annals of history, Cialdini outlines the specific techniques you can use on online marketing campaigns and even effective wartime propaganda. He illustrates how the artful diversion of attention leads to successful persuasion and gets your targeted audience primed and ready to say, “Yes.” His book is “an essential tool for anyone serious about science based business strategies...and is destined to be an instant classic. It belongs on the shelf of anyone in business, from the CEO to the newest salesperson” (Forbes).

You Are The Brand - Mike Kim 2021-06-08

Yes, It’s Possible to Build a Business around Your Expertise, Ideas, Message, and Personality. But First You Need to Realize — YOU ARE THE BRAND. It’s no secret that more people than ever before are building thriving businesses around their personal brands. But why do some create six- or even seven-figure businesses while so many others strive to make a consistent income? Much of the personal brand space plays out in two ways. The first group of people sells a false version of themselves, thinking that image or perception alone will get them the results they seek. These folks don’t realize that attention isn’t owed, it’s earned. The flip side of presenting a false version of yourself is oversharing in the name of authenticity. They talk nonstop about their issues, sometimes revealing way more than what is even comfortable to read about. It’s as if these people are trying to sell their struggles, and it doesn’t work in the long run. Like a car wreck, these folks garner attention, but it’s short-lived. Here’s a simple question that can serve as a litmus test for you: “Can I build a campfire around what I’m sharing?” Is there warmth? Are you building something that is attractive and inviting to others? Can you build a community around it? Are you someone whom others want to invite onto their stages, in front of their employees, or into their lives? In *You Are the Brand*, Mike Kim shares his proven 8-step blueprint that has helped build the brands for some of today’s most influential thought leaders — as well as his own personal brand. In this practical and inspiring book, you will learn: How to identify and showcase your unique expertise How to gain clarity on your message, market, and business model Why the most effective marketing strategy is to simply tell the truth How-To-Preneur vs. Ideapreneur — Which one are you? The three kinds of personal stories that ensure you stand out in your market The simple “9-Box Grid” that shows you how to price your products and services How to cultivate “rocket ship relationships” that skyrocket your revenue, and influence
