The Royal Inscriptions of Amēl-Marduk (561-560 BC), Neriglissar (559-556 BC), and Nabonidus (555-539 BC), Kings of Babylon - Frauke Weiershäuser 2020-11-01
Amēl-Marduk (561-560 BC), Neriglissar (559-556 BC), and Nabonidus (555-539 BC) were the last native kings of Babylon. In this modern scholarly edition of the complete extant corpus of royal inscriptions from each of their reigns, Frauke Weiershäuser and Jamie Novotny provide updated and reliable editions of the texts. The kings of the Neo-Babylonian Empire left hundreds of official inscriptions on objects such as clay cylinders, bricks, paving stones, vases, and stelae. These writings, ranging from lengthy narratives enumerating the deeds of a monarch to labels identifying a ruler as the builder of a given structure, supplement and inform our understanding of the empire. Beginning with a historical introduction to the reigns of these three kings and the corpus of inscriptions, Weiershäuser and Novotny then present each text with an introduction, a photograph of the inscribed object, the Akkadian text in a newly collated transliteration, an English translation, catalogue data, commentary, and an updated bibliography. Additionally, Weiershäuser and Novotny provide new translations of several related Akkadian texts and chronicles. Featuring meticulous yet readable transliterations and translations that have been carefully collated with the originals, this book will be the standard edition for scholars and students of Assyriology, the Neo-Babylonian dialect, and the Neo-Babylonian Empire for decades to come.

13 Dates - Matt Dunn 2017-08-15

When Noah Wilson first encounters the quirky, opinionated and very beautiful Angel Fallon, his world is turned upside down. It's clear she's not his normal type, but Noah can't stop thinking about her--which doesn't bode well for the blind date he's already late for. Convinced by his friend (and self-professed dating expert) Marlon that thirteen dates is all you need to fall in love, Noah decides to give it a try with Angel. They should be incompatible: she's impulsive and he's a planner; he wants to settle down and she doesn't 'do' relationships--or anything, for that matter--the way Noah is used to. But there's something about Angel, and Noah can't shake the idea that all they need is twelve more dates.

Despite some near-disasters involving rock climbing, saddle sores and jellied eels, it seems his plan may actually work. But even if they do reach the magic number, can that really mean they'll just fall into their happily-ever-after?

Eight Dates - John Gottman 2019-02-05

Whether you're newly together and eager to make it work or a longtime couple looking to strengthen and deepen your bond, *Eight Dates* offers a program of how, why, and when to have eight basic conversations with your partner that can result in a lifetime of love. "Happily ever after" is not by chance, it's by choice— the choice each person in a relationship makes to remain open, remain curious, and, most of all, to keep talking to one another. From award-winning marriage researcher and bestselling author Dr. John Gottman and fellow researcher Julie Gottman, *Eight Dates* offers an ingenious and simple-to-implement approach to effective relationship communication. Here are the subjects that every serious couple should discuss: Trust. Family. Sex and intimacy. Dealing with conflict. Work and money. Dreams, and more. And here is how to talk about them—how to broach subjects that are difficult or embarrassing, how to be brave enough to say what you really feel. There are also suggestions for where and when to go on each date—book your favorite romantic restaurant for the Sex & Intimacy conversation (and maybe go to a yoga or dance class beforehand). There are questionnaires, innovative exercises, real-life case studies, and skills to master, including the Four Skills of Intimate Conversation and the Art of Listening. Because making love last is not about having a certain feeling—it's about both of you being active and involved.
