Displacing Caravaggio -
Francesco Zucconi 2018-10-17
This book takes its start from a series of attempts to use Caravaggio's works for contemporary humanitarian communications. How did his Sleeping Cupid (1608) end up on the island of Lampedusa, at the heart of the Mediterranean migrant crisis? And why was his painting The Seven Works of Mercy (1607) requested for display at a number of humanitarian public events? After critical reflection on these significant transfers of Caravaggio's work, Francesco Zucconi takes Baroque art as a point of departure to guide readers through some of the most haunting and compelling

images of our time. Each chapter analyzes a different form of media and explores a problem that ties together art history and humanitarian communications: from Caravaggio's attempt to represent life itself as a subject of painting to the way bodies and emotions are presented in NGO campaigns. What emerges from this probing inquiry at the intersection of art theory, media studies and political philosophy is an original critical path in humanitarian visual culture.

Lola and Me - Chiara Valentina Segre 2015-06

When I first met Lola I was living in the countryside with my parents and brothers and sisters. Lola was lonely and ill then, but it was love at first sight, and I knew that I wanted to take care of her. A beautifully told, heart-warming story about friendship and survival, with a very surprising and satisfying ending.

The Wall of the Earth - Giorgio Caproni 1992

"The work of Giorgio Caproni has been translated into French, German, and Chinese,

among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

My First Book of London - Charlotte Guillain 2013-04-11

A beautifully illustrated hardback picture book about one of the most exciting cities in the world! Aimed at families with young children each feature or building is introduced on a right-hand page in a clue style format - close up or not immediately obvious what it is. The reader then turns the page to discover the whole scene with the

feature in it and to read the explanatory text. The final page in the sequence of four shows other features from the scene in vignette accompanied by background information about each one.

Robinson Crusoe - Daniel Defoe 2021-03-03

In Robinson Crusoe, Crusoe washes up on an uninhabited island on the North American coast. He lives there for twenty-eight years, documenting his physical and spiritual growth in his journal. Then one day a British ship sails by the island, and he is rescued. In the mid 17th century, Robinson Crusoe begins his career as a sailor,

against the wishes of his parents, who would prefer him to go into law. Crusoe survives a deadly shipwreck in the Caribbean and manages to set up a camp for himself on an uninhabited island. Much of the story follows the time Crusoe spent building his shelter and other things to make his life more comfortable. He documents his gardening, goat raising, and hunting, as well as his religious reflections.

Homosexuality and Italian Cinema - Mauro Giori 2017-11-18

This book is the first to establish the relevance of same-sex desires, pleasures and anxieties in the cinema of post-war Italy. It explores cinematic representations of homosexuality and their significance in a wider cultural struggle in Italy involving society, cinema, and sexuality between the 1940s and 1970s. Besides tracing the evolution of representations through both art and popular films, this book also analyses connections with consumer culture, film

criticism and politics. Giori uncovers how complicated negotiations between challenges to and valorization of dominant forms of knowledge of homosexuality shaped representations and argues that they were not always the outcome of hatred but also sought to convey unmentionable pleasures and complicities. Through archival research and a survey of more than 600 films, the author enriches our understanding of thirty years of Italian film and cultural history.

Safe Haven - Nicholas Sparks 2012-12-18

In a small North Carolina town, a mysterious and beautiful woman running from her past slowly falls for a kind-hearted store owner . . . until dark secrets begin to threaten her new life. When a mysterious young woman named Katie appears in the small North Carolina town of Southport, her sudden arrival raises questions about her past. Beautiful yet self-effacing, Katie seems determined to avoid forming personal ties

until a series of events draws her into two reluctant relationships: one with Alex, a widowed store owner with a kind heart and two young children; and another with her plainspoken single neighbor, Jo. Despite her reservations, Katie slowly begins to let down her guard, putting down roots in the close-knit community and becoming increasingly attached to Alex and his family. But even as Katie begins to fall in love, she struggles with the dark secret that still haunts and terrifies her . . . a past that set her on a fearful, shattering journey across the country, to the sheltered oasis of Southport. With Jo's empathetic and stubborn support, Katie eventually realizes that she must choose between a life of transient safety and one of riskier rewards . . . and that in the darkest hour, love is the only true safe haven.

100 Cruciverba - Giacomo & Angelo Cruciverba 2020-04-28
Le parole crociate (o parole incrociate o cruciverba) sono uno dei giochi enigmistici più diffusi al mondo. 1 2 3 4 5 Nella sua versione base, il gioco si svolge su una griglia quadrata o rettangolare di caselle bianche e nere. Le caselle nere - non sempre disposte secondo una geometria regolare - rappresentano le interruzioni tra le parole che vanno a riempire le caselle bianche,

una lettera per casella. Le parole vengono scritte nelle caselle bianche sia in senso orizzontale (da sinistra a destra), sia in senso verticale (dall'alto in basso), partendo dalle caselle numerate che si trovano sui bordi e negli angoli creati dalle caselle nere. Le parole inserite, che vengono suggerite da apposite definizioni, devono rispettare gli incroci che si vengono reciprocamente a creare nello schema tra parole orizzontali e parole verticali. Uno schema di parole crociate è risolto quando tutte le caselle bianche sono state riempite e tutte le parole corrispondono alle definizioni date. Esistono parole crociate di diversi livelli di difficoltà, determinata sia dalle parole scelte, sia dall'ermeticità o dalla genericità delle definizioni usate per descriverle, sia dallo schema di gioco sopra indicato che può essere anche più complesso. Parole crociate a schema fisso Le caselle nere sono disposte nello schema con assoluta simmetria. Parole crociate facilitate In questo tipo

di parole crociate, alcune lettere sono già inserite nello schema per facilitare il solutore. Parole crociate a schema libero Differisce dal gioco base perché le caselle nere sono disposte nello schema senza alcuna regolarità o simmetria. Da questo traggono spunto vari schemi le cui parole non sono inserite come consuetudine, bensì con una chiave risolutiva indicata in calce (a gruppi variabili, con le doppie lettere in comune, a riduzione, con le definizioni deviate, e altre ancora). Altre varianti si prestano alla separazione tra le parole tramite l'ingrossatura dei bordi al posto delle caselle nere: queste varianti contengono spesso una chiave risolutiva, talvolta sono a tema, talvolta definiscono in modo inusuale soltanto le parole orizzontali (con le verticali sempre di senso compiuto), ad esempio tramite il meccanismo delle equazioni o delle proporzioni algebriche. Parole crociate senza schema Sono in pratica delle parole crociate a schema libero, in cui non sono mostrate

le caselle nere, e le definizioni sono date per riga e per colonna. La convenzione normale è di dare le definizioni della stessa riga (o colonna) nell'ordine di scrittura, e di indicare il numero di caselle nere totali. In questo tipo di parole crociate il solutore deve anche individuare la posizione delle caselle nere che separano le parole. Esistono anche qui numerose varianti, tra cui quella "a sbarramenti misti" (caselle nere e ingrossamenti del bordo).

National Geographic Readers: Volcanoes! - Anne Schreiber 2012-07-24

The cool story of volcanoes will intrigue kids and adults alike. Hot melted rock from the middle of our planet forces its way up through cracks in the Earth's crusts, exploding violently and sometimes unexpectedly in volcanic fury that can terrorize populations for months, even years. Anne Schreiber's narrative gives readers a little of the science, a little of the history, and a lot of the action. National Geographic photography fires the imagination on dramatic spreads alive with vivid images of lava, ash, molten rock, weird rocks, and steaming seawater. The Ransom of Dond -

Siobhan Dowd 2013-11-07

Darra is an omen of unluck: a thirteenth child. To appease

the dark god, Dond, and bring good fortune to her small island community, Darra must be sacrificed at the age of thirteen - by drowning. On the eve of her final birthday, Darra begins to dream of the twin brother she has watched from afar but never met, and dares to hope that she might escape her fate . . . The scouring wind and remorseless waves which beat against Darra's island world are matched in Pam Smy's powerful, wild and emotive illustrations. The Ransom of Dond is our final story from Siobhan, and a book to be treasured.

Napoleon the Great - Andrew Roberts 2016-05-27

From Andrew Roberts, author of the Sunday Times bestseller *The Storm of War*, this is the definitive modern biography of Napoleon. It has become all too common for Napoleon Bonaparte's biographers to approach him as a figure to be reviled, bent on world domination, practically a proto-Hitler. Here, after years of study extending even to visits paid to St Helena and 53 of

Napoleon's 56 battlefields, Andrew Roberts has created a true portrait of the mind, the life, and the military and above all political genius of a fundamentally constructive ruler. This is the Napoleon, Roberts reminds us, whose peacetime activity produced countless indispensable civic innovations - and whose Napoleonic Code provided the blueprint for civil law systems still in use around the world today. It is one of the greatest lives in world history, which here has found its ideal biographer. The sheer enjoyment which this book will give anyone who loves history is enormous.

The Book of Disquiet - Fernando Pessoa 2010-12-09
Sitting at his desk, Bernardo Soares imagined himself free

forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, *The Book of Disquiet* is a classic of existentialist literature.
