It's Complicated - Missy Johnson 2018-06-16

They call him the Anaconda, and I'm pretty sure it isn't because he likes snakes. Nick Jenson is my neighbor. My hot, oh-so-sexy, very-well-equipped neighbor that I'd spend hours watching from the safety of my bedroom window. I saw lots of things I probably shouldn't have. Sometimes I'd touch myself, imagining it were his hands roaming over my body instead of my own. I had just one mission-to find out if the rumors were true. Then one day, he caught me watching him. I was mortified. I was prepared to quit college, move to another country, and live the rest of my life saying, "Nick who?" But, apparently, life had other ideas. Because Nick? Well, he isn't just my neighbor ... He's also my father's best friend. If I thought things were difficult before, they were about to get a whole lot more complicated. Oh, and those rumors? Holy f...., were they true ...

I don't look for trouble. It finds me: murderous teachers, sexy supernaturals, devious plots. My name is Dawn Rose. I was the food-scavenger for my group of outcasts in the Fringe--what used to be LA County before the Abnorms and supernaturals turned it into a hellscape. But I never expected to witness a brutal murder-by-magic. Now I've been whisked off to Briarwitch Academy, the place where magic goes to grow. The faculty think I have an ancient untapped power. Yeah, right. Like I'm going to fit in with drunken gnomes and goth pixies. And then there are the smoldering shifter dudes. One of them basically stalks me. The other hates me. I want them both. I'm just trying to survive the bullies and my classes and the magical weirdos who don't think I belong here. But when evil threatens the academy, I have to stop it from reaching back home. And that whole murder thing? I know who did it. And he knows I know. And life's about to get way more complicated... This is a slow-burn reverse harem paranormal romance with more heat than a fresh ghost pepper and more mystery than that missing Tupperware lid in your kitchen. I am a latent wolf shifter. Or so I thought. Then life as I knew it changed in a flash--or more accurately, an electrocution. I've woken up in a strange place, surrounded by strange people who hate me. They're in the middle of a war, and I look like I belong on the wrong side of it. If that's not enough to qualify as a really bad day, I now have wings and a strange animal to figure out, because it turns out that there's not a damn latent thing about me. If I want to live, I have to prove that I'm not the spy I'm accused of being. Then I need to figure out how the fuck to get back home before all hell breaks loose. Too bad my animal has zero interest in working with me unless it has to do with the two hot assholes that lead

this rebel group. I'm on my own, in a place I've never even heard of, with threats I don't know how to defeat. And lucky me, I might as well have a rotisserie chicken living inside of me for all the help my newly discovered gryphon is. Perfect. Just fucking perfect.

Serpent's Touch - Tansey Morgan 2017-10-19

The thing about fairy tales is, there's usually a catch. This one was no exception. The day I, Lilith Palmer, stopped being the Hot Topic girl and became something else started as any other, but ended in the car of a devilishly handsome man whose net-worth was probably higher than the entire neighborhood I lived in; not my usual Tuesday night. That, however, was only the start of the weird path I was about to set off on; a path that would take me to a place where reality collides with magic, where I find out everything I knew about the world I lived in was a lie, and where I'm the only woman present. There are five of them - five of the most interesting, sexy, and probably dangerous men I have ever met. They live in a mansion in the middle of rural Germany, a mansion protected by magic. And they tell me not only do they have supernatural abilities, but that I have them too, and they're here to help pull them out of me. Sounds like a dream, until that catch comes up. Supernaturals are being hunted down for the energy they possess, myself especially, and if they don't act fast to bring me into the fold, a fate worse than death awaits all of us. But triggering my supernatural side to come out won't be easy, not before I'm ready, and when the hunters step up their game and the window starts to close, it'll take everything I have in me just to stay alive; no matter how many men would put their lives on the line to protect me. *Serpent's Touch* is the first book in a brand new paranormal REVERSE HAREM series by Tansey Morgan. If you love the paranormal romance and urban fantasy genres, and want to read something that not only straddles the line between both, but introduces not one, but five love interests, then this is the book for you. Sexual content will also form a part of this series, as will swearing and violence. If you're happy with all of this, then... Scroll up, hit buy now, and dive into this sexy paranormal world!

But come on, they're not that creative, just annoying in their determination to figure out how much I can take. Another rare shifter is being held here. I can feel him. Yep, another freaking mate. I'm not even sure if they are coming to rescue me. Who did I tick off in the universe to deserve all of this? No need to send help, because I've got this... as soon as I find some clothes. They are about to find out exactly who and what I really am. A witch outrunning her past. Five smoldering-hot guardians. And the dark secret that could destroy them all! Blackmoon Bay is a city of monsters. Surviving here means never leaving home without a sharp stake. It means keeping secrets, even from friends. And unless I want the Hunters finding me again, it means my witchcraft stays on permanent lockdown. Good policy--until the night I accidentally resurrect a dead girl, rekindling my magic and drawing the Bay's most dangerous men to my doorstep. Asher, the bad-boy incubus. Darius, the cunning, oh-so-sexy vampire. Emilio, the wolf shifter with a big heart and a treacherous past.

Ronan, the only demon I trust with my soul. And Death himself, bound to my magic for reasons I don't understand. Together they've sworn to protect me from the evil out there, but it's not the evil out there I'm worried about. A shadow lurks inside me, black and deadly as a bomb. Klutz - Sedona Ashe 2021-06-30

After I rescued these jerks from a plane crash, you'd think they'd be nicer to me. I die, like all the time. My track record of hilarious, freak accidental deaths would be impressive if it weren't so embarrassing. And when I come back, I'm naked. Every. Dang. Time. After my plane was sabotaged and crashed into the jungle, I rescued five male survivors from the wreckage. I could have let them die, but no, I decided to pull their stupid carcasses from the wreckage. I'm immortal, not a monster. Yes, they're hot, now is not the time to do something about that. The five sexy jaguar shifters are on a mission to locate someone, a rare phoenix shifter. Phoenix, the legendary creature, reborn every time it dies. Wait?? Could they be looking for me? It doesn't matter since they walked away and left me to die in the Amazon rainforest. A place full of interesting new ways for a klutz like me to die. Surviving the jungle is harsh, but it's nothing compared to how they have treated me. And the worst part? It turns out these bullies are my fated mates. Yep, I must be cursed. I can't wait to escape the jungle and leave these guys behind, but another part of me is begging to love them? Was the Amazon always this hot? "But Did You Die?" is a comedy filled, bully (only in book one), paranormal romance series that includes jaguar shifters, a mysterious underground society, fated mates, and an incredibly clumsy Phoenix. Follow Amaryllis as she discovers who she is and 'collects' her soulmates along the way! It is full of humor, adventure, and scenes to entice and thrill you... or to make you unexpectedly snort with laughter. The series will have a HEA? It will just take a little while to get there!

Caged Kitten - Rhea Watson 2020-09-24

I don't belong here. Seriously. I don't. For as long as I can remember, supernatural clans took care of their own bad apples. Shifters, fae, vampires, elves, witches-we handled our crap quietly, efficiently, and within the confines of our community's law. Until now, apparently. How else am I supposed to explain doing inventory in my café one minute, then waking up the next in a processing cell, cuffed and shackled to a chair, wearing a collar that mutes my magic? I've never gotten so much as a parking ticket before. I'm a witch without a coven, but I play by the rules. I don't start beef with other supers. Me and my familiar-we don't make waves. We like cozy, rainy Sunday afternoons and the smell of freshly baked bread. So, whatever they've got on me, it's nonsense. I know, I know. That's what everyone in Xargi Penitentiary says. Innocent. Innocent. Innocent. Only the creatures around me aren't always so innocent, and even inside these four walls, trapped by wards and warlocks and wolves, my past is determined to damn me. Until I find a non-magical way out of this, my wits are all I've got. Well, my wits... and the gruff dragon shifter who looks at me like I'm treasure he's desperate to hoard. The gorgeous fae who delights in the fact that I'm not impressed with him. Oh, and the brooding vampire who could tempt me into darkness with his smile. But I'm not here to make friends or fall in love. I don't belong in Xargi Penitentiary, and if it's the last thing I ever do, I'm getting out. Or... I just might die trying. *Caged Kitten* is a standalone why-choose paranormal romance and is part of the ALL THE QUEEN'S MEN series. Each book in the series is a full-length standalone featuring layered heroes and a headstrong heroine who never has to settle for just one happily-ever-after. The books can be read in any order and are part of the same supernatural universe.
