The Ylem - Tatiana Vila 2011-05-05

An ancient book, a seventeen-year-old girl and

an exotic boy from a supernatural world hold the

key to freedom for a long-oppressed race, but that freedom could come at the cost of the human world. Seventeen-year-old Kalista is suffering from a broken heart, so when her playwright father proposes they move their lives from New York to New Mexico because he is in need of inspiration Kalista is 100% on-board with him. New Mexico proves to be the perfect balm for her wounds and she is just starting to feel some of her old spunk when Tristan Winfield comes into her life and pulls all of her barriers down. Kalista is captivated by Tristan's unusual silver eyes and feels an inexplicable connection to him, which begins to manifest itself in her dreams with bizarre images of a waterfall and an orb. While searching for an explanation for her troubling dreams, Kalista discovers an ancient book which holds the secrets of a supernatural race of creatures. But when Killings hit town, she realizes her finding has come at a high price. She's in the middle of a power struggle now, and a secret seems to be wrapped within the pages

of that book. A secret she's part of...

*Fighting the Dragon* - Sandra Kischuk  
2012-11-01

For decades, traditional medicine had very little to offer for individuals suffering from multiple sclerosis and other autoimmune diseases. Today, medical science has brought us wave upon wave

of immunomodulatory medications to try to slow disease progression. Unfortunately, these medications come with their own health- and life-threatening side effects. And sometimes, they just stop working. "Fighting the Dragon: How I Beat Multiple Sclerosis" is the story of one woman's thirty year battle with multiple sclerosis and what she did to reclaim her life when she realized she would need an assisted living facility within a few years. The book contains detailed descriptions of what worked and what did not, where she got the help she needed (and how the reader can locate these resources within his/her own community), and the logic behind the non-conventional therapies. "Fighting the Dragon" is a narrative of courage—courage driven by desperation, a story written by a patient who decided, when her neurologist told her, "You will never walk normally again," that she would dance. "Fighting the Dragon" is also a book the MS patient can take to his/her physician . . . it contains well-

researched, easy-to-follow guidelines for what to do and how. The information is also applicable to a wide range of other autoimmune conditions, cancers, and AIDS. \*\*\*\*\*  
Excerpt: . . . if your car kept breaking down and the mechanic you took it to kept doing the same thing to fix it—but it did not stay fixed, you would question the mechanic's competence. Maybe the mechanic pulled out a technical manual. "See. I fixed it exactly as the manual said. This is the industry-approved way to solve this problem." When the car broke down again a week later, would you be satisfied? Probably not. You might decide it is time to replace the car. But that might be too expensive. So, what to do? If you were smart, you would probably try to find a new mechanic. You might ask your friends who they would recommend. You might search on the Internet to see if other people had the same experience with their cars . . . and what caused the problem. You might telephone some repair shops to get some idea of what they thought the

problem might be. If you found a new mechanic and that mechanic looked over the car and said, "I have a solution that is not in any industry-approved repair manuals, but it is safe and it works,"—would you walk away and go back to the first mechanic who never got it right? Why is your health worth any less than your car?

**The Art of Being Naked** - Shane R. Avila  
2015-07-15

The Art of Being Naked (about) Remember that naughty excitement that comes with an adrenaline rush? The exciting thought of being caught in a sexual act, but fearing to be caught? Maybe a public adventure or a night out in the car's back seat under the stars at night. We all take these risky adventures to remind ourselves that we are alive. The risk can be rewarding by The thrill- the thrill of the wild side to spice things up! The thrill of the unknown to come. Unknowing if you will be noticed. The sheer pleasure of being naughty, daring, and brave. You- being a leader, and doing an adventure

with your partner can make for a night of forbidding and fulfilling enjoyment that can spark a wild fire of excitement and rush. In this picture book for adults, you will enjoy original nude art, two true, funny stories of sexual adventures gone wrong, and the inspiration to find that naughtiness inside yourself. This book approaches the excitement of sexual adventures that most people are too petrified to talk about with their partner.

**Baby Bumps** - Amy Sprenger 2012-06-29

From the author of the award-winning blog Snarky Mommy comes a book that will make every woman who has ever been pregnant pee with laughter (not that that's hard). Wearing her highest heels and hottest pregnancy jeans, Amy Sprenger marches into her doctor's office, beverage in hand, ready to finally see whether her baby is a boy or a girl. Sure, sure, this appointment is supposed to be about checking the health of the baby, but everyone who's ever been there knows it's really about looking for what lays, or doesn't lay, between the legs. So when the doctor tells her she has an incompetent cervix, Amy becomes immediately offended on behalf of her reproductive organs. Is that just a politically correct way of saying her cervix sucks? Unfortunately, as she's soon to learn, it's a lot more than that. The only way to keep that baby from falling out on the sidewalk (probably in front of Starbucks) is for her doctor to stitch her cervix closed and for Amy to stay in bed for the next four months. Four months that

are carefully detailed in this "memoir." A memoir that, while basically true, has been embellished with Amy's signature brand of humor and hilarity. With more time off than a castoff contestant on "The Bachelor," Amy takes pen to paper and settles in for the ride. But instead of sitting around eating bonbons, she's popping hypertension drugs to stave off preterm labor. And complications? Oh, she's got your complications. She's gut-rehabbing her house. Her mother moves in to care for her. Her husband takes a "mancation" while she's stuck in the hospital. And every time she has a contraction, she's convinced it's The Big One. Living by the adage that laughter is the best medicine, Amy fumbles her way through a series of sometimes serious and usually embarrassing situations. And just to be clear, using a bedpan qualifies as both serious and embarrassing. "Amy Sprenger's foray into factual fiction is a hilarious (and sometimes poignant) look at high-risk pregnancy from her view at the end of the

bed. Sprenger offers a fresh and funny voice that readers will love!" -- New York Times bestselling author Jen Lancaster

*The Complete Diabetes Handbook* - Lisa Meyers  
2012-02-01

Maybe you were just diagnosed with diabetes and are confused by all the contradictory information out there. Or, maybe you've done everything your doctors told you to do, but still you have wild fluctuations in your blood sugars. Your A1c, cholesterol, and triglycerides are through the roof and you're gaining weight! Either way, you're frustrated, but it's not your fault! Controlling diabetes can be easy with the right information! You can get off the roller coaster of wildly fluctuating blood sugars, lower your cholesterol and A1c, and reduce (or even possibly eliminate) some of the medications you are currently taking. You can decrease your risk of developing diabetic complications. And, if you are already suffering from diabetic complications, you can stop further progression

and may even be able to reverse some of their effects. This is not only possible but can happen in a very short amount of time. You will be in control! And, it's easy! I want you to be healthy! I want you to be able to take back your life and do all the things that you enjoy without the limitations that diabetes can put on your daily life. No more feeling like a guinea pig trying every new drug that is supposed to help lower your blood sugar. The things I'm going to tell you are the same things that my family and I are doing with amazing results. The doctors are shocked! I will give you all the facts that you need to lead a normal life that is not controlled by your diabetes. In this book, you will learn:

- What is diabetes and what are the different types. Each type of diabetes is just a little bit different. You have to understand how the disease works to understand everything else.
- How to modify your diet to keep your blood sugar stable throughout the day. These changes are so simple that I'm almost embarrassed to tell

you!

- Blood sugar monitoring- when and why
- Food and how your body uses it
- What tests you absolutely need your doctor to perform and what the results mean
- Vitamins, minerals, and nutritional supplements
- And much, much more!

As a bonus, I will give you delicious and easy recipes to take out all the guesswork while you learn. My family refused to even consider doing anything unless I could make the food taste good and they got desserts! Your family won't even know they're eating "diabetic food." No more cooking two different meals. You may be asking yourself what are my qualifications to write a book that teaches you how to control your diabetes. Am I just some housewife that stumbled on a "miracle cure"? I've been a nuclear medicine technologist for the past 15 years and I minored in biochemistry and pharmacology. As a nuclear medicine technologist, my job, in a nutshell, consists of watching how your body metabolizes nutrients. The majority of my patients have diabetes. I

study everything I can get my hands on concerning diabetes and its treatment. And, it's a good thing, because I now have two diabetics in my house- one a Type 1 and the other a Type 2. If you are a diabetic, you need this book! It really is very easy to have normal blood sugars around the clock. Excellent health is right around the corner for you!

Hotlanta - Anthony London 2015-05-26

The hum of the machines wasn't what Martice wanted to hear right now but it was a sign that he was getting something done around here. He had walked into the Print & Document Service Department of Max Office Superstore to find mounds of work waiting for him, you'd think by now he was used to it, but like all the other things you'd think he would be use to by now he

wasn't. Six months ago he had meet the guy he was sure was the one, while it was a rocky start in the end or at least up till now things where still good. Yea Dre still had his bad habits, but Martice know he was faithful even with all the flirting... Read this compelling short story to find out where things lead with Martice in "Hotlanta."

### **Outboard Motors Maintenance and Repair Manual** - Jean-Luc Pallas 2006

The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you

to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.

**Mechanix Illustrated: The How-To-Do-Magazine** - 1967

*Rural Rides* - William Cobbett 2020-04-09

*Rural Rides* is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing *Rural Rides*, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions

**Military Recruiting in the United States** - Pat Elder 2016-12-08

Military Recruiting in the United States provides

a fearless and penetrating description of the deceptive practices of the U.S. military as it recruits American youth into the armed forces. Long-time antiwar activist Pat Elder exposes the underworld of American military recruiting in this explosive and consequential book. The book describes how recruiters manage to convince youth to enlist. It details a sophisticated psy-ops campaign directed at children. Elder describes how the military encourages first-person shooter games and places firearms into the hands of thousands using the schools, its JROTC programs, and the Civilian Marksmanship Program to inculcate youth with a reverence for guns. Previously unpublished investigative work reveals how indoor shooting ranges in schools are threatening the health of children and school staff through exposure to lead particulate matter. The book provides a kind of "what's coming next manual" for European peacemakers as they also confront a rising tide of militarism. The book examines the disturbing, nurturing

role of the Catholic Church in recruiting youth. It surveys the wholesale military censorship of Hollywood films, pervasive military testing in the high schools, and an explosion of military programs directed toward youth. **Memoirs of a Security Contractor** - Paul Yurkin  
2015-09-09

Paul "Chuck Norris" Yurkin has never been one to give up. A product of the inner city projects, he pulled himself up by the bootstraps and enlisted in the Marine Corps-serving proudly in Desert Storm before beginning a fifteen-year career with the Myrtle Beach police force. But when he saw the efforts of his policing failing to create any positive change, it wasn't long before Yurkin became jaded by the system as a whole. Seeking a new life for himself and his daughters, he met up with a private contracting firm and began training for a trip to sunny Afghanistan, where he would work on training the fledgling Afghan National Police. In the midst of two weeks of training in Virginia, he earned the nickname that would stick with him for years to come-and met three best friends that remained by his side through dangerous missions, misadventures, and the frustrations of being stationed abroad. In *Memoirs of a Security Contractor*, Yurkin tells the true story of his time as a security contractor in Afghanistan in candid

detail-in an eye-opening tale of determination, friendship, and never giving up.

Becoming Taz - Jeff Bumpus 2014-05-14

Becoming Taz: Writing from the Southpaw Stance by Jeff Bumpus is a memoir about pursuing a dream - of enduring the struggles, processing the failures, and learning how to assess the triumphs. Bumpus was a professional boxer from 1984 until 1993. During this time he continued working full-time as a saw operator,

cutting countertops for mobile homes and RVs. He fought five world champions and several top contenders during his career in the ring before retiring with a record of 31 wins (15 by knockout), 8 defeats, and one draw. Becoming Taz is a tale of youth filtered through the wisdom of middle age and told with the literate voice of a seasoned storyteller.

**The God Chair** - Caroline Cienki 2016-08-30  
Meet Katie Ball. She's ten years old and definitely going through a rough patch. School is

stressful and the future of her family's farm is uncertain. But all that changes, when Katie meets Lady Catherine and her rather mysterious chair. That's when she discovers that she's braver than she thought she was, and that with a little friendship and a lot of divine inspiration, real life is just as exciting as any storybook adventure. Originally a Brit, Caroline Cienki has fond memories of vacations spent in the rural North of England with her grandparents, where she learned to love the countryside. She now lives in the US, and calls Texas her home along with her husband, two children and three fun-loving doggies. Among her current passions are home-making, travel and spiritual formation. The God Chair is her first children's book.
