NEW YORK TIMES BESTSELLER Greg Gutfeld wants to be your new guru, and he hates himself

for it. Before Greg Gutfeld was a Fox News star and a New York Times bestselling author, he was a self-help writer for health magazines who had no idea what he was talking about. But now, after years of experience, he finally feels qualified to guide people on the journey of life—call this book punishment for his sins, and a huge reward for you! In *The Plus*, Greg teaches you how to brainwash yourself into better behavior, retaining the pluses in your life and eliminating the minuses. His approach to self-help is simple, and perfect for cynics; it's not about positive thinking in the short term, it's about positive being in the long term. With tough love and more than a little political incorrectness, he delivers sage wisdom such as: -If you aren't getting happier as you're getting older, you're doing it wrong. -Resist the media's command to expand destructive narratives. -If you're in the same place you were three years ago, wake up. -Don't tweet when drinking. Modern life grows emptier and emptier as society becomes increasingly polarized, and even those who don't subscribe to New Age beliefs are seeking comfort and meaning. In *The Plus*, Greg shows how skeptics too can advance themselves for the betterment of their lives and the healing of their communities.

**The Faith of Donald J. Trump** - David Brody 2018-02-13

Based on extensive inside sources, including exclusive interviews with the President and Vice President, *The Faith of Donald J. Trump* explores his rarely discussed, but deeply important, religious beliefs and relationships with leading Evangelicals. The Chief Political Correspondent for the Christian Broadcasting Network and the "Jesus in the Public Square" columnist for the Washington Times explore the rarely discussed, but deeply important, religious beliefs and worldview of Donald J. Trump and his advisors. Donald J. Trump was raised as a Presbyterian and has praised both Christianity and the primacy of the Bible. In the Oval Office, he has surrounded himself with close advisors who share his deep faith. In this deeply reported book, David Brody and Scott Lamb draw on unparalleled access to the White House to explain President Trump's connection to the Christian faith, the evangelical right, the prosperity gospel, and the pressing moral and ethical issues of our day. In part, the authors argue, President Trump won over evangelicals not by pandering to them, but by supporting them and all their most important issues without pretending to be something he's not. Though the forty-fifth president is far from the perfect vessel—he has been married three times—his supporters argue that Donald Trump may be just what America needs. This book reveals how he has surrounded himself with believers who think he is the one guiding figure who can return us to the traditional values—hard work, discipline, duty, respect, and faith—that have long been the foundation of American life, and truly make America great again in all ways.

**Trump: The Art of the Deal** - Donald J. Trump

2009-12-23

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker’s art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

**Why Donald Trump?** - Milco Baute 2017-12-31

This book explains from a neutral point of view, by the perspective of the Christian philosopher, professor and editor Milco Baute (who is neither a Democrat nor a Republican), the reasons why God and the citizens in most of the nation's states chose to Donald Trump as president. A personal investigation and through the opinions of many people of the two parties, registered independent, minor parties and unaffiliated to a specific party. Ten fundamental reasons why a man like Trump without experience as a politician, entrepreneur, ex-democrat and public celebrity, with his arrogant and despotic character, comes by God's will and election of the voters, to be the president of the the most powerful nation in the world. Written a year after being elected president of the United States of America.

**Trump Talking** - Al Cimino 2016-06-16

'Part of the beauty of me is that I'm very rich' But that's just part of it. His fingers, too, are 'long and beautiful'. Improbably coiffed, perma-tanned and bronze-tongued, the Donald has increasingly impinged on the world's consciousness through a string of startling pronouncements. From his preference for war heroes who have not been captured, to his references to his sleeping around in the 1980s as his 'personal Vietnam' or this - 'My grandparents didn't come to America all the way from Germany to see it get taken over by immigrants' - Trump's utterances are nothing if not intriguing. As he once said, and to date this has been hard to dispute, he 'could stand in the

middle of Fifth Avenue and shoot somebody, and [he] wouldn't lose any voters.' Here, in his own words, is the businessmen, the dealmaker, TV personality, author and one-time Democrat, now Republican who would be president of the United States.

Donald Trump - Sara Mcintosh Wooten 2009-01-01

"A biography of real estate tycoon Donald Trump"--Provided by publisher.

*Confidence Man* - Maggie Haberman 2022-10-04

The instant #1 New York Times bestseller. "This is the book Trump fears most." - Axios "Will be a primary source about the most vexing president in American history for years to come." - Joe Klein, *The New York Times* "A uniquely illuminating portrait." - Sean Wilentz, *The Washington Post* "[A] monumental look at Donald Trump and his presidency." — David Shribman, *Los Angeles Times* From the Pulitzer-Prize-winning New York Times reporter who has defined Donald J. Trump's presidency like no other journalist, *Confidence Man* is a magnificent and disturbing reckoning that chronicles his life and its meaning from his rise in New York City to his tortured post-presidency. Few journalists working today have covered Donald Trump more extensively than Maggie Haberman. And few understand him and his

motivations better. Now, demonstrating her majestic command of this story, Haberman reveals in full the depth of her understanding of the 45th president himself, and of what the Trump phenomenon means. Interviews with hundreds of sources and numerous interviews over the years with Trump himself portray a complicated and often contradictory historical figure. Capable of kindness but relying on casual cruelty as it suits his purposes. Pugnacious. Insecure. Lonely. Vindictive. Menacing. Smarter than his critics contend and colder and more calculating than his allies believe. A man who embedded himself in popular culture, galvanizing support for a run for high office that he began preliminary spadework for 30 years ago, to ultimately become a president who pushed American democracy to the brink. The through-line of Trump's life and his presidency is the enduring question of what is in it for him or what he needs to say to survive short increments of time in the pursuit of his own interests. *Confidence Man* is also, inevitably, about the world that produced such a singular character, giving rise to his career and becoming his first stage. It is also about a series of relentlessly transactional relationships. The ones that shaped him most were with girlfriends and wives, with Roy Cohn, with George Steinbrenner, with Mike Tyson and Don King and Roger Stone, with city and state politicians like Robert Morgenthau and Rudy Giuliani, with business partners, with prosecutors, with the media, and with the employees who toiled inside what they commonly called amongst themselves the "Trump Disorganization." That world informed the one that Trump tried to recreate while in the White House. All of Trump's behavior as President had echoes in what came before. In this revelatory and newsmaking book, Haberman brings together the events of his life into a single mesmerizing work. It is the definitive account of one of the most norms-shattering and consequential eras in American political history.

Backable - Suneel Gupta 2021-02-23

A groundbreaking book that boldly claims the key to success is not talent, connections, or ideas, but the ability to persuade people to take a chance on your potential. "The most exceptional people aren't just brilliant...they're

backable." —Daniel Pink, #1 New York Times bestselling author of *When, Drive and To Sell is Human* No one makes it alone. But there's a reason some people can get investors or bosses to believe in them while others cannot. And that reason has little to do with experience, pedigree, or a polished business plan. Backable people seem to have a hidden quality that inspires others to take action. We often chalk this up to natural talent or charisma...either you have "it" or you don't. After getting rejected by every investor he pitched, Suneel Gupta had a burning question: Could "it" be learned? Drawing lessons from hundreds of the world's biggest thinkers, Gupta discovered how to pitch new ideas in a way that has raised millions of dollars, influenced large-scale change inside massive corporations, and even convinced his eight-year-old daughter to clean her room. Inside Backable are long-held secrets from producers of Oscar-winning films, members of Congress, military leaders, culinary stars, venture capitalists, founders of unicorn-status startups, and executives at iconic companies like Lego, Method, and Pixar. Backable reveals how the key to success is not charisma, connections, or even your résumé, but rather your ability to persuade others to take a chance on you. This original book will show you how.

**Entrepreneurs and Capitalism since Luther** - Ivan Light 2020-08-20

In *Entrepreneurs and Capitalism since Luther: Rediscovering the Moral Economy*, Ivan Light and Léo-Paul Dana study the history of business, capitalism, and entrepreneurship to examine the values of social and cultural capital. Six chapters evaluate case studies that illustrate contrasting relationships between social networks, vocational culture, and entrepreneurship. Light and Dana argue that, in capitalism's early stages, cultural capital is scarcer than social capital and therefore more crucial for business owners. Conversely, when capitalism is well established, social capital is scarcer than cultural capital and becomes more crucial. Light and Dana then trace moral legitimations of capitalism from the Reformation to the Enlightenment, the Gilded Age, and finally to Joseph Schumpeter whose concept of "creative destruction" freed elite entrepreneurs from moral restraints that encumber small business

owners. After examining the availability of social and cultural capital in the contemporary United States, Light and Dana show that business owners' social capital enforces conventional morality in markets, facilitating commerce and legitimating small businesses the old-fashioned way. As their networks become more isolated, elite entrepreneurs must claim and ultimately deliver successful results to earn public toleration of immoral or predatory conduct.

[Why We Want You to Be Rich](#) - Donald Trump 2007-10

Discusses the importance of financial education and offers advice for using financial literacy to increase wealth.

**No Is Not Enough** - Naomi Klein 2017-06-13

The New York Times–bestselling roadmap to resistance in the Trump era from the internationally acclaimed activist and author of *On Fire* and *The Battle for Paradise*. The election of Donald Trump is a dangerous escalation in a world of cascading crises. Trump's vision—a radical deregulation of the US economy in the interest of corporations, an all-out war on "radical Islamic terrorism," and a sweeping aside of climate science to unleash a domestic fossil fuel frenzy—will generate wave after wave of crises and shocks, to the economy, to national security, to the environment. In *No Is Not Enough*, Naomi Klein explains that Trump, extreme as he is, is not an aberration but a logical extension of the worst and most dangerous trends of the past half-century. In exposing the malignant forces behind Trump's rise, she puts forward a bold vision for a mass movement to counter rising militarism, nationalism, and corporatism in the United States and around the world. Longlisted for the National Book Award "I hope that Klein's book is read by more than just her (mostly) leftwing fan base. For whatever you think about her economic arguments, she makes a powerful and an important point: that you cannot understand Trump without looking at how he reflects bigger cultural and social dynamics. And what is perhaps refreshing about *No Is Not Enough* is that Klein tries to move beyond mere outrage and hand-wringing to offer a practical manifesto for opposition." —Financial Times "Brimming with ideas rarely heard in the mainstream media. And her fiery, punchy writing style, which is

occasionally laced with humor, makes it hard to put down.” —The Georgia Straight

*The Real Psychology of the Trump Presidency* - Stanley Renshon 2020-09-14

The United States has never had a president quite like Donald J. Trump. He violated every rule of conventional presidential campaigns to win a race that almost no one, including at times he himself, thought he would win. In so doing, Trump set off cataclysmic shock waves across the country and world that have not subsided and are unlikely to as long as he remains in office. Critics of Trump abound, as do anonymously sourced speculations about his motives, yet the real man behind this unprecedented presidency remains largely unknown. In this innovative analysis, American presidency scholar and trained psychoanalyst Stanley Renshon reaches beyond partisan narrative to offer a serious and substantive examination of Trump’s real psychology and controversial presidency. He analyzes Trump as a preemptive president trying to become transformative by initiating a Politics of American Restoration. Rigorously grounded in both political science and psychology scholarship, *The Real Psychology of the Trump Presidency* offers a unique and thoughtful perspective on our controversial 45th president.

**How Trump Thinks** - Peter Osborne 2017-05-04

The most unusual feature of Donald Trump’s nationalist and populist campaign for the presidency of the USA was his obsessive use of Twitter. Like other social media, this form of communication has often been assumed to encourage the dissemination of liberal values and the circulation of facts. Trump’s tweets, by contrast, formed a constant stream of provocations, insults, conspiracy theories, 'alternative facts' and outright lies. And they helped him win power. Peter Osborne, author of *The Rise of Political Lying and Not The Chilcot Report*, analyses Trump’s incendiary mendacity in all its bewildering guises, and shows how this fusion of entertainment and cunningly crafted propaganda has destabilized the world’s most powerful democracy.

Time to Get Tough - Donald J. Trump 2011-12-06

A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to “put America’s interests first—and that means doing what’s right for our economy, our national security, and our public safety.” Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said, “Merry Christmas!” The media scoffed at Trump’s vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, “Donald Trump heard a voice in this country that no one else heard.” As Trump says in *Time to Get Tough*, “I’ve built businesses across the globe. I’ve dealt with foreign leaders. I’ve created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That’s what I do for a living: make big things happen...” Trump is about to make the biggest deals of his life, and he’s going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America “doesn’t need cowardice, it needs courage.” President Elect Trump is about to “Make America Great Again” and *Time to Get Tough* is his blueprint!

**Demagogue for President** - Jennifer Mercieca 2020-07-07

"Deserves a place alongside George Orwell's 'Politics and the English Language'. . . one of the most important political books of this perilous summer."—The Washington Post "A must-read"—Salon "Highly recommended"—Jack Shafer, Politico Featured in "The Best New Books to Read This Summer" and "Lit Hub's Most Anticipated Books of 2020"—Literary Hub  
Historic levels of polarization, a disaffected and frustrated electorate, and widespread distrust of government, the news media, and traditional political leadership set the stage in 2016 for an unexpected, unlikely, and unprecedented presidential contest. Donald Trump’s campaign speeches and other rhetoric seemed on the surface to be simplistic, repetitive, and disorganized to many. As *Demagogue for President* shows, Trump’s campaign strategy was anything but simple. Political communication expert Jennifer Mercieca shows how the Trump campaign expertly used the common rhetorical techniques of a demagogue, a word with two contradictory definitions—“a leader who makes use of popular prejudices and false claims and promises in order to gain power” or “a leader championing the cause of the common people in ancient times” (Merriam-Webster, 2019). These strategies, in conjunction with post-rhetorical public relations techniques, were meant to appeal to a segment of an already

distrustful electorate. It was an effective tactic. Mercieca analyzes rhetorical strategies such as argument ad hominem, argument ad baculum, argument ad populum, reification, paralipsis,

and more to reveal a campaign that was morally repugnant to some but to others a brilliant appeal to American exceptionalism. By all accounts, it fundamentally changed the discourse of the American public sphere.
